

SCHEDULE 1

ACTIVITIES AND INSTALLATIONS AND MOBILE PLANT

CHAPTER 6

OTHER ACTIVITIES

Section 6.5

The manufacture of dyestuffs, printing ink and coating materials.

PART A

Any manufacture of dyestuffs if the activity involves the use of hexachlorobenzene and is operated at an installation not falling within any other description in any Part A of this Schedule.

PART B

Any of the following activities not falling within any description in Part A of this Schedule involving:–

- (a) Manufacturing or formulating printing ink or any other coating material containing, or involving the use of, an organic solvent, where the carrying on of the activity by the person concerned at the location in question is likely to involve the use of 100 tonnes or more of organic solvents in any 12 months period;
- (b) Manufacture any powder for use as a coating material where there is the capacity to produce 200 tonnes or more of such powder in any 12 month period.

Interpretation of Part B

In Part B, “coating material” has the same meaning as in Section 6.4; except that the amount of organic solvents used in an activity shall be calculated as–

- (a) the total input of organic solvents into the process, including both solvents contained in coating materials and solvents used for cleaning or other purposes; less
- (b) any organic solvents, not contained in coating materials, that are removed from the process for re-use or for recovery for re-use.
