

EXPLANATORY NOTE

(This note is not part of the Regulations.)

These Regulations make provision in respect of the procedure to be followed when a person whose licence or test certificate has been revoked by the Department under the Road Traffic (New Drivers) (Northern Ireland) Order 1998 appeals against his conviction or the terms of the licence endorsement order made by the court.

They specify the nature and duration of a licence granted by the Department pending determination of the appeal and prescribe which courts must give to the Department notice of the appeal and of the subsequent determination or abandonment thereof.
