

SCHEDULE 1

Temporary national measures

PART 2

Plants, plant products or other objects from another part of the Union territory

Temporary measures applying to the introduction of plants, plant products or other objects from another part of the Union territory

3. In this Part—

“move” means move within Northern Ireland;

“official statement” means a statement issued by, or under the supervision of, an unauthorised representative of the competent authority in the member State of origin;

“Spain” means that part of Spain which is included within the Union territory for the purposes of the EU Plant Health Regulation, other than the Balearic Islands.

4. No person may introduce or move any plants, plant products or other objects described in column 2 of Table 1 unless they are accompanied by an official statement confirming the matters set out in the corresponding entry in column 3 of that Table.

Table 1

(1)	(2)	(3)
	<i>Description of plants, plant products or other objects</i>	<i>Details of official statement</i>
1.	Tubers of <i>Solanum tuberosum</i> L., including those intended for planting which originate in Spain except where those tubers originate in an area which has been established in accordance with Article 5 of Decision 2012/270/EU	The official statement must confirm that the tubers have been washed so that there is no more than 0.1% of soil remaining
2.	Tubers of <i>Solanum tuberosum</i> L., originating in Poland	The official statement must confirm that the tubers have been found free from <i>Clavibacter michiganensis</i> ssp. <i>Sepedonicus</i> (Spieckermann and Kotthoff) David <i>et al.</i> in laboratory tests

Inspection and control of potato plant health *Dickeya* spp.

5.—(1) An inspector may at any reasonable time enter onto any premises on which the inspector reasonably believes that potatoes have been planted, stored, processed or packed and carry out such investigations as the inspector considers necessary for the purpose of establishing whether any potatoes are infected with *Dickeya* spp..

(2) An inspector may take and remove samples of potato or soil for the purpose of establishing whether any potatoes are infected with *Dickeya* spp..

Status: This is the original version (as it was originally made).

(3) Where an inspector reasonably suspects that potatoes are infected with *Dickeya* spp. the inspector may serve a notice requiring the potato grower or occupier of the premises to take such steps, in such manner and within such time as may be specified in the notice, as appear to the inspector to be necessary to prevent the spread of *Dickeya* spp. to other potatoes.
