

1975 No. 192

FACTORIES

Shipbuilding (Air Receivers) Order (Northern Ireland) 1975

Made 8th July 1975

Coming into operation 8th September 1975

The Department(a) of Manpower Services in exercise of the powers conferred by sections 37(5) and 176(1) of the Factories Act (Northern Ireland) 1965(b) (hereinafter referred to as "the Act") and in pursuance of regulation 67 of the Shipbuilding and Ship-repairing Regulations (Northern Ireland) 1971(c) (hereinafter referred to as "the Regulations"), and now vested in it(d), and of all other powers enabling it in that behalf, hereby makes the following Order:

Citation and commencement

1. This Order may be cited as the Shipbuilding (Air Receivers) Order (Northern Ireland) 1975 and shall come into operation on 8th September 1975.

2. A report of the result of every examination and test required to be made under section 37(4) of the Act of every air receiver to which section 37 of the Act applies by virtue of regulation 67 of the Regulations shall contain the following particulars:

- (1) In the case of any such air receiver which is not of such solid drawn construction that it cannot be thoroughly examined internally, the particulars specified in Part I of the Schedule;
- (2) in the case of any such air receiver which is of the kind specified in paragraph (1) and which is to be additionally examined under normal pressure the particulars specified in Part I and Part II of the Schedule; and
- (3) in the case of any such air receiver which is of solid drawn construction and which cannot be thoroughly examined internally, the particulars specified in Part III of the Schedule.

Sealed with the Official Seal of the Department of Manpower Services for Northern Ireland on 8th July 1975.

(L.S.)

R. T. O'Connor
Assistant Secretary

(a) Formerly Ministry: see 1973 c. 36 section 40 and Schedule 5
 (b) 1965 c. 20 (N.I.)
 (c) S.R. & O. (N.I.) 1971 No. 372 (p. 1669)
 (d) S.R. & O. (N.I.) 1973 No. 504 (II, p. 2992) Article 6(1) and Schedule 3

SCHEDULE

Article 2(1)

PART I

Prescribed particulars to be contained in a report of the result of an examination of an air receiver (other than an air receiver of solid drawn construction which cannot be thoroughly examined internally)

Name of owner													
Address of head office of owner													
Description and distinguishing mark of receiver and type													
Date of construction (if ascertainable). The history should be briefly given, and the examiner should state whether he has seen the last previous report													
<p>1. Condition of receiver : (State cleanliness of receiver and any defects materially affecting the safe working pressure)</p>	<table style="width: 100%; border: none;"> <tr> <td style="width: 15%; text-align: right;">External</td> <td style="width: 5%; text-align: center;">}</td> <td style="width: 80%; border-bottom: 1px dotted black;"></td> </tr> <tr> <td style="width: 15%; text-align: right;">Internal</td> <td style="width: 5%; text-align: center;">}</td> <td style="width: 80%; border-bottom: 1px dotted black;"></td> </tr> <tr> <td></td> <td></td> <td style="border-bottom: 1px dotted black;"></td> </tr> <tr> <td></td> <td></td> <td style="border-bottom: 1px dotted black;"></td> </tr> </table>	External	}		Internal	}							
External	}												
Internal	}												
<p>2. Fittings : (a) Are the required fittings and appliances provided in accordance with the Factories Act (Northern Ireland) 1965? (b) Are all fittings and appliances properly maintained and in good condition?</p>	<table style="width: 100%; border: none;"> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> </table>												
<p>3. Repairs (if any) required and period within which they should be executed and any other condition which the examiner thinks it necessary to specify for securing safe working</p>	<table style="width: 100%; border: none;"> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> </table>												
<p>4. Safe working pressure, calculated from dimensions and from the thickness and other data ascertained by the present examinations; due allowance being made for conditions of working if unusual or exceptionally severe</p>	<table style="width: 100%; border: none;"> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> <tr><td style="width: 80%; border-bottom: 1px dotted black;"></td></tr> </table>												

<p>Where repairs affecting the working pressure are required, state the safe working pressure:</p> <p>(a) before the expiration of the period specified in 3,</p> <p>(b) after the expiration of such period if such repairs have not been completed, and</p> <p>(c) after the completion of the required repairs</p>	<p>(a)</p> <p>(b)</p> <p>(c)</p>
<p>5. Other observations</p>	

I CERTIFY that on the air receiver described above was made accessible for thorough examination and that on the said date I thoroughly examined this receiver, including its fittings, and that the above is a true report of the result of my examination.

If employed in Public Service or by an association, company or firm, give name and address:

PART II

Article 2(2)

Prescribed particulars to be contained in a supplementary report of an examination under normal pressure of an air receiver of the kind to which Part I relates

Name of owner	
Address of head office of owner	
Description and distinguishing mark of receiver and type	
1. Receiver: (a) External conditions (b) Result of examination under normal pressure
2. Fittings: Are the fittings properly maintained and in good working order?
3. Repairs(if any) required, and period within which they should be executed	
4. Other observations	

I CERTIFY that on I examined the air receiver described above under normal pressure and that the above is a true report of the result of my examination.

If employed in Public Service or by an association, company or firm, give name and address:

PART III

Article 2(3)

Prescribed particulars to be contained in a report of the results of an examination and hydraulic test of an air receiver of solid drawn construction which cannot be thoroughly examined internally

Name of owner	
Address of head office of owner	
Description and distinguishing mark of receiver and type	
Date of construction (if ascertainable). The history should be briefly given and the examiner should state whether he has seen the last previous report	
Date of last previous hydraulic test and pressure applied	
<p>1. Receiver:</p> <p>(a) External condition (including cleanliness)</p> <p>(b) Hydraulic test pressure applied, and</p> <p>(c) Result of hydraulic test</p>	
<p>2. Fittings:</p> <p>(a) Are the required fittings and appliances provided in accordance with the Factories Act (Northern Ireland) 1965?</p> <p>(b) Are all fittings and appliances properly maintained and in good condition?</p>	
<p>3. Repairs (if any) required and period within which they should be executed and any other condition which the examiner thinks it necessary to specify for securing safe working</p>	

<p>4. Safe working pressure, calculated from dimensions, and from the thickness or other data ascertained by the present examination; due allowance being made for condition of working if unusual or exceptionally severe. Where repairs affecting the working pressure are required, state the safe working pressure:</p> <p>(a) before the expiration of the period specified in 3;</p> <p>(b) after the expiration of such period, if such repairs have not been completed; and</p> <p>(c) after the completion of the required repairs</p>	<p>(a)</p> <p>(b)</p> <p>(c)</p>
<p>5. Other observations</p>	

I CERTIFY that on I examined the air receiver described above and tested it hydraulically, and that the above is a true report of the result of my examination and test.

If employed in the Public Service or by an association, company or firm, give name and address:

EXPLANATORY NOTE

(This note is not part of the Order, but is intended to indicate its general purport.)

This Order prescribes the particulars to be contained in reports of examinations and tests under section 37 of the Factories Act (Northern Ireland) 1965 of air receivers used in operations to which the Shipbuilding and Ship-repairing Regulations (Northern Ireland) 1971 apply.

1975 No. 193

This Order has been exempted from printing by the Statutory Rules Act (Northern Ireland) 1958. A summary is given in the List of Statutory Rules of a Local Character under the heading WATER AND SEWERAGE.
