

## SCHEDULE 4

### Exceptions

#### PART 1

#### Supply of seed other than by way of marketing

##### **Early multiplication of seed**

- 1.—(1) Seed of an unlisted variety may be supplied by a person licensed to market seed for multiplication for progression through the different generation categories of seed.
- (2) Each generation of seed supplied must have reached the standard required for certification.
- (3) The seed produced must remain the property of the licensed person, and may not be marketed.
