

EXPLANATORY MEMORANDUM TO

THE PLANT HEALTH (PHYTOSANITARY CONDITIONS) (AMENDMENT) (EU EXIT) REGULATIONS 2020

2020 No. [XXXX]

1. Introduction

- 1.1 This explanatory memorandum has been prepared by Department for Environment, Food and Rural Affairs and is laid before Parliament by Command of Her Majesty.

2. Purpose of the instrument

- 2.1 The purpose of this instrument is to protect biosecurity and support trade by ensuring that effective phytosanitary controls continue to operate within GB and between GB and the EU at the end of the Transition Period on 31 December 2020.
- 2.2 Regulation (EU) 2016/2031 on protective measures against pests of plants and Regulation (EU) 2017/625 on official controls and other official activities performed to ensure the application of food and feed law, rules on animal health and welfare, plant health and plant protection products (“the EU Regulations”) and associated implementing legislation will be made operable for GB.

Explanations

What did any relevant EU law do before exit day?

- 2.3 The EU Regulations form part of the EU Smarter Rules for Safer Food package of regulations. This package was designed to modernise, simplify and improve existing health and safety standards for the agri-food chain, taking a risk-based approach to animal, plant and public health protection and introducing more efficient pest and disease control measures.
- 2.4 The EU Regulations, and the implementing legislation made under those Regulations, such as Commission Implementing Regulation (EU) 2019/2072, are directly applicable (i.e. national implementing legislation was not needed for them to take effect in UK law). The Official Controls (Plant Health and Genetically Modified Organisms) (England) Regulations 2019 (S.I. 2019/1517) (“the 2019 Regulations”) contain supplementary domestic provisions to enable the competent authorities in England to carry out their obligations under the EU Regulations, enforce these EU Regulations and implement derogations to various provisions in the EU Regulations that are available to Member States. Separate but parallel domestic legislation applies in Wales, Northern Ireland, and Scotland.

Why is it being changed?

- 2.5 At the end of the Transition Period the EU Regulations, and the implementing legislation made under these Regulations, will contain inoperable rules that would prevent the UK government and the Devolved Administrations from being able to deliver workable legislation on plant health.

What will it now do?

- 2.6 The Plant Health (Phytosanitary Conditions) (Amendment) (EU Exit) Regulations 2020 make operability changes and other consequential amendments to Commission Implementing Regulation (EU) 2019/2072 establishing uniform conditions for the implementation of Regulation (EU) 2016/2031 on protective measures against pests of plants the (“EU Plant Health Regulation”) to ensure the continued functioning of plant health phytosanitary controls within GB and between GB and the EU at the end of the Transition Period.

3. Matters of special interest to Parliament

Matters of special interest to the Joint Committee on Statutory Instruments

- 3.1 None.

Matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business (English Votes for English Laws)

- 3.2 The territorial application of this instrument includes Scotland.

4. Extent and Territorial Application

- 4.1 The territorial extent of this instrument is England, Wales and Scotland.
4.2 The territorial application of this instrument is England, Wales and Scotland.

5. European Convention on Human Rights

- 5.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble, has made the following statement regarding Human Rights:
“In my view the provisions of the Plant Health (Phytosanitary Condition Regulation) (Amendment) (EU Exit) Regulations 2020 are compatible with the Convention rights.”

6. Legislative Context

- 6.1 The Withdrawal Act converts and preserves EU law at the end of the Transition Period into domestic law (“retained EU law”). This instrument is made under powers conferred by the Withdrawal Act, in order to address failures in retained EU law to operate effectively and other deficiencies arising from the withdrawal of the United Kingdom from the European Union.
- 6.2 If retained EU law was not amended, it would contain inoperable rules that would prevent the UK government and the Devolved Administrations from being able to deliver workable legislation on plant health. This instrument uses the powers in Section 8 of the Withdrawal Act to correct these deficiencies. The legislation being amended would not have the right effect as it would not reflect the change in the legislative position following the Withdrawal Act, the Protocol of Ireland / Northern Ireland (“the Protocol”) and amendments which have been made to the EU Regulations since they were made.
- 6.3 This instrument makes amendments to legislation in the field of plant health. It makes amendments to Commission Implementing Regulation (EU) 2019/2072 establishing uniform conditions for the implementation of Regulation (EU) 2016/2031 of the European Parliament and the Council (“the EU Plant Health Regulation”).

7. Policy background

What is being done and why?

- 7.1 All the amendments introduced by this instrument are technical operability amendments and do not include any policy changes.
- 7.2 The purpose of this instrument is to protect biosecurity and support trade by ensuring that effective phytosanitary controls continue to operate within GB and between GB and the EU at the end of the Transition Period on 31 December 2020. It sets out the lists of GB quarantine pests, provisional GB quarantine pests, Pest Free Area quarantine pests and GB regulated non-quarantine pests, and measures in relation to the introduction of plants, plant products and other objects into GB and the movement of plants, plant products and other objects within GB to reduce the risks in connection with those pests to an acceptable level.
- 7.3 For Northern Ireland, separate legislative arrangements will be needed in order to maintain alignment with Sanitary and Phytosanitary related EU regulations and specify requirements for GB goods entering Northern Ireland.

8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union

- 8.1 The Plant Health (Phytosanitary Conditions) (Amendment) (EU Exit) Regulations 2020 are being made using the powers in section 8 and paragraph 21 of Schedule 7 of the European Union (Withdrawal) Act 2018, in order to address failures of retained EU law to operate effectively or other deficiencies (within the meaning of that Act) arising from the withdrawal of the United Kingdom from the European Union. In accordance with the requirements of that Act, the Minister has made the relevant statements as detailed in Part 2 of the Annex to this Explanatory Memorandum.

9. Consolidation

- 9.1 Not applicable to this instrument.

10. Consultation outcome

- 10.1 Stakeholders have not been consulted as all the amendments introduced by this instrument are technical operability amendments and not policy changes.
- 10.2 The Scottish and Welsh Devolved Administrations have been consulted about the proposed amendments and are content.

11. Guidance

- 11.1 The Animal and Plant Health Agency and the Forestry Commission are the relevant delivery body and are developing an implementation plan and associated guidance for publication.

12. Impact

- 12.1 There is no significant impact on business, charities or voluntary bodies as a result of policy changes introduced under this instrument.
- 12.2 There is no significant impact on the public sector as a result of policy changes introduced under this instrument.

12.3 An impact assessment has not been prepared for this instrument because the direct impacts on businesses and the public sector described above are a result of the terms of the Withdrawal Act and do not reflect any change in GB plant health policy.

13. Regulating small business

13.1 This instrument applies to activities that are undertaken by small businesses.

13.2 This instrument applies equally to all businesses importing controlled plant health material, including small businesses. The risk of introducing harmful organisms is not mitigated by the size of the business.

14. Monitoring & review

14.1 No specific monitoring arrangements are needed.

14.2 As this instrument is made under the EU Withdrawal Act 2018, no review clause is required.

15. Contact

15.1 Kate Somerwill-Owens at the Department for Environment, Food and Rural Affairs Telephone: 02080 5654319 or email: kate.somerwill-owens@defra.gov.uk can be contacted with any queries regarding this instrument.

15.2 Nicola Spence, Deputy Director for Plant Health, Bee Health and Seeds, at the Department for Environment, Food and Rural Affairs can confirm that this Explanatory Memorandum meets the required standard.

15.3 Lord Gardiner of Kimble, Parliamentary Under Secretary of State at the Department for Environment, Food and Rural Affairs can confirm that this Explanatory Memorandum meets the required standard.

Part 2

Statements required when using enabling powers under the European Union (Withdrawal) 2018 Act

1. Appropriateness statement

- 1.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

“In my view the Plant Health (Phytosanitary Conditions) (Amendment) (EU Exit) Regulations 2020 do no more than is appropriate”.

- 1.2 This is the case because this instrument corrects technical deficiencies that arise from the UK’s withdrawal from the EU and ensure that the existing regimes for safeguarding UK biosecurity will continue to operate effectively after the end of the Transition Period. This is in line with government policy.

2. Good reasons

- 2.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

“In my view there are good reasons for the provisions in this instrument and I have concluded they are a reasonable course of action”.

- 2.2 These are that there is real public concern about biosecurity and that the government should at least maintain the protections that currently exist.

3. Equalities

- 3.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble has made the following statement:

“This instrument does not amend, repeal or revoke a provision or provisions in the Equality Act 2006 or the Equality Act 2010 or subordinate legislation made under those Acts.”

- 3.2 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

“In relation to this instrument, I, Lord Gardiner of Kimble have had due regard to the need to eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010.”

4. Explanations

- 4.1 The explanations statement has been made in section 2 of the main body of this Explanatory Memorandum.
