

SCHEDULE 11

Article 13

UPPER LOCH FYNE PROTECTED AREA

PART 1

DESCRIPTION OF THE UPPER LOCH FYNE PROTECTED AREA

Interpretation

1. In Part 1 of this Schedule—

co-ordinate “A” is 55°59.827’ North latitude and 005°23.340’ West longitude; and

co-ordinate “B” is 55°59.762’ North latitude and 005°20.512’ West longitude.

Description of the Upper Loch Fyne Protected Area

2. The Upper Loch Fyne Protected Area is that part of Scottish inshore waters, including the seabed and subsoil, which is enclosed by the boundary lines (the topographical descriptions of which are provided in the third column of the following table) which join in the order given the co-ordinates listed in the second column.

<i>Boundary Line</i>	<i>Co-ordinates between which the boundary line extends</i>	<i>Topographical description of boundary line</i>
1.	A to B	Line following the mean low water spring mark
2.	B to A	Geodesic line

PART 2

DESCRIPTION OF THE UPPER LOCH FYNE EXCEPTED AREA

Interpretation

3. In Part 2 of this Schedule—

co-ordinate “C” is 56°03.451’ North latitude and 005°18.961’ West longitude;

co-ordinate “D” is 56°13.161’ North latitude and 005°05.007’ West longitude;

co-ordinate “E” is 56°12.412’ North latitude and 005°03.709’ West longitude; and

co-ordinate “F” is 56°03.036’ North latitude and 005°17.341’ West longitude.

Description of the Upper Loch Fyne Excepted Area

4. The Upper Loch Fyne Excepted Area is that part of Scottish inshore waters within the Upper Loch Fyne Protected Area, including the seabed and subsoil, which is enclosed by the boundary lines (the topographical descriptions of which are provided in the third column of the following table) which join in the order given the co-ordinates listed in the second column.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

<i>Boundary Line</i>	<i>Co-ordinates between which the boundary line extends</i>	<i>Topographical description of boundary line</i>
1.	C to D	Line following the mean low water spring mark
2.	D to E	Geodesic line
3.	E to F	Line following the mean low water spring mark
4.	F to C	Geodesic line

PART 3

DESCRIPTION OF THE UPPER LOCH FYNE ADDITIONAL FLAME SHELL PROTECTED AREA

Interpretation

5. In Part 3 of this Schedule—

co-ordinate “G” is 55°59.827’ North latitude and 005°23.340’ West longitude;

co-ordinate “H” is 56°01.338’ North latitude and 005°20.712’ West longitude;

co-ordinate “I” is 56°00.501’ North latitude and 005°19.483’ West longitude; and

co-ordinate “J” is 55°59.762’ North latitude and 005°20.512’ West longitude.

Description of the Upper Loch Fyne Additional Flame Shell Protected Area

6. The Upper Loch Fyne Additional Flame Shell Protected Area is that part of Scottish inshore waters within the Upper Loch Fyne Protected Area, including the seabed and subsoil, which is enclosed by the boundary lines (the topographical descriptions of which are provided in the third column of the following table) which join in the order given the co-ordinates listed in the second column.

<i>Boundary Line</i>	<i>Co-ordinates between which the boundary line extends</i>	<i>Topographical description of boundary line</i>
1.	G to H	Line following the mean low water spring mark
2.	H to I	Geodesic line
3.	I to J	Line following the mean low water spring mark
4.	J to G	Geodesic line
