

SCHEDULE 2

Part III

Documents and other particulars to accompany an application for a Gas Supply Licence or Extension (see Note)

Description of consumers to be supplied

7. Where the applicant proposes to supply gas to premises in a particular area or in an area of a particular description, such particulars as are necessary so that the area can be adequately and readily identified, whether by reference to an accompanying map drawn to an appropriate scale or some generally accepted description such as the name of a townland(s).
