Provision of polling stations

15.—(1) The relevant returning or counting officer must provide a sufficient number of polling stations and, subject to the following provisions of this rule, must allot polling stations to voters in such manner as the relevant returning or counting officer thinks most convenient.

(2) The polling stations are the polling places or polling stations (as the case may be) designated for the purposes of the relevant election for which the relevant returning or counting officer discharges functions which are not combined functions.

(3) In paragraph (2) “combined functions” means functions under regulation 5 of the Representation of the People (Combination of Polls) (England and Wales) Regulations 2004.

(4) One or more polling stations may be provided in the same room.

(5) The polling station allotted to voters from any parliamentary polling district wholly or partly within the referendum area must, in the absence of special circumstances, be in the parliamentary polling place for that district.

(6) The relevant returning or counting officer must provide each polling station with such number of compartments as may be necessary in which the voters and proxies can mark their votes screened from observation.
