2011 No. 184

The Healthcare Improvement Scotland
(Inspections) Regulations 2011

Assistance with inspections and the taking of measurements photographs and recordings

4. An authorised person may, in carrying out an inspection—
 - (a) require any person to afford such facilities and assistance with respect to matters within the person's control as are necessary to enable the authorised person to carry out the inspection; and
 - (b) take such measurements and photographs and take such recordings as the authorised person considers necessary.
