2.—(1) Regulation 3 of these Regulations shall not apply to—

(1) 1972 c. 68; section 2(2) was amended by the Scotland Act 1998 (c. 46), Schedule 8, paragraph 15(3). The functions of a Minister of the Crown under that section so far as within devolved competence were transferred to the Scottish Ministers by virtue of section 53 of that Act.

- (c) the return to Belgium, under cover of an official certificate in accordance with Article 5 of the Commission Decision of any controlled entity.

(2) Regulation 5 of these Regulations shall not, save for sub-paragraphs (a) and (b) of paragraph (1) thereof, apply to any imported controlled entity which is accompanied by valid certification relating to it as specified in paragraph (3) below.

(3) The certification to which paragraphs (1)(a) and (b) and (2) above apply is the certification which would have applied in relation to the controlled entity by virtue of article 2(3) of the Order, had the Order extended to controlled entities.

- (a) no person shall sell any controlled entity which is not a live creature for the purpose of its being used to feed to an animal or in the manufacture of a product for such use;
- (b) no person shall possess, offer, expose, advertise, prepare, present, label, wrap, store or transport any such controlled entity for sale for that purpose;
- (c) no person shall consign, deliver or serve any such controlled entity by way of sale for that purpose;

4.—(1) These Regulations shall be enforced and executed by each relevant authority, namely the Scottish Ministers and each food authority within its area, as appropriate.

(2) For the purposes of the return to Belgium of any product as specified in regulation 2(1)(c) of these Regulations the competent authority for the purposes of the official certificate shall be the Scottish Ministers, any authorised officer of a food authority or any inspector appointed by such an authority, where it is also an authority with responsibilities under section 67 of the Agriculture Act 1970(4).

(3) An authorised officer of a relevant authority shall have the same powers of entry for the purposes of the exercise of that duty as are bestowed on an authorised officer of an enforcement authority by section 32 of the Act for purposes connected with the Act or Regulations or Orders under the Act and shall also have, in relation to any business producing material to feed to animals, the same power as an authorised officer of an enforcement authority has under that section in relation to a food business.

(4) 1970 c. 40.

(4) Each food authority shall give such assistance and information to the Scottish Ministers and as they may request for the purpose of implementing the Commission Decision in relation to controlled entities.

Application and modification of various provisions of the Act

5.—(1) Section 9 of the Act (inspection and seizure of suspected food) shall apply for the purposes of these Regulations, subject to the following modifications—

- (a) the references in subsections (1) and (2) to “food authority” shall be construed as including references to the Scottish Ministers;
- (b) subsections (1) and (2) shall extend to any creature, product or material which appears to an authorised officer to come within the definition of “controlled entity”;
- (c) subsections (3) to (9) shall apply—
 - (i) to any creature, product or material falling within sub-paragraph (b) above as it applies to food which appears to an authorised officer to fail to comply with food safety requirements or to be likely to cause food poisoning or any disease communicable to human beings, and
 - (ii) to any controlled entity as if it were food which failed to comply with food safety requirements,

save that each reference to human consumption shall be taken as a reference to animal consumption, that where a notice under subsection (3)(a)(i) is given in relation to a live creature, the notice is to relate to material which may come to be derived from the live creature, that subsection (6) thereof shall apply in relation to the destruction or disposal of a live creature so as to prevent any material which may come to be derived from it from being used for animal consumption and that a justice of the peace, the sheriff or a magistrate as the case may be shall decline to condemn any creature, product or material falling within sub-paragraph (b) above under subsection (6) thereof if and only if it is proved to him that it does not comprise a controlled entity or is to be returned to Belgium as specified in regulation 2(1)(c) of these Regulations.

(2) The following provisions of the Act shall apply for the purposes of these Regulations and any reference in those provisions to the Act shall be construed for the purposes of these Regulations as a reference to these Regulations—

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which apply to Scotland, revoke in relation to Scotland, and re-enact with certain changes, the Animal Feedingsuffs from Belgium (Control) Regulations 1999 (S.I.1999/1543) as amended by the Animal Feedingsuffs from Belgium (Control) (Amendment) Regulations 1999 (S.I.1999/1764) (“the revoked sets of Regulations”) both of which applied to Great Britain. The Order also implements in Scotland, in relation to animal consumption Commission Decision 1999/449/EC (“the Decision”) on protective measures with regard to contamination by dioxins of certain products of animal origin intended for human or animal consumption (OJNo. L175, 10.7.1999, p.70) which consolidates with changes Commission Decision 1999/363/EC (OJ No. L141, 4.6.1999, p.24) and Commission Decision 1999/389/EC (OJ No. L147, 12.6.1999, p.26) as amended, in both cases, by Commission Decision 1999/390/EC (OJ No. L147, 12.6.1999, p.29) and Commission Decision 1999/419/EC (OJ No. L159, 25.6.1999, p.60).

Like the revoked sets of Regulations, these Regulations define ‘controlled entity’ (regulation 1), prohibit (subject to exceptions (regulation 2)) the carrying out of specified operations in relation to controlled entities (regulation 3), specify the enforcement authorities (article 4) and apply with modifications provisions of the Food Safety Act 1990 (article 5).

In addition to making minor and drafting changes to the revoked sets of Regulations, the Regulations, by referring to the Decision, make the following changes of substance—

- (a) the definition of “controlled entity” now reflects—
 - (i) modifications made by the Decision as regards the list of products of Belgian origin subject to the controls contained in it; in particular, compound feedstuffs and pre-mixtures are added;
 - (ii) the fact that, under the Decision, the rearing period for continuing controls applicable to products from pigs and bovine animals is now closed at 3rd June 1999;
 - (iii) the fact that, in relation to feed products derived from particular animal products, the controls contained in the Decision no longer apply where analysis shows that the level of contamination by dioxins does not exceed the relevant maximum level for PCB set out in Annex A to the Decision;
- (b) there is a variation in the certification required for the importation of products from Belgium; and
- (c) the circumstances in which controlled feed products may be returned to Belgium now call for information in relation to the return to be exchanged between authorities by fax, and only apply where Belgian authorities are unable to certify the origin of suspect goods under the Decision.
