EXPLANATORY NOTE

(This note is not part of the Regulations.)

Regulations controlling the marketing of cereal seeds, fodder plant seeds, beet seeds, oil and fibre plant seeds, and vegetable seeds provide that seeds of these categories may only be marketed if they are derived from crops which on inspection are found to meet certain standards and if upon subsequent testing samples of the seed also meet certain standards.

These regulations which are made under the Seeds Act (Northern Ireland) 1965 increase the fees for seed certification and licences for seed testing. They supersede the Seeds (Fees) Regulations (Northern Ireland) 1984.
