In constructing the works, the Trustees may deviate laterally from the lines or situations thereof shown on the deposited plans to the extent of the limits of deviation and may deviate vertically from the levels shown on the deposited section to any extent not exceeding 3 metres upwards and to such extent downwards as may be found necessary or convenient.

Tidal works not to be executed without approval of The Scottish Ministers

6.—(1) A tidal work shall not be constructed, reconstructed, renewed, enlarged or altered except in accordance with plans and sections approved by The Scottish Ministers and subject to any conditions and restrictions imposed by The Scottish Ministers before the work is begun.

(2) If a tidal work is constructed, reconstructed, renewed, enlarged or altered in contravention of this Article or any condition or restriction imposed under this Article—

- (a) The Scottish Ministers may, by notice in writing, require the Trustees at their own expense to remove the tidal work or any part thereof and restore the site thereto to its form condition; and, if on the expiration of thirty days from the date when the notice is

(2) If the Trustees fail to notify the Commissioners of Northern Lighthouses as required by this Article or to comply in any respect with any direction given under this Article they shall be guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum and on conviction on indictment to a fine.

Abatement of works abandoned or decayed

9.—(1) Where a tidal work is abandoned or suffered to fall into decay, The Scottish Ministers may, by notice in writing, require the Trustees at their own expense, either to repair and restore the work or any part thereof, or to remove the work and restore the site thereof to its former condition, to such an extent and within such limits as The Scottish Ministers think proper.

(2) Where a work authorised by this Order and consisting partly of a tidal work and partly of works on or over land above the level of high water is abandoned or suffered to fall into decay and that part of the work on or over land above the level of high water is in such condition as to interfere or to cause reasonable apprehension that it may interfere with the right of navigation or other public rights over the foreshore, The Scottish Ministers may include that part of the work, or any portion thereof, in any notice under this Article.

(3) If, on the expiration of thirty days from the date when a notice under this Article is served upon the Trustees, they have failed to comply with the requirements of the notice, The Scottish Ministers may execute the works specified in the notice and any expenditure incurred by them in so doing shall be recoverable from the Trustees.

(2) If the Trustees fail to comply in any respect with a direction given under paragraph (1) above they shall be guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum and on conviction on indictment to a fine.

Permanent lights on tidal works

11.—(1) After the completion of a tidal work the Trustees shall at the outer extremity thereof exhibit every night from sunset to sunrise such lights, if any, and take such other steps for the

prevention of danger to navigation as the Commissioners of Northern Lighthouses shall from time to time direct.

(2) If the Trustees fail to comply in any respect with a direction given under paragraph (1) above, they shall be guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum and on conviction on indictment to a fine.

Obstructing works

12. Any person who intentionally obstructs any person acting under the authority of the Trustees in setting out the lines of the works, or who moves or removes a pole, stake, station point or bench mark established for the purpose of such setting out shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

Defence in relation to offences under articles 8, 10 and 11 of this Order

14.—(1) In any proceedings for an offence under articles 8, 10 and 11 of this Order, it shall be a defence for the Trustees to prove that they took all reasonable precautions and exercised all due diligence to avoid commission of such an offence.

(2) If in any case the defence made under paragraph (1) above involves an allegation that the commission of the offence was due to the act or default of another person, the Trustees shall not, without the leave of the court, be entitled to rely on that defence unless, within a period ending seven clear days before the hearing, they have served on the prosecution a notice in writing giving such information as was then in their possession identifying or assisting in the identification of that other person.

Saving for Town and Country Planning

15.—(1) Section 276 of the Town and Country Planning (Scotland) Act 1997^(a) (which declares that the provisions of that Act and any restrictions or powers thereby imposed or conferred in relation to land apply to land notwithstanding that provision is made by any local Act passed before or during the Session of Parliament held during the regnal years 10 & 11 Geo. 6 for authorisation or regulation of development of the land) shall apply to this Order as if it had been passed during that session; and accordingly the Town and Country Planning (Scotland) Act 1997 and orders, regulation, rules, schemes and directions made or given thereunder shall apply to development authorised by this Order.

(2) In their application to development authorised by this Order, article 3 of, and Class X in Schedule 1 to, the Town and Country Planning (General Development) (Scotland) Order 1981^(b) (which permit development authorised by any local or private Act or by any order approved by both Houses of Parliament, or by an order made under section 14 or section 16 of the Harbours Act 1964, being an Act or Order designating specifically both the nature of the development thereby authorised and the land on which it may be carried out) shall have effect as if the authority to develop given by this Order were limited to development begun within ten years of the coming into operation of this Order.
