

SCHEDULE

Measures applicable in respect of a vaccination zone

PART 1

Movement of live susceptible animals

Movement of susceptible animals during phase 3

3.—(1) During phase 3, no person shall move any susceptible animal within or out of a vaccination zone except for movement wholly within the same premises or movement under the authority of a licence granted by the Scottish Ministers.

(2) The Scottish Ministers shall not grant a licence under sub-paragraph (1) for the movement out of a vaccination zone except where it is for the direct transport of animals from premises classified under regulation 28(1)(b) as free of disease to a slaughterhouse for the purposes of immediate slaughter and it includes the conditions in sub-paragraph (3).

(3) The conditions of this sub-paragraph are that—

- (a) the animals do not come into contact with any other susceptible animals during transport; and
- (b) the animals are accompanied during transport by a copy of the notice classifying their premises of origin under regulation 28(1)(b), certified as a true copy by an inspector.

(4) The Scottish Ministers shall not grant a licence under this paragraph for the movement of animals within a vaccination zone unless—

- (a) it specifies a route to be taken which, in the opinion of the Scottish Ministers, ensures the animals are not exposed to infection during the journey, and either—
 - (i) the animals concerned are unvaccinated, and the conditions in sub-paragraph (5) have been complied with; or
 - (ii) the movement of animals is from one part of premises to another part of the same premises using a public highway.

(5) The conditions in this sub-paragraph are that—

- (a) the Scottish Ministers have within the previous 24 hours caused to be carried out a clinical examination on every susceptible animal on the premises of origin and have not identified signs of the disease;
- (b) every susceptible animal on the premises of origin has been kept there for at least 30 days;
- (c) the premises of origin is not in a protection zone or a surveillance zone; and
- (d) either
 - (i) every animal intended for transport has been tested by a veterinary inspector for antibodies against the disease virus after it has been on the premises of origin for a period at least as long as its incubation period with negative results; or
 - (ii) a serological survey pursuant to a sampling protocol suitable to detect 5% prevalence with at least 95% level of confidence has been completed on the premises of origin with negative result by a veterinary inspector.

(6) The Scottish Ministers shall not grant a licence under this paragraph for the movement of the unvaccinated offspring of a vaccinated dam unless either—

Status: This is the original version (as it was originally made).

- (a) the Scottish Ministers are satisfied that each animal has undergone a serological test by a veterinary inspector for the detection of antibodies against the disease with a negative result; or
 - (b) the licence is for movement to—
 - (i) premises within the vaccination zone with the same classification under regulation 28 (1) (b);
 - (ii) a slaughterhouse for immediate slaughter; or
 - (iii) other specified premises in which case sub-paragraph (7) applies; or
 - (c) the licence is for the movement of animals from one part of premises to another part of the same premises using a public highway.
- (7) Where this sub-paragraph applies, during phase 3 no person shall move any animal moved to specified premises from those premises except for—
- (a) movement to a slaughterhouse for immediate slaughter; or
 - (b) movement from one part of premises to another part of the same premises using a public highway under the authority of a licence granted by the Scottish Ministers.
- (8) The occupier of any slaughterhouse to which susceptible animals are transported under the authority of a licence granted under this paragraph from premises classified as free of disease under regulation 28(1)(b) shall ensure that—
- (a) during the 24 hours before slaughter each animal undergoes an ante-mortem health check at the slaughterhouse; and
 - (b) at the slaughterhouse, the transported animals do not come into contact with other animals.
