PART 2

COMMUNITY STRATEGIES AND PLANNING

Community strategies

43 Community strategies: implementation

- (1) This section applies to a local authority or one of its community planning partners if the current community strategy for the authority's area describes—
 - (a) an action to be performed by the authority or partner for the purposes of achieving a community strategy objective; or
 - (b) a function to be exercised by the authority or partner for the purpose of achieving a community strategy objective.
- (2) The authority or community planning partner must take all reasonable steps to perform the action or exercise the function in accordance with the community strategy.
