Determination of planning applications

Conditional grant of planning permission

52.—(1) Without prejudice to the generality of section 45(1), conditions may be imposed on the grant of planning permission—

- (a) for regulating the development or use of any land under the control of the applicant (whether or not it is land in respect of which the application was made) or requiring the carrying out of works on any such land, so far as appears to the council or, as the case may be, the Department to be expedient for the purposes of or in connection with the development authorised by the permission;
- (b) for requiring the removal of any buildings or works authorised by the permission, or the discontinuance of any use of land so authorised, at the end of a specified period, and the carrying out of any works required for the reinstatement of land at the end of that period.

(2) Conditions may not be imposed by a council under subsection (1)(a) for regulating the development or use of any land within the district of another council except with the consent of that council.
