

SCHEDULE 2

Regulation 8(3)(b)

APPLICATION FORM FOR THE CREMATION OF A STILLBORN BABY

Cremation number:

Form A2: Application for cremation of a stillborn baby

--

Time of cremation _____

Date of cremation _____

BABY'S NAME (if given) _____

This form must be used to apply for the cremation of a stillborn baby. This is a requirement of the Cremation (Scotland) Regulations 2019, made under section 48 of the Burial and Cremation (Scotland) Act 2016. A stillborn baby is a baby delivered after 24 weeks gestation without showing any signs of life.

The application is made to the cremation authority you want to carry out the cremation. The cremation authority is the organisation responsible for running the crematorium where the cremation is to take place. The cremation authority will need to check the form to make sure it contains all of the necessary information. Missing information or information that is not accurate may result in the cremation being delayed or refused.

As the person who is applying for the cremation, you are 'the applicant'. You must have the legal right to apply for the cremation (see guidance notes at the end of this form).

If you are unsure about any of the information that is required, or are not sure what any part of the form means, you should speak to the funeral director who is making the arrangements, staff at the crematorium, or to any other person who is arranging the funeral.

You do not have to use the services of a funeral director to arrange a cremation but where one is being used the funeral director should sign the relevant part of section 4 of this form. If this form has not been completed correctly or is incomplete, the cremation authority will contact the applicant to complete the form before the cremation can take place. Guidance notes are provided at the end of this form.

Change of crematorium

If it is necessary to change the crematorium for any reason a new Form A2 should be completed.

Forms checklist

You should ensure that you have attached any necessary documents to this application form. The cremation authority will need to have them to allow the cremation to take place (please tick as appropriate).

Draft Legislation: This is a draft item of legislation. This draft has since been made as a Scottish Statutory Instrument: The Cremation (Scotland) Regulations 2019 No. 36

Required

- Certificate of registration of stillbirth.

Optional

- Form E1 (if Procurator Fiscal has been involved and has released the remains for cremation) (see Note 2 of the guidance notes).

Personal details of individuals contained in this form are not to be used for any other purpose.

The information provided on this form is a legal requirement under the Burial and Cremation (Scotland) Act 2016 and will be processed in line with Data Protection legislation. The data will be held by the cremation authority that is carrying out the cremation. It will be held securely, in confidence and processed solely for the purpose of carrying out the cremation and the handling of ashes. It will not be shared with any third party. You have the right to know what data is held about you and you can, by contacting the cremation authority in writing, receive a copy of that data. The cremation authority is obliged to include in their privacy notice how the information will be held, for how long and how you may make a complaint to the Information Commissioner's Office.

Section 1: Your information ('the applicant')

This section is used to record your details. In completing this form you are the applicant for the cremation. If you are completing the form on behalf of a health body or organisation please use the business address and contact details. Please see Note 1 of the guidance notes for who can apply.

Applicants MUST be 16 years of age or older to apply for a cremation. Applicants may be under the age of 16 if they are the parent of the baby who was stillborn, however, you may wish to seek the support of a parent or guardian if you feel it would be helpful.

If the Procurator Fiscal (PF) has investigated the stillbirth, the cremation cannot take place until the PF has given approval. More information about the involvement of the procurator fiscal is provided at Note 2 in the guidance notes of this form (please tick boxes below as applicable).

Has the death been investigated by the procurator fiscal? Yes No

If yes, has the cremation been approved by the procurator fiscal? Yes No

Form E1 has been provided by the procurator fiscal Yes No

Section 3: Hazards

The presence of some hazards may delay or prevent cremation taking place. If you are in any doubt about this, you must discuss it with the funeral director or crematorium staff.

Are you aware if any of the following apply:

	Yes	No
Does the body of the baby pose a risk to public health: for example did the mother have a notifiable infectious disease or was she contaminated immediately before delivery?		
Is there a cardiac pacemaker or any other potentially explosive device currently present in or on the body of the baby? (see the guidance notes for examples)		

Is there radioactive material or any other hazardous implant currently present in or on the body of the baby?		
---	--	--

If you answered 'yes' to the questions about a cardiac pacemaker and/or radioactive material, please give details and state whether the device has been removed.

Section 4: Declaration

This section requires you to declare that the information you have provided in sections 1 to 3 is, to the best of your knowledge, true, and that you are entitled to apply for this cremation. **It is an offence to knowingly provide false information and if you do so you may be liable to a fine of up to Level 3 on conviction.**

You must declare that you understand the choice you have made about what is to happen to the ashes following the cremation.

Applicant's declaration

I declare that I have the legal right to apply for this cremation. To the best of my knowledge, the information I have provided is true and accurate. I confirm that the options for what can happen with the ashes have been explained to me and that I understand the option that I have chosen.

Section 5: Disposal of ashes

This section is used to record what is to happen to the ashes after cremation. **You must choose only one option. Please tick the box and then initial beside the option you have chosen.** Options will vary at each crematorium. Please see Note 5 of the guidance notes. Please discuss with the funeral director or cremation authority the options available for ashes at your chosen crematorium or visit the crematorium’s website. **All necessary steps will be used in order to fully recover ashes, but in the event that ashes are not recovered, the Inspector of Cremation will investigate the reasons.**

The term “ashes” means the material (other than any metal) to which human remains are reduced by cremation including the coffin and any clothing. Metals may be recycled by the crematorium to help reduce the impact on the environment. Each crematorium will have their own practices. Should you wish to dispose of the metals in any other way then please indicate by ticking the box and metals will be returned to you within the cremated remains or separately from them - (please see Note 5 of the guidance notes for further information).

Guidance Notes:

1. Note 1

- i. A stillborn baby is a baby who was delivered after 24 weeks gestation without showing any signs of life.
- ii. The nearest relative is entitled to make the arrangements. The nearest relative must be 16 years or over unless they are the parent of the baby. The hierarchy below sets out the nearest relative who is entitled to make the arrangements (section 74 of the 2016 Act). Where the nearest relative in the hierarchy is unable to make the arrangements for any reason, the application can be made by the next nearest relative listed below them in the hierarchy:
 - Parent;
 - Brother or sister;
 - Grandparent;
 - Aunt or uncle;
 - Cousin; or
 - Niece or nephew.

The nearest relative may not authorise any other person to make arrangements but may authorise the appropriate health body to make the arrangements. The appropriate health body is either the Health Board or the independent health care service that is providing care to the mother at the time of the stillbirth.

2. Note 2

Procurator Fiscal

All deaths which are sudden, suspicious, unexplained or unexpected are reported to the Procurator Fiscal who may instruct the police to investigate the circumstances of the death. Within the Crown Office and Procurator Fiscal Service (COPFS), the Scottish Fatalities Investigation Unit (SFIU) is a specialist unit responsible for investigating these deaths. The SFIU will decide whether further investigation is required. Information is available on the COPFS website: <http://www.copfs.gov.uk/investigating-deaths/our-role-in-investigating-deaths>

Form E1 is issued by the SFIU when the cremation has been approved and may be sent directly to the crematorium. It must be received by the crematorium before the cremation is due to take place.

3. Note 3

Hazards

- i. Examples include: pacemaker; cardiac implant; drug pump; neuro-stimulator; shunt; battery powered implant; Fixion nails used in treatment of bone fractures. Please discuss with the funeral director or cremation authority if you are unsure.
- ii. Notifiable diseases are listed in Schedule 1 of the Public Health etc. (Scotland) Act 2008 <http://www.legislation.gov.uk/asp/2008/5/schedule/1>.
- iii. Some injections for cancer treatment contain radioactive material which may mean that the cremation has to be delayed for a short period.

4. Note 4

Declaration

- i. The applicant is required to declare that they are entitled to apply for the cremation in terms of the Burial and Cremation (Scotland) Act 2016.
- ii. The funeral director is required to complete the second part of section 4.

5. Note 5

- i. Not all cremation authorities offer the same services – for example, some will scatter ashes while others will inter or bury them. If you are in any doubt about the options available to you, you should discuss them with the cremation authority or with the funeral director who is arranging the funeral. This will ensure that it is possible for the cremation authority to carry out your instructions. Once the cremation authority has accepted this application form, it must follow your instructions for what is to be done with the ashes.
- ii. Further information about the options at section 5 are detailed here:

A. I or my representative will collect the ashes from the crematorium.

The person collecting the ashes must bring identification with them. If you do not collect the ashes from the crematorium within **4 weeks** of the cremation taking place, the cremation authority will try to contact you to find out what you want done with the ashes. At this time you may inform them that you still intend to collect the ashes and must agree a new collection date. You may also instruct the cremation authority to bury or scatter the ashes (if they offer this service). If you do not respond or do not tell the cremation authority what your instructions are, the cremation authority may scatter or bury the ashes according to their standard procedures. If the cremation authority scatters or buries the ashes this will be recorded in its cremation register.

B. I authorise the funeral director who arranged the funeral to collect the ashes on my behalf.

If you do not collect the ashes from the funeral director within **4 weeks** of them being made available, the funeral director will try to contact you to find out what your instructions are for the ashes. At that point, you may inform the funeral director that you still intend to collect the ashes and must agree a new collection date.

You may also instruct the funeral director to return the ashes to the crematorium so that you can collect them there or so that the cremation authority may scatter or bury them.

If you do not respond or do not inform the funeral director what your instructions are, the funeral director may return the ashes to the crematorium. The cremation authority will try to contact you to find out what you want done with the ashes. At this time you may inform them that you still intend to collect the ashes and must agree a new collection date. You may also instruct the cremation authority to bury or scatter the ashes (if they offer this service). If you do not collect the ashes, they may then be scattered or buried by the cremation authority.

C. I instruct the cremation authority to bury or scatter the ashes (whichever option is offered).

The cremation authority will bury or scatter the ashes. This is usually done in the Garden of Remembrance, although each crematorium will have a different procedure. The cremation authority will be able to tell you which options it offers and will record what is done with the ashes in the cremation register.

D. I instruct the cremation authority to bury or scatter the ashes in the same location as another person.

The cremation authority may be able to do this. You will need to tell them the name of the deceased, the date of their cremation and where their ashes were buried or scattered.

iii. **Sensitive disposal of metals—**

Crematoriums often arrange for metal which survives the cremation process to be recovered and sensitively recycled. Metals are made up of items used in the construction of the coffin (e.g. pins and staples) and some surgical implants (e.g. hip joints, pins and plates). Any proceeds received following recycling are distributed to charity. The crematorium will need your permission to recycle and should clearly state their policy in terms of any metal recovered following cremation. If you wish, you have the right to request that these metals are returned to you. The cremation process will render the majority of jewellery unrecognisable and ideally should be removed before cremation.

Cremulation which is the reduction of bones into ashes is carried out in most cases following cremation, unless the cremation authority is instructed not to. You must make this clear on the application form.

If no instructions are received in the timescales in section 5, the cremation authority has the right to dispose of ashes by the procedure set out in sections 51 – 56 of the Burial and Cremation (Scotland) Act 2016.

6. Note 6

- i. The cremation authority is required to verify that the information contained in this form is correct and that the cremation can proceed.
- ii. The signatory should sign the form when they approve the cremation.
