

## **POLICY NOTE**

### **THE TRADE IN ANIMALS AND RELATED PRODUCTS (EU EXIT) (SCOTLAND) (AMENDMENT) REGULATIONS 2021**

**SSI 2021/XXX**

The above instrument is made in exercise of the powers conferred by paragraphs 1(1) and (3) of schedule 2 of the European Union (Withdrawal) Act 2018.

The instrument is subject to affirmative procedure.

#### **Purpose of the instrument.**

To create a power which will allow the Scottish Ministers by regulation to impose special import conditions in respect of imports from third countries of products of animal origin intended for human consumption.

#### **Policy Objectives**

Under Article 8(4) of Council Directive 2002/99/EC, the Commission had the power to make tertiary EU legislation establishing special import conditions for the import of products of animal origin intended for human consumption from third countries. It is considered appropriate that function be retained, and exercisable by Scottish Ministers, to allow special import conditions to be established and in order to be able to amend retained direct minor EU legislation previously made by the Commission under that power. These Regulations provide for that function to be exercisable by the Scottish Ministers by regulations subject to negative procedure.

#### **Explanation of the law being amended by the regulations**

The Regulations amend schedule 2 of the Trade in Animals and Related Products (Scotland) Regulations 2012 (“the 2012 Regulations”) which makes additional provision in specific cases relating to imports of animals and related products from third countries.

#### **Reasons for and effect of the proposed change or changes on retained EU law**

The instrument makes changes to the 2012 Regulations which will create a power for the Scottish Ministers by regulation to impose special import conditions in respect of imports from third countries of products of animal origin intended for human consumption, having regard to the animal health situation of the third country or countries concerned. This retains the legislative function of the Commission under Article 8 (4) of Council Directive 2002/99/EC to impose such conditions, and will allow Ministers to amend, modify or revoke any retained direct minor EU legislation made by the Commission under that power.
