1993 No. 3160

The Roads (Northern Ireland) Order 1993

PART II

CONSTRUCTION, MAINTENANCE AND CLASSIFICATION OF ROADS

Classification of roads

Classification of roads

13.—(1) The Department may by order classify roads in such a manner as appears to it to be expedient.

(2) An order under paragraph (1) may classify roads as being first-class roads, second-class roads or third-class roads, or as being of any other class specified in the order.

Trunk roads

14.—(1) Where the Department considers it expedient for the purpose of extending, improving or reorganising the trunk system that any road should be designated as a trunk road, the Department may by order direct that—

- (a) any existing road;
- (b) any road in the course of construction; or
- (c) any road proposed to be constructed,

shall become a trunk road; and the trunk system shall be modified accordingly.

(2) In this Article “the trunk system” means the main system of routes for through traffic in Northern Ireland.
