
STATUTORY RULES OF NORTHERN IRELAND

1998 No. 132

**Packaging, Labelling and Carriage of Radioactive
Material by Rail Regulations (Northern Ireland) 1998**

Part III

Approvals

Approval of design for special form radioactive material

5.—(1) A person shall not cause or permit to be carried any special form radioactive material without unilateral approval of the design for that material.

(2) Where the design for special form radioactive material originated in the United Kingdom, an application for approval of the design by the Secretary of State shall include the information specified in Schedule 2.

(3) The approval by the Secretary of State of a design for special form radioactive material which originated in the United Kingdom shall be given by the issue of a special form radioactive material approval certificate stating that the design meets the requirements for special form radioactive material specified in paragraph 5 of the Approved Document.

(4) The approval of a design for special form radioactive material which originated in a state other than the United Kingdom shall be evidenced by a special form radioactive material approval certificate issued by the competent authority of the state of origin of the design stating that the design meets requirements equivalent to those referred to in paragraph (3).
