
SCOTTISH STATUTORY INSTRUMENTS

2002 No. 255

ANIMAL HEALTH

The TSE (Scotland) Regulations 2002 (revoked)

Made - - - - - *27th May 2002*
Laid before the Scottish
Parliament - - - *28th May 2002*
Coming into force *19th June 2002*

THE TSE (SCOTLAND) REGULATIONS 2002

Part I

Introductory provisions

1. Citation, commencement and extent
2. Purpose and application
3. Interpretation

Part II

TSE Monitoring

4. TSE monitoring
5. Movement prohibitions and restrictions of TSE susceptible animals
6. Slaughter of TSE susceptible animals at slaughterhouses
7. Slaughter of TSE susceptible animals at other premises
8. Retention and seizure of carcasses etc. of TSE susceptible animals
9. Compensation for slaughtered TSE susceptible animals
10. Notifications
- 10A Slaughter of bovine animals over 30 months of age

PART IIA

Placing on the market and export

- 10B Consignment of over age bovine animals for human consumption
- 10C Disposal of over age bovine animals consigned for human consumption
- 10D Slaughter of over age animals
- 10E Restrictions on dispatch to other member States or third countries

Status: Point in time view as at 24/11/2006.

Changes to legislation: There are currently no known outstanding effects for the
The TSE (Scotland) Regulations 2002 (revoked). (See end of Document for details)

Part III

Animal feeding

Mammalian protein and mammalian meat and bone meal

11. Mammalian protein
12. Mammalian meat and bone meal for use in feedingstuffs for livestock
13. Mammalian meat and bone meal for use in fertilisers on agricultural land

Processed animal protein

14. Feeding of processed animal protein to farmed animals
15. Sale or supply of processed animal protein intended for the feeding of farmed animals
16. Production of fishmeal for feeding to farmed animals other than ruminants
17. Production of dicalcium phosphate and hydrolysed protein for feeding to farmed animals other than ruminants
18. Transport and storage of processed animal protein

Approvals of premises

19. Applications for approval and approvals of premises
20. Suspension and withdrawal of approvals
21. Appeals

Feedingstuffs

22. Manufacture of feedingstuffs containing processed animal protein
23. Production of feedingstuffs containing fishmeal for feeding to farmed animals other than ruminants
24. Production of feedingstuffs containing dicalcium phosphate and hydrolysed protein for feeding to farmed animals other than ruminants
25. Use and storage of feedingstuffs containing dicalcium phosphate or hydrolysed protein
- 25A Use and storage of feedingstuffs containing fishmeal
- 25B Samples sent to laboratories and reporting requirements

Administration and enforcement

26. Records relating to mammalian meat and bone meal and processed animal protein
27. Cleansing and disinfection
28. Powers of inspectors
29. Disposal and recall of mammalian meat and bone meal and MBM products

Part IV

Specified Risk Material

Introductory provisions

30. Interpretation of expressions used in this Part
31. Presumptions that food intended for human consumption

Carcases and specified risk material

32. Removal of specified risk material

33. Removal of specified risk material from carcasses in slaughterhouses
34. Removal of specified risk material from carcasses elsewhere
- 34A. Mixing specified risk material with other animal material
35. Removal of spinal cord of sheep and goats
36. Removal of vertebral column of bovine animals
37. Inspection of carcasses in slaughterhouses and cutting premises
38. Prohibition on placing on the market of non-compliant carcasses for human consumption
39. Staining of specified risk material
40. Consignment of specified risk material after removal from carcasses
41. Young lamb stamp and young goat stamp
42. Presence of an inspector
43. Transport of unmarked carcasses of sheep and goats
44. Possession of unmarked carcasses of sheep and goats
45. Laceration of central nervous tissue

Prohibitions on placing on market and use of specified risk material

46. Prohibition on placing on market and use of specified risk material for human consumption
47. Prohibition on feeding specified risk material to animals
48. Specified risk material for use in cosmetic, pharmaceutical and medical products
49. Mechanically separated meat
- 49A. Tongue Harvesting
- 49B. Head Meat Harvesting

Prohibitions on collection, transport, rendering, incineration etc. and storage of specified risk material

50. Use of premises for collection, rendering, incineration etc. of specified risk material
51. Storage of specified risk material
52. Transport of specified risk material
53. Procedure for bringing in specified risk material from England, Wales or Northern Ireland
54. Procedure for bringing in carcasses containing specified risk material from England, Wales or Northern Ireland

Licensing

55. Licensing of premises
- 55A. Butcher Shops
56. Licensing of premises for the use of specified risk material in production or research
57. Applications for licences
58. Requirements of use of licensed premises
59. Suspension of licences
60. Revocation of licences
61. Appeals against/review in relation to suspension and revocation of licences
- 61A. Regulations 57, 59 and 60: application to authorisation and registration of butcher shops
- 61B.

Status: Point in time view as at 24/11/2006.

Changes to legislation: There are currently no known outstanding effects for the The TSE (Scotland) Regulations 2002 (revoked). (See end of Document for details)

Collection centres and incinerators

- 62. Collection centres
- 63. Incinerators

Rendering plants

- 64. Delivery of specified risk material to rendering plants
- 65. Storage etc. of specified risk material at rendering plants
- 66. Rendering of specified risk material
- 67. Rendered material

Administration and enforcement

- 68. Records
- 69. Cleansing and disinfection
- 70. Powers of inspectors
- 71. Recall, seizure and destruction of feedingstuffs
- 72. Directions
- 73. Compliance with notices
- 74. Slaughterhouse staff training
- 75. Compliance in relation to employees
- 76. Inspection and seizure of suspected food

Part V

Control and eradication of TSEs

- 77. Notification of animals suspected of being affected by a TSE
- 78. Measures for the purposes of Chapter IV of the Community TSE Regulation
- 79. Movement prohibitions and restrictions of any TSE susceptible animals for the purposes of Chapter IV of the Community TSE Regulation
- 80. Slaughter of TSE susceptible animals at slaughterhouses for the purposes of Chapter IV of the Community TSE Regulation
- 81. Slaughter of TSE susceptible animals at other premises for the purposes of Chapter IV of the Community TSE Regulation
- 82. Retention, seizure and disposal of carcasses etc. of TSE susceptible animals for the purposes of Chapter IV of the Community TSE Regulation
- 83. Compensation for slaughtered TSE susceptible animals
- 84. Prohibition of sale, supply and use of milk from affected or suspected animals
- 84A. Enforcement of Annex VII to the Community TSE Regulation

Part VI

Article 15(2) of and Chapter B of Annex VIII to the Community TSE Regulation

- 85. Notification of progeny etc. of TSE suspect and confirmed animals
- 86. Measures to administer and enforce Article 15(2) of, and Chapter B of Annex VIII to, the Community TSE Regulation
- 87. Movement prohibitions and restrictions: Article 15(2) of, and Chapter B of Annex VIII to, the Community TSE Regulation
- 88. Slaughter at slaughterhouses: Article 15(2) of, and Chapter B of Annex VIII to, the Community TSE Regulation

89. Slaughter at other premises: Article 15(2) of, and Chapter B of Annex VIII to, the Community TSE Regulation
90. Retention and seizure of carcasses etc.: Article 15(2) of, and Chapter B of Annex VIII to, the Community TSE Regulation
91. Compensation for slaughtered animals
92. Offspring slaughter
93. Cleansing and disinfection

Part VII

Sampling and laboratory methods

94. Sampling and laboratory methods

Part VIII

Community controls, offences, penalties and enforcement

95. Community controls: powers of inspectors
96. Obstruction
97. Offences and penalties
98. Offences due to fault of another person and defence of due diligence
99. Enforcement

Part IX

Supplementary provisions

100. Service of notices and other documents
 101. Amendments
 102. Revocations and savings and transitional provisions
- Signature

SCHEDULE 1 Compensation

Part I Compensation for TSE susceptible animals slaughtered under regulations 6 or 7

1. The compensation payable for a TSE susceptible animal slaughtered under...
2. The market value of the animal shall be determined—
3. An arbiter appointed or nominated under paragraph 2(b) or (c)...
4. Where an animal was certified by a veterinary surgeon before...

**SCHEDULE 3 Conditions for the production of dicalcium phosphate for
feeding to farmed animals other than ruminants**

1. Dicalcium phosphate for feeding to farmed animals other than ruminants...
2. The dicalcium phosphate shall be derived from bones derived from...
3. The dicalcium phosphate shall be produced by a process which...
4. Dicalcium phosphate for use in the manufacture of feed for...

**SCHEDULE 4 Conditions for the production of hydrolysed protein for
feeding to farmed animals other than ruminants**

1. Hydrolysed protein from hides and skins shall-
2. Hydrolysed protein from fish, feather, hides and skins shall be...
3. Hydrolysed protein for use in the manufacture of feed for...

**SCHEDULE 5 Application of part IV of the Regulations to scheme
animals**

SCHEDULE 6 Rendering requirements

**PART I Requirements for premises used for rendering
specified risk material**

1.
2.
3.

Status: Point in time view as at 24/11/2006.

Changes to legislation: There are currently no known outstanding effects for the
The TSE (Scotland) Regulations 2002 (revoked). (See end of Document for details)

- 4.
- 5.
- 6.
- 7.
- 8.

PART II Methods of Rendering

METHOD 1

NATURAL FAT BATCH

- 1. Reduction
- 2. Time and temperature
- 3.
- 4.

METHOD 2

NATURAL FAT

- 1. Reduction
- 2. Time and temperature
- 3.
- 4.

METHOD 3

ADDED FAT

- 1. Reduction
- 2. Time and temperature
- 3.
- 4.

METHOD 4

CONTINUOUS OR BATCH PRESSURE

- 1. Reduction
- 2. Time and temperature
- 3.

METHOD 5

DEFATTED

- 1. Reduction
- 2. Time and temperature
- 3.
- 4.

METHOD 6

ADDED FAT CONTINUOUS ATMOSPHERIC

1. Equipment
2. Crushing
3. Cooking
4. Separation and storage of final products
5. Records

METHOD 7

DEFATTED CONTINUOUS ATMOSPHERIC

1. Equipment
2. Crushing
3. Pre-heating
4. Pressing
5. Drying
6. Storage of final products
7. Records
 - SCHEDULE 6A Enforcement of Annex VII to the Community TSE Regulation
 - PART I CONFIRMATION OF DISEASE
 1. Competent authority for Annex VII of the Community TSE Regulation
 2. Confirmation of TSE in sheep
 3. Confirmation of TSE in goats
 4. Infected animals from another holding
 5. Common grazing
 - 5A Multiple flocks on a holding
 6. Confirmation of BSE in sheep or goats
 7. Time for review
 8. Subsequent occupiers
 - PART II MOVEMENT OF ANIMALS ON CONFIRMATION OF TSE
 9. Scope of measures in this Part
 10. Introduction of animals on to a holding
 11. Use of ovine germinal products
 12. Movement of animals from a holding
 13. Time of movement restrictions
 - PART MOVEMENT RESTRICTIONS ON SUSPICION OF TSE
 - IIA
 - IIB
 - 13A Movement restrictions on suspicion of TSE
 - PART IIB
 14. Derogations
 - PART III REVIEW
