

## **POLICY NOTE**

### **THE NATIONAL BUS TRAVEL CONCESSION SCHEME FOR OLDER AND DISABLED PERSONS (SCOTLAND) AMENDMENT ORDER 2017**

#### **SSI 2017/**

1. The above instrument is made in exercise of powers conferred on the Scottish Ministers by sections 40(1), (3) and (4) and 52(4) of the Transport (Scotland) Act 2005 and is subject to affirmative resolution procedure.
2. Article 12 of the National Bus Travel Concession Scheme for Older and Disabled Persons (Scotland) Order 2006 (“the 2006 Order”), as amended by the National Bus Travel Concession Scheme for Older and Disabled Persons (Scotland) Amendment Order 2010 (SSI 2010/140), The National Bus Travel Concession Scheme for Older and Disabled Persons (Scotland) Amendment Order 2013 (SSI 2013/114) and The National Bus Travel Concession Scheme for Older and Disabled Persons (Scotland) Amendment Order 2015 (SSI 2015/133) provides for the reimbursement of operators of eligible services for carrying passengers under the Scheme.
3. This instrument further amends the 2006 Order to prescribe the rate and capped level of funding for reimbursement in 2017-18.

#### **Policy Objectives**

4. The National Concessionary Travel Scheme for Older and Disabled Persons provides an entitlement to free bus travel for people over 60 or meeting certain disability related criteria. This has been shown to deliver social and health benefits by enabling people more easily to access services and visit friends and relatives. In line with EU rules relating to transport state aids, operators can be reimbursed for the costs of participating in such a scheme so as to leave them no better or no worse off from doing so.
5. The objective of this Order is to enable operators to continue to be reimbursed after the expiry of the current reimbursement provisions on 31 March 2017 by setting the rate and capped level of funding for the next financial year. The agreement is for one year only in the light of a planned consultation in 2017 on possible changes to the National Concessionary Travel Scheme.
6. The rate reflects the findings of economic research commissioned by the Scottish Government and negotiations with the Confederation of Passenger Transport (CPT). The funding level is set on the basis of the new reimbursement rate and estimates of the numbers of journeys and levels of fare rises over the next year.
7. In 2017-18, the rate will be 56.9% (of the adult single fare) and the capped level of funding will be £196.16 million. The corresponding figures for 2016-17 are 56.9% and £212 million. Bus fares and concessionary passenger journey numbers have risen by less than expected in the last two years since the 2016-17 cap was set in 2015. This has meant that we have spent less than anticipated on reimbursing bus operators. The funding cap for 2017-18

is just over 2% more than the latest forecast outturn for reimbursement claims in 2016-17, which is £192m.

### **Consultation**

8. Negotiations have taken place with the CPT, which represents approximately 80% of the bus industry in Scotland in terms of volume. The negotiations were based on the economic model developed in 2012-13 and involved extensive discussions with the CPT focused on updating the inputs to the model to take account of current economic forecasts, forecasts of industry costs and general inflation.

9. The negotiations with the CPT concluded in an agreement which provides for a review of the reimbursement model in 2017-18. The exchange of letters constituting the agreement has been published on the Transport Scotland website.

### **Impact Assessments**

10. There are no equality impact issues. The National Concessionary Travel Scheme is targeted at older and disabled people, providing social and health benefits by enabling people more easily to access services and visit friends and relatives. From the perspective of users, this Order enables the Scheme to continue on its present terms for the next year.

11. A Business Regulatory Impact Assessment has been completed and is attached. The impact of this policy on business is to confirm arrangements for reimbursement of bus operators under the National Concessionary Travel Scheme for the next year at levels which leave them no better and no worse off, in line with the objective in article 12(1) of the 2006 Order.

### **Financial Effects**

12. The scheme has capped levels of funding of £196.16 million in 2017-18.

### **Date of implementation**

13. The new rate will be effective from 1 April 2017.
