EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the National Health Service (Charges for Drugs and Appliances) (Scotland) Regulations 2001 (“the principal Regulations”) which provide for the making and recovery of charges for the supply of drugs, medicines and appliances under the National Health Service (Scotland) Act 1978.

These Regulations amend the definition of “supplementary prescriber” in the principal Regulations to include additional categories of health care professional who may also prescribe as a supplementary prescriber. The additional categories of health care professional are persons who are registered in the parts of the register maintained under article 5 of the Health Professions Order 2001 for chiropodists and podiatrists, for physiotherapists or for diagnostic or therapeutic radiographers and against whose name in the register is recorded an annotation signifying that they are qualified to order drugs, medicines and appliances as a supplementary prescriber.

The effect of the amendment is to make provision in the principal Regulations for the making and recovery of charges for the supply of drugs, medicines and appliances ordered by those additional categories of health care professional.
