SCHEDULE 7

VARIATION OF CONDITIONS

PART 2

VARIATION NOTICES

13. The chief inspector shall notify the operator of a Part A installation or Part A mobile plant which—

- (a) uses, produces or emits hazardous substances;
- (b) has not previously submitted a baseline report;
- (c) carries out or will carry out activities listed in Annex II of the IED; and
- (d) is having a permit varied due to—
 - (i) a review of conditions under regulation 17; or
 - (ii) a substantial change,

of the requirement to submit a baseline report within the time specified by the chief inspector, and shall not serve a variation notice until such time as a baseline report is submitted.
