14. Records shall be made sufficient to enable any person inspecting those records readily to ascertain—

- (a) the area of the farm;
- (b) for each field comprised in the farm—
 - (i) the quantity of any chemical fertiliser applied to the field, the nitrogen content of that chemical fertiliser and the date of application,
 - (ii) the quantity of any organic manure applied (other than by the animals themselves) to the field and the date of application,
 - (iii) whether organic manure applied to the field (other than by the animals themselves) was farm yard manure, poultry manure, slurry, sewage sludge or other organic manure,
 - (iv) the type of any crop grown and the date the crop is sown;
- (c) the number of livestock kept on the farm, their species and type, and the length of time for which they were kept on the farm;
- (d) the quantity of each type of livestock manure (whether farmyard manure, slurry, poultry manure, or other livestock manure) moved off the farm, the date of that movement and the name and address of the consignee.
