9. A principal lecturer may be paid an allowance at such rate as may be determined by the college authority in agreement with the Ministry in respect of special responsibilities.

In such a case, payment of the increment shall be delayed only during the following year unless the college authority otherwise expressly determines.

11. A person, who has undertaken war service, shall be entitled to have that war service reckoned for increments of salary as if it had been teaching service:

Provided that war service given by a person before attaining the age of 18 years shall not be reckoned for the purpose of this regulation.

12. (i) Where a teacher is seconded by the local education authority or by the managers of a school to a college of education, the college authority may make to the teacher an allowance over and above the salary appropriate to him as a school teacher provided that the total salary thus payable shall not be higher than that which would be appropriate if the seconded teacher were appointed to the permanent staff of the college of education. 13. The remuneration of the principals and vice-principals of colleges of education shall be determined by the college authority in agreement with the Ministry and subject to the approval of the Ministry of Finance.

14. Lecturers employed in regular part-time service in colleges of education shall be paid a proportion of the annual salary that would be appropriate if they were employed full-time. The proportion shall correspond to the proportion of full-time service that the college authority deem the lecturer to be employed.

15. Each college authority may follow its general procedure as regards date of payment of annual increments. Proportionate increments may be paid in respect of periods of service of less than one year where needed for the establishment or maintenance of a uniform incremental date or for the
