

EXPLANATORY MEMORANDUM TO
THE TIMBER AND TIMBER PRODUCTS AND FLEGT (AMENDMENT) (EU
EXIT) REGULATIONS 2020

2020 No. [XXXX]

1. Introduction

- 1.1 This Explanatory Memorandum has been prepared by the Department for Environment, Food and Rural Affairs and is laid before Parliament by Command of Her Majesty.

2. Purpose of the instrument

- 2.1 This instrument amends The Timber and Timber Products and FLEGT (EU Exit) Regulations 2018 (“SI 2018/1025”) on the trade in timber and timber products (“the 2018 Exit regulations”) for purposes relating to the implementation of the Protocol on Ireland / Northern Ireland (“the Protocol”), and for the purpose of addressing deficiencies that have arisen since the 2018 Exit regulations.

Explanations

What did any relevant EU law do before exit day?

- 2.2 Directly applicable EU regulations on illegal timber are: Council Regulation (EC) No 2173/2005 on the establishment of a Forest Law Enforcement Governance and Trade (“FLEGT”) licensing scheme for imports of timber into the European Community, Regulation (EU) No 995/2010 of the European Parliament and of the Council of 20 October 2010 laying down the obligations of operators who place timber and timber products on the market, Commission Delegated Regulation (EU) No. 363/2012 on the procedural rules for the recognition and withdrawal of monitoring organisations as provided for in Regulation (EU) No 995/2010 of the European Parliament and the Council laying down the obligations of operators who place timber and timber products on the market, Commission Implementing Regulation (EU) No. 607/2012 on the detailed rules concerning the due diligence system and the frequency and nature of the checks on monitoring organisations as provided for in Regulation (EU) No 995/2010 of the European Parliament and of the Council laying down the obligations of operators who place timber and timber products on the market, Commission Regulation (EC) No 1024/2008 of 17 October 2008 laying down detailed measures for the implementation of Council Regulation (EC) No 2173/2005 on the establishment of a FLEGT licensing scheme for imports of timber into the European Community. There are further implementing regulations in the UK: The Timber and Timber Products (Placing on the Market) Regulations 2013 (SI 2013/233), and The Forest Law Enforcement, Governance and Trade Regulations 2012 (SI 2012/178) (including the amending regulations 2016 (SI 2013/940)).
- 2.3 The EU Timber Regulation (Regulation (EU) No. 995/2010) (“EUTR”) applies to timber harvested in the EU and in third countries. It imposes obligations on those who place timber or timber products on the EU internal market for the first time (“operators”) and those who sell or buy these goods in the course of a commercial activity (“traders”). Operators must not place illegally harvested timber on the EU

market and must carry out due diligence by using a framework of measures and procedures (a “due diligence system”). Traders have an obligation to maintain records sufficient to trace timber through the supply chain. The EUTR provides for the recognition of monitoring organisations which have developed due diligence systems for use by operators. Other EU and UK regulations implement aspects of the EUTR.

- 2.4 The EU has entered into voluntary partnership agreements (“VPAs”) with certain partner countries in order to implement a licensing scheme to verify the legality of timber exported to the EU. The FLEGT Regulation (Council Regulation (EC) No 2173/2005) prohibits imports of particular timber products from such countries unless they are covered by a licence. A FLEGT licence covering each shipment must be available to Member State’s competent authorities at the same time as the customs declaration for that shipment is presented for release for free circulation in the EU (Article 5.1 FLEGT Regulation). Other EU and UK regulations implement aspects of the FLEGT Regulation.
- 2.5 Timber embedded in timber products covered by the FLEGT Regulation is considered to have been ‘legally harvested’ for the purpose of the EUTR.

Why is it being changed?

- 2.6 This instrument makes minor amendments to the Timber and Timber Products and FLEGT (EU Exit) Regulations 2018 for the purpose of operating in accordance with the Protocol, and for the purpose of addressing deficiencies that have arisen since the Exit regulations were laid in 2018.

What will it now do?

- 2.7 This instrument will ensure that the UK legislation described above for the trade in legally harvested Timber will operate effectively in the UK, while EU legislation will operate in Northern Ireland, both for the purposes of implementing the Protocol.

5. European Convention on Human Rights

5.1 The Minister of State Lord Goldsmith has made the following statement regarding Human Rights:

“In my view the provisions of the Timber and Timber Products and FLEGT (EU Exit) Regulations 2020 are compatible with the Convention rights.”

6. Legislative Context

6.1 This instrument ensures that existing EU and UK legislation establishing the regime that prohibits the placing of illegally harvested timber on the market and establishing a licensing scheme to improve the supply of legally harvested timber, will continue to be operable after the end of the implementation period.

7. Policy background

What is being done and why?

7.1 The intention is to ensure the United Kingdom Timber Regulation (“UKTR”) and UK FLEGT regulations that tackle illegal logging and ensure the demand for, and supply of, legally harvested timber are operable. This is being done by amending The Timber and Timber Products and FLEGT (EU Exit) Regulations 2018 on the trade in timber and timber products. EU regulations: ‘Council Regulation (EC) No 2173/2005 of 20 December 2005 on the establishment of a FLEGT licensing scheme for imports of timber into the European Community’, and ‘Regulation (EU) No 995/2010 of the European Parliament and of the Council laying down the obligations of operators who place timber and timber products on the market, that tackle illegal logging and ensure the demand for, and supply of, legally harvested timber’ will remain operable in Northern Ireland while being in conformity with the Protocol. The Timber and Timber Products and FLEGT (EU Exit) Regulations 2018 will continue to apply in England, Scotland and Wales.

7.2 FLEGT regulations (Council Regulation 2173/2005): These regulations provide for Voluntary Partnership Agreements, which are agreements between two States or regional organisations to implement a FLEGT licensing scheme. As such, the partnership agreement is between the United Kingdom as a State and another entity. In order to reflect this, reference to the United Kingdom has been retained here. The effect will be that Voluntary Partnership Agreements entered into by the UK with producer countries will extend to Northern Ireland.

7.3 Timber regulations (Regulation 995/2010):

- The regulations speak of timber being placed on the market and lay down the instances in which ‘operators’ – those placing timber on the market for the first time – have to exercise due diligence to ensure that illegally harvested timber is not placed on the market. In order to ensure unfettered market access between Northern Ireland and GB, through the avoidance of new checks, the definition of the internal market has been retained as the United Kingdom.

- The regulations make provisions for the recognition of monitoring organisations (“MOs”). These are businesses that support operators with their due diligence systems. Businesses must apply for recognition as an MO, and the regulations lay down where they must be legally established in order to apply. In order that businesses established in Northern Ireland are able to apply for recognition as an MO, references are retained to the United Kingdom.
 - The regulations make reference to reporting requirements, including the requirement that a report takes into account progress made with regard to partnership agreements and their impact on minimising the presence of illegally harvested timber on the market. As above, reference to the United Kingdom has been retained to reflect the nature of such agreements.
- 7.4 This instrument corrects a typographical error in regulation to 6(5)(a) of the 2018 Exit Regulations to change ‘in’ to ‘by’. Since this instrument corrects an error in the 2018 Exit Regulations, we are issuing this instrument free of charge to all known recipients of the 2018 Exit Regulations. The Department has complied with the requirement stated in paragraph 4.7.6 of Statutory Instrument Practice to consult with the SI Registrar.
- 8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union**
- 8.1 This instrument is being made in exercise of the powers conferred by sections 8(1) and 8C (1) of, and paragraph 21 of Schedule 7 to, the European Union (Withdrawal) Act 2018.
- 9. Consolidation**
- 9.1 This instrument is not consolidating any other provisions.

- 12.3 An Impact Assessment has not been prepared for this instrument as no, or no significant, impact on the private or voluntary sector is foreseen and this instrument relates to maintenance of existing regulatory standards.
