- (a) was launched before IP completion day, and
- (b) was not yet finalised by IP completion day.

(2) But regulation 62 (recourse to e-Certis) of the Public Contracts (Scotland) Regulations 2015 (which is omitted by regulation 4(44) of these Regulations) ceases to be saved at the beginning of the day that is 9 months after the day on which IP completion day falls.

PART 3

PROVISIONS COMMENCED ON IP COMPLETION DAY

Procurement involving contracting authorities or utilities from other member States

- 6.—(1) This paragraph applies in relation to the omission, by these Regulations, of—
- (a) regulation 40 of the Public Contracts (Scotland) Regulations 2015 (procurement involving contracting authorities from different member States),
 - (b) regulation 55 of the Utilities Contracts (Scotland) Regulations 2016 (procurement involving utilities from different member States).
- (2) Those omissions do not imply—
- (a) any prohibition of the activities authorised by the omitted regulations (which activities might, accordingly, be carried on to any extent that would have been lawful if the omitted regulations had never existed), or
 - (b) that any matters provided for in those regulations are necessarily to have a different effect unless so required by applicable law (including rules for resolving any conflicts between the laws of different jurisdictions).

Saving of implied power to terminate contracts

- 7.—(1) This paragraph applies where—
- (a) a contract was awarded before IP completion day, and
 - (b) immediately before IP completion day, the contract contained a power—
 - (i) implied by regulation 73(3) of the Public Contracts (Scotland) Regulations 2015 to terminate the contract on the ground mentioned in regulation 73(1)(c) of those Regulations,
 - (ii) implied by regulation 47(3) of the Concession Contracts (Scotland) Regulations 2016 to terminate the contract on the ground mentioned in regulation 47(1)(c) of those Regulations, or
 - (iii) implied by regulation 87(3) of the Utilities Contracts (Scotland) Regulations 2016 to terminate the contract on the ground mentioned in regulation 87(1)(c) of those Regulations.
- (2) On and after IP completion day, that power continues despite the omission, by these Regulations, of regulations 73(1)(c), 47(1)(c) or 87(1)(c), as the case may be.

Saving of regulation 55(5) of the Concession Contracts Regulations 2016

8. The amendment made by these Regulations to regulation 55(5) of the Concession Contracts (Scotland) Regulations 2016 (application of the first ground of ineffectiveness) does not apply where the contract referred to in regulation 55(5) was awarded before IP completion day.

Saving in relation to voluntary ex ante transparency notices

- 9.**—(1) This paragraph applies in relation to the amendments made by these Regulations to—
- (a) regulation 91(7) of the Public Contracts (Scotland) Regulations 2015,
 - (b) regulation 104(7) of the Utilities Contracts (Scotland) Regulations 2016,
 - (c) regulation 55(6) of the Concession Contracts (Scotland) Regulations 2016.
- (2) Those amendments do not apply in relation to a voluntary transparency notice that was published in the Official Journal of the European Union if the notice was sent, before IP completion day, to be so published.

PART 4

PROVISIONS COMMENCED 12 MONTHS AFTER IP COMPLETION DAY

Saving in relation to procurements commenced before regulations 5, 7 and 9 come into force

10. The amendments made by regulations 5, 7 and 9 do not affect any procurement commenced before the date on which those amendments come into force (“the second commencement date”).

11. For the purposes of this Part, a procurement has been commenced before the second commencement date if, before that date—

- (a) a notice has been submitted to the UK e-notification service in accordance with applicable Procurement Regulations in order to—
 - (i) invite offers or requests to be selected to tender for or to negotiate in respect of a proposed contract, framework agreement or dynamic purchasing system, or
 - (ii) publicise an intention to hold a design contest,
- (b) the contracting authority or utility has had published any form of advertisement seeking offers or expressions of interest in a proposed contract, framework agreement or dynamic purchasing system, or
- (c) the contracting authority or utility has contacted any economic operator in order to—
 - (i) seek expressions of interest or offers in respect of a proposed contract, framework agreement or dynamic purchasing system, or
 - (ii) respond to an unsolicited expression of interest or offer received from that economic operator in relation to a proposed contract, framework agreement or dynamic purchasing system.

12. For the purposes of this Part, a procurement covers the whole of the procedures which stem from that commencement.

13. Accordingly, for example, if a contract notice in relation to a proposed framework agreement under the Public Contracts (Scotland) Regulations 2015 has, before the second commencement date, been submitted as described in paragraph 11(a), paragraph 10 applies to the award of any contracts based on that framework agreement regardless of whether the relevant specific procedure for the award of any such contract under regulation 34(6) to (10) of the Public Contracts (Scotland) Regulations 2015 had itself been commenced before the second commencement date.

14. Procedures taken for the purpose of modifying a contract or framework agreement are not to be regarded, for the purposes of paragraph 12, as stemming from the commencement of the procurement from which the award of that contract or framework agreement had itself stemmed.

Status: *This is the original version (as it was originally made). This item of legislation is currently only available in its original format.*

15. A procedure commenced as described in paragraph 11(a)(i), (b) or (c) is not to be regarded, for the purposes of paragraph 12, as stemming from the commencement of any design contest that had previously been held in relation to the subject-matter of the procurement.
