

SCHEDULES

SCHEDULE 1

Authorisation by panel of certain serious interventions

Part 5

Matters covered by authorisation etc

Effect of authorisation on previous authorisations

25.—(1) The grant of an interim authorisation under this Schedule revokes any authorisation under Schedule 2 in respect of P which is in force immediately before the grant of the interim authorisation; but this is subject to sub-paragraph (2).

(2) The panel which grants the interim authorisation may, when it makes the grant, also decide that the authorisation under Schedule 2 is not revoked by the grant.

26.—(1) The grant of an authorisation under paragraph 15 (“the later authorisation”), as well as revoking any interim authorisation relating to the same application, revokes any relevant earlier authorisation; but this is subject to sub-paragraph (3).

(2) In this paragraph a “relevant earlier authorisation” means—

- (a) any authorisation under Schedule 2 in respect of P, or
- (b) any authorisation under paragraph 15 in respect of P,

which is in force immediately before the grant of the later authorisation.

(3) The panel which grants the later authorisation may, when it makes the grant, also decide that—

- (a) a relevant earlier authorisation specified by the panel, or
- (b) a specified provision of such an authorisation,

is not revoked by the grant.
