

## SCHEDULES

### SCHEDULE 10

#### PENSION SHARING: APPROPRIATE WEEKLY REDUCTION UNDER SECTION 14

*Appropriate weekly reduction for person subject to old state scheme pension debit*

2.—(1) This paragraph sets out the appropriate weekly reduction if the person is subject to an old state scheme pension debit.

(2) If the person became subject to the old state scheme pension debit in or after the final relevant year, the appropriate weekly reduction is an amount equal to the person's notional rate.

(3) If the person became subject to the old state scheme pension debit before the final relevant year, the appropriate weekly reduction is an amount equal to the person's notional rate multiplied by the appropriate revaluation percentage.

(4) For the purposes of sub-paragraphs (2) and (3), a person's "notional rate" is the weekly rate of a notional pension under section 4 the cash equivalent of which would, on the valuation day, have been equal to the amount of the old state scheme pension debit.

(5) For the purposes of sub-paragraph (4) assume that the notional pension becomes payable on the later of—

- (a) the day on which the person reaches pensionable age, and
- (b) the valuation day.

(6) The "appropriate revaluation percentage" is the percentage specified, in relation to earnings factors for the tax year in which the person became subject to the old state scheme pension debit, by the last order under section 130 of the Administration Act to come into operation before the end of the final relevant year.

(7) In this paragraph—

"final relevant year" means the tax year immediately before that in which the person reaches pensionable age;

"valuation day" means the day on which the person became subject to the old state scheme pension debit.
