DRAFT SCOTTISH STATUTORY INSTRUMENTS

---

**2016 No.**

**The Microchipping of Dogs (Scotland) Regulations 2016**

**Compliant microchip**

4. A compliant microchip means a microchip which meets the following requirements—
- (a) it must have a unique number which includes the manufacturer's code;
  - (b) it must be compliant with ISO standard 11784:1996 (radio frequency identification of animals – code structure) of the International Standards Organisation's standards for microchips<sup>(1)</sup>;
  - (c) it must be compliant with ISO standard 11785:1996 (radio frequency identification of animals – technical concept) of the International Standards Organisation's standards for microchips apart from Annex A; and
  - (d) it must respond to a transceiver which operates at 134.2 kilohertz and conforms with the FDXB protocol set out in ISO standards 11784:1996 and 11785:1996.
