Involving Animals) (Scotland) Regulations 2021**

PART 2

Licensing of activities involving animals

Authority of a licence

5.—(1) A licence granted or renewed under regulation 6 authorises the carrying on of the licensable activity—

- (a) on the premises specified in the licence, in the case of a licence for any of the licensable activities described in paragraphs 1, 8, 14, 17 and 20 of schedule 1,
- (b) throughout Scotland, in the case of the licensable activity described in paragraph 4 of schedule 1 (engaging in animal rehoming activities).

(2) If a licence authorises the carrying on of a licensable activity which involves supply of an animal, the supply is not to be treated as carrying on the licensable activity outwith the premises specified in the licence by reason that the supply is negotiated or agreed when the recipient of the animal, or the supplier, is not physically present at the premises specified in the licence provided that the condition mentioned in paragraph (3) is met.

(3) The condition referred to in paragraph (2) is that the animal being supplied is not removed from the premises for the purpose of the supply until the supply of the animal has been agreed.
