**2009 No. 154**

**The Renewables Obligation Order (Northern Ireland) 2009**

**PART 3**

**Matters to be certified by and content of NIROCs**

**When electricity used in a permitted way for NIROCs certifying matters within Article 54(5) or (6) of the Energy Order**

**16.**—(1) For the purposes of Article 54(5) and (6) of the Energy Order (in particular, for the purposes of a NIROC certifying the matters within Article 54(5) or (6)) electricity generated by a generating station of any description is used in a permitted way if, subject to paragraph (2), it is used in any of the ways mentioned in Article 54(8) of that Order.

(2) Electricity is not used in a permitted way if it is supplied to customers in Northern Ireland through a private wire network and—

- (a) the generating station from which the electricity is conveyed has a declared net capacity in excess of 10 megawatts, and
- (b) at some point before the electricity is supplied to customers through the private wire network it is conveyed through a transmission or distribution system operated under a licence granted under Article 10 of the Electricity Order.
