7. Policy background

What is being done and why?

- 7.1 The Health and Social Care Levy Act 2021 provides for a temporary increase in the rate of Class 1, 1A, 1B and 4 NICs by 1.25 percentage points. It is necessary to adjust the MWRR accordingly.

- 7.2 This instrument ensures that the MWRR is also temporarily increased by 1.25 percentage points for the 2022-23 tax year, prior to the introduction of the Health and Social Care Levy as a separate tax from April 2023. This is in line with pre-announced policy and ensures that there is a consistent approach to all NICs payers.
- 8. European Union Withdrawal and Future Relationship**
- 8.1 This instrument does not relate to withdrawal from the European Union / trigger the statement requirements under the European Union (Withdrawal) Act.
- 9. Consolidation**
- 9.1 Consolidation is not being considered at this time because it is a temporary change for one year.
- 10. Consultation outcome**
- 10.1 There was no consultation because these changes are in line with the rate increases introduced as part of the Act.
- 11. Guidance**
- 11.1 Guidance on the Health and Social Care Levy and the transitional arrangements have been published on GOV.UK at <https://www.gov.uk/guidance/prepare-for-the-health-and-social-care-levy>.

It remains an accurate summary of the impacts that apply to this instrument.
- 13. Regulating small business**
- 13.1 The legislation applies to activities that are undertaken by small businesses as they are required to run payroll.
- 13.2 To minimise the impact of the requirements on small businesses (employing up to 50 people), the approach taken is to publish clear guidance to support employers.
- 14. Monitoring & review**
- 14.1 This instrument makes a small and temporary change to the MWRR and will not be subject to specific monitoring and review.
