

**CHAPTER lxxii.**

An Act to confer further powers upon the Malvern Hills Conservators and for other purposes. A.D. 1930.

[4th June 1930.]

**W**HEREAS the Malvern Hills Conservators (herein referred to as "the Conservators") were incorporated by the Malvern Hills Act 1884 and were invested with certain powers of protection control and management with regard to the lands in that Act specified and provision was made for restricting the user and enjoyment of the said lands :

And whereas the lands under the jurisdiction of the Conservators and commonly known as the Malvern Hills have been widely known and admired for their natural beauty and have formed a centre of attraction to the inhabitants of the counties of Worcester and Hereford and to a largely increasing number of visitors coming from all parts of the country for the purposes of health recreation and enjoyment and the prosperity and development of the district depend upon the preservation of the amenities of the Malvern Hills :

And whereas further powers were conferred upon the Conservators by the Malvern Hills Act 1924 for the prevention of encroachments and enclosures on the lands forming the Malvern Hills and also for the management and control of the same :

And whereas the existing powers of the Conservators are insufficient to preserve the Malvern Hills and it is desirable that further powers of protecting controlling

A.D. 1930. — and dealing with the Malvern Hills should be conferred upon the Conservators as in this Act provided :

And whereas the Conservators have under their jurisdiction the lands specified in the schedule to this Act and which lands could without detriment to the enjoyment and user of the Malvern Hills by the public be disposed of and the proceeds arising from any such transaction used in the purchase of other lands and it is expedient that the Conservators should be invested with powers for the sale lease exchange or disposition of any such lands subject to the provisions of this Act :

And whereas it is expedient that for the purposes of adjusting defining or improving the boundaries of the Malvern Hills the Conservators should have power to exchange lands for other lands :

And whereas many persons resort to the Malvern Hills on holidays and during the summer months for the purpose of recreation and enjoyment and in order to meet the convenience and requirements of such persons it is expedient that the Conservators should have power to make provision for lavatories and parking places for vehicles and to license the erection of refreshment stalls on the Malvern Hills :

And whereas it is expedient that the Conservators should have power to set apart certain lands on those parts of the Malvern Hills known as the Malvern Common and Malvern Link Common for the purpose of games and for the holding of meetings and athletic sports and to enclose temporarily parts of the Malvern Link Common for the holding of agricultural and other exhibitions or shows :

And whereas it is expedient that the other provisions contained in this Act should be enacted :

And whereas the objects of this Act cannot be attained without the authority of Parliament :

May it therefore please Your Majesty that it may be enacted and be it enacted by the King's most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled and by the authority of the same as follows :—
