

[^{F1}SCHEDULE

Regulation 10(1)(a)

WASTE PREVENTION MEASURES

F1 Sch. added (18.12.2020) by [The Waste \(Circular Economy\) \(Amendment\) Regulations \(Northern Ireland\) 2020 \(S.R. 2020/285\)](#), regs. 1(1), **10(8)**

The waste prevention measures are measures to at least—

- (a) promote and support sustainable production and consumption models;
- (b) encourage the design, manufacturing and use of products that are resource-efficient, durable (including in terms of life span and absence of planned obsolescence), repairable, re-usable and upgradable;
- (c) target products containing critical raw materials to prevent those materials becoming waste;
- (d) encourage the re-use of products and the setting up of systems promoting repair and re-use activities, including in particular for electrical and electronic equipment, textiles and furniture, as well as packaging and construction materials and products;
- (e) encourage, as appropriate and without prejudice to intellectual property rights, the availability of spare parts, instruction manuals, technical information, or other instruments, equipment or software enabling the repair and re-use of products without compromising their quality and safety;
- (f) reduce waste generation in processes related to industrial production, extraction of minerals, manufacturing, construction and demolition, taking into account best available techniques;
- (g) reduce the generation of food waste in primary production, in processing and manufacturing, in retail and other distribution of food, in restaurants and food services as well as in households;
- (h) encourage food donation and other redistribution for human consumption, prioritising human use over animal feed and the reprocessing into non-food products;
- (i) promote the reduction of the content of hazardous substances in materials and products;
- (j) reduce the generation of waste, in particular waste that is not suitable for preparing for re-use or recycling;
- (k) identify products that are the main sources of littering and take appropriate measures to prevent and reduce litter from such products;
- (l) aim to halt the generation of marine litter; and
- (m) develop and support information campaigns to raise awareness about waste prevention and littering.]
