PART II

COMPULSORY ADMISSION TO HOSPITAL AND GUARDIANSHIP

Admission to hospital for assessment

Admission for assessment

4.—(1) A patient may be admitted to a hospital for assessment and there detained for the period allowed by Article 9, in pursuance of an application for admission for assessment (in this Order referred to as “an application for assessment”) made in accordance with this Article.

(2) An application for assessment may be made in respect of a patient on the grounds that—

- (a) he is suffering from mental disorder of a nature or degree which warrants his detention in a hospital for assessment (or for assessment followed by medical treatment); and
- (b) failure to so detain him would create a substantial likelihood of serious physical harm to himself or to other persons.

(3) An application for assessment shall be founded on and accompanied by a medical recommendation given in accordance with Article 6 by a medical practitioner which shall include—

- (a) a statement that, in the opinion of the practitioner, the grounds set out in paragraph (2)(a) and (b) apply to the patient;
- (b) such particulars as may be prescribed of the grounds for that opinion so far as it relates to the ground set out in paragraph (2)(a);
- (c) a statement of the evidence for that opinion so far as it relates to the ground set out in paragraph (2)(b).

(4) An application for assessment shall—

- (a) be made in the prescribed form; and
- (b) be addressed to the responsible Board.

Person who may make application for assessment

5.—(1) Subject to the following provisions of this Article, an application for assessment may be made by—

- (a) the nearest relative of the patient; or
- (b) an approved social worker,

and such a person is, in relation to an application for assessment made by him, referred to in this Order as “the applicant”.

(2) An application for assessment shall not be made by a person unless he has personally seen the patient not more than two days before the date on which the application is made.

(3) An application for assessment shall not be made by an

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

approved social worker except after consultation with the person, if any, appearing to be the nearest relative of the patient unless it appears to the approved social worker that in the circumstances such consultation is not reasonably practicable or would involve unreasonable delay.

(4) Where the nearest relative of a patient notifies an approved social worker or the responsible Board that he objects to an application for assessment being made in respect of the patient then—

- (a) no application for assessment in respect of the patient shall be made by an approved social worker unless he has consulted another approved social worker; and
- (b) if, after such consultation, an approved social worker makes an application for assessment in respect of the patient, he shall record the objection of the nearest relative on the application for assessment.

(5) Where a patient is admitted to a hospital for assessment in pursuance of an application for assessment made by an approved social worker without consulting the person appearing to be the nearest relative of the patient, it shall be the duty of that social worker to inform the nearest relative of the patient to that effect as soon as may be practicable.

(6) Where a patient is admitted to a hospital for assessment in pursuance of an application for assessment made by his nearest relative, the responsible Board shall as soon as practicable arrange for a social worker to interview the patient and provide the responsible medical officer with a report on his social circumstances.

General provisions as to medical recommendation

6. The medical recommendation required for the purposes of an application for assessment shall be in the prescribed form and shall satisfy the following requirements, namely—

- (a) the recommendation shall be given and signed by a medical practitioner who has personally examined the patient not more than two days before the date on which he signs the recommendation;
- (b) the recommendation shall, if practicable, be given by the patient's medical practitioner or by a medical practitioner who has previous acquaintance with the patient;
- (c) the recommendation shall not, except in a case of urgent necessity, be given by a medical practitioner on the staff of the hospital to which admission is sought;
- (d) the recommendation shall not be given by any of the persons described in Schedule 1.

Application for assessment in respect of patient already in hospital

7.—(1) An application for assessment may be made under this Part notwithstanding that a patient is already an in-patient in a hospital who is not liable to be detained there under this Order; and where an application is so made the patient shall be treated for the purposes of this Part as if he had been admitted to the hospital at the time when that application was received by the responsible Board.

(2) If, where a patient is an in-patient in a hospital, but is not liable to be detained there under this Order, it appears to a medical practitioner on the staff of the hospital that an application for assessment ought to be made in respect of the patient, he may furnish to the responsible Board a report in the prescribed form to that effect; and where he does so, the patient may be detained in the hospital for a period not exceeding 48 hours from the time when the report is so furnished.

(3) If, where a patient is receiving treatment for mental disorder as an in-patient in a hospital, but is not liable to be detained there under this Order, it appears to a nurse of the prescribed class—

- (a) that an application for assessment ought to be made in respect of the patient; and
- (b) that it is not practicable to secure the immediate attendance of a medical practitioner for the purpose of furnishing a report under paragraph (2).

the nurse may record that fact in the prescribed form; and in that event the patient may be detained in the hospital for a period of 6 hours from the time when that fact is so recorded or until the earlier arrival at the place where the patient is detained of a medical practitioner having power to furnish a report under that paragraph.

(4) A record made under paragraph (3) shall be delivered by the nurse to the responsible Board as soon as possible after it is made.

(5) Where a record is made under paragraph (3) the period mentioned in paragraph (2) shall begin at the time when it is made.

(6) A patient who has been detained in a hospital under paragraph (2) or paragraph (3) shall not be further detained under the same paragraph immediately after the expiry of that period of detention.

(7) The responsible Board shall immediately forward to the Commission a copy of any report furnished to the Board under paragraph (2) and of any record delivered to the Board under paragraph (4).

Effect of application for assessment

8.—(1) An application for assessment duly completed in accordance with this Part shall be sufficient authority for—

- (a) the applicant or a person authorised by the applicant: or

- (b) the responsible Board, if the applicant so requests in a case of difficulty,
- to take the patient and convey him to the hospital specified in the application at any time within the period of—
- (i) two days beginning with the date on which the medical recommendation was signed; or
 - (ii) such longer period (not exceeding 14 days) as a medical practitioner appointed for the purposes of this Part by the Commission may certify in the prescribed form to be necessary in exceptional circumstances.
- (2) Where a patient is admitted within that period to the hospital specified in any such application, or, being within a hospital, is treated by virtue of Article 7 as if he had been so admitted,—
- (a) the application shall be sufficient authority for the responsible Board to detain the patient in the hospital in accordance with Article 9; and
 - (b) the responsible Board shall immediately forward to the Commission a copy of the application for assessment and of the medical recommendation on which it is founded.
- (3) Where a patient who is subject under this Order to the guardianship of a person other than a Board is admitted to hospital for assessment, it shall be the duty of the responsible Board to inform the guardian of the patient to that effect as soon as may be practicable.

The assessment period

- 9.—(1) A patient admitted to hospital pursuant to an application for assessment made in accordance with this Part shall be examined immediately after he is admitted thereto by—
- (a) the responsible medical officer;
 - (b) a medical practitioner appointed for the purposes of this Part by the Commission; or
 - (c) any other medical practitioner on the staff of the hospital.
- (2) The examination required by paragraph (1) shall not be carried out by the medical practitioner who gave the medical recommendation on which the application for assessment is founded.
- (3) A medical practitioner carrying out an examination under paragraph (1) shall immediately furnish to the responsible Board in the prescribed form a report of that examination and the date on which such a report is furnished to the Board is referred to in this Part as “the date of admission”.
- (4) A patient admitted to hospital pursuant to an application for assessment may be detained in hospital for the purpose of enabling an examination to be made and a report to be furnished under the preceding provisions of this Article and where a report so furnished

by a medical practitioner states that in his opinion the patient should be detained in hospital for assessment, the patient may be detained in hospital—

- (a) where the report was furnished by the responsible medical officer or by a medical practitioner appointed for the purposes of this Part by the Commission, for a period not exceeding 7 days beginning with the date of admission;
- (b) where the report was furnished by any other medical practitioner, for a period not exceeding 48 hours from the time when the report was furnished;

but shall not be so detained for any longer period unless he has become liable to be detained by virtue of paragraph (7) or (8).

(5) A patient detained by virtue of sub-paragraph (b) of paragraph (4) shall be examined before the expiration of the period referred to in that sub-paragraph by the responsible medical officer.

(6) The responsible medical officer shall immediately furnish to the responsible Board in the prescribed form a report of the examination carried out under paragraph (5).

(7) Where a report so furnished by the responsible medical officer states that in his opinion the patient should be detained in hospital for assessment for a further period, the patient may be detained in hospital for a period not exceeding 7 days beginning with the date of admission but shall not be so detained for any longer period unless he has become liable to be detained by virtue of paragraph (8).

(8) Where during the period for which a patient is detained by virtue of paragraph (4)(a) or (7) he is examined by the responsible medical officer and the responsible medical officer furnishes to the responsible Board in the prescribed form a report of the examination stating that in his opinion the patient should be detained in hospital for assessment for a further period, the patient may be detained in hospital for a further period not exceeding 7 days beginning immediately on the expiration of the period for which he is detained by virtue of paragraph (4)(a) or (7) but shall not be detained for any longer period unless he has become liable to be detained for treatment by virtue of Article 12.

(9) If it is not practicable for an examination under paragraph (5) or (8) to be carried out by the responsible medical officer, it may instead be carried out by a medical practitioner appointed for the purposes of this Part by the Commission and in such a case references in paragraphs (5) to (8) to the responsible medical officer shall be construed as including references to a medical practitioner so appointed.

(10) The responsible Board shall immediately forward to the Commission a copy of any report furnished to the Board under paragraph (3), (6) or (8).

Disregard of assessment period for certain purposes

10.—(1) This Article applies to any person who—

- (a) is admitted to hospital for assessment and detained there by virtue of Article 9 for any period (in this Article referred to as “the assessment period”); and
- (b) at the end of the assessment period does not become liable to be detained for treatment by virtue of Article 12.

(2) Where a question seeking information with respect to the previous health or circumstances of any person to whom this Article applies is put to him or to any other person, otherwise than in judicial proceedings—

- (a) the question shall be treated as not relating to the assessment period and the answer thereto may be framed accordingly; and
- (b) the person questioned shall not be subjected to any liability or otherwise prejudiced in law by reason of any failure to acknowledge or disclose the assessment period in his answer to the question.

(3) Any obligation imposed on any person by any rule of law or by the provisions of any agreement or arrangement to disclose any matters to any other person shall not extend to requiring him to disclose—

- (a) the assessment period for which he was detained, if he is a person to whom this Article applies; or
- (b) the assessment period for which any other person to whom this Article applies was detained.

(4) The fact that a person to whom this Article applies has been detained in hospital for assessment or any failure to disclose that fact shall not be a proper ground for dismissing or excluding that person from any office, profession, occupation or employment, or for prejudicing him in any way in any occupation or employment.

(5) Any disqualification, disability, prohibition or other penalty which by virtue of any rule of law or statutory provision other than this Order attaches to or is imposed on any person by reason of the fact that he has been liable to be detained under this Part of this Order shall not attach to or be imposed on a person to whom this Article applies.

(6) In paragraph (2) “judicial proceedings” includes, in addition to proceedings before any of the ordinary courts of law, proceedings before any tribunal, body or person having power—

- (a) by virtue of any statutory provision, law, custom or practice;
- (b) under the rules governing any association, institution, profession, occupation or employment; or
- (c) under any provision of an agreement providing for arbitration with respect to questions arising thereunder,

to determine any question affecting the rights, privileges, obligations or liabilities of any person, or to receive evidence affecting the determination of any such question.

Rectification of applications, recommendations and reports

11.—(1) Where within the period of 14 days beginning with the date of admission, the application for assessment, the medical recommendation or any report given under Article 9 is found to be in any respect incorrect or defective, the application, recommendation or report may, within that period and with the consent of the responsible Board, be amended by the person by whom it was signed; and where any such amendment is made the application, recommendation or report shall have effect and shall be deemed always to have had effect as if it had been originally made as so amended.

(2) Without prejudice to paragraph (1), where within the period mentioned in that paragraph it appears to the responsible Board that a medical recommendation or a report under Article 9 is insufficient to warrant the detention of a patient under this Part, it may, within that period, give notice in writing to that effect to the applicant; and where any such notice is given in respect of a medical recommendation or report, that recommendation or report shall be disregarded, but the application for assessment shall be, and shall be deemed always to have been, sufficient if—

- (a) a fresh medical recommendation or report complying with the relevant provisions of this Part (other than those relating to the time at which a recommendation must be signed or a report furnished) is furnished to the responsible Board within that period; and
- (b) that recommendation or report complies with those provisions.

(3) The responsible Board shall immediately inform the Commission of any amendment made under paragraph (1) and shall immediately forward to the Commission a copy of any fresh medical recommendation or report furnished to the Board under paragraph (2)(a).

Detention in hospital for treatment

Detention for treatment

12.—(1) Where, during the period for which a patient is detained for assessment by virtue of Article 9(8), he is examined by a medical practitioner appointed for the purposes of this Part by the Commission and that medical practitioner furnishes to the responsible Board in the prescribed form a report of the examination stating—

- (a) that, in his opinion, the patient is suffering from mental illness or severe mental impairment of a nature or degree which warrants his detention in hospital for medical treatment; and

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

- (b) that, in his opinion, failure to so detain the patient would create a substantial likelihood of serious physical harm to himself or to other persons; and
- (c) such particulars as may be prescribed of the grounds for his opinion so far as it relates to the matters set out in sub-paragraph (a); and
- (d) the evidence for his opinion so far as it relates to the matters set out in sub-paragraph (b), specifying whether other methods of dealing with the patient are available and, if so, why they are not appropriate,

that report shall be sufficient authority for the responsible Board to detain the patient in the hospital for medical treatment and the patient may, subject to the provisions of this Order, be so detained for a period not exceeding 6 months beginning with the date of admission, but shall not be so detained for any longer period unless the authority for his detention is renewed under Article 13.

(2) A report under paragraph (1) shall not be given by—

- (a) the medical practitioner who gave the medical recommendation on which the application for assessment is founded; or
- (b) any of the persons described in Schedule 1.

(3) Where a patient is detained in a hospital for treatment by virtue of a report under paragraph (1), any previous application under this Part by virtue of which he was subject to guardianship shall cease to have effect.

(4) The responsible Board shall immediately forward to the Commission a copy of any report furnished to the Board under paragraph (1).

(5) In this Order “detained for treatment”, in relation to a patient, means detained in a hospital for medical treatment by virtue of a report under paragraph (1) or by virtue of a report under Article 13(2), (3) or (5).

Renewal of authority for detention

13.—(1) Authority for the detention of a patient for treatment may, unless the patient has previously been discharged, be renewed under this Article—

- (a) from the expiration of the period referred to in Article 12(1), for a further period of 6 months if the provisions of paragraph (2) are complied with;
- (b) from the expiration of any period of renewal under sub-paragraph (a), for a further period of one year if the provisions of paragraphs (3) and (4) are complied with;
- (c) from the expiration of any period of renewal under sub-paragraph (b) for a further period of one year if the provisions of paragraph (5) are complied with, and so on for periods of one year at a time if the provisions of paragraph (5) are complied with in each case.

(2) Within the period of one month ending with the day on which a patient who is liable to be detained for treatment would cease under Article 12(1) to be so liable in default of the renewal of the authority for his detention, the responsible medical officer shall examine the patient and where that medical officer furnishes to the responsible Board in the prescribed form a report of the examination stating the opinions, particulars and evidence referred to in Article 12(1)(a), (b), (c) and (d), the authority for the detention of the patient shall, by virtue of the report, be renewed for the further period mentioned in paragraph (1)(a).

(3) Within the period of two months ending with the day on which a patient who is liable to be detained by virtue of an authority renewed under paragraph (2) would cease to be so liable in default of the further renewal of that authority, the responsible Board shall arrange for the examination of the patient by two medical practitioners in accordance with paragraph (4) and where those practitioners furnish to the responsible Board in the prescribed form a report of the examination stating the opinions, particulars and evidence referred to in Article 12(1)(a), (b), (c) and (d), the authority for the detention of the patient shall, by virtue of the report, be renewed for the further period mentioned in paragraph (1)(b).

(4) Where the Board arranges for the examination of the patient under paragraph (3)—

- (a) it shall give the patient and his nearest relative not less than 14 days' notice in writing of the date of the examination;
- (b) the two medical practitioners who carry out the examination shall be appointed for the purposes of this Part by the Commission;
- (c) one of the medical practitioners who carry out the examination shall be a person who is not on the staff of the hospital in which the patient is detained and who has not given either the medical recommendation on which the application for assessment in relation to the patient was founded or any medical report in relation to the patient under Article 9 or 12(1);
- (d) the report of the examination shall consist of a joint report signed by both medical practitioners.

(5) Within the period of two months ending with the day on which a patient who is liable to be detained by virtue of an authority for detention renewed under paragraph (3) or this paragraph would cease to be so liable in default of the further renewal of that authority, the responsible medical officer shall examine the patient and where that medical officer furnishes to the responsible Board in the prescribed form a report of the examination stating the opinions, particulars and evidence referred to in Article 12(1)(a), (b), (c) and (d), the authority for the detention of the patient shall, by virtue of the report, be renewed for the further period mentioned in paragraph (1)(c).

- (6) Where a report under paragraph (2), (3) or (5) is furnished to the responsible Board, it shall, unless it discharges the patient—
- (a) cause him and his nearest relative to be informed;
 - (b) forward to the Commission a copy of the report.

Discharge of patient from detention

14.—(1) Subject to the following provisions of this Article, a patient who is for the time being liable to be detained under this Part shall cease to be so liable if an order in writing discharging him from detention is made in respect of him by the responsible medical officer, the responsible Board or his nearest relative.

(2) The responsible medical officer shall make an order under paragraph (1) in respect of a patient liable to be detained under this Part where he is satisfied—

- (a) that the patient is no longer suffering from mental illness or severe mental impairment of a nature or degree which warrants his detention in hospital for medical treatment; or
- (b) that, having regard to the care which would be available for the patient if he were discharged, the discharge would not create a substantial likelihood of serious physical harm to himself or to other persons.

(3) The responsible medical officer shall not make an order under paragraph (1) in respect of a patient detained in any special accommodation unless the responsible Board consents to the discharge of the patient.

(4) An order under paragraph (1) in respect of a patient who is liable to be detained under this Part shall not be made by his nearest relative except after giving not less than 72 hours' notice in writing to the responsible Board; and if, within 72 hours after such notice has been given, the responsible medical officer furnishes to that Board a report in writing certifying—

- (a) that, in the opinion of that officer, the patient is suffering from mental illness or severe mental impairment of a nature or degree which warrants his detention in hospital for medical treatment and that the discharge of the patient would create a substantial likelihood of serious physical harm to himself or to other persons; or
- (b) that that officer is not satisfied that the patient, if discharged, would receive proper care;

then—

- (i) any order under paragraph (1) made by that relative in pursuance of the notice shall be of no effect; and
- (ii) a further order for the discharge of the patient shall not be made by that relative during the period of 6 months beginning with the date of the report.

(5) Where, but for this paragraph, a Sunday or any part thereof would be reckoned in the period of 72 hours referred to in paragraph (4), for the references in that paragraph to 72 hours there shall be substituted references to 96 hours.

(6) For the purpose of advising as to the exercise by the nearest relative of a patient who is liable to be detained under this Part of any power to order his discharge, any medical practitioner authorised by or on behalf of the nearest relative may—

(a) at any reasonable time visit the patient and examine him in private; and

(b) require the production of and inspect any records relating to the detention or treatment of the patient in any hospital.

(7) Where a report is furnished under paragraph (4) in respect of a patient, the responsible Board shall immediately—

(a) inform the nearest relative of the patient; and

(b) forward a copy of the report to the Commission.

(8) Where a patient is discharged from detention under this Article the responsible Board shall immediately inform the Commission to that effect.

Leave of absence from hospital

15.—(1) The responsible medical officer may grant to any patient who is for the time being liable to be detained in a hospital under this Part leave to be absent from the hospital subject to such conditions, if any, as that officer considers necessary in the interests of the patient or for the protection of other persons.

(2) Leave of absence may be granted to a patient under this Article either on specified occasions or for any specified period; and where leave is so granted for a specified period, that period may be extended by further leave granted in the absence of the patient.

(3) Where it appears to the responsible medical officer that it is necessary to do so in the interests of the patient or for the protection of other persons, he may, upon granting leave of absence under this Article, direct that the patient remain in custody during his absence; and where leave of absence is so granted the patient may be kept in the custody of any officer of the responsible Board, or of any other person authorised in writing by that Board.

(4) Where leave of absence is granted to a patient under this Article or where a period of leave is extended by further leave and the leave or the extension is for a period of more than 28 days, it shall be the duty of the responsible Board to inform the Commission within 14 days of the granting of leave or of the extension, as the case may be, of the address at which the patient is residing and, on the return of the patient, to notify the Commission thereof within 14 days.

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

(5) Where—

- (a) a patient is absent from a hospital in pursuance of leave of absence granted under this Article; and
- (b) it appears to the responsible medical officer that it is necessary to do so in the interests of the patient's health or safety or for the protection of other persons or because the patient is not receiving proper care;

that officer may, subject to paragraph (6), by notice in writing given to the patient or to the person for the time being in charge of the patient, revoke the leave of absence and recall the patient to the hospital.

(6) A patient to whom leave of absence is granted under this Article shall not be recalled under paragraph (5) after he has ceased to be liable to be detained under this Part.

Correspondence of detained patients

16.—(1) A postal packet addressed to any person by a patient detained in a hospital under this Part and delivered by him for dispatch may be withheld from the Post Office—

- (a) if that person has requested that communications addressed to him by the patient should be withheld; or
- (b) subject to paragraph (3), if the patient is detained in special accommodation and the responsible Board considers that the postal packet is likely—
 - (i) to cause distress to the person to whom it is addressed or to any other person (not being a person on the staff of the special accommodation); or
 - (ii) to cause danger to any person.

and any request for the purposes of sub-paragraph (a) shall be made by a notice in writing given to the responsible Board or the responsible medical officer.

(2) Subject to paragraph (3), a postal packet addressed to a patient detained in special accommodation under this Part may be withheld from the patient if, in the opinion of the responsible Board, it is necessary to do so in the interests of the safety of the patient or for the protection of other persons.

(3) Paragraphs (1)(b) and (2) do not apply to any postal packet addressed by a patient to, or sent to a patient by or on behalf of—

- (a) any Northern Ireland department or department of the government of the United Kingdom;
- (b) any Minister of the Crown, any member of either House of Parliament or member of the Assembly;
- (c) the Master (Care and Protection), any of the Lord Chief Justice's Visitors or any officer of the Office of Care and Protection;

- (d) the Commission, any Commissioner thereof or any person appointed by the Commission under Article 87(1)(b) or (c);
- (e) the Review Tribunal;
- (f) any Board;
- (g) the Parliamentary Commissioner for Administration, the Northern Ireland Parliamentary Commissioner for Administration or the Northern Ireland Commissioner for Complaints;
- (h) any legally qualified person instructed by the patient to act as his legal adviser; or
- (i) the European Commission on Human Rights or the European Court of Human Rights.

(4) The responsible Board may open and inspect any postal packet for the purpose of determining whether it is one to which paragraph (1) or (2) applies and, if so, whether or not it should be withheld under that paragraph; and the power to withhold a postal packet under either of those paragraphs includes power to withhold anything contained in it.

(5) Where a postal packet or anything contained in it is withheld under paragraph (1) or (2) the responsible Board shall record that fact in writing.

(6) Where a postal packet or anything contained in it is withheld under paragraph (1)(b) or (2) the responsible Board shall within 7 days give notice of that fact to the patient and, in a case under paragraph (2) to the person (if known) by whom the postal packet was sent; and any such notice shall be in writing and shall contain a statement of the effect of Article 17.

(7) The Department may make regulations with respect to the exercise of the powers conferred by this Article.

(8) In this Article and in Article 17 "postal packet" has the same meaning as in the Post Office Act 1953; and the provisions of this Article and Article 17 shall have effect notwithstanding anything in section 56 of that Act. 1953 c. 36

Review of decision to withhold postal packet

17.—(1) The Commission shall review any decision to withhold a postal packet or anything contained in it under paragraph (1)(b) or (2) of Article 16 if an application in that behalf is made—

- (a) in a case under the said paragraph (1)(b), by the patient; or
- (b) in a case under the said paragraph (2), either by the patient or by the person by whom the postal packet was sent;

and any such application shall be made within 6 months of the receipt by the applicant of the notice referred to in paragraph (6) of that Article.

(2) On an application under paragraph (1) the Commission may

direct that the postal packet or anything contained in it which is the subject of the application shall not be withheld and the responsible Board shall comply with any such direction.

(3) The Department may by regulations make provision with respect to the making and determination of applications under paragraph (1), including provision for the production to the Commission of any postal packet which is the subject of such an application.

Guardianship

Reception of patients into guardianship

18.—(1) A patient who has attained the age of 16 years may be received into guardianship, for the period allowed by the following provisions of this Part, in pursuance of an application (in this Order referred to as “a guardianship application”) made in accordance with this Article.

(2) A guardianship application may be made in respect of a patient on the grounds that—

- (a) he is suffering from mental illness or severe mental handicap of a nature or degree which warrants his reception into guardianship under this Article; and
- (b) it is necessary in the interests of the welfare of the patient that he should be so received.

(3) A guardianship application shall be founded on and accompanied by two medical recommendations and a recommendation by an approved social worker and—

- (a) each medical recommendation shall be given in accordance with Article 20 by a medical practitioner and shall include—
 - (i) a statement that, in his opinion, the ground set out in paragraph (2)(a) applies in relation to the patient; and
 - (ii) such particulars as may be prescribed of the grounds for that opinion;
- (b) the recommendation by the approved social worker shall be in the prescribed form and shall include—
 - (i) a statement that, in his opinion, the ground set out in paragraph (2)(b) applies in relation to the patient;
 - (ii) the reasons for that opinion; and
 - (iii) a statement as to whether he is related to the patient and of any pecuniary interest that he may have in the reception of the patient into guardianship.

(4) A guardianship application shall—

- (a) be made in the prescribed form; and
- (b) be forwarded to the responsible Board.

(5) The person named as guardian in a guardianship application may be either the responsible Board or, subject to paragraph (6), any

other person (including the applicant himself).

(6) A guardianship application in which a person other than the responsible Board is named as guardian—

(a) shall be accompanied by a statement in writing by that person that he is willing to act as guardian; and

(b) shall be of no effect unless it is accepted on behalf of that person by the responsible Board.

(7) A guardianship application and any medical recommendation given for the purposes of such an application may describe the patient as suffering from mental illness or severe mental handicap or in both those ways, but the application shall not be of any effect unless each of the medical recommendations describes the patient as suffering from the same form of mental disorder, whether or not either describes the patient as also suffering from another form.

Person who may make guardianship application

19.—(1) Subject to the following provisions of this Article, a guardianship application may be made by—

(a) the nearest relative of the patient; or

(b) an approved social worker,

and such a person is, in relation to a guardianship application made by him, referred to in this Order as "the applicant".

(2) A guardianship application shall not be made by a person unless he has personally seen the patient not more than 14 days before the date on which the application is made.

(3) A guardianship application shall not be made by an approved social worker except after consultation with the person, if any, appearing to be the nearest relative of the patient unless it appears to the approved social worker that in the circumstances such consultation is not reasonably practicable or would involve unreasonable delay.

(4) A guardianship application shall not be made by an approved social worker if he gave the recommendation under Article 18(3)(b) on which the application is founded.

(5) Where the nearest relative of a patient notifies an approved social worker or the responsible Board that he objects to a guardianship application being made in respect of the patient, then—

(a) no guardianship application in respect of the patient shall be made by an approved social worker unless he has consulted another approved social worker (not being the social worker who gave the recommendation under Article 18(3)(b) on which the application is founded); and

- (b) if, after such consultation, an approved social worker makes a guardianship application in respect of the patient, he shall record the objection of the nearest relative on the guardianship application.

(6) Where a patient is received into guardianship in pursuance of a guardianship application made by an approved social worker without consulting the person appearing to be the nearest relative of the patient, it shall be the duty of that social worker to inform the nearest relative of the patient to that effect as soon as may be practicable.

General provisions as to medical recommendations

20.—(1) The medical recommendations required for the purposes of a guardianship application shall be in the prescribed form and shall satisfy the following requirements, namely—

- (a) each recommendation shall be given and signed by a medical practitioner who has personally examined the patient not more than two days before the date on which he signs the recommendation;
- (b) where the medical practitioners have examined the patient separately, not more than 7 days must have elapsed between the days on which the separate examinations took place;
- (c) one recommendation shall be given by a medical practitioner appointed by the Commission for the purposes of this Part, and the other shall, if practicable, be given by the patient's medical practitioner or by a medical practitioner who has previous acquaintance with the patient;
- (d) neither recommendation shall be given by—
 - (i) the person named as guardian in the guardianship application; or
 - (ii) any of the persons described in Schedule 1.

(2) A guardianship application shall be sufficient if the medical recommendations on which it is founded are given either as separate recommendations, each signed by a medical practitioner, or as a joint recommendation signed by two medical practitioners.

Rectification of guardianship applications and recommendations

21.—(1) Where within the period of 14 days beginning with the day on which a guardianship application has been accepted by the responsible Board the application, or any recommendation given for the purposes of the application, is found to be in any respect incorrect or defective, the application or recommendation may, within that period and with the consent of that Board, be amended by the person

by whom it was signed; and where any such amendment is made the application or recommendation shall have effect and shall be deemed always to have had effect as if it had been originally made as so amended.

(2) Without prejudice to paragraph (1), where within the period mentioned in that paragraph it appears to the responsible Board that one of the recommendations on which the guardianship application is founded is insufficient to warrant reception into guardianship in pursuance of the application, it may, within that period, give notice in writing to that effect to the applicant; and where any such notice is given in respect of a recommendation that recommendation shall be disregarded, but the application shall be, and shall be deemed always to have been, sufficient if—

- (a) a fresh recommendation complying with the relevant provisions of this Part (other than, in the case of a medical recommendation, the provisions relating to the time of signature and the interval between medical examinations) is furnished to the Board within that period; and
- (b) that recommendation and the other recommendations on which the application is founded together comply with those provisions.

(3) Where the medical recommendations upon which an application under this Part is founded are, taken together, insufficient to warrant reception into guardianship in pursuance of the application, a notice under paragraph (2) may be given in respect of either of those recommendations; but this paragraph shall not apply in a case where the application is of no effect by virtue of Article 18(7).

(4) The responsible Board shall immediately inform the Commission of any amendment made under paragraph (1) and shall immediately forward to the Commission a copy of any fresh recommendation furnished to the Board under paragraph (2)(a).

Effect of guardianship application

22.—(1) Where a guardianship application, duly made in accordance with the provisions of this Part and forwarded to the responsible Board within the period allowed by paragraph (2), is accepted by that Board, the application shall, subject to regulations, confer on the Board or person named in the application as guardian, to the exclusion of any other person—

- (a) the power to require the patient to reside at a place specified by the Board or person named as guardian;
- (b) the power to require the patient to attend at places and times so specified for the purpose of medical treatment, occupation, education or training;
- (c) the power to require access to the patient to be given at any place where the patient is residing to any medical practitioner, approved social worker or other person so specified.

(2) The period within which a guardianship application is required for the purposes of this Article to be forwarded to the responsible Board is the period of 7 days beginning with the date on which the patient was last examined by a medical practitioner before giving a medical recommendation for the purposes of the application.

(3) A patient received into guardianship in pursuance of a guardianship application may, subject to the provisions of this Order, be kept under guardianship for a period not exceeding 6 months beginning with the day on which the guardianship application was accepted, but shall not be so kept for any longer period unless the authority for his guardianship is renewed under Article 23.

(4) Where a patient is received into guardianship in pursuance of a guardianship application—

- (a) any previous application under this Part by virtue of which he was subject to guardianship shall cease to have effect;
- (b) if he was previously liable to be detained for assessment or for treatment under this Part, he shall cease to be so liable.

(5) Where a patient is received into guardianship in pursuance of a guardianship application the responsible Board shall immediately forward to the Commission a copy of the guardianship application and of the medical recommendations and the recommendation by an approved social worker on which it is founded.

Renewal of authority for guardianship

23.—(1) Authority for the guardianship of a patient may, unless the patient has previously been discharged, be renewed under this Article—

- (a) from the expiration of the period referred to in Article 22(3), for a further period of 6 months;
- (b) from the expiration of any period of renewal under subparagraph (a), for a further period of one year.

and so on for periods of one year at a time.

(2) Within the period of 2 months ending with the day on which a patient who is subject to guardianship under this Part would cease under Article 22(3) or this Article to be so liable in default of the renewal of the authority for his guardianship—

- (a) the responsible medical officer shall examine the patient or obtain from another medical practitioner a report on the condition of the patient; and, if it appears to him that the ground set out in Article 18(2)(a) continues to apply in relation to the patient, he shall furnish to such approved social worker as the responsible Board may direct a report to that effect in the prescribed form along with the report first mentioned if such a report has been obtained; and
- (b) that approved social worker shall consider whether the ground set out in Article 18(2)(b) continues to apply in

relation to the patient; and if it appears to him that it does continue so to apply, he shall furnish to the responsible Board a report to that effect in the prescribed form along with the report or reports furnished to him under subparagraph (a).

(3) Where a report is duly furnished to the responsible Board under paragraph (2)(b), the authority for the guardianship of the patient shall be thereby renewed for the period prescribed in that case by paragraph (1).

(4) Where a report under paragraph (2)(b) is furnished to the responsible Board, it shall, unless it discharges the patient—

- (a) cause him, his nearest relative and his guardian to be informed;
- (b) forward to the Commission a copy of the report and of the report or reports referred to in paragraph (2)(a).

(5) Where the form of mental disorder specified in a report furnished under paragraph (2)(a) is a form of disorder other than that specified in the guardianship application, that application shall have effect as if that other form of mental disorder were specified in it.

Discharge of patient from guardianship

24.—(1) Subject to the following provisions of this Article, a patient who is for the time being subject to guardianship under this Part shall cease to be so subject if an order in writing discharging him from guardianship is made in respect of him by the responsible medical officer, an authorised social worker or his nearest relative.

(2) The responsible medical officer shall make an order under paragraph (1) in respect of a patient subject to guardianship under this Part where he is satisfied that the patient is not suffering from mental illness or severe mental handicap of a nature or degree which warrants his remaining under guardianship.

(3) An authorised social worker shall make an order under paragraph (1) in respect of a patient subject to guardianship under this Part where he is satisfied that it is not necessary in the interests of the welfare of the patient that he should remain under guardianship.

(4) An order under paragraph (1) in respect of a patient subject to guardianship under this Part shall not be made by his nearest relative except after giving not less than 72 hours' notice in writing to the responsible Board; and if, within 72 hours after such notice has been given—

- (a) the responsible medical officer furnishes to the responsible Board a report in writing that the ground set out in Article 18(2)(a) continues to apply in relation to the patient; and
- (b) an authorised social worker furnishes to the responsible Board a report in writing that the ground set out in Article 18(2)(b) continues to apply in relation to the patient,

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

then—

- (i) any order under paragraph (1) made by that relative in pursuance of the notice shall be of no effect; and
- (ii) a further order for the discharge of the patient shall not be made by that relative during the period of 6 months beginning with the date of the later of the two reports.

(5) Where, but for this paragraph, a Sunday or any part thereof would be reckoned in the period of 72 hours referred to in paragraph (4), for the references in that paragraph to 72 hours there shall be substituted references to 96 hours.

(6) For the purpose of advising as to the exercise by the nearest relative of a patient who is subject to guardianship under this Part of any power to order his discharge, any medical practitioner authorised by or on behalf of the nearest relative of the patient may at any reasonable time visit the patient and examine him in private.

(7) Where reports are furnished under both sub-paragraph (a) and sub-paragraph (b) of paragraph (4) in respect of a patient, the responsible Board shall immediately—

- (a) inform the nearest relative of the patient; and
- (b) forward a copy of each report to the Commission.

(8) Where a patient is discharged from guardianship under this Article the responsible Board shall immediately inform the Commission and, in the case of a person subject to the guardianship of a person other than the Board, the guardian to that effect.

(9) In this Article “authorised social worker” means an approved social worker authorised for the purposes of this Article by the responsible Board.

Transfer of guardianship on death, incapacity, etc. of guardian

25.—(1) If any person (other than a Board) having the guardianship of a patient received into guardianship under this Part—

- (a) dies; or
- (b) gives notice in writing to the responsible Board that he desires to relinquish the functions of guardian,

the guardianship of the patient shall thereupon vest in the responsible Board, but without prejudice to any power to transfer the patient into the guardianship of another person by virtue of Article 28.

(2) If any such person, not having given notice under paragraph (1)(b), is incapacitated by illness or any other cause from performing the functions of guardian of the patient, those functions may, during his incapacity, be performed on his behalf by the responsible Board or by any other person approved for the purpose by that Board.

(3) If it appears to a county court, upon application made by an officer of the responsible Board, that any person (other than a Board) having the guardianship of a patient received into guardianship under

this Part has performed his functions negligently or in a manner contrary to the interests of the welfare of the patient, the court may order that the guardianship of the patient be transferred to the responsible Board or to any other person approved for the purpose by that Board.

(4) Where the guardianship of a patient is transferred to a Board or other person by or under this Article, Article 28(6) shall apply as if the patient had been transferred into the guardianship of that Board or person by virtue of that Article.

(5) The responsible Board shall immediately notify the Commission of the transfer of guardianship of a patient by or under this Article.

Regulations as to guardianship

26. Subject to the provisions of this Part, the Department may make regulations—

- (a) for regulating the exercise by the guardians of patients received into guardianship under this Part of their powers as guardians; and
- (b) for imposing on those guardians and upon Boards such duties as the Department considers necessary or expedient in the interests of the patients; and
- (c) requiring the patients to be visited, on such occasions or at such intervals as may be prescribed.

Provisions relating to patients subject to detention or guardianship

Duty of Board to give information to patients and nearest relatives

27.—(1) The responsible Board shall, in relation to a patient detained in a hospital or subject to guardianship under this Part, take such steps as are practicable to ensure that the patient understands—

- (a) under which of the provisions of this Order he is for the time being detained or subject to guardianship and the effect of that provision; and
- (b) what rights of applying to the Review Tribunal are available to him in respect of his detention or guardianship under that provision;

and those steps shall be taken as soon as practicable after the commencement of the patient's detention under the provision in question or the commencement or renewal of the authority for his guardianship.

(2) The responsible Board shall also take such steps as are practicable to ensure—

- (a) that a patient detained in a hospital or subject to guardianship under this Part understands—

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

- (i) the effect, so far as relevant in his case, of Articles 14, 24 and 71(4); and
 - (ii) that he may make representations to the Commission;
- (b) that a patient detained in a hospital under this Part understands the effect, so far as relevant in his case, of Articles 16, 17 and 111 and Part IV;
- (c) that the nearest relative of a patient detained in a hospital or subject to guardianship under this Part is furnished with a written statement of his rights and powers under this Order;
- and those steps shall be taken as soon as practicable after the commencement of the patient's detention or his reception into guardianship.

(3) The steps to be taken under paragraphs (1) and (2)(a) and (b) shall include giving the requisite information both orally and in writing.

(4) The responsible Board shall take such steps as are practicable to ensure that where a patient ceases to be liable to be detained in hospital or subject to guardianship under this Part the patient, his nearest relative and, in the case of a patient subject under this Part to the guardianship of a person other than a Board, the guardian of the patient are informed of that fact as soon as practicable after he so ceases.

(5) The responsible Board shall, except where the patient otherwise requests, take such steps as are practicable to furnish his nearest relative with a copy of any information given to the patient in writing under paragraphs (1) and (2); and those steps shall be taken when the information is given to the patient or within a reasonable time thereafter.

Transfer of patients

28.—(1) A Board may arrange for the transfer from one hospital to another hospital of a patient who is liable to be detained in hospital under this Part.

(2) Where a patient is transferred to another hospital by virtue of paragraph (1), the provisions of this Part shall apply to him as if—

- (c) any report furnished in respect of him under Article 9, 12(1) or 13 had been furnished in that hospital.

(3) Where an application for assessment, duly completed in accordance with this Part, is made in respect of any patient, the Department may by order in writing direct that that patient shall be admitted to any hospital specified in the order.

- (4) Where the Department issues an order under paragraph (3)—
- (a) paragraph (2) shall apply in relation to the patient as if he had been transferred to the hospital specified in the order by virtue of paragraph (1); and
 - (b) it shall be the duty of the Board administering the hospital specified in the order to admit the patient to that hospital.
- (5) A Board may arrange for the transfer—
- (a) of a patient who is subject to guardianship under this Part, from the guardianship of any person into the guardianship of any other person;
 - (b) of a patient who is liable to be detained in hospital for treatment, into the guardianship of any person.

(6) Where a patient is transferred into the guardianship of another person by virtue of paragraph (5)(a), the provisions of this Part shall apply to him as if the guardianship application by virtue of which he is subject to guardianship under this Part were for his reception into the guardianship of that person and had been accepted at the time when it was originally accepted.

(7) Where a patient is transferred into the guardianship of any person by virtue of paragraph (5)(b), the provisions of this Part shall apply to him as if the application for assessment by virtue of which he was admitted to hospital were a guardianship application duly accepted at the time when he was originally admitted to hospital in pursuance of the application.

(8) Arrangements for the transfer of a patient under this Article may be made subject to such conditions as may be prescribed.

(9) The responsible Board before arranging for the transfer of any patient under this Article shall, if practicable, inform the nearest relative of the patient and, in the case of a person subject to the guardianship of a person other than the Board, the guardian of the patient of the intended transfer.

(10) The responsible Board shall immediately notify the Commission of the transfer of any patient under this Article.

(2) Where a patient who is for the time being subject to guardianship under this Part absents himself without the leave of his guardian from the place at which he is required by the guardian to reside, he may, subject to paragraph (3), be taken into custody and returned to that place by any constable or approved social worker or by any person authorised in writing by the guardian or by the responsible Board.

(3) A patient shall not be taken into custody under this Article after the expiration of the period of 28 days beginning with the first day of his absence without leave; and a patient who has not returned or been taken into custody under this Article within that period shall cease to be liable to be detained or subject to guardianship, as the case may be, at the expiration of that period.

(4) A patient shall not be taken into custody under this Article if the period for which he is liable to be detained is that specified in Article 7(2) or (3) or Article 9(4), (7) or (8) and that period has expired.

(5) In this Order "absent without leave" means absent from any hospital or other place and liable to be taken into custody and returned under this Article.

Special provisions as to patients absent without leave

30.—(1) If on the day on which, apart from this Article, a patient would cease to be liable to be detained or subject to guardianship under this Part or within the period of 7 days ending with that day, the patient is absent without leave, he shall not cease to be so liable or subject—

(a) in any case, until the expiration of the period during which he can be taken into custody under Article 29, or the day on which he returns or is returned to the hospital or place where he ought to be, whichever is the earlier; and

(b) if he returns or is returned as aforesaid within the period during which he can be taken into custody under Article 29, until the expiration of the period of 7 days beginning with the day on which he returns or is returned as aforesaid.

(2) Where the period for which a patient is liable to be detained or subject to guardianship is extended by virtue of this Article, any examination to be made, or report to be furnished, under Article 9, 12, 13 or 23 may be made or furnished within that period as so extended.

(3) Where the authority for detention or guardianship of a patient is renewed by virtue of this Article after the day on which, apart from this Article, that authority would have expired under this Part, the renewal shall take effect as from that day.

Special provisions as to patients sentenced to imprisonment, etc.

31.—(1) Where a patient who is liable to be detained for treatment or subject to guardianship under this Part—

- (a) is detained in custody in pursuance of any sentence or order passed or made by a court in the United Kingdom (including an order committing or remanding him in custody); and

he shall cease to be so liable or subject at the expiration of that period.

(2) Where any such patient is detained in custody as mentioned in paragraph (1)(a) but does not cease under that paragraph to be liable to be detained for treatment or subject to guardianship under this Part, then—

- (a) if apart from this paragraph he would have ceased to be liable to be detained for treatment or subject to guardianship under this Part on or before the day on which he is discharged from custody, he shall not cease and shall be deemed not to have ceased to be so liable or subject until the end of that day; and
- (b) in any case, Articles 29 and 30 shall apply in relation to him as if he had absented himself without leave on that day.

(3) In this Order, subject to the provisions of this Article and to the following provisions of this Part, the “nearest relative” means the person first listed in paragraph (1) who is caring for the patient, or was so caring immediately before the admission of the patient to a hospital or his reception into guardianship, failing whom the person

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

first so listed who is for the time being surviving, relatives of the whole blood being preferred to relatives of the same description of the half-blood, and the elder or eldest of two or more relatives listed in any sub-paragraph of that paragraph being preferred to the other or others of those relatives, regardless of sex.

(4) Where the person who, under paragraph (3), would be the nearest relative of a patient—

(5) In this Article “spouse” includes a person who is living with the patient as if he or she were the spouse of the patient (or, if the patient is for the time being an in-patient in a hospital, was so living until the patient was admitted), and has been or had been so living for a period of not less than 6 months; but a person shall not be treated by virtue of this paragraph as the nearest relative of a married patient unless the spouse of the patient is disregarded by virtue of paragraph (4)(b).

(6) A person, other than a relative, with whom the patient ordinarily resides (or, if the patient is for the time being an in-patient in a hospital, last ordinarily resided before he was admitted), and with whom he has or had been ordinarily residing for a period of not less than 5 years, shall be treated for the purposes of this Order as if he were a relative but—

- (a) shall be treated for the purposes of paragraph (3) as if mentioned last in paragraph (1); and
- (b) shall not be treated by virtue of this paragraph as the nearest relative of a married patient unless the spouse of the patient is disregarded by virtue of paragraph (4)(b).

(7) References to the nearest relative of a patient in any provision of this Order requiring the responsible Board to inform the nearest relative of a patient of any matter or furnish the nearest relative of a patient with any document shall be construed as references to the person (if any) appearing to the responsible Board to be the nearest relative of the patient.

Children and young persons in care of Department

33. Where the rights and powers of a parent of a patient, being a child or young person, are vested in the Department or other person by virtue of—

- (a) section 91(4) of the Children and Young Persons Act (Northern Ireland) 1968 (which relates to children and young persons committed to the care of fit persons under that Act); or 1968 c. 34 (N.I.)
- (b) section 105(1) or (2) of that Act (which relates to children in respect of whom parental rights orders have been made under section 104 of that Act);

the Department or that person shall be deemed to be the nearest relative of the patient in preference to any person except the patient's husband or wife, if any, and except, where those rights and powers are vested in the Department by virtue of subsection (2) of the said section 105, any parent of the patient not being the person on whose account the order mentioned in that section was made.

Minors under guardianship, etc.

34.—(1) Where a patient who has not attained the age of 18 years—

- (a) is by virtue of an order made by a court in the exercise of jurisdiction (whether under any statutory provision or otherwise) in respect of the guardianship of minors (including an order made under the Punishment of Incest Act 1908), or by virtue of a deed or will executed by his father or mother, under the guardianship of a person not being his nearest relative under the foregoing provisions of this Order, or is under the joint guardianship of two or more persons of whom one is such a person as aforesaid; or 1908 c. 45
- (b) is, by virtue of an order made by a court in the exercise of such jurisdiction as aforesaid or in matrimonial proceedings, or by virtue of a separation agreement between his father and mother, in the custody of any such person;

the person or persons having the guardianship or custody of the patient shall, to the exclusion of any other person, be deemed to be his nearest relative.

(2) Article 32(4) shall apply in relation to a person who is, or who is one of the persons, deemed to be the nearest relative of a patient by virtue of this Article, as it applies in relation to a person who would be the nearest relative under paragraph (3) of that Article.

(3) A patient shall be treated for the purposes of this Article as being in the custody or guardianship of another person if he would be in that other person's custody or guardianship apart from Article 22.

(4) In this Article "court" includes a court in England and Wales, Scotland or the Republic of Ireland.

Assignment of functions by nearest relative

35.—(1) The nearest relative of any patient who is liable to be detained or subject to guardianship under this Part may assign his functions as such under this Order to any person (other than the patient) who indicates in writing his willingness to exercise those functions.

(2) Any person who wishes to assign, under this Article, his functions as nearest relative under this Order shall give notice of the assignment in the prescribed form to the responsible Board.

(3) On the receipt by the responsible Board of the notice referred to in paragraph (2), the provisions of this Order shall, subject to Article 36(5), apply in relation to the patient as if for any reference to the nearest relative of the patient there were substituted a reference to the person to whom the nearest relative has assigned his functions under this Order and (without prejudice to Articles 36 and 37) shall so apply notwithstanding that the person who was the patient's nearest relative at the time of the assignment is no longer his nearest relative.

Appointment by county court of acting nearest relative

36.—(1) The county court may, upon application made in accordance with this Article in respect of a patient, by order direct that the functions under this Order of the nearest relative of the patient shall, during the continuance in force of the order, be exercisable by the applicant, or by any other person specified in the application, being a person who, in the opinion of the court, is a proper person to act as the patient's nearest relative and is willing to do so.

(2) An order under this Article may be made on the application of—

- (a) any relative of the patient;
- (b) any other person with whom the patient is residing (or, if the patient is then an in-patient in a hospital, was last residing before he was admitted); or
- (c) an approved social worker,

but in relation to an application made by an approved social worker paragraph (1) shall have effect as if for the words "the applicant" there were substituted the words "the responsible Board".

(3) An application for an order under this Article may be made upon any of the following grounds—

- (a) that the patient has no nearest relative within the meaning of this Order, or that it is not reasonably practicable to ascertain whether he has such a relative, or who that relative is;
- (b) that the nearest relative of the patient is incapable of acting as such by reason of mental disorder or other illness;
- (c) that the nearest relative of the patient unreasonably objects

to the making of an application for assessment or a guardianship application in respect of the patient; or

- (d) that the nearest relative of the patient has exercised without due regard to the welfare of the patient or the interests of the public his power to discharge the patient from hospital or guardianship under this Part, or is likely to do so.

(4) An order made on the ground specified in paragraph (3)(a) or (b) may specify a period for which it is to continue in force unless previously discharged under Article 37.

(5) While an order made under this Article is in force, the provisions of this Order (other than this Article, Article 37 and Article 71(5)) shall apply in relation to the patient as if for any reference to the nearest relative of the patient there were substituted a reference to the person having the functions of that relative and (without prejudice to Article 37) shall so apply notwithstanding that the person who was the patient's nearest relative when the order was made is no longer his nearest relative.

Discharge and variation of orders under Article 36

37.—(1) An order made under Article 36 in respect of a patient may be discharged by the county court upon application made—

- (a) by the person having the functions of the nearest relative of the patient by virtue of the order;
- (b) where the order was made on the ground specified in paragraph (3)(a) or (b) of that Article, or where the person who was the nearest relative of the patient when the order was made has ceased to be his nearest relative, by the nearest relative of the patient.

(2) An order made under Article 36 in respect of a patient may be varied by the county court, on the application of the person having the functions of the nearest relative by virtue of the order or on the application of an approved social worker, by substituting for the first-mentioned person any person who, in the opinion of the court, is a proper person to exercise those functions, being a person who is willing to do so.

(3) If the person having the functions of the nearest relative of a patient by virtue of an order under Article 36 dies, paragraphs (1) and (2) shall apply as if for any reference to that person there were substituted a reference to any relative of the patient, and until the order is discharged or varied under those paragraphs the functions of the nearest relative under this Order shall not be exercisable by any person.

(4) An order under Article 36 shall, unless previously discharged, cease to have effect at the expiration of the period, if any, specified under paragraph (4) of that Article or where no such period is specified—

- (a) if the patient was on the date of the order liable to be detained for treatment or subject to guardianship under this Part, or becomes so liable or subject within the period of 3 months beginning with that date, when he ceases to be so liable or subject (otherwise than on being transferred by virtue of Article 28);
- (b) if the patient was not on the date of the order, and has not within the said period of 3 months become, so liable or subject, at the expiration of that period.

(5) The discharge or variation under this Article of an order under Article 36 shall not affect the validity of anything previously done in pursuance of the order.

Procedure on application to county court

38. County court rules which relate to applications authorised by this Part to be made to a county court may make provision—

- (a) for the hearing and determination of such applications otherwise than in open court;
- (b) for the admission on the hearing of such applications of evidence of such descriptions as may be specified in the rules notwithstanding anything to the contrary in any statutory provision or rule of law relating to the admissibility of evidence;
- (c) for the visiting and interviewing of patients in private by or under the directions of the court.

Miscellaneous

Special provisions as to wards of court

39.—(1) An application for assessment in respect of a minor who is a ward of court may be made under this Part with the leave of the court; and Article 5(3) to (5) shall not apply in relation to an application so made.

(2) Where a minor being a ward of court is liable to be detained in hospital under this Part, any power exercisable under this Order in relation to the patient by his nearest relative shall be exercisable by or with the leave of the court.

(3) Nothing in this Part shall be construed as authorising the making of a guardianship application in respect of a minor who is a ward of court, or the transfer into guardianship of any such minor.

Duty of approved social worker to make application for assessment or guardianship

40.—(1) It shall be the duty of an approved social worker to make an application for assessment or a guardianship application in respect of a patient within the area of the Board by which that officer is appointed in any case where—

- (a) he is satisfied that such an application ought to be made; and
- (b) he is of opinion, having regard to any wishes expressed by relatives of the patient or any other relevant circumstances, that it is necessary or proper for the application to be made by him.

(2) Before making an application under paragraph (1) in respect of a patient, an approved social worker shall interview the patient in a suitable manner and satisfy himself that detention in a hospital or guardianship (as the case may be) is in all the circumstances of the case the most appropriate way of providing the care and medical treatment of which the patient stands in need.

(3) An application under paragraph (1) by an approved social worker may be made outside the area of the Board by which he is appointed.

(4) It shall be the duty of a Board, if so required by the nearest relative of a patient residing in its area, to direct an approved social worker as soon as practicable to take the patient's case into consideration under paragraph (1) with a view to making an application under that paragraph in respect of him; and if in any such case that approved social worker decides not to make an application he shall inform the nearest relative of his reasons in writing.

(5) Nothing in this Article shall be construed as authorising or requiring an application to be made by an approved social worker in contravention of Article 5(3) to (5) or Article 19(3) to (6) or as restricting the power of an approved social worker to make any application under this Order.

Applications, recommendations and reports under Part II

41. Any application for assessment, guardianship application, recommendation or report which appears to be duly made under this Part may be acted upon without further proof of the signature or qualification of the person by whom the application, recommendation or report is made or given, or of any matter of fact or opinion stated therein.

PART III

PATIENTS CONCERNED IN CRIMINAL PROCEEDINGS OR UNDER SENTENCE

Remands to hospital

Remand to hospital for report on accused's mental condition

42.—(1) Subject to the provisions of this Article, the Crown Court or a court of summary jurisdiction may remand an accused person into the care of the Department for admission to hospital for a report on his mental condition.

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

(2) For the purposes of this Article an accused person is—

- (a) in relation to the Crown Court, any person who is awaiting trial before the court for an offence punishable with imprisonment or who has been arraigned before the court for such an offence and has not yet been sentenced or otherwise dealt with for the offence on which he has been arraigned;
- (b) in relation to a court of summary jurisdiction, any person who has been convicted by the court of an offence punishable on summary conviction with imprisonment and any person charged with such an offence if the court is satisfied that he did the act or made the omission charged or if he has consented to the exercise by the court of the powers conferred by this Article.

(3) Subject to paragraph (4), the powers conferred by this Article may be exercised if—

- (a) the court is satisfied, on the oral evidence of a medical practitioner appointed for the purposes of Part II by the Commission, that there is reason to suspect that the accused person is suffering from mental illness or severe mental impairment; and
- (b) the court is of the opinion that it would be impracticable for a report on his mental condition to be made if he were remanded on bail;

but those powers shall not be exercised by the Crown Court in respect of a person who has been convicted before the court if the sentence for the offence of which he has been convicted is fixed by law.

(4) The court shall not remand an accused person under this Article unless an opportunity has been given to the Department to make representations to the court concerning the remand.

(5) Where a court has remanded an accused person under this Article, it may further remand him if it appears to the court, on the written or oral evidence of the medical practitioner responsible for making the report, that a further remand is necessary for completing the assessment of the accused person's mental condition.

(6) The power of further remanding an accused person under this Article may be exercised by the court without his being brought before the court if he is represented by counsel or a solicitor and his counsel or solicitor is given an opportunity of being heard.

(7) An accused person shall not be remanded or further remanded under this Article for more than 28 days at a time or for more than 12 weeks in all; and the court may at any time terminate the remand if it appears to the court that it is appropriate to do so.

(8) An accused person remanded under this Article shall be entitled to obtain at his own expense an independent report on his mental condition from a medical practitioner chosen by him and to apply to

the court on the basis of it for his remand to be terminated under paragraph (7).

(9) Where an accused person is remanded under this Article—

- (a) it shall be the duty of the Department to designate the hospital to which the accused person is to be admitted;
- (b) the court may, pending his admission to hospital, give directions for his conveyance to and detention in a place of safety;
- (c) a constable or any other person directed to do so by the court shall convey the accused person to the hospital designated by the Department within the period of 7 days beginning with the date of the remand; and
- (d) the Board administering that hospital shall admit him within that period and thereafter detain him in accordance with the provisions of this Article.

(10) If an accused person absconds from a hospital to which he has been remanded under this Article, or while being conveyed to or from that hospital, he may be arrested without warrant by any constable and shall, after being arrested, be brought as soon as practicable before the court that remanded him; and the court may thereupon terminate the remand and deal with him in any way in which it would have dealt with him if he had not been remanded under this Article.

Remand to hospital for treatment

43.—(1) Subject to the provisions of this Article, the Crown Court may, instead of remanding an accused person in custody, remand him into the care of the Department for admission to hospital if satisfied, on the oral evidence of a medical practitioner appointed for the purposes of Part II by the Commission and on the written or oral evidence of one other medical practitioner, that he is suffering from mental illness or severe mental impairment of a nature or degree which warrants his detention in hospital for medical treatment.

(2) For the purposes of this Article an accused person is any person who is in custody awaiting trial before the Crown Court for an offence punishable with imprisonment other than an offence the sentence for which is fixed by law, or who at any time before sentence is in custody in the course of a trial before that court for such an offence.

(3) The court shall not remand an accused person under this Article unless an opportunity has been given to the Department to make representations to the court concerning the remand.

(4) Where a court has remanded an accused person under this Article, it may further remand him if it appears to the court, on the written or oral evidence of the responsible medical officer, that a further remand is warranted.

(5) Paragraphs (6) to (10) of Article 42 shall have effect in relation to a remand under this Article as they have effect in relation to a remand under that Article.

Hospital and guardianship orders

Powers of courts to order hospital admission or guardianship

44.—(1) Where a person is convicted before the Crown Court of an offence punishable with imprisonment other than an offence the sentence for which is fixed by law, or is convicted by a court of summary jurisdiction of an offence punishable on summary conviction with imprisonment, then—

- (a) if the conditions mentioned in paragraph (2) are satisfied, the court may by order (in this Order referred to as a “hospital order”) commit him to the care of the Department for admission to hospital; or
 - (b) if the conditions mentioned in paragraph (3) are satisfied, the court may by order (in this Order referred to as a “guardianship order”) place him under the guardianship of a Board or of such other person approved by a Board as may be specified in the order.
- (2) The conditions referred to in paragraph (1)(a) are that—
- (a) the court is satisfied on the oral evidence of a medical practitioner appointed for the purposes of Part II by the Commission and on the written or oral evidence of one other medical practitioner that the offender is suffering from mental illness or severe mental impairment of a nature or degree which warrants his detention in hospital for medical treatment; and
 - (b) the court is of opinion, having regard to all the circumstances, including the nature of the offence and the character and antecedents of the offender, and to the other available methods of dealing with him, that the most suitable means of dealing with the case is by means of a hospital order.
- (3) The conditions referred to in paragraph (1)(b) are that—
- (a) the offender has attained the age of 16 years;
 - (b) the court is satisfied on the oral evidence of a medical practitioner appointed for the purposes of Part II by the Commission and on the written or oral evidence of one other medical practitioner that the offender is suffering from mental illness or severe mental handicap of a nature or degree which warrants his reception into guardianship;
 - (c) the court is satisfied on the written or oral evidence of an approved social worker that it is necessary in the interests of the welfare of the patient that he should be received into guardianship; and
 - (d) the court is of opinion, having regard to all the circumstances, including the nature of the offence and the character

and antecedents of the offender, and to the other available methods of dealing with him, that the most suitable means of dealing with the case is by means of a guardianship order.

(4) Where a person is charged before a court of summary jurisdiction with any act or omission as an offence and the court would have power, on convicting him of that offence, to make an order under paragraph (1) then, if the court is satisfied that the accused did the act or made the omission charged, the court may, if it thinks fit, make such an order without convicting him.

(5) A hospital order shall not be made under this Article by a court unless an opportunity has been given to the Department to make representations to the court concerning the making of such an order.

(6) A guardianship order placing a patient under the guardianship of any person shall not be made under this Article unless the court is satisfied that that person is willing to receive the patient into guardianship.

(7) A hospital order or guardianship order shall specify the form or forms of mental disorder referred to in sub-paragraph (a) of paragraph (2) or sub-paragraph (b) of paragraph (3) from which, upon the evidence taken into account under that sub-paragraph, the offender is found by the court to be suffering; and no such order shall be made unless the offender is described by each of the practitioners whose evidence is taken into account under that sub-paragraph as suffering from the same form of mental disorder, whether or not he is also described by either of them as suffering from another form.

(8) Where an order is made under this Article, the court shall not pass sentence of imprisonment or impose a fine or make a probation order in respect of the offence, but may make any other order which the court has power to make apart from this Article; and for the purposes of this paragraph "sentence of imprisonment" includes any sentence or order for detention, including an order under section 74(1)(a) or (e) of the Children and Young Persons Act (Northern Ireland) 1968 sending a person to a training school or committing him to custody in a remand home.

1968 c. 34 (N.I.)

Interim hospital orders

45.—(1) Where a person is convicted before the Crown Court of an offence punishable with imprisonment other than an offence the sentence for which is fixed by law, or is convicted by a court of summary jurisdiction of an offence punishable on summary conviction with imprisonment, and the court before or by which he is convicted is satisfied, on the oral evidence of a medical practitioner appointed for the purposes of Part II by the Commission and on the written or oral evidence of one other medical practitioner—

- (a) that the offender is suffering from mental illness or severe mental impairment; and
- (b) that there is reason to suppose that the mental disorder from which the offender is suffering is such that it may warrant a

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

hospital order being made in his case, the court may, before making a hospital order or dealing with him in some other way, make an order (in this Order referred to as "an interim hospital order") committing him to the care of the Department for admission to hospital and detention there in accordance with this Article.

(2) In the case of an offender who is subject to an interim hospital order the court may make a hospital order without his being brought before the court if he is represented by counsel or a solicitor and his counsel or solicitor is given an opportunity of being heard.

(3) An interim hospital order shall not be made under this Article by a court unless an opportunity has been given to the Department to make representations to the court concerning the making of such an order.

(4) An interim hospital order—

(a) shall be in force for such period, not exceeding 12 weeks, as the court may specify when making the order; but

(b) may be renewed for further periods of not more than 28 days at a time if it appears to the court, on the written or oral evidence of the responsible medical officer, that the continuation of the order is warranted;

but no such order shall continue in force for more than 6 months in all and the court shall terminate the order if it makes a hospital order in respect of the offender or decides after considering the written or oral evidence of the responsible medical officer to deal with the offender in some other way.

(5) The power of renewing an interim hospital order may be exercised without the offender being brought before the court if he is represented by counsel or a solicitor and his counsel or solicitor is given an opportunity of being heard.

(6) If an offender absconds from a hospital in which he is detained in pursuance of an interim hospital order, or while being conveyed to or from such a hospital, he may be arrested without warrant by a constable and shall, after being arrested, be brought as soon as practicable before the court that made the order; and the court may thereupon terminate the order and deal with him in any way in which it could have dealt with him if no such order had been made.

Effect of hospital orders, guardianship orders and interim hospital orders

46.—(1) Where a court makes a hospital order in respect of a patient, it shall be the duty of the Department to give effect to the order by designating a hospital for the purposes of paragraph (2)(a); and the Board administering that hospital shall receive the patient accordingly.

(2) A hospital order shall be sufficient authority—

(a) for a constable, an approved social worker or any other

person directed to do so by the court to convey the patient within the period of 28 days beginning with the date of the order to such hospital as the Department may designate; and

- (b) for the Board administering the hospital to admit him at any time within that period and thereafter detain him in accordance with the provisions of this Order.

(3) Where an interim hospital order is made in respect of an offender—

- (a) it shall be the duty of the Department to give effect to the order by designating the hospital to which the offender is to be admitted;
- (b) a constable or any other person directed to do so by the court shall convey the offender to the hospital designated by the Department within the period of 28 days beginning with the date of the order; and
- (c) the Board administering that hospital shall admit him within that period and thereafter detain him in accordance with the provisions of Article 45.

(4) The court by which a hospital order or an interim hospital order is made may give such directions as it thinks fit for the conveyance of the patient to a place of safety and his detention therein pending his admission to hospital within the period of 28 days referred to in paragraph (2)(a) or, as the case may be, paragraph (3)(b).

(5) A guardianship order shall confer on the Board or person therein named as guardian the same powers as a guardianship application made and accepted under Part II.

(6) A patient who is—

- (a) admitted to a hospital in pursuance of a hospital order shall be treated for the purposes of the provisions of Part II mentioned in Part I of Schedule 2 as if he were detained for treatment and his date of admission were the date of the order, but subject to any modifications of those provisions specified in that Part of Schedule 2;
- (b) placed under guardianship by a guardianship order shall be treated for the purposes of the provisions of Part II mentioned in Part I of Schedule 2 as if he had been received into guardianship on the date of the order in pursuance of a guardianship application duly made under Part II, but subject to any modifications of those provisions specified in that Part of Schedule 2.

(7) Where a patient is admitted to a hospital in pursuance of a hospital order, or placed under guardianship by a guardianship order, any previous application, medical report, hospital order or guardianship order by virtue of which he was liable to be detained in a hospital or subject to guardianship shall cease to have effect, but if either of the first-mentioned orders, or the conviction to which it

relates, is quashed on appeal, this paragraph shall not apply and Article 31 shall have effect as if, during any period for which the patient was liable to be detained or subject to guardianship under the order, he had been detained in custody as mentioned in that Article.

Restriction orders

Powers of court to restrict discharge from hospital

47.—(1) Where—

- (a) a court makes a hospital order in respect of any person; and
- (b) it appears to the court, having regard to the nature of the offence, the antecedents of the person and the risk of his committing further offences if set at large, that it is necessary for the protection of the public from serious harm to do so,

the court may, subject to paragraphs (2) to (5), further order that the person shall be subject to the special restrictions set out in this Article, either without limit of time or during such period as may be specified in the order; and an order under this Article shall be known as “a restriction order”.

(2) The special restrictions applicable to a patient in respect of whom a restriction order is in force are as follows, that is to say—

- (a) none of the provisions of Part II relating to the duration, renewal and expiration of authority for the detention of patients shall apply, and the patient shall continue to be liable to be detained by virtue of the relevant hospital order until he is absolutely discharged under Article 48, 78, 79 or 80;
- (b) no application or reference shall be made to the Review Tribunal in respect of the patient under Articles 71 to 74;
- (c) the following powers shall be exercisable only with the consent of the Secretary of State, namely—
 - (i) power to grant leave of absence to the patient under Article 15;
 - (ii) power to transfer the patient under Article 28;and if leave of absence is granted under Article 15 the power to recall the patient shall be vested in the Secretary of State as well as in the responsible medical officer;
- (d) the power of the Secretary of State to recall the patient under Article 15 and the power to take the patient into custody and return him under Article 29 may be exercised at any time;

and in relation to any such patient Article 46(6)(a) shall have effect as if it referred to Part II of Schedule 2 instead of Part I of that Schedule.

(3) A hospital order shall not cease to have effect under Article 46(7) if a restriction order in respect of the patient is in force at the material time.

(4) Where a restriction order in respect of a patient ceases to have effect while the relevant hospital order continues in force, Article 46 and Part I of Schedule 2 shall apply to the patient as if he had been admitted to the hospital in which he is then liable to be detained in pursuance of a hospital order (without a restriction order) made on the date on which the restriction order ceased to have effect.

(5) While a person is subject to a restriction order the responsible medical officer shall at such intervals (not exceeding one year) as the Secretary of State may direct examine and report to the Secretary of State on that person; and every report shall contain such particulars as the Secretary of State may require.

Powers of Secretary of State in respect of patients subject to restriction orders

48.—(1) If the Secretary of State is satisfied that in the case of any patient a restriction order is no longer required for the protection of the public from serious harm he may direct that the patient shall cease to be subject to the special restrictions set out in Article 47(2); and where the Secretary of State so directs, the restriction order shall cease to have effect, and Article 47(4) shall have effect accordingly.

(2) At any time while a restriction order is in force in respect of a patient, the Secretary of State may, if he thinks fit, by warrant discharge the patient from hospital, either absolutely or subject to conditions; and where a patient is absolutely discharged under this paragraph, he shall thereupon cease to be liable to be detained by virtue of the relevant hospital order, and accordingly the restriction order shall cease to have effect.

(3) The Secretary of State may at any time during the continuance in force of a restriction order in respect of a patient who has been conditionally discharged under paragraph (2) by warrant recall the patient to such hospital as may be specified in the warrant; and thereupon—

(a) if the hospital so specified is not the hospital from which the patient was conditionally discharged, sub-paragraph (b) of paragraph (2) of Article 46 shall have effect as if the hospital specified in the warrant were substituted for the hospital designated by the Department under sub-paragraph (a) of that paragraph; and

(b) in any case, the patient shall be treated for the purposes of Article 29 as if he had absented himself without leave from the hospital specified in the warrant, and if the restriction order was made for a specified period, that period shall in any event be deemed not to have expired until the patient returns to hospital or is returned to hospital under that Article.

(4) If a restriction order in respect of a patient ceases to have effect after the patient has been conditionally discharged under paragraph

(2), the patient shall, unless previously recalled under paragraph (3), be deemed to be absolutely discharged on the date when the order ceases to have effect, and accordingly shall cease to be liable to be detained by virtue of the relevant hospital order.

(5) The Secretary of State may, if satisfied that the attendance at any place in Northern Ireland of a patient who is subject to a restriction order is desirable in the interests of justice or for the purposes of any public inquiry, direct him to be taken to that place; and where a patient is directed under this paragraph to be taken to any place he shall, unless the Secretary of State otherwise directs, be kept in custody while being so taken, while at that place and while being taken back to the hospital in which he is liable to be detained.

Procedure during trial on indictment

Procedure in relation to unfitness to be tried

49.—(1) The following provisions of this Article apply where, on the trial of a person charged on indictment with the commission of an offence, the question arises (at the instance of the defence or otherwise) whether the accused is unfit to be tried (in this Article referred to as “the question of fitness to be tried”).

(2) Subject to paragraph (3), the question of fitness to be tried shall be determined as soon as it arises.

(3) If, having regard to the nature of the supposed mental condition of the accused, the court is of opinion that it is expedient so to do and in the interests of the accused, the court may—

(a) postpone consideration of the question of fitness to be tried until any time up to the opening of the case for the defence; and

(b) if, before the said question falls to be determined, the jury returns a verdict of acquittal on the count or each of the counts on which the accused is being tried, that question shall not be determined.

(4) The question of fitness to be tried shall be determined by a jury; and—

(a) where it falls to be determined on the arraignment of the accused, then if the trial proceeds the accused shall be tried by a jury other than that which determined that question;

(b) where it falls to be determined at any later time it shall be determined by a separate jury or by the jury by which the accused is being tried, as the court may direct.

(5) Where in accordance with paragraphs (2) to (4) it is determined that the accused is unfit to be tried—

(a) the court shall direct a finding to that effect to be recorded; and

(b) the trial shall not proceed or, as the case may be, proceed further.

(6) Where a court has directed that a finding be recorded in pursuance of paragraph (5)(a), the court shall order that the person to whom the finding relates shall be admitted to hospital.

(7) An order under paragraph (6) shall have the same effect as a hospital order together with a restriction order made without limitation of time.

(8) Where the Secretary of State is notified by the responsible medical officer that a person detained in a hospital by virtue of an order under paragraph (6) no longer requires treatment for mental disorder, the Secretary of State may remit that person to prison or to a remand centre or remand home for trial by the Crown Court at the place where, but for the order, he would have been tried, and on his arrival at the prison, remand centre or remand home the order under paragraph (6) shall cease to have effect.

(9) In this Article and Article 51(6) "unfit to be tried" includes unfit to plead.

Procedure in relation to finding of insanity

50.—(1) Where upon the trial on indictment of any person charged with the commission of an offence—

- (a) evidence is given that the person charged was an insane person at the time the offence was committed; and
- (b) the jury finds that although the person charged did the act or made the omission charged, he was an insane person at that time,

the court shall direct a finding to be recorded to the effect that the person is not guilty of the offence charged on the ground of insanity.

(2) Where a court has directed that a finding be recorded in pursuance of paragraph (1), the court shall order that the person to whom the finding relates shall be admitted to hospital.

(3) An order under paragraph (2) shall have the same effect as a hospital order together with a restriction order made without limitation of time.

(4) In this Article "insane person" and "insanity" have the meanings assigned by section 1 of the Criminal Justice Act (Northern Ireland) 1966.

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

(2) On any appeal to any court by a person against a hospital order or a guardianship order, the court shall have the like powers as if the appeal were against any further order made by the court which made the hospital order or guardianship order, as well as against the hospital order or guardianship order.

(3) An appeal by a child or young person in respect of whom a hospital order or guardianship order has been made, whether the appeal is against the order or against the finding upon which the order was made, may be brought by him or by his parent or guardian on his behalf.

(4) Where a hospital order, guardianship order or restriction order has been made by a court in respect of a person charged before it without convicting him, he shall have the same right of appeal against that order as if it had been made on his conviction and accordingly any such order shall—

- (a) for the purposes of section 8 of the Criminal Appeal (Northern Ireland) Act 1980 and Article 140 of the Magistrates' Courts (Northern Ireland) Order 1981 be treated as if it were an order made on conviction;
- (b) be a determination of the proceedings in which the order was made for the purposes of Article 146 of that Order.

(5) On any such appeal as is referred to in paragraph (4), the Court of Appeal or the county court shall have the same powers as if the appeal had been against both conviction and sentence.

(6) The Criminal Appeal (Northern Ireland) Act 1980 shall have effect subject to the amendments set out in Part I of Schedule 5, being amendments for the purpose of—

- (a) conferring a right of appeal to the Court of Appeal against a finding that a person charged on indictment with the commission of an offence is unfit to be tried;
- (b) conferring on the Secretary of State a power to refer to the Court of Appeal the case of any person so charged who has been found unfit to be tried;

Transfer to hospital of prisoners, etc.

- (a) that the person is suffering from mental illness or severe mental impairment; and
- (b) that the mental disorder from which the person is suffering is of a nature or degree which warrants his detention in hospital for medical treatment;

(2) A direction under this Article (in this Order referred to as a "transfer direction") shall cease to have effect at the expiration of the period of 14 days beginning with the date on which it is given, unless within that period the person with respect to whom it was given has been received into hospital.

(3) A transfer direction with respect to any person shall have the same effect as a hospital order made in his case.

(4) A transfer direction shall specify the form or forms of mental disorder referred to in sub-paragraph (a) of paragraph (1) from which, upon the reports taken into account under that paragraph, the patient is found by the Secretary of State to be suffering; and no such direction shall be given unless the patient is described in each of those reports as suffering from the same form of mental disorder, whether or not he is also described in either of them as suffering from another form.

- (a) that the person is suffering from mental illness or severe mental impairment; and
- (b) that the mental disorder from which the person is suffering is of a nature or degree which warrants his detention in hospital for medical treatment; and
- (c) that the person is in urgent need of such treatment,

the Secretary of State shall have the same power of giving a transfer direction in respect of him under that Article as if he were serving a sentence of imprisonment.

(2) This Article applies to the following persons—

Further provisions as to prisoners under sentence

56.—(1) Where a transfer direction and a restriction direction have been given in respect of a person serving a sentence of imprisonment and before the expiration of that person's sentence the Secretary of State is notified by the responsible medical officer, the Review Tribunal or any medical practitioner appointed for the purposes of Part II by the Commission that that person no longer requires treatment in hospital for mental disorder or that no effective treatment for his disorder can be given in the hospital to which he has been removed, the Secretary of State may—

- (a) by warrant direct that he be remitted to any prison, remand home or training school in which he might have been detained if he had not been removed to hospital, there to be dealt with as if he had not been so removed; or
- (b) exercise, or authorise the managers of any training school to which he might have been remitted to exercise, any power of releasing him on licence or discharging him under supervision which would have been exercisable if he had been remitted as aforesaid;

(2) A restriction direction in the case of a person serving a sentence of imprisonment shall cease to have effect on the expiration of the sentence.

(3) Subject to paragraph (4), references in this Article to the expiration of a person's sentence are references to the expiration of the period during which he would have been liable to be detained in a prison, remand home or training school if the transfer direction had not been given and that period shall be treated as expiring on the date on which he could have been discharged if he had not forfeited remission of any part of the sentence after his removal pursuant to the direction.

(4) For the purposes of section 38(2) of the Prison Act (Northern Ireland) 1953 (which provides for discounting from the sentences of certain prisoners periods while they are unlawfully at large), a patient who, having been transferred in pursuance of a transfer

1953 c. 18 (N.I.)

direction from any such institution as is referred to in that section, is at large in circumstances in which he is liable to be taken into custody under any provision of this Order, shall be treated as unlawfully at large and absent from that institution.

Further provisions as to detained persons

57.—(1) This Article has effect where a transfer direction has been given in respect of any such person as is described in sub-paragraph (a) of Article 54(2) and that person is in this Article referred to as “the detainee”.

(2) The transfer direction shall cease to have effect when the detainee’s case is disposed of by the court having jurisdiction to try or otherwise deal with him, but without prejudice to any power of that court to make a hospital order or other order under this Part in his case.

(3) If the Secretary of State is notified by the responsible medical officer, the Review Tribunal or any medical practitioner appointed for the purposes of Part II by the Commission at any time before the detainee’s case is disposed of by that court—

- (a) that the detainee no longer requires treatment in hospital for mental disorder; or
- (b) that no effective treatment for his disorder can be given at the hospital to which he has been removed,

the Secretary of State may by warrant direct that he be remitted to any place where he might have been detained if he had not been removed to hospital, there to be dealt with as if he had not been so removed, and on his arrival at the place to which he is so remitted the transfer direction shall cease to have effect.

(4) If (no direction having been given under paragraph (3)) the court having jurisdiction to try or otherwise deal with the detainee is satisfied on the written or oral evidence of the responsible medical officer—

- (a) that the detainee no longer requires treatment in hospital for mental disorder; or
- (b) that no effective treatment for his disorder can be given at the hospital to which he has been removed,

the court may order him to be remitted to any such place as is mentioned in paragraph (3) or released on bail and on his arrival at that place or, as the case may be, his release on bail the transfer direction shall cease to have effect.

(5) If (no direction or order having been given or made under paragraph (3) or (4)) it appears to the court having jurisdiction to try or otherwise deal with the detainee—

- (a) that it is impracticable or inappropriate to bring the detainee before the court; and

(b) that the conditions set out in paragraph (6) are satisfied, the court may make a hospital order (with or without a restriction order) in his case in his absence and, in the case of a person awaiting trial, without convicting him.

(6) A hospital order may be made in respect of a person under paragraph (5) if the court—

- (a) is satisfied, on the oral evidence of two medical practitioners appointed for the purposes of Part II by the Commission, that the detainee is suffering from mental illness or severe mental impairment of a nature or degree which warrants his detention in hospital for medical treatment; and
- (b) is of the opinion, after considering any depositions or other documents required to be sent to the proper officer of the court, that it is proper to make such an order.

Further provisions as to persons remanded by magistrates' courts

58.—(1) This Article has effect where a transfer direction has been given in respect of any such person as is described in sub-paragraph (b) of Article 54(2); and that person is in this Article referred to as "the accused".

(2) Subject to paragraph (5), the transfer direction shall cease to have effect on the expiration of the period of remand unless the accused is committed in custody to the Crown Court for trial or to be otherwise dealt with.

(3) Subject to paragraph (4), the power of further remanding the accused may be exercised by the magistrates' court without his being brought before the court; and if the court further remands the accused in custody (whether or not he is brought before the court) the period of remand shall, for the purposes of this Article, be deemed not to have expired.

(4) The court shall not under paragraph (3) further remand the accused in his absence unless he has appeared before the court within the previous 6 months.

(5) If the magistrates' court is satisfied, on the written or oral evidence of the responsible medical officer—

- (a) that the accused no longer requires treatment in hospital for mental disorder; or
- (b) that no effective treatment for his disorder can be given in the hospital to which he has been removed,

the court may direct that the transfer direction shall cease to have effect notwithstanding that the period of remand has not expired or that the accused is committed to the Crown Court as mentioned in paragraph (2).

(6) If the accused is committed to the Crown Court as mentioned in paragraph (2) and the transfer direction has not ceased to have effect under paragraph (5), Article 57 shall apply as if the transfer

direction given in his case were a direction given in respect of a person falling within that Article.

(7) The magistrates' court may, in the absence of the accused, conduct a preliminary investigation or preliminary inquiry into an offence alleged to have been committed by him and commit him for trial in accordance with Article 37 of the Magistrates' Courts (Northern Ireland) Order 1981 if—

1981 NI 26

- (a) the court is satisfied on the written or oral evidence of the responsible medical officer, that the accused is unfit to take part in the proceedings; and
- (b) the accused is represented by counsel or a solicitor.

Further provisions as to civil prisoners and persons detained under the Immigration Act 1971

59.—(1) Subject to paragraph (2), a transfer direction given in respect of any such person as is described in sub-paragraph (c) or (d) of Article 54(2) shall cease to have effect on the expiration of the period during which he would, but for his removal to hospital, be liable to be detained in the place from which he was removed.

(2) Where a transfer direction and a restriction direction have been given in respect of any such person as is mentioned in paragraph (1), then, if the Secretary of State is notified by the responsible medical officer, the Review Tribunal or any medical practitioner appointed for the purposes of Part II by the Commission at any time before the expiration of the period there mentioned—

- (a) that that person no longer requires treatment in hospital for mental disorder; or
- (b) that no effective treatment for his disorder can be given in the hospital to which he has been removed,

the Secretary of State may by warrant direct that he be remitted to any place where he might have been detained if he had not been removed to hospital, and on his arrival at the place to which he is so remitted the transfer direction and the restriction direction shall cease to have effect.

(2) Where, in pursuance of a direction of the court, any such report is tendered in evidence otherwise than by or on behalf of the person who is the subject of the report, then—

(2) Subject to Article 68, a patient shall not be given any form of treatment to which this Article applies unless he has consented to it and—

- (a) a medical practitioner appointed for the purposes of this Part by the Commission (not being the responsible medical

officer) and two other persons appointed for the purposes of this sub-paragraph by the Commission (not being medical practitioners) have certified in the prescribed form that the patient is capable of understanding the nature, purpose and likely effects of the treatment in question and has consented to it; and

(b) the medical practitioner referred to in sub-paragraph (a) has certified in the prescribed form that, having regard to the likelihood of the treatment alleviating or preventing a deterioration of the patient's condition, the treatment should be given.

(3) Before giving a certificate under paragraph (2)(b) the medical practitioner concerned shall consult such person or persons as appear to him to be principally concerned with the patient's medical treatment.

(4) A medical practitioner or other person appointed as is mentioned in paragraph (2)(a) may, for the purpose of exercising his functions under this Part or (as the case may be) paragraph (2)(a), at any reasonable time—

(6) Before making any regulations for the purpose of this Article the Department shall consult such bodies as appear to it to be concerned.

Treatment requiring consent or a second opinion

64.—(1) This Article applies to the following forms of medical treatment for mental disorder—

(a) such forms of treatment as may be prescribed for the purposes of this Article; and

(b) the administration of medicine to a patient by any means (not being a form of treatment prescribed under sub-paragraph (a) or Article 63) at any time during a period for which he is liable to be detained as a patient to whom this Article applies if three months or more have elapsed since the first occasion in that period when medicine was administered to him by any means for his mental disorder.

(2) The Department may by order vary the length of the period mentioned in paragraph (1)(b).

(3) Subject to Article 68, a patient shall not be given any form of treatment to which this Article applies unless—

- (b) subject to paragraph (4), a medical practitioner appointed as aforesaid (not being the responsible medical officer) has certified in the prescribed form that the patient is not capable of understanding the nature, purpose and likely effects of that treatment or has not consented to it but that, having regard to the likelihood of its alleviating or preventing a deterioration of his condition, the treatment should be given.
- (4) In relation to any form of treatment mentioned in paragraph (1)(b), a certificate under paragraph (3)(b) may also be given by a medical practitioner appointed by the Commission for the purposes of Part II (not being the responsible medical officer).
- (5) Before giving a certificate under paragraph (3)(b) the medical practitioner concerned shall consult such person or persons as appear to him to be principally concerned with the patient's medical treatment.

Withdrawal of consent

66.—(1) Where the consent of a patient to any treatment has been given for the purposes of Article 63 or 64, the patient may, subject to Article 68, at any time before the completion of treatment withdraw his consent, and those Articles shall then apply as if the remainder of the treatment were a separate form of treatment.

(2) Without prejudice to the application of paragraph (1) to any treatment given under a plan of treatment to which a patient has consented, a patient who has consented to such a plan may, subject to Article 68, at any time withdraw his consent to further treatment, or to further treatment of any description, under the plan.

Review of treatment

67.—(1) Where a patient is given treatment in accordance with Article 63(2) or 64(3)(b) a report on the treatment and the patient's condition shall be given by the responsible medical officer to the Commission—

- (a) on the next occasion on which a report is furnished in respect of the patient under Article 13(2), (3) or (5); and
- (b) at any other time if so required by the Commission.

(2) In relation to a patient who is subject to a restriction order or restriction direction paragraph (1) shall have effect as if subparagraph (a) required the report to be made—

(3) The Commission may at any time give notice to the responsible medical officer directing that, subject to Article 68, a certificate given in respect of a patient under Article 63(2) or 64(3)(b) shall not apply to treatment given to him after a date specified in the notice and Articles 63 and 64 shall then apply to any such treatment as if that certificate had not been given.

Urgent treatment

68.—(1) Articles 63 and 64 shall not apply to any treatment—

- (a) which is immediately necessary to save the patient's life; or
- (b) which (not being irreversible) is immediately necessary to prevent a serious deterioration of his condition; or
- (c) which (not being irreversible or hazardous) is immediately necessary to alleviate serious suffering by the patient; or
- (d) which (not being irreversible or hazardous) is immediately necessary and represents the minimum interference necessary to prevent the patient from behaving violently or being a danger to himself or to others.

(2) Articles 66 and 67(3) shall not preclude the continuation of any treatment or of treatment under any plan pending compliance with Article 63 or 64 if the responsible medical officer considers that the discontinuance of the treatment or of treatment under the plan would cause serious suffering to the patient.

(3) For the purposes of this Article treatment is irreversible if it has unfavourable irreversible physical or psychological consequences and hazardous if it entails significant physical hazard.

(4) Where a patient is given treatment under this Article the responsible medical officer shall immediately notify the Commission

as to—

- (a) the nature of the treatment given to the patient; and
- (b) where treatment is given under paragraph (1), which of sub-paragraphs (a) to (d) of that paragraph applied in relation to the patient.

(2) For the purpose of furnishing information for the purposes of any reference under this Article, any medical practitioner authorised by or on behalf of the patient may at any reasonable time visit the patient and examine him in private and require the production of and inspect any records relating to the detention or treatment of the patient in any hospital.

(3) The Department may by order vary the length of the periods mentioned in paragraph (1).

Applications and references concerning Part III patients

Applications and references to the tribunal concerning patients subject to hospital and guardianship orders, other than restricted patients

74.—(1) Articles 71(3), 72 and 73 shall apply in relation to a patient admitted to a hospital in pursuance of a hospital order or

placed under guardianship by a guardianship order as they apply to a patient detained in hospital or subject to guardianship under Part II.

(2) Without prejudice to paragraph (1), an application to the Review Tribunal may also be made in respect of a patient admitted to a hospital in pursuance of a hospital order or placed under guardianship by a guardianship order, as follows, that is to say—

(a) within the period of 6 months beginning with the date of the relevant hospital order or transfer direction;

(2) The Secretary of State shall refer to the Review Tribunal the case of any restricted patient detained in a hospital whose case has not been considered by the tribunal, whether on his own application or otherwise, within the last 2 years.

(3) The Secretary of State may by order vary the length of the period mentioned in paragraph (2).

Discharge of patients

Power to discharge patients other than restricted patients

77.—(1) Where application is made to the Review Tribunal by or in respect of a patient who is liable to be detained under this Order, the tribunal may in any case direct that the patient be discharged, and shall so direct if it is satisfied—

- (a) that he is not then suffering from mental illness or severe mental impairment or from either of those forms of mental disorder of a nature or degree which warrants his detention in hospital for medical treatment; or
- (b) that his discharge would not create a substantial likelihood of serious physical harm to himself or to other persons; or
- (c) in the case of an application by virtue of Article 71(4)(a) in respect of a report furnished under Article 14(4)(b), that he would, if discharged, receive proper care.

(2) A tribunal may under paragraph (1) direct the discharge of a patient on a future date specified in the direction; and where the tribunal does not direct the discharge of a patient under that paragraph the tribunal may—

- (a) with a view to facilitating his discharge on a future date, recommend that he be granted leave of absence or transferred to another hospital or into guardianship; and
- (b) further consider his case in the event of any such recommendation not being complied with.

(3) Where application is made to the Review Tribunal by or in respect of a patient who is subject to guardianship under this Order, the tribunal may in any case direct that the patient be discharged, and shall so direct if it is satisfied—

- (a) that he is not then suffering from mental illness or severe mental handicap or from either of those forms of mental disorder of a nature or degree which warrants his remaining under guardianship; or
- (b) that it is not necessary in the interests of the welfare of the patient that he should remain under guardianship.

(4) Paragraphs (1) to (3) apply in relation to references to the Review Tribunal as they apply in relation to applications made to the tribunal by or in respect of a patient.

(5) Paragraph (1) shall not apply in the case of a restricted patient except as provided in Articles 78 and 79.

Power to discharge restricted patients subject to restriction orders

78.—(1) Where an application to the Review Tribunal is made by a restricted patient who is subject to a restriction order, or where the case of such a patient is referred to the tribunal, the tribunal shall direct the absolute discharge of the patient if satisfied—

- (a) as to the matters mentioned in paragraph (1)(a) or (b) of Article 77; and
- (b) that it is not appropriate for the patient to remain liable to be recalled to hospital for further treatment.

(2) Where in the case of any such patient as is mentioned in paragraph (1) the tribunal is satisfied as to the matters referred to in sub-paragraph (a) of that paragraph but not as to the matter referred

to in sub-paragraph (b) of that paragraph the tribunal shall direct the conditional discharge of the patient.

(3) Where a patient is absolutely discharged under this Article he shall thereupon cease to be liable to be detained by virtue of the relevant hospital order, and the restriction order shall cease to have effect accordingly.

(4) Where a patient is conditionally discharged under this Article—

(a) he may be recalled by the Secretary of State under paragraph (3) of Article 48 as if he had been conditionally discharged under paragraph (2) of that Article; and

(b) the patient shall comply with such conditions (if any) as may be imposed at the time of discharge by the tribunal or at any subsequent time by the Secretary of State.

(5) The Secretary of State may from time to time vary any condition imposed (whether by the tribunal or by him) under paragraph (4).

(6) Where a restriction order in respect of a patient ceases to have effect after he has been conditionally discharged under this Article the patient shall, unless previously recalled, be deemed to be absolutely discharged on the date when the order ceases to have effect and shall cease to be liable to be detained by virtue of the relevant hospital order.

(7) The tribunal may defer a direction for the conditional discharge of a patient until such arrangements as appear to the tribunal to be necessary for that purpose have been made to its satisfaction; and where by virtue of any such deferment no direction has been given on an application or reference before the time when the patient's case comes before the tribunal on a subsequent application or reference, the previous application or reference shall be treated as one on which no direction under this Article can be given.

(8) This Article is without prejudice to Article 48.

Powers in relation to restricted patients subject to restriction directions

79.—(1) Where an application to the Review Tribunal is made by a restricted patient who is subject to a restriction direction, or where the case of such a patient is referred to the tribunal, the tribunal—

(a) shall notify the Secretary of State whether, in its opinion, the patient would, if subject to a restriction order, be entitled to be absolutely or conditionally discharged under Article 78; and

(b) if it notifies him that the patient would be entitled to be conditionally discharged, may recommend that in the event of his not being discharged under this Article he should continue to be detained in hospital.

(2) If in the case of a patient not falling within paragraph (4)—

(a) the tribunal notifies the Secretary of State that the patient

would be entitled to be absolutely or conditionally discharged; and

- (b) within the period of 90 days beginning with the date of that notification the Secretary of State gives notice to the tribunal that the patient may be so discharged,

the tribunal shall direct the absolute or, as the case may be, the conditional discharge of the patient.

(3) Where a patient continues to be liable to be detained in a hospital at the end of the period referred to in paragraph (2)(b) because the Secretary of State has not given the notice there mentioned, the responsible Board shall, unless the tribunal has made a recommendation under paragraph (1)(b), transfer the patient to a prison or other institution in which he might have been detained if he had not been removed to hospital, there to be dealt with as if he had not been so removed.

(4) If, in the case of a patient who is subject to a transfer direction under Article 54, the tribunal notifies the Secretary of State that the patient would be entitled to be absolutely or conditionally discharged, the Secretary of State shall, unless the tribunal has made a recommendation under paragraph (1)(b), by warrant direct that the patient be remitted to a prison or other institution in which he might have been detained if he had not been removed to hospital, there to be dealt with as if he had not been so removed.

(5) Where a patient is transferred or remitted under paragraph (3) or (4) the relevant transfer direction and the restriction direction shall cease to have effect on his arrival in the prison or other institution.

(6) Paragraphs (3) to (8) of Article 78 shall have effect in relation to this Article as they have effect in relation to that Article, taking references to the relevant hospital order and the restriction order as references to the transfer direction and the restriction direction.

(7) This Article is without prejudice to Articles 56 to 59 in their application to patients who are not discharged under this Article.

Applications and references concerning conditionally discharged restricted patients

80.—(1) Where a restricted patient has been conditionally discharged under Article 48(2), 78 or 79 and is subsequently recalled to hospital—

- (a) the Secretary of State shall, within one month of the day on which the patient returns or is returned to hospital, refer his case to the Review Tribunal; and

- (b) Article 75 shall apply to the patient as if the relevant hospital order or transfer direction had been made on that day.

(2) Where a restricted patient has been conditionally discharged as aforesaid but has not been recalled to hospital he may apply to the

Review Tribunal—

- (a) within the period of 12 months beginning with the date on which he was conditionally discharged; and
 - (b) in any subsequent period of 12 months.
- (3) Articles 78 and 79 shall not apply to an application under paragraph (2) but on any such application the tribunal may—
- (a) vary any condition to which the patient is subject in connection with his discharge or impose any condition which might have been imposed in connection therewith; or
 - (b) direct that the restriction order or restriction direction to which he is subject shall cease to have effect;
- and if the tribunal gives a direction under sub-paragraph (b) the patient shall cease to be liable to be detained by virtue of the relevant hospital order or transfer direction.

General

Visiting and examination of patients

81. For the purpose of advising whether an application to the Review Tribunal should be made by or in respect of a patient who is liable to be detained or subject to guardianship under this Order or of furnishing information as to the condition of a patient for the purposes of such an application, any medical practitioner authorised by or on behalf of the patient or other person who is entitled to make or has made the application—

(2) Where under this Order any person is authorised to make an application to the Review Tribunal within a specified period, not more than one such application shall be made by that person within that period but for that purpose there shall be disregarded any application which is withdrawn in accordance with rules made under Article 83.

(3) An application to the Review Tribunal authorised to be made by or in respect of a patient under this Order shall be made by notice in writing addressed to the tribunal.

Procedure of tribunal

83.—(1) The Lord Chancellor may make rules with respect to the making of applications to the Review Tribunal and with respect to the proceedings of the tribunal and matters incidental to or consequential on such proceedings.

- (a) for enabling the tribunal, or the chairman of the tribunal, to postpone the consideration of any application by or in respect of a patient, or of any such application of any specified class, until the expiration of such period (not exceeding 12 months) as may be specified in the rules from the date on which an application by or in respect of the same patient was last considered and determined by the tribunal under this Order;
- (b) for restricting the persons qualified to serve as members of the tribunal for the consideration of any application, or of an application of any specified class;
- (c) for enabling the tribunal to dispose of an application without a formal hearing where such a hearing is not requested by the applicant, where the proceedings are of a specified class or where it appears to the tribunal that such a hearing would be detrimental to the health of the patient;
- (d) for enabling the tribunal to exclude members of the public, or any specified class of members of the public, from any proceedings of the tribunal, or to prohibit the publication of reports of any such proceedings or the names of any persons concerned in such proceedings;

- (g) for making available to any applicant, and to any patient in respect of whom an application is made to the tribunal, copies of any documents obtained by or furnished to the tribunal in connection with the application, and a statement of the substance of any oral information so obtained or furnished except where the tribunal considers it undesirable in the interests of the patient or for other special reasons;
- (h) for requiring the tribunal, if so requested in accordance with the rules, to furnish such statements of the reasons for any

decision given by the tribunal as may be prescribed by the rules, subject to any provision made by the rules for withholding such a statement from a patient or any other person in cases where the tribunal considers that furnishing it would be undesirable in the interests of the patient or for other special reasons;

(i) for conferring on the tribunal such ancillary powers as the Lord Chancellor thinks necessary for the purposes of the exercise of its functions under this Order.

(3) Paragraphs (1) and (2) apply in relation to references to the Review Tribunal as they apply in relation to applications to the tribunal by or in respect of patients.

(4) Rules under this Article may make provision as to the procedure to be adopted in cases concerning restricted patients and, in particular, for restricting the persons qualified to serve as president of the tribunal for the consideration of an application or reference relating to a restricted patient.

(5) Any functions conferred on the chairman of the Review Tribunal by this Order or by rules under this Article may, if for any reason he is unable to act, be exercised by the deputy chairman.

(6) The Review Tribunal may pay allowances in respect of travelling expenses, subsistence and loss of earnings to any person attending the tribunal as an applicant or witness, to the patient who is the subject of the proceedings if he attends otherwise than as the applicant or a witness and to any person (other than counsel or a solicitor) who attends as the representative of an applicant.

(7) The Review Tribunal may, and if so required by the Court of Appeal shall, state in the form of a special case for determination by the Court of Appeal any question of law which may arise before it and the decision of the Court of Appeal shall be final.

1937 c. 8 (N.I.)

Registration of private hospitals

90.—(1) Every private hospital within the meaning of this Order shall be registered, and the following provisions of this Part shall apply to the registration, conduct and inspection of private hospitals.

(2) In this Order “private hospital” means any premises used or intended to be used for the reception of, and the provision of treatment for, one or more patients subject to detention under this Order (whether or not other persons are received and treated), not being a hospital vested in the Department.

Application for, and grant of, certificate of registration

91.—(1) An application for the registration of premises as a private hospital shall be made in writing to the Department by or on behalf of the person proposing to carry on the hospital, and shall be accompanied by a fee of such amount as may be prescribed.

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

- (a) that the person proposing to carry on the hospital is a fit person for this purpose, having regard to his age, conduct and any other relevant consideration; and

(4) Nothing in the foregoing provisions of this Article shall be construed as requiring the Department to issue a certificate of registration.

Certificates of registration

92.—(1) A certificate of registration shall—

- (a) specify the maximum number of persons who at any one time may receive care or treatment in the hospital to which the certificate relates; and
- (b) contain such conditions as the Department may consider appropriate for regulating the category of patients who may be received into the hospital.

(2) A certificate of registration shall, unless cancelled or surrendered, continue in force for a period of five years from its date of issue, but shall be renewable on a fresh application.

(3) A certificate of registration shall be kept fixed conspicuously in the hospital to which it relates, and if this requirement is not complied with the person carrying on the hospital shall be guilty of an offence under this Part.

and any person who fails to comply with any requirement of this paragraph shall be guilty of an offence under this Part.

(2) It shall be the duty of the Department to ensure by regular inspection of any private hospital that that hospital is being properly carried on, and for the purpose of making an inspection in pursuance of this Article, any person authorised in that behalf by the Department may, after producing, if asked to do so, some duly authenticated document showing that he is so authorised, enter and inspect any premises which are used, or which he reasonably believes to be used, for the purposes of a private hospital.

(3) Any person authorised under paragraph (2) may interview any patient in private.

(2) On the cancellation of a registration, the person who is or was carrying on the hospital shall forthwith deliver up the certificate to the Department, and if that person fails to do so, the holder of the certificate shall be guilty of an offence under this Part.

(3) Where at the time of the cancellation of a registration any patient is liable to be detained on the premises concerned, the registration shall, notwithstanding the cancellation, continue in force until the expiration of a period of 28 days from the date of cancellation or until every such patient has ceased to be so liable, whichever first occurs.

Application of this Order to private hospitals

PART VIII

MANAGEMENT OF PROPERTY AND AFFAIRS OF PATIENTS

Jurisdiction of High Court in relation to property and affairs of patients

97.—(1) The functions of the High Court (in this Part referred to as “the court”) under this Part shall be exercisable where, after considering medical evidence, the court is satisfied that a person is incapable, by reason of mental disorder, of managing and administering his property and affairs; and a person as to whom the court is so satisfied is referred to in this Part as a patient.

(2) Where it is represented to the court, and the court has reason to believe, that a person may be incapable, by reason of mental disorder, of managing and administering his property and affairs, and the court is of the opinion that it is necessary to make immediate provision for any of the matters referred to in Article 98, then pending the determination of the question whether that person is so incapable the court may exercise in relation to the property and affairs of that person any of the powers conferred on the court in relation to the property and affairs of a patient by this Part so far as is requisite for enabling that provision to be made.

General powers of the court with respect to property and affairs of patient

98.—(1) The court may, with respect to the property and affairs of a patient, do or secure the doing of all such things as appear necessary or expedient—

- (a) for the maintenance or other benefit of the patient;
- (b) for the maintenance or other benefit of members of the patient’s family;
- (c) for making provision for other persons or purposes for whom or which the patient might be expected to provide if he were not mentally disordered; or
- (d) otherwise for administering the patient’s affairs.

(2) In the exercise of the powers conferred by this Article regard shall be had first of all to the requirements of the patient.

(3) Subject to paragraph (2), the court shall, in administering a patient's affairs, have regard to the interests of creditors and also to the desirability of making provision for obligations of the patient notwithstanding that they may not be legally enforceable.

(4) Nothing in this Article shall prejudice the operation of the rules of law which restrict the enforcement by a creditor of rights against property under the control of the court.

Orders, directions, etc of the court as to patient's property and affairs

99.—(1) Without prejudice to the generality of Article 98, the court shall have power to make such orders and give such directions and authorities as it thinks fit for the purposes of that Article, and in particular may for those purposes make orders or give directions or authorities for—

- (a) the control (with or without the transfer or vesting of property or the payment into or lodgement in the Supreme Court of money or securities) and management of any property of the patient;
- (b) the sale, exchange, charging or other disposition of or dealing with any property of the patient;
- (c) the acquisition of any property in the name or on behalf of the patient;
- (d) the settlement of any property of the patient, or the gift of any property of the patient to any such persons or for any such purposes as are mentioned in sub-paragraphs (b) and (c) of Article 98(1);
- (e) the execution for the patient of a will making any provision (whether by way of disposing of property or exercising a power or otherwise) which could be made by a will executed by the patient if he were not mentally disordered;
- (f) the carrying on by a suitable person of any profession, trade or business of the patient;
- (g) the dissolution of a partnership of which the patient is a member;
- (h) the carrying out of any contract entered into by the patient;
- (i) the conduct of legal proceedings in the name of the patient or on his behalf;
- (j) the reimbursement out of the property of the patient, with or without interest, of money applied by any person either in payment of the patient's debts (whether legally enforceable or not) or for the maintenance or other benefit of the patient or members of his family or in making provision for other persons or purposes for whom or which he might be expected to provide if he were not mentally disordered;

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

(k) the exercise of any power (including a power to consent) vested in the patient, whether beneficially, or as guardian or trustee, or otherwise.

(2) If under paragraph (1) provision is made for the settlement of any property of a patient, or the exercise of a power vested in a patient of appointing trustees or retiring from a trust, the court may also make as respects the property settled or trust property such consequential vesting or other orders as the case may require, including (in the case of the exercise of such a power) any order which could have been made in such a case under Part IV of the Trustee Act (Northern Ireland) 1958.

1958 c. 23 (N.I.)

(3) Where under this Article a settlement has been made of any property of a patient, and the court is satisfied, at any time before the death of the patient, that any material fact was not disclosed when the settlement was made, or that there has been any substantial change in circumstances, the court may by order vary the settlement in such manner as it thinks fit, and give any consequential directions.

(4) The power of the court to make or give an order, direction or authority for the execution of a will for a patient—

- (a) shall not be exercisable at any time when the patient is a minor, and
- (b) shall not be exercised unless the court has reason to believe that the patient is incapable of making a valid will for himself.

Supplementary provisions as to wills executed under Article 99

100.—(1) Where under Article 99(1) the court makes or gives an order, direction or authority requiring or authorising a person (in this Article referred to as “the authorised person”) to execute a will for a patient, any will executed in pursuance of that order, direction or authority shall be expressed to be signed by the patient acting by the authorised person, and shall be—

- (a) signed by the authorised person with the name of the patient, and with his own name, in the presence of two or more witnesses present at the same time, and
- (b) attested and subscribed by those witnesses in the presence of the authorised person, and
- (c) sealed with the official seal of the Office of Care and Protection.

1837 c. 26

(2) The Wills Act 1837 shall have effect in relation to any such will as if it were signed by the patient by his own hand, except that in relation to any such will—

- (a) section 9 of that Act (which makes provision as to the signing and attestation of wills) shall not apply, and

(b) in the subsequent provisions of that Act any reference to execution in the manner required by the previous provisions of that Act shall be construed as a reference to execution in the manner required by paragraph (1).

(3) Subject to paragraph (4), any such will executed in accordance with paragraph (1) shall have the same effect for all purposes as if the patient were capable of making a valid will and the will had been executed by him in the manner required by the Wills Act 1837.

1837 c. 26

(4) So much of paragraph (3) as provides for such a will to have effect as if the patient were capable of making a valid will—

(a) shall not have effect in relation to such a will in so far as it disposes of any immovable property, other than immovable property in Northern Ireland; and

(b) where at the time when such a will is executed the patient is domiciled in England and Wales or Scotland or in a country or territory outside the United Kingdom, shall not have effect in relation to that will in so far as it relates to any other property or matter, except any property or matter in respect of which, under the law of his domicile, any question of his testamentary capacity would fall to be determined in accordance with the law of Northern Ireland.

Power to appoint controller

101.—(1) The court may by order appoint as controller for a patient a person specified in the order or the holder for the time being of an office so specified.

(2) A person appointed as controller for a patient shall do all such things in relation to the property and affairs of the patient as the court, in the exercise of the powers conferred on it by Articles 98 and 99, orders or directs him to do and may do any such thing in relation to the property and affairs of the patient as the court in the exercise of those powers, authorises him to do.

(3) A controller appointed for any person shall be discharged by order of the court on the court being satisfied that that person has become capable of managing and administering his property and affairs, and may be discharged by order of the court at any time if the court considers it expedient to do so; and a controller shall be discharged (without any order) on the death of the patient.

Transfer of stock held in name of mentally disordered person outside Northern Ireland

102.—(1) Where the court is satisfied—

(a) that under the law prevailing in a place outside Northern Ireland a person has been appointed to exercise powers with

respect to the property or affairs of any other person on the ground (however formulated) that that other person is incapable, by reason of mental disorder, of managing and administering his property and affairs, and

- (b) that having regard to the nature of the appointment and to the circumstances of the case it is expedient that the court should exercise its powers under this Article,

the court may direct any stock standing in the name of the said other person or the right to receive the dividends from the stock to be transferred into the name of the person so appointed or otherwise dealt with as requested by that person, and may give such directions as the court thinks fit for dealing with accrued dividends from the stock.

(2) In this Article "stock" includes shares and also any fund, annuity or security transferable in the books kept by any body corporate or unincorporated company or society, or by an instrument of transfer either alone or accompanied by other formalities, and "dividends" shall be construed accordingly.

Preservation of interests in patient's property

103.—(1) Where any property of a person has been disposed of under this Part, and under his will or his intestacy, or by any gift perfected or nomination taking effect on his death, any other person would have taken an interest in the property but for the disposal—

- (a) he shall take the same interest, if and so far as circumstances allow, in any property belonging to the estate of the deceased which represents the property disposed of; and
(b) if the property disposed of was real property any property representing it shall so long as it remains part of his estate be treated as if it were real property.

(2) The court, in ordering, directing or authorising under this Part any disposal of property which apart from this Article would result in the conversion of personal property into real property, may direct that the property representing the property disposed of shall, so long as it remains the property of the patient or forms part of his estate, be treated as if it were personal property.

(3) References in paragraphs (1) and (2) to the disposal of property are references to—

- (a) the sale, exchange, charging or other dealing (otherwise than by will) with property other than money;
(b) the removal of property from one place to another;
(c) the application of money in acquiring property; or
(d) the transfer of money from one account to another;

and references to property representing property disposed of shall be construed accordingly and as including the result of successive disposals.

(4) The court may give such directions as appear to it necessary or expedient for the purpose of facilitating the operation of paragraph (1), including the carrying of money to a separate account and the transfer of property other than money.

(5) Where the court has ordered, directed or authorised the expenditure of money for the carrying out of permanent improvements on, or otherwise for the permanent benefit of, any property of the patient, it may order that the whole or any part of the money expended or to be expended shall be a charge upon the property, whether without interest or with interest at a specified rate; and an order under this paragraph may provide for excluding or restricting the operation of paragraph (1).

(6) A charge under paragraph (5) may be made in favour of such person as may be just, and in particular, where the money charged is paid out of the patient's general estate, may be made in favour of a person as trustee for the patient; but no charge under that paragraph shall confer any right of sale or foreclosure during the lifetime of the patient.

The Lord Chief Justice's Visitors

104.—(1) There shall be the following panels of Lord Chief Justice's Visitors of patients constituted in accordance with this Article, namely—

- (a) a panel of Medical Visitors;
- (b) a panel of Legal Visitors; and
- (c) a panel of General Visitors (being Visitors who are not required by this Article to possess either a medical or legal qualification for appointment).

(2) Each panel shall consist of persons appointed to it by the Lord Chief Justice, the appointment of each person being for such term and subject to such conditions as the Lord Chief Justice may determine.

(3) A person shall not be qualified to be appointed—

- (a) to the panel of Medical Visitors unless he is a medical practitioner who appears to the Lord Chief Justice to have special knowledge and experience of cases of mental disorder;
- (b) to the panel of Legal Visitors unless he is a barrister or solicitor of not less than 10 years' standing.

(4) Rules of court may provide, or the court may by order made in any particular case direct, that any remuneration for services of the Lord Chief Justice's Visitors in connection with any patient shall be paid out of his estate.

(5) Without prejudice to paragraph (4), there may be paid to the Lord Chief Justice's Visitors such remuneration and travelling and other allowances upon such conditions and on such scales as may be

determined by the Lord Chancellor after consultation with the Lord Chief Justice and with the concurrence of the Treasury.

Functions of Visitors

105.—(1) Patients shall be visited by Lord Chief Justice's Visitors in such circumstances, and in such manner, as may be prescribed by directions of a standing nature given by the Master (Care and Protection) with the concurrence of the Lord Chief Justice.

(2) Where it appears to the court in the case of any patient that a visit by a Lord Chief Justice's Visitor is necessary for the purpose of investigating any particular matter or matters relating to the capacity of the patient to manage and administer his property and affairs, or otherwise relating to the exercise in relation to him of the functions of the court under this Part, the court may order that the patient shall be visited for that purpose.

(3) Every visit falling to be made under paragraph (1) or (2) shall be made by a General Visitor unless, in a case where it appears to the court that it is in the circumstances essential for the visit to be made by a Visitor with medical or legal qualifications, the court directs that the visit shall be made by a Medical or a Legal Visitor.

(4) A Visitor making a visit under this Article shall make such report on the visit as the court may direct.

(5) A Visitor making a visit under this Article may interview the patient in private.

(6) A Medical Visitor making a visit under this Article may carry out in private a medical examination of the patient and may require the production of and inspect any medical records relating to the patient.

(7) The Master (Care and Protection) may visit any patient for the purpose mentioned in paragraph (2) and may interview the patient in private.

(8) A report made by a Visitor under this Article, and information contained in such a report, shall not be disclosed except to the court and any person authorised by the court to receive the disclosure.

(9) If any person discloses any report or information in contravention of paragraph (8), he shall be guilty of an offence and liable on summary conviction to imprisonment for a term not exceeding three months or to a fine not exceeding level 3 on the standard scale or both.

(10) In this Article references to patients include references to persons alleged to be incapable, by reason of mental disorder, of managing and administering their property and affairs.

- (j) the charging of any fee or percentage payable in connection with proceedings upon the estate of the person to whom the proceedings relate and the payment of fees and percentages within such time after the death of the person to whom the proceedings relate or the termination of the proceedings as may be provided by the rules.

(2) A charge upon the estate of a person created by virtue of paragraph (1)(j) shall not cause any interest of that person in any property to fail or determine or to be prevented from recommencing.

Duty to notify Office of Care and Protection

107.—(1) Where a Board is satisfied—

- (a) that any person within its area is incapable, by reason of mental disorder, of managing and administering his property and affairs;

THE MENTAL HEALTH (NI) ORDER 1986
SI 1986/595 (NI 4)

(c) that arrangements in that behalf have neither been made nor are being made,
it shall be the duty of the Board to notify the Office of Care and Protection of those matters.

PART IX

MISCELLANEOUS FUNCTIONS OF DEPARTMENT AND BOARDS

Provision of special accommodation by Department

110. The Department may provide such accommodation (in this Order referred to as “special accommodation”) as appears to it to be necessary for persons subject to detention under this Order who, in the opinion of the Department, require treatment under conditions of special security on account of their dangerous, violent or criminal propensities.

Code of Practice

111.—(1) The Department shall prepare, and from time to time revise, a code of practice—

- (a) for the guidance of medical practitioners, Boards, staff of hospitals and approved social workers in relation to the admission of patients to hospitals and the reception of patients into guardianship under this Order; and
- (b) for the guidance of medical practitioners and members of other professions in relation to the medical treatment of patients suffering from mental disorder.

(2) The code shall, in particular, specify forms of medical treatment in addition to any specified by regulations made for the purposes of Article 63 which in the opinion of the Department give rise to special concern and which should accordingly not be given by a medical practitioner unless the patient has consented to the treatment (or to a plan of treatment including that treatment) and a certificate as to the matters mentioned in paragraphs (2)(a) and (b) of that Article has been given by another medical practitioner, being a practitioner appointed for the purposes of this Article by the Commission; and paragraph (4) of that Article shall apply to a medical practitioner appointed for the purposes of this Article as it applies to a medical practitioner appointed for the purposes of Part IV.

(3) Before preparing the code or making any alteration in it the Department shall consult the Commission and such other bodies as appear to it to be concerned.

(4) The Department shall lay copies of the code and of any alteration in the code before the Assembly; and if within the statutory period the Assembly passes a resolution requiring the code or any alteration in it to be withdrawn the Department shall withdraw the code or alteration and, where it withdraws the code, shall prepare a code in substitution for the one which is withdrawn.

(5) The Department shall publish the code as for the time being in force.

General duty of Boards

112. A Board shall, to such extent as may be approved by the Department, make arrangements designed to promote mental health, to secure the prevention of mental disorder and to promote the treatment, welfare and care of persons suffering from mental disorder.

Miscellaneous powers of Boards

113. Without prejudice to the generality of Article 112, a Board may, to such extent as may be prescribed or approved by the Department—

- (a) pay to persons who are receiving treatment as patients (whether liable to be detained or not) in any hospital, private hospital or nursing home such amounts as the Board thinks fit in respect of those persons' occasional personal expenses where it appears to the Board that those persons would otherwise be without resources to meet those expenses;
- (b) provide financial assistance for any person absent from a hospital in pursuance of leave of absence granted under this Order, where the needs of that person are such that such assistance is necessary to give full effect to his treatment or to provide for his settlement or resettlement in the community;
- (c) contribute towards the maintenance of persons who are subject to guardianship under this Order;
- (d) provide, or co-operate in the provision of, suitable training or occupation, whether in premises provided by the Department or elsewhere, for persons suffering from mental disorder.

Payments to medical practitioners by Boards
