COMMENTARY ON SECTIONS

Part 9 - General

Schedule 1 – Pre-commencement inspection reports – review of decision under section 33(2)

This Schedule sets out the procedure to be used by the reservoir manager when seeking a review of the Department's decision regarding a document being a pre-commencement inspection report. Paragraph 3 provides that the Department may commission an appropriate panel engineer when undertaking a review and specifies the matters that the Department must take into account when considering an application for review. Paragraph 5 requires the Department to notify the reservoir manager of its decision and specifies what is to be included in any notice. Paragraph 6 provides powers for the Department to make further provision by regulations in relation to applications for reviews, and reviews, under this Schedule.
