PART IV

CHAPTER II

SUPPLY DUTIES

*Domestic connections*

**Restrictions on imposition of condition requiring separate service pipes**

**84.**—(1) This Article applies where the effect of a connection notice served in respect of any house is to require a service pipe to that house to be connected with a water main with which it has previously been connected.

(2) Where this Article applies, the water undertaker on which the connection notice is served shall not be entitled to make the reconnection subject to any such condition as, apart from this Article, may be imposed by virtue of Article 82(2)(c) unless the undertaker would have been entitled under Article 104 to require the provision of a separate service pipe if the reconnection had already been made.
