HEALTH BOARD ELECTION RULES

PART 8

THE COUNT

Attendance at the count

34.—(1) Nobody may attend the count other than—

- (a) the returning officer and the officer's staff;
- (b) the candidates and their partners; and
- (c) the counting agents,

but the returning officer may permit other persons to attend the count if the officer is satisfied that doing so would not impede the efficient counting of the votes.

(2) The returning officer must give the counting agents such reasonable facilities for overseeing the count, and such information about the count, as the officer can give consistently with the orderly conduct of the proceedings and the performance of the officer's duties.
