## SCHEDULE

## The Homes Insulation Scheme (Northern Ireland) 1978

*Interpretation*

## 1. In this Scheme:—

“grant” means a grant, for any dwelling, of 66 per cent of the cost of works qualifying for a grant or £50, whichever is the less, and

“roof space” means space between the roof of a dwelling and the ceiling of any room which is used or available for use for the purposes of living accommodation and which is not wholly separated from the roof by any other room.

*Specified insulation works*

2.—(1) Subject to this paragraph, grant will be available under this Scheme for the following insulation works:—

(a) the provision in the roof space of material which will, when provided, give, for the relevant structure, a U value of  $0.4 \text{ W/m}^2 \text{ }^\circ\text{C}$  (referred to in this paragraph as “the principal insulation works”);

(b) where there is no means of access to any roof space for the purpose of carrying out the principal insulation works, the provision of such a means of access;

(c) insulation, in any roof space, of any cold water tank and any water supply pipes;

(d) the provision, for any hot water tank or cylinder which is not already insulated by any means, of a jacket conforming to British Standard Specification 5615:1978, or, if there is insufficient space for such a jacket, of other means of insulation.

(2) Grant shall only be available where at the completion of the principal insulation works:—

(a) any cold water tank in any roof space and any water supply pipes in any roof space are insulated; and

(b) any hot water tank or cylinder which was not insulated at the start of those works is insulated as mentioned in sub-paragraph (1)(d).

(3) Grant shall only be available for the insulation works mentioned in sub-paragraph (1)(b), (c) or (d) where at the same time as such insulation works are carried out the principal insulation works are also carried out.

## (4) In this paragraph:—

“relevant structure” means the roof over the roof space and the ceiling below it together with the material provided in the roof space and referred to in sub-paragraph (1); and

“U value” means the thermal transmittance coefficient, that is to say the rate of heat transfer in watts through one square metre of a structure when the combined radiant and air temperatures at each side of the structure differ by one degree Celsius and is expressed in watts per square metre of surface area per one degree Celsius of temperature difference ( $\text{W/m}^2 \text{ }^\circ\text{C}$ ).

*Description of dwellings qualifying for grants*

3.—(1) The dwellings qualifying for grant under this Scheme are all completed dwellings except:—

(a) those without any roof space;

(b) those without a room which is used or available for use as living accommodation and all or part of which is immediately below any roof space;

(c) those in which all or part of any roof space is insulated; and

(d) public authority dwellings.

(2) In this paragraph "public authority dwelling" means a dwelling which is let or available for letting and where the interest of the immediate landlord, or the person who would if the dwelling were let be the immediate landlord, belongs to:—

- (a) a public body established by or under any statutory provision; or
- (b) a housing association for the time being registered in the register of housing associations established under Article 13 of the Housing (Northern Ireland) Order 1976(b), other than one whose rules restrict membership to persons who are tenants or prospective tenants of the association, and preclude the granting or assigning of tenancies to persons other than members.

(3) In sub-paragraph (2):—

"housing association" means a housing association within the meaning of Article 3 of the Housing (Northern Ireland) Order 1976; and

"let" means subject to a tenancy (other than one which was granted for a term of years certain exceeding seven years) or licence; and

"landlord" shall be construed accordingly.

*Persons from whom applications are to be entertained*

4. The following are the persons from whom applications for grant under this Scheme are to be entertained in respect of dwellings within the description specified in paragraph 3:—

- (a) the occupier of such a dwelling;
- (b) where the dwelling is unoccupied, any person entitled to occupy it;
- (c) where the dwelling is subject to a tenancy or licence, any landlord or licensor;
- (d) a person authorised to apply by any person mentioned in sub-paragraphs (a) to (c).

### EXPLANATORY NOTE

*(This note is not part of the Order but is intended to indicate its general purport.)*

The Scheme made under this Order specifies the works of roof space insulation and the description of dwellings on which grant will be paid by the Northern Ireland Housing Executive under Article 3(1) of the Homes Insulation (Northern Ireland) Order 1978. The Scheme also specifies the categories of person from whom applications for grant will be entertained.

Grant will be available for the provision of insulation to a required standard in the roof space, to the cold water tank and water supply pipes in the roof space and to the hot water cylinder in those dwellings not in the public sector possessing a roof space immediately above living accommodation which is not already wholly or partly insulated. Applications will be entertained from occupiers, owners and landlords or other persons authorised by them.
