The Healthcare Improvement Scotland  
(Inspections) Regulations 2011

**Assistance with inspections and the taking of measurements photographs and recordings**

4. An authorised person may, in carrying out an inspection—
  - (a) require any person to afford such facilities and assistance with respect to matters within the person's control as are necessary to enable the authorised person to carry out the inspection; and
  - (b) take such measurements and photographs and take such recordings as the authorised person considers necessary.
