CHATHAM, ROCHESTER AND DISTRICT.

A.D. 1890.]

Provisional Order granted by the Board of Trade under the Electric Lighting Acts, 1882 and 1888, to the Chatham, Rochester and District Electric Lighting Company, Limited, in respect of Chatham, Rochester and District.

Chatham,
Rochester
and
District

Preliminary.

1. This Order may be cited as the Chatham, Rochester and District Electric Lighting Order, 1890. Short title.

2. This Order is to be read and construed subject in all respects to the provisions of the Electric Lighting Acts, 1882 and 1888, and of any other Acts or parts of Acts incorporated therewith, which said Acts and parts of Acts are in this Order collectively referred to as "the principal Act"; and the several words, terms, and expressions to which by the principal Act meanings are assigned, shall have in this Order the same respective meanings, provided that in this Order— Interpretation.

The expression "energy" shall mean electrical energy, and for the purposes of applying the provisions of the principal Act to this Order electrical energy shall be deemed to be an agency within the meaning of electricity as defined in the Electric Lighting Act, 1882:

The expression "power" shall mean electrical power or the rate per unit of time at which energy is supplied:

The expression "main" shall mean any electric line which may be laid down by the Undertakers in any street or public place, and through which energy may be supplied or intended to be supplied by the Undertakers for the purpose of general supply:

The expression "service line" shall mean any electric line through which energy may be supplied or intended to be supplied by the Undertakers to a consumer either from any main or directly from the premises of the Undertakers:

The expression "distributing main" shall mean the portion of any main which is used for the purpose of giving origin to service lines for the purposes of general supply:

The expression "general supply" shall mean the general supply of energy to ordinary consumers, and, unless otherwise specially agreed with the local authority, to the public lamps, but shall not include the supply of energy to any one or more particular consumers under special agreement:

The expression "area of supply" shall mean the area within which the Undertakers are, for the time being, authorised to supply energy under the provisions of this Order

[Ch. cxcvii.] *Electric Lighting Orders Confirmation* [53 & 54 VICT.]
(No. 11) Act, 1890.

A.D. 1890.

*Chatham,
Rochester
and
District.*

The expression "local authority" shall mean, with respect to each district of a local authority or part thereof comprised within the area of supply, the local authority for that district or part.

The expression "consumer" shall mean any body or person supplied or entitled to be supplied with energy by the Undertakers.

The expression "consumer's terminals" shall mean the ends of the electric lines situate upon any consumer's premises and belonging to him, at which the supply of energy is delivered from the service lines.

The expression "telegraphic line," when used with respect to any telegraphic line of the Postmaster-General, shall have the same meaning as in the Telegraph Act, 1878, and any such telegraphic line shall be deemed to be injuriously affected where telegraphic communication by means of such line is, whether through induction or otherwise, in any manner affected.

The expression "county council" shall mean the county council of Kent.

The expression "railway" shall include any tramroad, that is to say, any tramway other than a tramway as herein-after defined.

The expression "tramway" shall mean any tramway laid along any street.

The expression "daily penalty" shall mean a penalty for each day on which any offence is continued after conviction thereof.

The expressions "First Schedule," "Second Schedule," "Third Schedule," and "Fourth Schedule" shall mean the First, Second, Third, and Fourth Schedules to this Order annexed respectively.

The expression "deposited map" shall mean the map of the area of supply deposited at the Board of Trade by the Undertakers together with this Order and signed by an assistant secretary to the Board of Trade.

The expression "plan" shall mean a plan drawn to a horizontal scale of at least one inch to 88 feet, and where possible a section drawn to the same horizontal scale as the plan and to a vertical scale of at least one inch to 11 feet, with such detail plan and sections as may be necessary.

Commence-
ment of Order.

3. This Order shall come into force and have effect upon the day when the Act confirming this Order is passed, which date is in this Order referred to as "the commencement of this Order."

Address and Description of the Undertakers.

Address and
description of
Undertakers.

4. The Undertakers for the purpose of this Order are the Chatham, Rochester and District Electric Lighting Company, Limited, being a company registered under the Companies Acts, 1862 to 1886, with limited liability, and having its registered offices at Victualling Office Wharf, in the city of Rochester.

Provided that if the undertaking or any part thereof is at any time purchased by the local authority in accordance with the provisions of this Order, or of the principal Act, such local authority shall from the date of such purchase be the Undertakers in relation to such undertaking or part thereof for the purposes of this Order in lieu of the company above mentioned.

The Undertakers shall not purchase or acquire the undertaking of or associate themselves with any other company or person supplying energy under

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

any license, Provisional Order, or special Act unless the Undertakers are authorised by Parliament to do so. A.D. 1890.

If in contravention of this section the Undertakers purchase or acquire any such undertaking or associate themselves with such other company or person the Board of Trade may, if they think fit, revoke this Order upon such terms as they may think just.

*Chatham,
Rochester
and
District.*

Area of Supply.

5. Subject to the provisions of this Order the area of supply shall be the whole of the area included in the First Schedule, which said area is more particularly delineated upon the deposited map, and thereon coloured red. Area of supply.

6. The Undertakers shall not at any time after the commencement of this Order supply or (except for the purposes of this Order) erect or lay down any electric lines or works beyond the area of supply, otherwise than under the authority of Parliament, or under a license granted by the Board of Trade. Prohibition of supply beyond area of supply.

If the Undertakers supply energy or erect or lay down electric lines or works in contravention of this section, the Board of Trade may revoke this Order on such terms as they may think just.

Security and Accounts.

7. The Undertakers within a period of six months after the commencement of this Order, and before exercising any of the powers by this Order conferred on them in relation to the execution of works, shall show to the satisfaction of the Board of Trade that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this Order throughout the area of supply. Security for execution of works.

The Undertakers shall also, within six months after the commencement of this Order, or such extended period as may be approved by the Board of Trade, and before exercising any of the powers conferred on them in relation to the execution of works, deposit to the satisfaction of the Board of Trade a sum of five hundred pounds, or such sums in respect of the several local authorities districts which are wholly or partly comprised in the area of supply, not exceeding in the aggregate five hundred pounds as the Board of Trade may direct.

If within any such period as aforesaid the Undertakers fail to show to the satisfaction of the Board of Trade that they are in such a position as above mentioned, or fail to deposit or secure such sum or sums as aforesaid, the Board of Trade may, after considering any representations which the local authority may make, revoke this Order as to the whole, or, with the consent of the Undertakers, any part of the area of supply, upon such terms as they may think just.

Any sum severally deposited or secured by the Undertakers under the provisions of this section in respect of the area of supply or of any such district, shall be repaid or released to them from time to time in equal moieties, when and so soon as it may be certified by an inspector, to be appointed by the Board of Trade, that amounts equal to the sums so to be repaid or released have been expended by the Undertakers upon works

executed for the purposes of the undertaking, or that distributing mains have been duly laid down in accordance with the provisions of this Order in every street, or part of a street, specified in that behalf in the Second Schedule, and situate in such area or district, or at such earlier dates and by such instalments as may from time to time be approved by the Board of Trade.

Separate
accounts to
be kept of
undertaking.

8. The Undertakers shall, except with the special approval of the Board of Trade, to be previously given (after consideration of any representations which the local authority may make), at all times keep accounts of the capital employed for the purposes of the undertaking distinct from the accounts kept by them in respect of any other undertaking or business.

Audit of
Undertakers
accounts.

9. The annual statement of accounts of the undertaking, before being published as provided by section nine of the Electric Lighting Act, 1882, shall, so long as the local authority are not the Undertakers, be examined and audited by such competent and impartial person as the county council shall from time to time appoint, and the remuneration of the auditor shall be such as the county council shall from time to time direct, and the same and all expenses incurred by him in or about the execution of his duties, to such an amount as the county council shall approve, shall be paid by the Undertakers on demand, and shall be recoverable summarily as a civil debt.

The Undertakers shall give to the auditor, his clerks and assistants, access to such of the books and documents relating to the undertaking as shall be necessary for the purposes of the audit, and shall, when required furnish to him and them all vouchers and information requisite for such purpose, and shall afford to him and them all facilities for the proper execution of his and their duty.

The county council may from time to time make and vary regulations prescribing the times at and the mode in which such audit shall be made and conducted, or otherwise, for the purpose of giving effect to the provisions of this section.

Nature and Mode of Supply.

Systems and
mode of
supply.

10. Subject to the provisions of this Order and the principal Act, the Undertakers may supply energy within the area of supply for all public and private purposes as defined by the said Act, provided as follows :—

- (1.) Such energy shall be supplied only by means of some system which shall be approved in writing by the Board of Trade, and subject to such regulations and conditions for securing the safety of the public, and for insuring a proper and sufficient supply of energy as the Board of Trade may from time to time impose ; and
- (2.) The Undertakers shall not permit any part of any circuit to be connected with earth except so far as may be necessary for carrying out the provisions of any such regulations or conditions as aforesaid, unless such connexion is for the time being approved of by the Board of Trade, with the concurrence of the Postmaster-General, and is made in accordance with the conditions, if any, of such approval ; and

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

(3.) The Undertakers shall construct their mains and other works of all descriptions and shall work their undertaking in all respects so as not injuriously to affect the working of any existing electric circuits from time to time used or intended to be used for the purpose of telegraphic, telephonic, or electric signalling communication, or the currents in such circuits, and shall use every reasonable means in the construction of their mains and other works of all descriptions, and the working of their undertaking, to prevent injurious affection, whether by induction or otherwise, to any electric circuits used or intended to be used for the purposes aforesaid, whether existing at the time of the construction of such mains or other works or not, or the currents in such circuits. If any question arises as to whether the Undertakers have constructed their mains or other works, or worked their undertaking, in contravention of this sub-section, such question shall be determined by arbitration, and the Undertakers shall be bound to make any alterations in or additions to their system which may be directed by the arbitrator.

A.D. 1890.

*Chatham,
Rochester
and
District.*

Provided that nothing in this sub-section contained shall be held to deprive the owners of such electric circuits of any existing rights to proceed against the Undertakers by indictment, action, or otherwise in relation to any of the matters aforesaid.

Works.

11. Subject to the provisions of this Order and the principal Act, the Undertakers may from time to time exercise all or any of the powers conferred on them by this Order and the principal Act, and may break up such streets, not repairable by the local authority, and such railways and tramways (if any) as are specified in the Third Schedule, as far as such streets, railways, and tramways may for the time being be included in the area of supply, and be, or be upon, land dedicated to public use: Provided, however, as respects any such railway, that the powers hereby granted shall extend only to such parts thereof as pass across or along any highway on the level.

Powers for
execution of
works.

Nothing in this Order shall authorise or empower the Undertakers to break up or interfere with any street or part of a street not repairable by the local authority or any railway or tramway, except such streets, railways, or tramways (if any), or such parts thereof, as are specified in the said schedule, without the consent of the authority, company, or person by whom such street, railway, or tramway is repairable, or of the Board of Trade under section thirteen of the Electric Lighting Act, 1882, and where the Board of Trade give such consent, the provisions of this Order shall apply to the street, railway, or tramway to which the consent relates as if it had been specified in the said schedule.

12. Subject to the provisions of this Order and the principal Act, and any regulations made under this Order, the Undertakers may also from time to time construct in any street such boxes as may be necessary for purposes in connexion with the supply of energy, including apparatus for the proper ventilation of such boxes: Provided that no such box shall be placed above ground, except with the consent of the local authority.

Street boxes.

(No. 11) Act, 1890.

A.D. 1890.

*Chatham,
Rochester
and
District.*

Every such box shall be for the exclusive use of the Undertakers and under their sole control, except so far as the Board of Trade may otherwise order, and shall be used by the Undertakers only for the purpose of leading off service lines and other distributing conductors, or for examining testing, regulating, measuring, directing, or controlling the supply of energy, or for examining or testing the condition of the mains or other portions of the works, or for other like purposes connected with the undertaking; and the Undertakers may place therein meters, switches, and any other suitable and proper apparatus for any of the above purposes.

Every such box, including the upper surface or covering thereof, shall be constructed of such materials, and shall be constructed and maintained by the Undertakers in such manner, as not to be a source of danger whether by reason of inequality of surface or otherwise.

The local authority may, with the approval of the Board of Trade, prescribe the hours during which the Undertakers are to have access to such boxes, and if the Undertakers, during any hours not so prescribed, remove or displace or keep removed or displaced the upper surface or covering of any box without the consent of the local authority, they shall be liable to a penalty not exceeding five pounds for every such offence, and to a daily penalty not exceeding five pounds: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Prohibition of
overhead wires.

13. The Undertakers shall not, without the express consent of the local authority, place any electric line above ground, along, over, or across any street or public place, or (except in the case of any electric line so placed before the commencement of this Order and during the time limited by this section for the removal thereof) supply energy by means of any electric line so placed.

Where any electric lines of the Undertakers have been placed above ground as aforesaid before the commencement of this Order, they shall be removed by the Undertakers within a period of two and a half years after such commencement.

If the Undertakers place or fail to remove any electric lines in contravention of this section they shall be liable to a penalty not exceeding ten pounds for every such offence, and to a daily penalty not exceeding five pounds, and any court of summary jurisdiction on complaint made may make an order authorising the removal of any such electric line by such person and on such terms as they may think fit.

Notice of
works, with
plan, to be
served on the
Postmaster-
General and
local authority

14. Where the exercise of any of the powers of the Undertakers in relation to the execution of any works (including the construction of boxes) will involve the placing of any works in, under, along, or across any street or public bridge, the following provisions shall have effect:—

(a.) One month before commencing the execution of such works (not being the repairs, renewals, or amendments of existing works of which the

*Chatham,
Rochester
and
District.*

- (b.) The Postmaster-General or the local authority may in his or their discretion approve of any such works or plan, subject to such amendments or conditions as may seem fit, or may disapprove the same, and may give notice of such approval or disapproval to the Undertakers.
- (c.) Where the Postmaster-General or the local authority approve any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapprove of any such works or plan, the Undertakers may appeal to the Board of Trade, and the Board of Trade may inquire into the matter, and allow or disallow such appeal, and approve any such works or plan, subject to such amendments or conditions as may seem fit, or may disapprove the same.
- (d.) If the Postmaster-General or the local authority fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon them, he or they shall be deemed to have approved such works and plan.
- (e.) Notwithstanding anything in this Order or the principal Act, the Undertakers shall not be entitled to execute any such works as above specified, except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General and the local authority, or by the Board of Trade, as above mentioned; but where any such works, description, and plan are so approved or to be deemed to be approved, the Undertakers may cause such works to be executed in accordance with such description and plan, subject in all respects to the provisions of this Order and of the principal Act.
- (f.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General and the local authority for any loss or damage which he or they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion

that the case was one of emergency, and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertakers works or their supply of energy.

As to streets
not repairable
by local autho-
rity, railways,
and tramways.

15. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in, under, along, or across any street or part of a street not repairable by the local authority or over or under any railway, tramway, or canal, the following provisions shall have effect, unless otherwise agreed between the parties interested:—

- (a.) One month before commencing the execution of any such works (not being the repairs, renewals, or amendments of existing works of which the character and position are not altered) the Undertakers shall, in addition to any other notices which they may be required to give under this Order or the principal Act, serve a notice upon the body or person liable to repair such street or part of a street, or the body or person for the time being entitled to work such railway or tramway or the owners of such canal (as the case may be), in this section referred to as the "owners," describing the proposed works, together with a plan of the works showing the mode and position in which such works are intended to be executed and placed, and shall, upon being required to do so by any such owners, from time to time give them any such further information in relation thereto as they may desire.
- (b.) Every such notice shall contain a reference to this section, and direct the attention of the owners to whom it is given to the provisions thereof.
- (c.) Within three weeks after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the Undertakers requiring that any question in relation to such works, or to compensation in respect thereof, and any other question arising upon such notice or plan as aforesaid, shall be settled by arbitration; and thereupon such question, unless settled by agreement, shall be settled by arbitration accordingly.
- (d.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street, railway, tramway, or canal, and may, if he thinks fit, require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic, so far as may be possible.
- (e.) Where no such requisition as in this section mentioned is served upon the Undertakers, or where, after any such requisition has been served

(No. 11) Act, 1890.

upon them, any question required to be settled by arbitration has been so settled, the Undertakers may, upon paying or securing any compensation which they may be required to pay or secure, cause to be executed the works specified in such notice and plan as aforesaid, and may from time to time repair, renew, and amend the same (provided that their character and position are not altered), but subject in all respects to the provisions of this Order and the principal Act, and only in accordance with the notice and plan so served by them as aforesaid, or such modifications thereof, respectively as may have been settled by arbitration as herein-before mentioned, or as may be agreed upon between the parties:

A.D. 1890.

Chatham,
Rochester
and
District.

(f.) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners, who shall have the right to be present during the execution of such works.

(g.) Where the repair, renewal, or amendment of any existing works, of which the character or position are not altered, will involve any interference with any railway level crossing or any tramway over or under which such works have been placed, the Undertakers shall, unless otherwise agreed between the parties, or in cases of emergency, give to the owners not less than 24 hours notice before commencing to effect such repair, renewal, or amendment, and the owners shall be entitled by their officer to superintend the work, and the Undertakers shall conform to such reasonable requirements as may from time to time be made by the owners or such officer. The said notice shall be in addition to any other notices which the Undertakers may be required to give under this Order or the principal Act.

(h.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

16. The local authority, and any body or person for the time being liable to repair any street or part of a street, or entitled to work any railway or tramway which the Undertakers may be empowered to break up for the purposes of this Order, may, if they think fit, from time to time serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Undertakers as therein specified in relation to the breaking up, filling in, reinstating, or making good any

Local authority, &c. may give notice of desire to break up streets, &c. on behalf of Undertakers.

streets, bridges, sewers, drains, tunnels, or other works vested in or under the control or management of the local authority, or other body or person, as the case may be, and may from time to time amend or revoke any such notice by another notice similarly served. Where the local authority, or any such body or person as aforesaid (in this section referred to as "the givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers, then so long as such notice remains in force the following provisions shall have effect, unless otherwise agreed between the parties interested:—

- (a.) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid, except where they have required the givers of the notice to exercise or discharge such powers or duties, and the givers of the notice have refused or neglected to comply with such requisition, as herein-after provided, or in cases of emergency.
- (b.) In addition to any other notices which they may be required to give under the provisions of this Order or the principal Act, the Undertakers shall, not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced, serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced, and the manner in which any such powers or duties are required to be exercised or discharged.
- (c.) Upon receipt of any such requisition as last aforesaid, the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers subject to the like restrictions and conditions as the Undertakers would themselves be subject to in such exercise or discharge so far as the same may be applicable.
- (d.) If the givers of the notice decline, or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced, neglect to comply with such requisition, the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice.
- (e.) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice; but in such case the Undertakers shall, within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid, give information thereof in writing to the givers of the notice.
- (f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section, they shall be liable to a penalty not exceeding ten pounds

(No. 11) Act, 1890.

for every such offence, and to a daily penalty not exceeding five pounds :
Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Rochester
and
District.*

(g.) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers, and may be recovered summarily before a court of summary jurisdiction.

(h.) The givers of the notice may from time to time, if they think fit, require the Undertakers to give them such security for the repayment to them of any expenses incurred or to be incurred by them under this section as may be determined in manner provided by this Order. If the Undertakers fail to give any such security within seven days after being required to do so, or in case of difference after such difference has been determined by a court of summary jurisdiction, they shall not be entitled to serve any further requisition upon such givers of the notice requiring them to exercise or discharge any powers or duties under this section until such security has been duly given.

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up, filling in, reinstating, or making good any such street or part of a street, or any such bridges, sewers, drains, tunnels, or other works, or railway or tramway as in this section mentioned.

17. The Undertakers may from time to time alter the position of any pipes (not forming part of any sewer of the local authority), or any wires being under any street or place authorised to be broken up by them, which may interfere with the exercise of their powers under the principal Act or this Order ; and any body or person may in like manner alter the position of any electric lines or works of the Undertakers, being under any such street or place as aforesaid, which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place, subject to the following provisions, unless otherwise agreed between the parties interested :—

As to alteration of pipes, wires, &c. under streets.

(a.) One month before commencing any such alteration the Undertakers, or such body or person (as the case may be), in this section referred to as "the operators," shall serve a notice upon the body or person for the time being entitled to such pipes, wires, electric lines, or works (as the case may be), in this section referred to as "the owners," describing the proposed alteration, together with a plan showing the manner in which it is intended that such alterations shall be made, and shall, upon being required to do so by any such owners, from time to time give

them any such further information in relation thereto as they may desire.

- (b.) Within three weeks after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the operators requiring that any question in relation to such works, or to compensation in respect thereof, or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration; and thereupon such question, unless settled by agreement, shall be settled by arbitration accordingly.
- (c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes, wires, electric lines, or works, and may, if he thinks fit, require the operators to execute any temporary or other works, so as to avoid interference with any purpose for which such pipes, wires, electric lines, or works are used so far as may be possible.
- (d.) Where no such requisition as in this section mentioned is served upon the operators, the owners shall be held to have agreed to the notice or plan served on them as aforesaid, and in such case, or where, after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the operators, upon paying or securing any compensation which they may be required to pay or secure, may cause the alterations specified in such notice and plan as aforesaid to be made, but subject in all respects to the provisions of this Order and the principal Act, and only in accordance with the notice and plan so served by them as aforesaid, or such modification thereof respectively as may have been settled by arbitration as herein-before mentioned, or as may be agreed upon between the parties.
- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid, the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves, and where any such statement has been served upon the operators, they shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations, and such owners have refused or neglected to comply with such notification as herein-after provided.
- (f.) Where any such statement as last aforesaid has been served upon the operators, they shall, not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced, serve a notification upon the owners, stating the time when such alterations are required to be commenced, and the manner in which such alterations are required to be made.
- (g.) Upon receipt of any such notification as last aforesaid, the owners may proceed to execute such alterations as required by the operators, subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations, so far as the same may be applicable.

(h.) If the owners decline, or for twenty-four hours after the time when any such alterations are required to be commenced, neglect to comply with such notification, the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them.

(i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators, and may be recovered summarily before a court of summary jurisdiction.

(j.) Any owners may, if they think fit, by any statement served by them under this section upon any operators not being a local authority, require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order, and where any operators have been so required to give security, they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.

(k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss, damage, or penalty which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds: Provided that the operators shall not be subject to any such additional penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the operators complied with the requirements of this section as far as was reasonable under the circumstances.

Provided always that when the local authority in pursuance of their powers as urban sanitary authority shall hereafter sewer, level, pave, metal, flag, channel, or execute other works in any street which for the time being is not repairable by the local authority, the Undertakers shall not be entitled to recover from the local authority any compensation for such alterations or temporary works as aforesaid nor any expenses incurred by the Undertakers in complying with any notification under this section, and the local authority shall not be liable to execute any temporary or other works so as to avoid such interference as aforesaid, but where any such street shall become or for the time being be repairable by the local authority, the foregoing provisions of this section shall apply.

18. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any sewer, drain, watercourse, defence, or work under the jurisdiction or control of the local authority, or any main, pipe, syphon, electric line, or other work belonging to any gas, electric supply, or water company has been lawfully placed, or where any gas or water company

require to dig or sink any trench for laying down or constructing any new mains or pipes (other than service pipes) or other works near to which any lines or works of the Undertakers have been lawfully placed, the Undertakers or such gas or water company (as the case may be), in this section referred to as the "operators," shall, unless otherwise agreed between the parties interested, or in case of sudden emergency, give to the local authority, or to such gas, electric supply, or water company, or to the Undertakers (as the case may be), in this section referred to as the "owners," not less than three days notice before commencing to dig or sink such trench as aforesaid, and such owners shall be entitled by their officer to superintend the work, and the operators shall conform with such reasonable requirements as may from time to time be made by the owners or such officer for protecting from injury every such sewer, drain, watercourse, defence, pipe, syphon, electric line, or work, and for securing access thereto, and they shall also, if required to do so by the owners thereof, repair any damage that may be done thereto.

When the operators find it necessary to undermine but not alter the position of any pipe, electric line, or work, they shall temporarily support the same in position during the execution of their works, and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line, crossing, or liable to touch any mains, pipes, lines, or services belonging to any gas electric supply, or water company, the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade; and the Undertakers shall not, except with the consent of the gas, electric supply, or water company, as the case may be, and of the Board of Trade, lay their electric lines so as to come into contact with any such mains, pipes, lines, or services, or, except with the like consent, employ any such mains, pipes, lines, or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section, they shall make full compensation to all owners affected thereby for any loss, damage, penalty, or costs which they may incur by reason thereof; and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds. Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances, or that the default in question was due to the fact that the operators were ignorant of the position of the sewer, drain, watercourse, defence, pipe, electric line, or work affected thereby, and that such ignorance was not owing to any negligence on the part of the operators.

For the purposes of this section the expression "gas company" shall mean any body or body or person lawfully supplying gas; the expression "water company" shall mean any body or person lawfully supplying water or water power; and the expression "electric supply company" shall mean any body

or person supplying energy under the principal Act, but not under this Order. A.D. 1890.

19. In the exercise of any of the powers of this Order relating to the execution of works, the Undertakers shall not in any way injure the railways, tunnels, arches, works, or conveniences belonging to any railway or canal company, nor obstruct or interfere with the working of the traffic passing along any railway or canal. *Chatham, Rochester and District.* For protection of railway and canal companies.

20. Seven days before commencing to lay down any electric line, or to supply energy through any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wires or lines lawfully laid down or placed in any position may be injuriously affected, the Undertakers shall, unless otherwise agreed between the parties interested, give to the body or person for the time being entitled to such wires or lines, notice in writing specifying the course, nature, and gauge of such electric lines, and the amount and nature of the currents intended to be sent along the same, and the extent to and manner in which (if at all) earth returns are proposed to be used; and the Undertakers shall conform with such reasonable requirements as may from time to time be made by such body or person as aforesaid for the purpose of preventing the communication through such wires or lines from being injuriously affected as aforesaid. For protection of telegraphic and telephonic wires.

If any difference arises between any such body or person and the Undertakers with respect to the reasonableness of any requirements so made, such difference shall be determined by arbitration.

Provided that nothing in this section shall apply to repairs or renewals of any electric line so long as the course, nature and gauge of such electric line and the amount and nature of the current sent along the same are not altered.

If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall make full compensation to the body or person entitled to any such wire or line for any loss or damage which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default, and to a daily penalty not exceeding forty shillings: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the Undertakers complied with the requirements and restrictions of this section so far as was reasonable under the circumstances, or that the default in question was due to the fact that the Undertakers were ignorant of the position of the wires or lines affected thereby, and that such ignorance was not owing to any negligence on the part of the Undertakers.

Compulsory Works.

21.—(1.) The Undertakers shall, within a period of two and a half years after the commencement of this Order, lay down suitable and sufficient Mains, &c. to be laid down in streets specified

Schedule and

distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule, and shall thereafter maintain the same. In the streets mentioned in Part Two of the said schedule, such distributing mains as aforesaid shall be laid down on both sides of the street and under the footways thereof.

(2.) In addition to the mains herein-before specified the Undertakers shall, at any time after the expiration of two years after the commencement of this Order, lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply, upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them, or such further time as may in any case be approved of by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority, which is not mentioned in the Third Schedule, the Undertakers shall (unless the authority, company or person by whom such street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section 13 of the Electric Lighting Act, 1882, for the written consent of the Board authorising and empowering the Undertakers to break up such street, and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

As to laying of
electric line
under special
agreement.

22. Twenty-eight days at the least before commencing to lay in any street any electric line which is intended for supplying energy to any particular consumer, and not for the purposes of general supply, the Undertakers shall serve upon the local authority, and upon the owner and occupier of all premises abutting on so much of the street as lies between the points of origin and termination of the electric line so to be laid, a notice stating that the Undertakers intend to lay such electric line, and setting forth the effect of this section, and if within the said period any two or more of such owners or occupiers shall require in accordance with the provisions of this Order that a supply shall be given to their premises, the necessary distributing main shall be laid by the Undertakers at the same time as the electric line intended for such particular consumer.

If Undertakers
fail to lay down
mains, &c.,
Order may be
revoked.

23. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively, they shall be liable to a penalty not exceeding five pounds in respect of each such default for each day during which such default continues, and if the Board of Trade are of opinion in any case that such default is wilful and unreasonably prolonged they may, after considering any representations of the local authority, revoke this Order as to the whole or, with the consent of the Undertakers, any part of the area of supply, or, if the Undertakers so desire, may, after having given any

opportunity to the local authority to make representations and objections with reference thereto, suffer the same to remain in force as to such area or part thereof, subject to such conditions as they may think fit to impose, and any conditions as may be imposed shall be binding on and observed by the Undertakers, and shall be of the like force and effect in every respect as though they were contained in this Order.

A.D. 1890.

*Chatham,
Rochester
and

24. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street, or, where the local authority has the control and management of the public lamps in such street or part of a street, by the local authority.

Manner in
which re-
quisition is to
be made.

Every such requisition shall be signed by the persons making the same, or by the local authority (as the case may be), and shall be served upon the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office, and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply and to the local authority on application for the same, and any requisition so supplied shall be deemed valid in point of form.

25. Where any such requisition is made by any such owners or occupiers as aforesaid, the Undertakers (if they think fit), may, within fourteen days after the service of the requisition upon them, serve a notice on all the persons by whom the requisition is signed, stating that they decline to be bound by such requisition unless such persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years of such amount in the aggregate (to be specified by the Undertakers in such notice) as will, at the rates of charge for the time being charged by the Undertakers for a supply of energy from the distributing mains to ordinary consumers within the area of supply, produce annually such reasonable sum as shall be specified by the Undertakers in such notice: Provided that in such notice the Undertakers shall not without the authority of the Board of Trade specify any sum exceeding twenty per centum upon the expense of providing and laying down the required distributing mains and any other mains and additions to existing mains which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Provisions on
requisition by
owners or
occupiers.

Where such notice is served the requisition shall not be binding on the Undertakers unless within fourteen days after the service of such notice on all the persons signing the requisition has been effected, or in case of difference the delivery of the arbitrator's award, there be tendered to the Undertakers an agreement severally executed by such persons or some of them, binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified produce an annual sum

amounting to the sum specified in the notice or determined by arbitration under this section, nor unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from such persons under such agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If the Undertakers consider that the requisition is unreasonable, or that, under the circumstances of the case the provisions of this section ought to be varied, they may before serving such notice, appeal to the Board of Trade, who, after such inquiry, if any, as they shall think fit, may, by order, either determine that the requisition is unreasonable and shall not be binding upon the Undertakers, or may authorise the Undertakers by their notice (to be served within fourteen days after the decision of the Board of Trade) to require a supply of energy to be taken for such longer period than 3 years, and to specify such sum or per-centage whether calculated as herein-before provided or otherwise, as shall be fixed or directed by the Order, and the terms of the above-mentioned agreement shall be varied accordingly.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice, agreement or security, such difference shall, subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid, be determined by arbitration.

Provisions on
requisition by
local authority.

26. Where any such requisition is made by the local authority it shall not be binding on the Undertakers unless at the time when such service is effected, or within fourteen days thereafter, there be tendered to the Undertakers (if required by them) an agreement executed by the local authority, and binding them to take for a period of three years at the least a supply of energy for lighting such public lamps in the street or part of a street in respect of which the requisition is made as may be under their management or control.

Supply.

Undertakers
to furnish
sufficient
supply of
energy to
owners and
occupiers
within the area
of supply.

27. The Undertakers shall, upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are, for the time being, required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions, subject to which they are authorised to supply energy under this Order, give and continue to give a supply of energy for such premises in accordance with the provisions of this Order, and of all such regulations and conditions as aforesaid, and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order, subject to the conditions following; (that is to say,)

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in

(No. 11) Act, 1890.

the possession of such occupier, and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers, although not on such property, shall, if the Undertakers so require, be defrayed by such owner or occupier.

A.D. 1890.

Chatham,
Rochester
and
District.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied, and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and,

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same, at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply, shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply, and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may from time to time become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers, and in respect of energy to be supplied by them.

Provided always, that the Undertakers may, after they have given a supply of energy for any premises, by notice in writing, require the owner or occupier of such premises, within seven days after the date of the service of such notice, to give to them security for the payment of all moneys which may from time to time become due to them in respect of such supply, in case such owner or occupier has not already given such security, or in case any security given has become invalid or is insufficient; and in case any such owner or occupier fail to comply with the terms of such notice, the Undertakers may, if they think fit, discontinue to supply energy for such premises so long as such failure continues.

Provided also, that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner, or uses the energy supplied to him by the Undertakers for any purposes, or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers, the Undertakers may, if they think fit, discontinue to supply energy to such premises so long as such user continues.

Provided also, that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines, fittings, and apparatus therein are in good order and condition, and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

Maximum
power.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any Electric lines, fittings, or apparatus, such difference shall be determined by arbitration.

28. The maximum power with which any such consumer shall be entitled to be supplied shall be of such amount as he may from time to time require to be supplied with, not exceeding what may be reasonably anticipated as the maximum consumption on his premises: Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount, he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers, and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of such consumer, or any fittings or apparatus of the Undertakers upon such premises, consequent upon such alteration, shall be paid by him to the Undertakers, and may be recovered summarily as a civil debt.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section, such difference shall be determined by arbitration.

Supply of
energy to
public lamps.

29. The Undertakers, upon receiving reasonable notice from the local authority requiring them to supply energy to any public lamps within the distance of seventy-five yards from any distributing main of the Undertakers in which they are for the time being required to maintain a current of energy for the purposes of general supply under this Order, or any regulations and conditions subject to which they are authorised to supply energy under this Order, shall give and continue to give a supply of energy to such lamps in such quantities as the local authority may from time to time require to be supplied.

Penalty for
failure to
supply.

30. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order, they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day on which any such default occurs.

Whenever the Undertakers make default in supplying energy to the public lamps to which they may be and are required to supply energy under this Order, they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each such lamp, and for each day on which any such default occurs.

Whenever the Undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorised to supply energy under this Order they shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in

(No. 11) Act, 1890.

respect of any defaults not being wilful defaults on the part of the Undertakers for any one day, and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

Price.

31. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

Methods of
charging.

- (1.) By the actual amount of energy so supplied ; or,
- (2.) By the electrical quantity contained in such supply ; or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade, any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him, or by the electrical quantity contained in such supply, and thereafter the Undertakers shall not, except with the consumer's consent, charge him by any other method.

Provided also that, before commencing to supply energy through any distributing main for the purposes of general supply, the Undertakers shall give notice to the local authority by what method they propose to charge for energy supplied through such main, and if the local authority become the Undertakers under this Order they shall give the like notice by public advertisement ; and, where the Undertakers have given any such notice, they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to the local authority and to every consumer of energy who is supplied by them from such main.

32. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively, or in the case of a method of charge approved by the Board of Trade, such price as the Board of Trade shall on approving such method determine.

Maximum
prices.

Provided that if the local authority or the Undertakers shall, at any time after the expiration of seven years after the commencement of this Order, make a representation to the Board of Trade that the prices or methods of charge stated in the said schedule or approved by the Board of Trade ought to be altered, the Board of Trade, after such inquiry as they may think fit, may make an order varying the prices or methods of charge stated in the said schedule or so approved as aforesaid, or substituting other prices or methods of charge in lieu thereof, and the prices or methods of charge so varied or substituted shall have effect on and after such day as may be mentioned in the order, as if they had been stated in the said schedule : Provided also, that the prices and methods of charge for the time being in

force may be altered in like manner at any time after the expiration of any or every period of seven years after the same were last altered.

33. Subject to the provisions of this Order and of the principal Act, and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned, the Undertakers may make any agreement with a consumer as to the price to be charged for energy, and the mode in which such charges are to be ascertained, and may charge accordingly.

Price to public
lamps.

34. The price to be charged by the Undertakers and to be paid to them for all energy supplied to the public lamps, and the mode in which such charges shall be ascertained, shall be settled by agreement between the local authority and the Undertakers, and, in case of difference, by arbitration, regard being had to the circumstances of the case and the distributing or other mains (if any) which may have to be laid for the purpose, and the prices charged to ordinary consumers in the district.

Electric Inspectors.

Appointment
of electric
inspectors.

35. The local authority, so long as they are not themselves the Undertakers for the purposes of this Order, may from time to time appoint, or keep appointed, one or more competent and impartial person or persons to be electric inspectors under this Order.

If no electric inspector is appointed by the local authority, or if the inspection of electric lines and works is imperfectly attended to by the local authority, or if the local authority themselves become the Undertakers for the purposes of this Order, the Board of Trade, on the application of the consumer, or of the Undertakers, may from time to time appoint, and keep appointed, one or more competent and impartial person or persons to be electric inspectors under this Order.

The duties of an electric inspector under this Order shall be as follows:—

- (a.) The inspection and testing, periodically and in special cases, of the Undertakers electric lines and works and the supply of energy given by them;
- (b.) The certifying and examination of meters; and
- (c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order.

The local authority with the approval of the Board of Trade, or the Board of Trade, if the inspector is appointed by them, may from time to time prescribe the manner in which and the times at which any such duties are to be performed by an electric inspector, and also the fees to be taken by him, and such fees shall be accounted for and applied as may be directed by the local authority or the Board of Trade, as the case may be.

Remuneration
of electric
inspectors.

36. The local authority may pay to any electric inspector appointed by them under this Order such reasonable remuneration (if any) as they may from time to time determine, and such remuneration may be in addition to,

Inquiry by
Board of
Trade.

37. The Board of Trade may also, if they deem it necessary, appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public, which may have been occasioned by or in connexion with the Undertakers works, or as to the manner and extent in and to which the provisions of this Order and the principal Act, and of any regulations under this Order, so far as such provisions affect the safety of the public, have been complied with by the Undertakers; and any person appointed under this section, not being an electric inspector, shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

Testing and Inspection.

38. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector, and such testing shall be carried out at such suitable hours as, in the opinion of the inspector, will least interfere with the supply of energy by the Undertakers, and in such manner as the inspector may think expedient, but, except under the provisions of a special order in that behalf made by the Board of Trade, he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains: Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid: Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months, unless in pursuance of a special order in that behalf made by the Board of Trade.

Testing of
mains.

39. An electric inspector, if and when required to do so by any consumer, shall from time to time, on payment by the consumer of the prescribed fee, test the variation of electric pressure at the consumer's terminals, or make such other inspection and testing of the service lines, apparatus, and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order, and the regulations and conditions subject to which they are for the time being authorised to supply energy.

Testing of

40. The Undertakers shall at such places, within a reasonable distance from a distributing main, establish at their own cost and keep in proper condition such reasonable number of testing stations as the local authority, or, where the local authority are the Undertakers, as the Board of Trade shall deem sufficient for testing the supply of energy by the Undertakers

through such main, and shall place thereat proper and suitable instruments of a pattern to be approved by the Board of Trade, and shall connect such stations by means of proper and sufficient electric lines with such mains, and supply energy thereto for the purpose of such testing.

If any dispute arises between the local authority and the Undertakers as to whether the number of such testing stations and the distance from the main at which they are established is reasonable or excessive, or as to any excessive or improper use of energy for such testing, or as to the performance by the Undertakers of their duties under this section, such disputes shall be determined by arbitration.

Undertakers to
keep instru-
ments on their
premises.

41. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be from time to time approved of or prescribed by the Board of Trade, and shall from time to time take and record, and keep recorded, such observations as the Board of Trade may from time to time prescribe, and any observations so recorded shall be receivable in evidence.

Readings of
instruments to
be taken.

42. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place, set up, or keep at any testing station or on their own premises; and any electric inspector appointed under this Order may from time to time examine and record the readings of such instruments at such times and in such manner as he may be directed by the authority by whom he is appointed, and any readings so recorded shall be receivable in evidence.

Electric
inspector may
test Under-
takers instru-
ments.

43. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers, and ascertaining if the same are in order, and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

Representation
of Undertakers
at testings.

44. The Undertakers may, if they think fit, on each occasion of the testing of any main or service line, or the testing or inspection of any instruments of the Undertakers by any electric inspector, be represented by some officer or other agent, but such officer or agent shall not interfere with the testing or inspection.

Undertakers to
give facilities
for testing.

45. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments, and shall comply with all the requirements of or under this Order in that behalf; and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds, and to a daily penalty not exceeding one pound.

46. Every electric inspector shall, on the day immediately following that on which any testing has been completed by him under this Order, make and deliver a report of the results of his testing to the local authority, Board of Trade, or consumer (as the case may be) by whom he was required to make such testing, and to the Undertakers, and such report shall be receivable in evidence.

Report of
results of
testing.

If the Undertakers, the local authority, or any consumer are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report, and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal, and their decision shall be final and binding on all parties.

47. Save as otherwise provided by this Order, or by any regulations under this Order, all fees and reasonable expenses of an electric inspector, shall, unless agreed, be ascertained by a court of summary jurisdiction or (where the inspector is appointed by them) by the Board of Trade, and shall be paid by the Undertakers.

Expenses of
electric
inspector.

Provided that where the report of an electric inspector, or the decision of the Board of Trade, shows that any consumer was guilty of any default or negligence, such fees and expenses shall, on being ascertained as above mentioned, be paid by such consumer or consumers as the court or Board, having regard to such report or decision, shall direct, and may be recovered summarily as a civil debt.

Provided also, that in any proceedings for penalties under this Order any such fees and expenses incurred in connexion with such proceedings shall be payable by the complainant or defendant as the court shall direct.

Meters.

48. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order, or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge), in this Order referred to as "the value of the supply," shall, except as otherwise agreed between such consumer and the Undertakers, be ascertained by means of an appropriate meter duly certified under the provision of this Order.

Meters to be
used except by
agreement.

49. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter, and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade; and every such meter is in this Order referred to as a "certified meter": Provided that where any alteration is made in any certified meter, or where any such meter is unfixed or disconnected from the service lines, such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order.

Inspector to
certify meters.

Undertakers to
supply meters
if required to
do so.

50. Every electric inspector, on being required to do so by the Undertakers or by any consumer, and on payment of the prescribed fee by the party so requiring him, shall examine any meter intended for ascertaining the value of the supply, and shall certify the same as a certified meter if he considers it entitled to be so certified.

51. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter, the Undertakers shall, if required so to do by any consumer, supply him with an appropriate meter, and shall, if required so to do, fix the same upon the premises of the consumer and connect the service lines therewith, and procure such meter to be duly certified under the provisions of this Order, and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and do all necessary acts; provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter, or to give security therefor, or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as hereinafter provided.

Meters not to
be connected
or disconnected
without notice.

52. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers, or disconnect any such meter from any such electric line, unless he has given to the Undertakers not less than forty-eight hours notice in writing of his intention so to do, and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Consumer to
keep his meter
in proper
order.

53. Every consumer shall at all times at his own expense keep all meters belonging to him, whereby the value of the supply is to be ascertained, in proper order for correctly registering such value, and in default of his so doing the Undertakers may cease to supply energy through such meter.

The Undertakers shall have access to and be at liberty to take off, remove, test, inspect, and replace any such meter at all reasonable times: Provided that all reasonable expenses of and incident to any such taking off, removing, testing, inspecting, and replacing, and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary, shall, if the meter be found to be not in proper order, be paid by the consumer, but if the same be in proper order, all expenses connected therewith shall be paid by the Undertakers.

Power to the
Undertakers
to let meter.

54. The Undertakers may let for hire any meter for ascertaining the value of the supply, and any fittings thereto, for such remuneration in money, and on such terms with respect to the repair of such meter and fittings, and for securing the safety and return to the Undertakers of such meter and fittings as may be agreed upon between the hirer and the Undertakers, or in case of difference decided by the Board of Trade, and such remuneration shall be recoverable by the Undertakers summarily as a civil debt.

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

55. The Undertakers shall, unless the agreement of hire otherwise provides, at all times at their own expense, keep all meters let for hire by them to the consumer, whereby the value of the supply is ascertained, in proper order for correctly registering such value, and in default of their so doing, the consumer shall not be liable to pay rent for the same during such time as such default continues. The Undertakers shall, for the purposes aforesaid, have access to and be at liberty to remove, test, inspect, and replace any such meter at all reasonable times: Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary, shall be paid by the Undertakers.

Undertakers to keep meter let for hire in repair.

56. If any difference arises between any consumer and the Undertakers as to whether any meter, whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers), is or is not in proper order for correctly registering such value, or as to whether such value has been correctly registered in any case by any meter, such difference shall be determined upon the application of either party by an electric inspector, or where the local authority are the consumers, by an inspector to be appointed by the Board of Trade, who shall also order by which of the parties the costs of the proceedings before him shall be paid, and the decision of such inspector shall be final and binding on all parties. Subject as aforesaid, the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply.

Differences as to correctness of meter to be settled by inspector.

57. Where any consumer, who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply, and the Undertakers change the method of charging for energy supplied by them from such main, the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging, and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

Undertakers to pay expenses of providing new meters where method of charge altered.

58. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply, the Undertakers may from time to time place upon his premises such meter or other apparatus as they may desire, for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer, or the number of hours during which supply is given, or the maximum power taken by such consumer, or any other quantity or time connected with the supply: Provided that such meter or apparatus shall be of some construction and pattern, and shall be fixed and connected with the service lines in some manner approved by the Board of Trade, and shall be supplied and maintained entirely at the cost of the Undertakers, and shall not, except by agreement, be placed otherwise than between the mains of the Undertakers and the consumer's terminals.

Undertakers may place meters to measure supply or to check measurement thereof.

Map of area of
supply to be
made and
deposited.

59. The Undertakers shall forthwith, after commencing to supply energy under this Order, cause a map to be made of the area of supply, and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains, service lines, and other underground works and street boxes, and shall once in every year cause such map to be duly corrected so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections, showing the level of all their existing mains and underground works other than service lines. The said map and sections shall be made on such scale or scales as the Board of Trade shall prescribe.

Every map and section so made or corrected or a copy thereof, with the date expressed thereon of the last time when it was so corrected, shall be kept by the Undertakers at their principal office within the area of supply, and shall at all reasonable times be open to the inspection of all applicants, and such applicants may take copies of the same or any part thereof. The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map, section or copy, and such further fee not exceeding five shillings for each copy of the same, or any part thereof, taken by such applicant, as they may from time to time prescribe.

The Undertakers shall, if so required by the Board of Trade or the Postmaster-General, supply to them, or him, a copy of any such map or section, and from time to time cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section with respect to maps and sections, they shall, for every such offence, be liable to a penalty not exceeding ten pounds, and to a daily penalty not exceeding two pounds.

Special Provisions in case of Transfer.

Application of
moneys re-
ceived by local
authority as
Undertakers.

60. If the local authority become the Undertakers for the purposes of this Order, the following provisions shall have effect:—

(A.) All moneys from time to time received by the Undertakers in respect of the undertaking except (a) moneys received by the local authority as Undertakers, borrowed money (b) money arising from the disposal of lands acquired for the purposes of this Order, and (c) money not of the nature of rent received by them in respect of any transfer under the provisions of this Order, shall be applied by them as follows:—

(1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking, including all costs, expenses, penalties, and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers their officers or servants, in relation to the undertaking.

- (2.) In payment of the interest or dividend on any mortgages, stock, or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes.
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes.
- (4.) In payment of all other their expenses of executing this Order not being expenses properly chargeable to capital.
- (5.) In providing a reserve fund, if they think fit, by setting aside such money as they may from time to time think reasonable, and investing the same, and the resulting income thereof in Government securities, or in any other securities in which trustees are by law for the time being authorised to invest, other than stock or securities of the Undertakers, and accumulating the same at compound interest until the fund so formed amounts to one tenth of the aggregate capital expenditure on the undertaking, which fund shall be applicable from time to time to answer any deficiency at any time happening in the income of the Undertakers, or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking, and so that if that fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as such reduction happens.

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund, when amounting to the prescribed limit, to the credit of the local rate as defined by the principal Act, or at their option shall apply such surplus, or some part thereof, to the improvement of the district for which they are the local authority, or in reduction of the capital moneys borrowed for electricity purposes.

Provided always, that if the surplus in any year exceed five pounds per centum per annum upon the aggregate capital expenditure on the undertaking, the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to the said maximum rate of profit, but this proviso shall only apply to so much of the undertaking as shall for the time being remain in the hands of the local authority.

Any deficiency of income in any year shall be charged upon and payable out of the local rate.

(B.) All moneys arising from the disposal of lands acquired by the Undertakers for the purposes of this Order, and all moneys not of the nature of rent received by them in respect of any transfer of the undertaking under the provisions of this Order, and all other capital moneys received by them in respect of the undertaking shall be applied by them as follows:—

- (1.) In the reduction of the capital moneys borrowed by them for electricity purposes.
- (2.) In the reduction of the capital moneys borrowed by them for other than electricity purposes.

Purchase and
use of lands.

61. If the local authority become the Undertakers for the purposes of this Order the following provisions shall have effect:—

Subject to the provisions of this Order and the principal Act the Undertakers may from time to time acquire by purchase or on lease and use any lands for the purposes of this Order and may, also for such purposes, use any other lands for the time being vested in or leased by them, but subject as to such last-mentioned lands to the approval of the Local Government Board, and may from time to time dispose of any lands acquired by them under the provisions of this section which may not for the time being be required for the purposes of this Order: Provided that the amount of land so used by them shall not at any one time exceed in the whole five acres except with the consent of the Board of Trade.

Provided also that the Undertakers shall not, except with the consent of the Local Government Board, take for the purposes of this Order ten or more houses which after the passing of the Act confirming this Order have been, or on the fifteenth day of December last were occupied either wholly or partially by persons belonging to the labouring class as tenants or lodgers.

For the purposes of this section the expression "labouring class" means and includes mechanics, artisans, labourers, and others working for wages, hawkers, costermongers, persons not working for wages but working at some trade or handicraft without employing others, except members of their own family, and persons other than domestic servants whose income does not exceed an average of thirty shillings a week, and the families of any such persons who may be residing with them.

Incorporation
of sections 264
and 265 of
Public Health
Act, 1875.

62. If the local authority become the Undertakers for the purposes of this Order, the provisions of sections two hundred and sixty-four and two hundred and sixty-five of the Public Health Act, 1875, shall be incorporated with this Order; and in the construction of the said provisions "this Act" shall mean this Order and the principal Act, and the "local authority" shall mean the local authority as such Undertakers.

Where any notice is served by post, it shall be deemed to have been served at the time when the letter containing the notice would be delivered in the ordinary course of post, and in proving such service it shall be sufficient to prove that the letter containing the notice was properly addressed and put into the post.

A notice, order, or document by this Order required or authorised to be served on the owner or occupier of any premises shall be deemed to be properly addressed if addressed by the description of the "owner" or "occupier" of the premises (naming the premises) without further name or description.

A notice, order, or document by this Order required or authorised to be served on the owner or occupier of premises may be served by delivering the same, or a true copy thereof, to some person on the premises, or if there is no person on the premises to whom the same can with reasonable diligence be delivered, by fixing the notice to some conspicuous part of the premises.

Subject to the provisions of this Order as to cases of emergency, where the interval of time between the service of any notice or document under the provisions of this Order and the execution of any works, and the performance of any duty or act, is less than seven days the following days shall not be reckoned in the computation of such time ; that is to say, Sunday, Christmas Day, Good Friday, any bank holiday under and within the meaning of the Bank Holiday Act, 1871, and any Act amending that Act, and any day appointed for public fast, humiliation or thanksgiving.

Revocation of Order.

65. If at any time after the commencement of this Order the local authority make a representation to the Board of Trade that the Undertakers have made any default in executing works or supplying energy in accordance with the terms of this Order, and that such default is in consequence of the insolvency of the Undertakers, and that by reason of such insolvency the Undertakers are unable fully and efficiently to discharge the duties and obligations imposed upon them by this Order, the Board of Trade shall inquire into the truth of such representation, and if upon such inquiry they are satisfied of the truth of such representation they may, after considering any further representations of the local authority, revoke this Order as to the whole, or with the consent of the Undertakers, as to any part of the area of supply.

67. In addition to any other powers which the Board of Trade may have in that behalf, they may revoke this Order at any time with the consent and concurrence of the Undertakers and the local authority upon such terms as the Board of Trade may think just.

68. If the Board of Trade at any time revoke this Order as to the whole or part of the area of supply, under any of the provisions of this Order, the following provisions shall have effect ;

(a.) The Board of Trade shall serve a notice of such revocation upon the Undertakers and upon the local authority, and shall in such notice fix a date at which such revocation shall take effect, and from and after such date all the powers and liabilities of the Undertakers under this Order for the supply of energy within such area, or part thereof as aforesaid, shall absolutely cease and determine.

(b.) Within two months after the service of such notice by the Board of Trade upon the local authority, the local authority, if they think fit, may by notice in writing require the Undertakers to sell, and thereupon the Undertakers shall sell to them so much of the undertaking or such part thereof as aforesaid as within the district of the local authority, upon terms of paying the then value of all land, buildings, works, materials, and plant of the Undertakers suitable to and used by them for the purposes of the undertaking or such part thereof as aforesaid, such value being agreed or estimated in manner directed by the Electric Lighting Act, 1888, in the case of purchases effected by the local authority under section two of that Act.

(c.) Where any purchase is so effected, the undertaking, or part thereof so purchased, shall vest in the local authority, freed from any debts, mortgages, or similar obligations of the Undertakers or attaching to the undertaking ; and the revocation of this Order, as to the whole of the area of supply, or such part thereof as aforesaid, shall extend only to the revocation of the rights, powers, authorities, duties, and obligations of the Undertakers from whom the undertaking, or such part thereof as aforesaid, is purchased in relation to the supply of energy within such area or part thereof, and, save as aforesaid, this Order shall remain in full force within such area or part thereof in favour of the local authority, by whom such undertaking or part thereof is purchased as aforesaid.

(d.) Where no purchase has been effected under the preceding provisions of this section, the local authority, and any body or person who may be liable to repair any street or part of a street in which any works of the Undertakers may have been placed, may (subject however to any agreement between the local authority or such body or person and the

If the Undertakers fail to pay such reasonable costs as aforesaid within one month after the service upon them of such notice, or the delivery of the award of the arbitrator (as the case may be), the local authority, or other such body or person as aforesaid may without any previous notice to the Undertakers, (but without prejudice to any other remedy which they may have had for the recovery of the amount), sell and dispose of any such works as aforesaid, either by public auction or private sale, and for such sum or sums and to such person or persons as they may think fit; and may out of the proceeds of such sale, pay and reimburse themselves the amount of the costs so specified or settled as aforesaid and of the costs of sale, and the balance (if any) of the proceeds of the sale shall be paid over by them to the Undertakers.

- (e.) In case the local authority or any body or person may be entitled to compensation for any damage sustained by them by reason or in consequence of the execution of any works within such area, or part thereof as aforesaid, or in the exercise of any powers by this Order granted to the Undertakers, or for any expenses to which such local authority body, or person may have been put in removing any works of the Undertakers within such area or part thereof under the provisions of this Order, such compensation shall be a first charge on any money that may have been deposited or secured by the Undertakers under the provisions of this Order in respect of such area or part thereof, and which may not have been repaid or released to the Undertakers, and such money shall be applied rateably in satisfying such claims, and in every such case the amount of compensation to be paid in respect of the various claims and the persons to whom it is to be paid, shall be determined by an arbitrator, to be appointed by the Board of Trade, whose decision shall be final and binding on all parties.

General.

69. If at any time it is represented to the Board of Trade (a) that the Undertakers are supplying energy otherwise than by means of a system which has been approved by the Board of Trade or have permitted any part of their circuits to be connected with earth without such approval as is required by this Order; or (b) that any electric lines or works of the Undertakers are defective, so as not to be in accordance with the provisions of this Order or the regulations and conditions subject to which the Undertakers are for the

time being authorised to supply energy under this Order; or (c) that any work of the Undertakers or their supply of energy is attended with danger to the public safety or injuriously affects any telegraph line of the Postmaster-General, the Board of Trade may, by order in writing, make such requirements as to them may seem meet in the circumstances, and direct the Undertakers to take such measures as may be necessary so as to comply with the order within such period as may be therein limited in that behalf, and if the Undertakers make default in complying with the order within the time so limited they shall be liable to a penalty not exceeding twenty pounds for every day during which such default continues.

Provided that in any case appearing to them to affect the public safety or any telegraphic line of the Postmaster-General the Board of Trade may, if they think fit, by the same or any other order forbid the use of any electric line or work as from such date as may be specified in that behalf until the order is complied with, or for such time as may be so specified, and, if the Undertakers make use of any such electric line or work while the use thereof is so forbidden they shall be liable to a penalty not exceeding one hundred pounds for every day during which such user continues.

Provided also that if the Undertakers supply energy otherwise than by means of a system which has been approved by the Board of Trade, and fail to comply with any such order in respect thereof within the period limited in that behalf, the Board of Trade may, if they think fit, revoke this Order upon such terms as they may think fit.

Publication of regulations.

70. All regulations and conditions made by the Board of Trade under this Order or the principal Act, affecting the undertaking and for the time being in force, shall within one month after the same, as made or last altered, have come into force, be printed at the expense of the Undertakers, and true copies thereof, certified by or on behalf of the Undertakers, shall be kept by them at their principal office within the area of supply, and supplied to any person demanding the same at a price not exceeding sixpence for each copy.

If the Undertakers make default in complying with the provisions of this section they shall be liable to a penalty not exceeding five pounds, and to a daily penalty not exceeding five pounds.

Nature and amount of security.

71. Where any security is required under this Order to be given to or by the Undertakers, such security may be by way of deposit or otherwise, and of such amount as may be agreed upon between the parties, or as in default of agreement may be determined, on the application of either party, by a court of summary jurisdiction, who may also order by which of the parties the costs of the proceedings before them shall be paid, and the decision of the said court shall be final and binding on all parties: Provided that where any such security is given by way of deposit the party to whom such security is given shall pay interest at the rate of four pounds per centum per annum on every sum of ten shillings so deposited for every six months during which the same remains in their hands.

Proceedings of
Board of
Trade.

All documents purporting to be orders made by the Board of Trade and to be sealed with the seal of the Board, or to be signed by a secretary or assistant secretary of the Board, or by any person authorised in that behalf by the President of the Board, shall be received in evidence, and shall be deemed to be such orders without further proof, unless the contrary is shown.

A certificate, signed by the President of the Board of Trade, that any order made or act done is the order or the act of the Board, shall be conclusive evidence of the act so certified.

73. All costs and expenses of or incident to any application for any approval, consent, or order of the Board of Trade, including the cost of any tests which may be required to be made by the Board of Trade for the purpose of determining whether the same should be given or made, to such an amount as the Board of Trade shall certify to be due, shall be borne and paid by the applicant or applicants therefor: Provided always, that where any approval is given by the Board of Trade to any plan, pattern, or specification, they may require such copies of the same, as they may think fit, to be prepared and deposited at their office at the expense of the said applicant or applicants, and may from time to time, as they think fit, revoke any approval so given, or permit such approval to be continued, subject to such modifications as they may think necessary.

Undertakers
to be respon-
sible for all
damages.

Any such penalty recovered on prosecution by any other body or person, or any part thereof, may, if the court shall so direct, be paid to such body or person.

77. The Undertakers shall be answerable for all accidents, damages, and injuries happening through the act or default of the Undertakers or of any person in their employment by reason of or in consequence of any of the Undertakers works, and shall save harmless all authorities, bodies, and persons by whom any street is repairable, and all other authorities, companies, and bodies collectively and individually, and their officers and servants from all damages and costs in respect of such accidents, damages, and injuries.

As to mort-
gages.

78. Nothing in this Order shall prevent the Undertakers borrowing money on the security of mortgages of the undertaking, or shall make the consent or approval of the Board of Trade necessary to the validity or effect of any such mortgage: Provided that every mortgage of the undertaking shall be deemed to comprise all purchase money which may be paid to the Undertakers in the event of any sale or transfer of the undertaking, or any part thereof, under section two of the Electric Lighting Act, 1888, or under this Order, and that any mortgage granted by the Undertakers shall not be a charge upon the undertaking, or any part thereof, in the event of the undertaking or such part being sold or transferred as aforesaid, and that every mortgage deed granted by the Undertakers shall be endorsed with notice to that effect.

Saving clause
for Postmaster-
General.

79. Nothing in this Order shall affect any right or remedy of the Postmaster-General under the principal Act or the Telegraph Acts, 1863 to 1885, and all provisions contained in this Order in favour of the Postmaster-General shall be construed to be in addition to and not in modification of the provisions of those Acts.

Saving clause
as to river.

80. Nothing in this Order shall authorise the Undertakers to interfere in any manner with the bed or shore of the River Medway, or the navigation thereof, or affect in any manner the rights, powers or privileges of the Conservators of the River Medway.

Saving clause
as to New
Rochester
Bridge.

81. Nothing in this Order shall authorise the Undertakers to erect, lay, maintain, or use above ground any electric lines or works along, over, or across the new bridge of Rochester, save in accordance with an agreement dated the 17th day of October, 1888, and made between the wardens and commonalty of the said new bridge of the one part, and the Undertakers of the other part, or otherwise with the consent of the said wardens and commonalty.

5. Subject to the provisions of this Order the area of supply shall be the whole of the area included in the First Schedule which said area is more particularly delineated upon the deposited map and thereon coloured red.

Nature and Mode of Supply.

Systems and
mode of
supply.

6. Subject to the provisions of this Order and the principal Act the Undertakers may supply energy within the area of supply for all public and private purposes as defined by the principal Act provided as follows:—

(1.) Such energy shall be supplied only by means of some system which shall be approved in writing by the Board of Trade and subject to such regulations and conditions for securing the safety of the public and for insuring a proper and sufficient supply of energy as the Board of Trade may from time to time impose; and

(2.) The Undertakers shall not permit any part of any circuit to be connected with earth except so far as may be necessary for carrying out the

provisions of any such regulations and conditions as aforesaid unless such connexion is for the time being approved of by the Board of Trade with the concurrence of the Postmaster-General and is made in accordance with the conditions (if any) of such approval and

A.D. 1890.

Manchester.

- (3.) The Undertakers shall construct their mains and other works of all descriptions and shall work their undertaking in all respects so as not injuriously to affect the working of any existing electric circuits from time to time used or intended to be used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such circuits and shall use every reasonable means in the construction of their mains and other works of all descriptions and the working of their undertaking to prevent injurious affection whether by induction or otherwise to any electric circuits used or intended to be used for the purposes aforesaid whether existing at the time of the construction of such mains or other works or not or the currents in such circuits. If any question arises as to whether the Undertakers have constructed their mains or other works or worked their undertaking in contravention of this sub-section such question shall be determined by arbitration and the Undertakers shall be bound to make any alterations in or additions to their system which may be directed by the arbitrator.

Provided that nothing in this sub-section contained shall be held to deprive the owners of such electric circuits of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

Lands.

7. Subject to the provisions of this Order and the principal Act the Undertakers may from time to time acquire by purchase or on lease and use any lands for the purposes of this Order and may also for such purposes use any other lands for the time being vested in or leased by them but subject as to such last-mentioned lands to the approval of the Local Government Board and may from time to time dispose of any lands acquired by them under the provisions of this section which may not for the time being be required for the purposes of this Order: Provided that the amount of land so used by them shall not at any one time exceed in the whole five acres except with consent of the Board of Trade.

Purchase and
use of lands.

Provided also that the Undertakers shall not except with the consent of the Local Government Board take for the purposes of this Order ten or more houses which after the passing of the Act confirming this Order have been, or on the fifteenth day of December last were occupied either wholly or partially by persons belonging to the labouring class as tenants or lodgers.

For the purposes of this section the expression "labouring class" means and includes mechanics artisans labourers and others working for wages hawkers costermongers persons not working for wages but working at some trade or handicraft without employing others except members of their own family and persons other than domestic servants whose income does not exceed an average of thirty shillings a week and the families of any of such persons who may be residing with them.

Powers for
execution of
works.

8. Subject to the provisions of this Order and the principal Act the Undertakers may from time to time exercise all or any of the powers conferred on them by this Order and the principal Act and may break up such streets not repairable by the local authority and such railways and tramways (if any) as are specified in the Third Schedule so far as such streets railways and tramways may for the time being be included in the area of supply and be or be upon land dedicated to public use: Provided however as respects any such railway that the powers hereby granted shall extend only to such parts thereof as pass across or along any highway on the level.

Nothing in this Order shall authorise or empower the Undertakers to break up or interfere with any street or part of a street not repairable by the local authority or any railway or tramway except such streets railways or tramways (if any) or such parts thereof as are specified in the said schedule without the consent of the authority company or person by whom such street railway or tramway is repairable or of the Board of Trade under section 13 of the Electric Lighting Act 1882 and where the Board of Trade give such consent the provisions of this Order shall apply to the street railway or tramway to which the consent relates as if it had been specified in the said schedule.

Street boxes.

9. Subject to the provisions of this Order and the principal Act and any regulations made under this Order the Undertakers may also from time to time construct in any street such boxes as may be necessary for purposes in connexion with the supply of energy including apparatus for the proper ventilation of such boxes.

Every such box shall be for the exclusive use of the Undertakers and under their sole control except so far as the Board of Trade may otherwise order and shall be used by the Undertakers only for the purpose of leading off service lines and other distributing conductors or for examining testing regulating measuring directing or controlling the supply of energy or for examining or testing the condition of the mains or other portions of the works or for other like purposes connected with the undertaking and the Undertakers may place therein meters switches and other suitable and proper apparatus for any of the above purposes.

Every such box including the upper surface or covering thereof shall be constructed of such materials and shall be constructed and maintained by the Undertakers in such manner as not to be a source of danger whether by reason of inequality of surface or otherwise.

notice upon the Postmaster-General describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and the manner in which it is intended that such street or bridge is to be interfered with and shall upon being required to do so by the Postmaster-General from time to time give him any such further information in relation thereto as he may desire.

- (b.) The Postmaster-General may in his discretion approve of any such works or plan subject to such amendments or conditions as may seem fit or may disapprove of the same and may give notice of such approval or disapproval to the Undertakers.
- (c.) Where the Postmaster-General approves any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapproves of any such works or plan the Undertakers may appeal to the Board of Trade and the Board of Trade may inquire into the matter and allow or disallow such appeal and approve any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same.
- (d.) If the Postmaster-General fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon him he shall be deemed to have approved such works and plan.
- (e.) Notwithstanding anything in this Order or the principal Act the Undertakers shall not be entitled to execute any such works as above specified except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General or by the Board of Trade as above mentioned but where any such works and such plan are so approved or to be deemed to be approved the Undertakers may cause such works to be executed in accordance with such description and plan subject in all respects to the provisions of this Order and of the principal Act.
- (f.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at

11. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in under along or across any street or part of a street not repairable by the local authority or over or under any railway tramway or canal the following provisions shall have effect unless otherwise agreed between the parties interested:—

(a.) One month before commencing the execution of any such works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall in addition to any other notices which they may be required to give under this Order or the principal Act serve a notice upon the body or person for the time being entitled to work such railway or tramway or the owners of such canal (as the case may be) in this section referred to as the “owners” describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and placed and shall upon being required to do so by any such owners from time to time give them any such further information in relation thereto as they may desire.

(b.) Every such notice shall contain a reference to this section and direct the attention of the owners to whom it is given to the provisions thereof.

(c.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the Undertakers requiring that any question in relation to such works or to compensation in respect thereof and any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.

(d.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street railway tramway or canal and may if he thinks fit require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic so far as may be possible.

(e.) Where no such requisition as in this section mentioned is served upon the Undertakers or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the Undertakers may upon paying or securing any compensation which they may be required to pay or secure cause to be executed the works specified in such notice and plan as aforesaid and may from time to time repair renew and amend the same (provided that their character and position are not altered) but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties.

(No. 11) Act, 1890.

(f.) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners who shall have the right to be present during the execution of such works. A.D. 1890.
—
Manchester.

(g.) Where the repair renewal or amendment of any existing works of which the character or position are not altered will involve any interference with any railway level crossing or any tramway over or under which such works have been placed the Undertakers shall unless otherwise agreed between the parties or in cases of emergency give to the owners not less than twenty-four hours notice before commencing to effect such repair renewal or amendment and the owners shall be entitled by their officer to superintend the work and the Undertakers shall conform to such reasonable requirements as may from time to time be made by the owners or such officer. The said notice shall be in addition to any other notices which the Undertakers may be required to give under this Order or the principal Act.

(h.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

12. Any body or person for the time being liable to repair any street or part of a street or entitled to work any railway or tramway which the Undertakers may be empowered to break up for the purposes of this Order may if they think fit from time to time serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Undertakers as therein specified in relation to the breaking up filling in reinstating or making good any streets bridges sewers drains tunnels or other works vested in or under the control or management of such body or person, and may from time to time amend or revoke any such notice by another notice similarly served. Where such body or person as aforesaid (in this section referred to as "the givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers then so long as such notice remains in force the following provisions shall have effect unless otherwise agreed between the parties interested:—

Street
authority &c.
may give notice
of desire to
break up
streets &c.
on behalf of
Undertakers.

(a.) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid except where they have required the givers of the notice to exercise or discharge such powers or duties and the givers of the notice have refused or neglected to comply with such requisition as herein-after provided or in cases of emergency.

[Ch. cxcvii.] *Electric Lighting Orders Confirmation* [53 & 54 VICT.]
(No. 11) Act, 1890.

Manchester.

(b.) In addition to any other notices which they may be required to give under the provisions of this Order or the principal Act the Undertakers shall not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced and the manner in which any such powers or duties are required to be exercised or discharged.

(c.) Upon receipt of any such requisition as last aforesaid the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers subject to the like restrictions and conditions as the Undertakers would themselves be subject to in such exercise or discharge so far as the same may be applicable.

(d.) If the givers of the notice decline or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced neglect to comply with such requisition the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice.

(e.) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in such case the Undertakers shall within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice.

(f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable to a penalty not exceeding ten pounds for every such offence and to a daily penalty not exceeding five pounds: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

(g.) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers, and may be recovered summarily before a court of summary jurisdiction.

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up filling in reinstating or making good any such street or part of a street or any such bridges sewers drains tunnels or other works or railway or tramway as in this section mentioned.

13. The Undertakers may from time to time alter the position of any pipes or wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place subject to the following provisions unless otherwise agreed between the parties interested :—

A.D. 1890.

Manchester.
As to alteration
of pipes wires
&c. under
streets.

- (a.) One month before commencing any such alteration the Undertakers or such body or person (as the case may be) in this section referred to as "the operators" shall serve a notice upon the body or persons for the time being entitled to such pipes wires electric lines or works (as the case may be) in this section referred to as "the owners" describing the proposed alteration together with a plan showing the manner in which it is intended that such alterations shall be made and shall upon being required to do so by any such owners from time to time give them any such further information in relation thereto as they may desire.
- (b.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.
- (c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect to such pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which such pipes wires electric lines or works are used so far as may be possible.
- (d.) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in such case or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modification thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties.
- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves and where any such statement has been served upon the operators they

shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations and such owners have refused or neglected to comply with such notification as herein-after provided.

(f.) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced serve a notification upon the owners stating the time when such alterations are required to be commenced and the manner in which such alterations are required to be made.

(g.) Upon receipt of any such notification as last aforesaid the owners may proceed to execute such alterations as required by the operators subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same may be applicable.

(h.) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with such notification the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them.

(i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators and may be recovered summarily before a court of summary jurisdiction.

(j.) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where the said operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.

(k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds; Provided that the operators shall not be subject to any such additional penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

or water pipes
or other
electric lines.

Where the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support the same in position during the execution of their works and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes lines or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the main pipe syphon electric line or work affected thereby and that such ignorance was not owing to any negligence on the part of the operators.

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas the expression "water company"

of railway and
canal com-
panies.

15. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal.

For protection
of telegraphic
and telephone
wires.

16. Seven days before commencing to lay down any electric line or to supply energy through any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wires or lines lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the body or person for the time being entitled to such wires or lines notice in writing specifying the course nature and gauge of such electric lines and the amount and nature of the currents intended to be sent along the same and the extent to and manner in which (if at all) earth returns are proposed to be used; and the Undertakers shall conform with such reasonable requirements as may from time to time be made by such body or person as aforesaid for the purpose of preventing the communication through such wires or lines from being injuriously affected as aforesaid.

If any difference arises between any such body or person and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration.

Provided that nothing in this section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current sent along the same are not altered.

If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall make full compensation to the body or person entitled to any such wire or line for any loss or damage which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not exceeding forty shillings: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the Undertakers were ignorant of the position of the wires or lines affected thereby and that such ignorance was not owing to any negligence on the part of the Undertakers.

21. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order give and continue to give a supply of energy for such premises in accordance with the provisions of this Order and they shall furnish and lay down any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order subject to the conditions following (that is to say):—

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier and of so much of any such electric line as may be laid for a greater distance than sixty feet from any distributing main of the Undertakers although not on such property shall if the Undertakers so require be defrayed by such owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and

Enter into a written contract with the Undertakers if required by them so to do to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payments to be made for the same at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric line required under this section to be provided by them for the purpose of such supply and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may from time to time become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of such premises within seven days after the date of the service of such notice to give to them security for the payment of all moneys which may from time to time become due to them in respect of such supply in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to

street specified in that behalf in the Second Schedule and shall thereafter maintain the same. A.D. 1890.

(2.) In addition to the mains herein-before specified the Undertakers shall at any time after the expiration of eighteen months after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or such further time as may in any case be approved of by the Board of Trade.

(3.) When any such requisition is made in respect of or necessitates the laying of any mains in any street not repairable by the local authority which is not mentioned in the Third Schedule the Undertakers shall (unless the authority company or person by whom such street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section 13 of the Electric Lighting Act 1882 for the written consent of the Board authorising and empowering the Undertakers to break up such street and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

18. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively the Board of Trade may revoke this Order as to the whole or (with the consent of the Undertakers) any part of the area of supply or if the Undertakers so desire may suffer the same to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose and any conditions so imposed shall be binding on and observed by the Undertakers and shall be of the like force and effect in every respect as though they were contained in this Order.

19. Any requisition requiring the Undertakers to erect or lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street.

Every such requisition shall be signed by the persons making the same and shall be served upon the Undertakers.

Forms of requisitions shall be kept by the Undertakers at their office and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply on application for the same and any requisition so supplied shall be deemed valid in point of form.

20. Where any such requisition is made by any such owners or occupiers as aforesaid the Undertakers (if they think fit) may within fourteen days after the service of the requisition upon them serve a notice on all the persons by whom the requisition is signed stating that they decline to be bound by

notice the Undertakers shall not without the authority of the Board of
specify any sum exceeding twenty per centum upon the expense of pro-
and laying down the required distributing mains and any other main
additions to existing mains which may be necessary for the purpose
connecting such distributing mains with the nearest available source
supply.

Where such notice is served the requisition shall not be binding
Undertakers unless within fourteen days after the service of such notice
all the persons signing the requisition has been effected or in the
difference the delivery of the arbitrator's award there be tendered
Undertakers an agreement severally executed by such persons or some
them binding them to take or guaranteeing that there shall be taken
period of three years at the least such specified amounts of energy respec-
as will in the aggregate at the rates of charge above specified produce
annual sum amounting to the sum specified in the notice or determined
arbitration under this section nor unless sufficient security for the payment
to the Undertakers of all moneys which may become due to them from
persons under such agreement is offered to the Undertakers (if required
them by such notice as aforesaid) within the period limited for the term
the agreement as aforesaid.

If the Undertakers consider that the requisition is unreasonable
under the circumstances of the case the provisions of this section ought
varied they may before serving such notice appeal to the Board of Trade
after such inquiry (if any) as they shall think fit may by order either
mine that the requisition is unreasonable and shall not be binding upon
Undertakers or may authorise the Undertakers by their notice (to be
within fourteen days after the decision of the Board of Trade) to re-
supply of energy to be taken for such longer period than three years
specify such sum or per-centage whether calculated as herein-before pro-
or otherwise as shall be fixed or directed by the order and the terms
above-mentioned agreement shall be varied accordingly. In case of any
appeal to the Board of Trade any notice by the Undertakers under
section may be served by them within fourteen days after the decision
Board of Trade.

If any difference arises between the Undertakers and any persons
any such requisition as to any such notice agreement or security
difference shall subject to the provisions of this section and to the decision
of the Board of Trade upon any such appeal as aforesaid be determined

continues.

Provided also that if the owner or occupier of any such premises as afore-
said uses any form of lamp or burner or uses the energy supplied to him by
the Undertakers for any purposes or deals with it in any manner so as to
unduly or improperly interfere with the efficient supply of energy to any
other body or person by the Undertakers the Undertakers may if they think
fit discontinue to supply energy to such premises so long as such user
continues.

Provided also that the Undertakers shall not be compelled to give a supply
of energy to any premises unless they are reasonably satisfied that the
electric lines, fittings and apparatus therein are in good order and condition
and not calculated to affect injuriously the use of energy by the Undertakers
or by other persons.

If any difference arises under this section as to any improper use of energy
or as to any alleged defect in any electric lines fittings or apparatus such
difference shall be determined by arbitration.

Maximum
power.

22. The maximum power with which any such consumer shall be entitled
to be supplied shall be of such amount as he may from time to time require to
be supplied with not exceeding what may be reasonably anticipated as the
maximum consumption on his premises: Provided that where any consumer
has required the Undertakers to supply him with a maximum power of any
specified amount he shall not be entitled to alter that maximum except upon
one month's notice to the Undertakers and any expenses reasonably incurred
by the Undertakers in respect of the service lines by which energy is supplied
to the premises of such consumer or any fittings or apparatus of the Under-
takers upon such premises consequent upon such alteration shall be paid by
him to the Undertakers and may be recovered summarily as a civil debt.

If any difference arises between any such owner or occupier and the Under-
takers as to what may be reasonably anticipated as the consumption on his
premises or as to the reasonableness of any expenses under this section such
difference shall be determined by arbitration.

Penalty for
failure to
supply.

23. Whenever the Undertakers make default in supplying energy to
any owner or occupier of premises to whom they may be and are required to
supply energy under this Order they shall be liable to a penalty not exceeding
forty shillings in respect of every such default for each day on which any
such default occurs.

Whenever the Undertakers make default in supplying energy in accordance
with the terms of any regulations and conditions subject to which they are
authorised to supply energy under this Order they shall be liable to such
penalties as may by such regulations and conditions be prescribed in that
behalf.

Provided that the penalties to be inflicted on the Undertakers under this
section shall in no case exceed in the aggregate the sum of fifty pounds in
respect of any defaults not being wilful defaults on the part of the Under-

Price.

24. The Undertakers may charge for energy supplied by them from any distributing main to any ordinary consumer (otherwise than by agreement)—

Methods of charging.

- (1.) By the actual quantity of energy so supplied: or
- (2.) By the electrical quantity contained in such supply: or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method of charge may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in such supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method. Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall by public advertisement give notice by what method they propose to charge for energy supplied through such main and where the Undertakers have given any such notice they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to every consumer who is supplied by them from such main.

25. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively or in the case of a method of charge approved of by the Board of Trade such price as the Board shall on approving such method determine.

Maximum prices.

26. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which such charges are to be ascertained and may charge accordingly.

Other charges by agreement.

Electric Inspectors.

27. The Board of Trade on the application of any consumer or of the Undertakers may from time to time appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order and from time to time remove any person so appointed.

Appointment of electric inspectors.

The duties of an electric inspector under this Order shall be as follows:—

- (a.) The inspection and testing, periodically and in special cases, of the Undertakers electric lines and works and the supply of energy given by them.

Manchester.

- (b.) The certifying and examination of meters ; and
- (c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order.

The Board of Trade may from time to time prescribe the fees to be taken by an electric inspector and the manner in which and the times at which his duties are to be performed.

Remuneration
 of electric
 inspector.

28. The Undertakers shall pay to every electric inspector appointed under this Order such reasonable remuneration (if any) as may from time to time be determined by the Board of Trade and such remuneration may be in addition to or in substitution for any fees which are directed to be paid to electric inspectors for services rendered by them under this Order or any regulations of the Board of Trade made in pursuance of this Order as may be settled by the Board of Trade and where any such remuneration is settled to be in substitution for fees shall in lieu of being paid to such electric inspector for his own use be due and paid to him on behalf and for the use of the Undertakers and shall be carried by them to the credit of the local rate.

Inquiry by
 Board of
 Trade.

29. The Board of Trade may if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connexion with the Undertakers works or as to the manner and extent in and to which the provisions of this Order and the principal Act and of any regulations under this Order so far as such provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

Testing and Inspection.

Testing of
 mains.

30. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector may think expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains: Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid. Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months unless in pursuance of a special order in that behalf made by the Board of Trade.

Testing of
 works and

consumer's
premises.

32. A court of summary jurisdiction may from time to time upon the application of any ten consumers direct the Undertakers at their own cost to establish at such places within a reasonable distance from a distributing main and keep in proper condition such reasonable number of testing stations as the court shall deem sufficient for testing the supply of energy by the Undertakers through such main and thereupon the Undertakers shall establish such testing places and shall provide thereat such proper and suitable instruments of a pattern to be approved by the Board of Trade as the court may direct and they shall connect such stations by means of proper and sufficient electric lines with such mains and supply energy thereto for the purpose of such testing.

Undertakers
to establish
testing stations.

33. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be from time to time approved of or prescribed by the Board of Trade and shall from time to time take and record and keep recorded such observations as the Board of Trade may from time to time prescribe and any observations so recorded shall be receivable in evidence.

Undertakers
to keep instru-
ments on their
premises.

34. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may from time to time examine and record the readings of such instruments and any readings so recorded shall be receivable in evidence.

Readings of
instruments to
be taken.

35. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if the same are in order and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

Inspectors may
test Under-
takers instru-
ments.

36. The Undertakers may if they think fit on each occasion of the testing of any main or service line or the testing or inspection of any instruments of the Undertakers by any electric inspector be represented by some officer or other agent but such officer or agent shall not interfere with the testing or inspection.

Representation
of Undertakers
at testings.

37. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in

complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound.

38. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the Board of Trade or consumer (as the case may be) by whom he was required to make such testing and also to the Undertakers and such report shall be receivable in evidence.

If the Undertakers or any consumer are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal and their decision shall be final and binding on all parties.

Expenses of
electric
inspector.

39. Save as otherwise provided by this Order or by any regulations under this Order all fees and reasonable expenses of an electric inspector shall unless agreed be ascertained by the Board of Trade and shall be paid by the Undertakers and may be recovered summarily as a civil debt.

Provided that where the report of an electric inspector or the decision of the Board of Trade shows that any consumer was guilty of any default or negligence such fees and expenses shall on being ascertained as above mentioned be paid by such consumer or consumers as the Board of Trade having regard to such report or decision shall direct and may be recovered summarily as a civil debt.

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connexion with such proceedings shall be payable by the complainant or defendant as the court may direct.

Meters.

Meters to be
used except by
agreement.

40. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge) in this Order referred to as "the value of the supply" shall except as otherwise agreed between such consumer and the Undertakers be ascertained by means of an appropriate meter duly certified under the provisions of this Order.

Meter to be
certified.

41. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade and every such meter is in this Order referred to as a "certified meter" Provided that where any alteration is made in any certified meter or where any such meter is unfixed or disconnected from the service lines such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order.

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

42. Every electric inspector on being required to do so by the Undertakers or by any such consumer and on payment of the prescribed fee by the party so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify the same as a certified meter if he considers it entitled to be so certified.

Inspector to
certify meters.

43. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required so to do by any consumer supply him with an appropriate meter and shall if required so to do fix the same upon the premises of the consumer and connect the service lines therewith and procure such meter to be duly certified under the provisions of this Order and for such purposes may authorise and empower any officer or person to enter upon such premises and execute all necessary works and do all necessary acts: Provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter or to give security therefor (or if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as hereinafter provided.

Undertakers to
supply meters
if required to
do so.

44. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less than forty-eight hours notice in writing of his intention so to do and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Meters not to
be connected
or disconnected
without notice.

45. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper order for correctly registering such value and in default of his so doing the Undertakers may cease to supply energy through such meter.

Consumer to
keep his meter
in proper order.

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times provided that all reasonable expenses of and incident to any such taking off removing testing inspecting and replacing and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary shall if the meter be found to be not in proper order be paid by the consumer but if the same be in proper order all expenses connected therewith shall be paid by the Undertakers.

46. The Undertakers may let for hire any meter for ascertaining the value of the supply and any fittings thereto for such remuneration in money and on such terms with respect to the repair of such meter and fittings and for securing the safety and return to the Undertakers of such meter and fittings as may be agreed upon between the hirer and the Undertakers or in case of difference decided by the Board of Trade and such remuneration shall be recoverable by the Undertakers summarily as a civil debt.

to any consumer whereby the value of the supply is ascertained in proper order for correctly registering such value and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Undertakers shall for the purposes aforesaid have access to and be at liberty to remove test inspect and replace any such meter at all reasonable times: Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary shall be paid by the Undertakers.

Difference as to correctness of meter to be settled by inspector.

48. If any difference arise between any consumer and the Undertakers as to whether any meter whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers) is or is not in proper order for correctly registering such value or as to whether such value has been correctly registered in any case by any meter such difference shall be determined upon the application of either party by an electric inspector who shall order by which of the parties the costs of the proceedings before him shall be paid and the decision of such inspector shall be final and binding on all parties Subject as aforesaid the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply.

Undertakers to pay expenses of providing new meters where method of charge altered.

49. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply and the Undertakers change the method of charging for energy supplied by them from such main the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

Undertakers may place meters to measure supply or to check measurement thereof.

50. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply the Undertakers may from time to time place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer or the number of hours during which supply is given or the maximum power taken by such consumer or any other quantity or time connected with the supply: Provided that such meter or apparatus shall be of some construction and pattern and shall be fixed and connected with the service lines in some manner approved by the Board of Trade and shall be supplied and maintained entirely at the cost of the Undertakers and shall not except by agreement be placed otherwise than between the mains of the Undertakers and the consumers terminals.

Maps.

Map of area of supply to be made and deposited.

51. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains service lines and other underground works and street boxes and shall once in every year cause such map to be duly corrected

(No. 11) Act, 1890.

so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections showing the level of all their existing mains and underground works other than service lines. The said map and sections shall be made on such scale or scales as the Board of Trade shall prescribe.

A.D. 1890.

Manchester.

Every map and section so made or corrected or a copy thereof with the date expressed thereon of the last time when it was so corrected shall be kept by the Undertakers at their principal office within the area of supply and shall at all reasonable times be open to the inspection of all applicants and such applicants may take copies of the same or any part thereof. The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map section or copy and such further fee not exceeding five shillings for each copy of the same or any part thereof taken by such applicant as they may from time to time prescribe.

The Undertakers shall if so required by the Board of Trade or the Postmaster-General supply to them or him a copy of any such map or section and from time to time cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section with respect to maps and sections they shall for every such offence be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding two pounds.

Application of Moneys received.

52. All moneys from time to time received by the Undertakers in respect of the undertaking except (a) borrowed money (b) money arising from the disposal of lands acquired for the purposes of this Order and (c) money not of the nature of rent received by them in respect of any transfer under the provisions of this Order shall be applied by them as follows:—

Application of
revenue.

- (1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking including all costs expenses penalties and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers their officers or servants in relation to the undertaking.
- (2.) In payment of the interest or dividend on any mortgages stock or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes.
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes.
- (4.) In payment of all other their expenses of executing this Order not being expenses properly chargeable to capital.
- (5.) In providing a reserve fund if they think fit by setting aside such money as they may from time to time think reasonable and investing the same and the resulting income thereof in Government securities or in any other securities in which trustees are by law for the time being

authorised to invest other than stock or securities of the Undertakers and accumulating the same at compound interest until the fund so formed amounts to one tenth of the aggregate capital expenditure of the Undertakers on the undertaking which fund shall be applicable from time to time to answer any deficiency at any time happening in the income of the Undertakers from the undertaking or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking and so that if that fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as such reduction happens.

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund when amounting to the prescribed limit to the credit of the local rate as defined by the principal Act or at their option shall apply such surplus or some part thereof to the improvement of the district for which they are the local authority or in reduction of the capital moneys borrowed for electricity purposes.

Provided always that if the surplus in any year exceed five pounds per centum per annum upon the aggregate capital expenditure on the undertaking the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to the said maximum rate of profit but this proviso shall only apply to so much of the undertaking as shall for the time being remain in the hands of the Undertakers.

Any deficiency of income in any year shall be charged upon and payable out of the local rate.

Application
of capital
moneys.

53. All moneys arising from the disposal of lands acquired by the Undertakers for the purposes of this Order and all moneys not of the nature of rent received by them in respect of any transfer of the undertaking under the provisions of this Order and all other capital moneys received by them in respect of the undertaking shall be applied by them as follows:—

- (1.) In the reduction of the capital moneys borrowed by them for electricity purposes.
- (2.) In the reduction of the capital moneys borrowed by them for other than electricity purposes.

such reasonable costs of such removal as may be specified in a notice to be
served on the Undertakers by such persons or if so required by the Under-
takers within one week after the service of such notice upon them as may be
settled by arbitration.

If the Undertakers fail to pay such reasonable costs as aforesaid within
one month after the service upon them of such notice or the delivery of the
award of the arbitrator as the case may be such persons as aforesaid may
without any previous notice to the Undertakers (but without prejudice to
any other remedy which they may have for the recovery of the amount) sell
and dispose of any such works as aforesaid either by public auction or private
sale and for such sum or sums and to such person or persons as they may
think fit and may out of the proceeds of such sale pay and reimburse them-
selves the amount of the costs so specified or settled as aforesaid and of the
costs of sale and the balance (if any) of the proceeds of the sale shall be paid
over by them to the Undertakers.

Transfer of Powers &c.

Transfer of
powers &c.

59. (1.) At any time after the commencement of this Order the Under-
takers may with the consent of the Board of Trade from time to time by
deed to be approved by the Board of Trade transfer their powers duties
liabilities and works to any company or person subject to such exceptions
and modifications (if any) and for such period and upon such terms as may
be specified therein and either as to the whole or any part or parts of the area
of supply; and during the said period but subject to the provisions of this
Order such company or person shall to the extent of the powers duties and
liabilities so transferred be the Undertakers for the purposes of this Order.

(2.) One month at least before any draft deed is submitted to the Board of
Trade for their approval under this section notice of the intention to make
such transfer shall be published by the Undertakers by advertisement and a
copy of the said draft deed shall be deposited for public inspection during
office hours at the principal office of the Undertakers within the area of supply
and printed copies thereof shall be supplied to every person demanding the
same at a price not exceeding sixpence for each copy.

(3.) Every such advertisement shall contain the following particulars:—

- (a) The area in respect of which the transfer is proposed to be made;
- (b) The period for which the transfer is proposed to be made;
- (c) The rent or other pecuniary consideration in respect of the transfer;
- (d) A general description of the powers duties or liabilities of the Under-
takers proposed to be excepted or modified and of the terms upon
which the transfer is proposed to be made; and
- (e) The address of the office at which the copy of the said draft deed is
deposited for public inspection and at which printed copies of the same
are on sale;

Manchester.

(4.) The Undertakers may from time to time with the consent of the Board of Trade by deed to be approved in like manner, renew or continue any such transfer for such period and subject to such variations or modifications (if any) as may be specified therein and the above provisions as to advertisements and particulars shall apply to such matters as are hereby required to be specified in such last-mentioned deed.

(5.) Where in relation to any powers duties or liabilities so transferred such company or person have in the opinion of the Board of Trade been guilty of any act or default in respect of which the Board of Trade are empowered to revoke this Order the Board of Trade if they think fit in lieu of revoking this Order may by order permit the Undertakers to resume the undertaking as from such day as may be fixed by the order and from and after the said day the powers duties and liabilities of the said company or persons as Undertakers shall cease and determine but without prejudice to anything done or suffered during the period of transfer.

(6.) Any questions arising between the Undertakers and the said company or persons respecting the resumption of the undertaking by the Undertakers shall be determined on the application of either party by the Board of Trade regard being had to the deed of transfer so far as applicable and the decision of the Board of Trade shall be final and conclusive.

(7.) As soon as practicable after any such deed is approved by the Board of Trade printed copies thereof shall be kept by the Undertakers for public inspection at their principal office within the area of supply and supplied to any person demanding the same at a price not exceeding sixpence for each copy and in case of any default herein the Undertakers shall be liable to a penalty not exceeding five pounds and to a daily penalty not exceeding five pounds.

(8.) Nothing in this section shall affect any powers duties or liabilities of the Undertakers which shall not be transferred by any such deed and the Undertakers shall continue to have and be subject to such powers duties and liabilities if any.

General.

60. If at any time it is represented to the Board of Trade (a) that the Undertakers are supplying energy otherwise than by means of a system which has been approved by the Board of Trade or have permitted any part of their circuits to be connected with earth without such approval as is required by this Order or (b) that any electric lines or works of the Undertakers are defective so as not to be in accordance with the provisions of this Order or the regulations and conditions subject to which the Undertakers are for the time being authorised to supply energy under this Order or (c) that any work of the Undertakers or their supply of energy is attended with danger to the public safety or injuriously affects any telegraphic line of the Postmaster-General the Board of Trade may by order in writing make such

PLYMOUTH ELECTRIC LIGHTING.

A.D. 1890.

Provisional Order granted by the Board of Trade under the Electric Lighting Acts, 1882 and 1888, to the Devon and Cornwall Electricity Supply Company, Limited, in respect of the County Borough of Plymouth.

Preliminary.

1. This Order may be cited as the Plymouth Electric Lighting Order, 1890. Short title.

2. This Order is to be read and construed subject in all respects to the provisions of the Electric Lighting Acts, 1882 and 1888, and of any other Acts or parts of Acts incorporated therewith, which said Acts and parts of Acts are in this Order collectively referred to as "the principal Act"; and the several words, terms, and expressions to which by the principal Act meanings are assigned, shall have in this Order the same respective meanings, provided that in this Order

The expression "energy" shall mean electrical energy, and for the purposes of applying the provisions of the principal Act to this Order electrical energy shall be deemed to be an agency within the meaning of electricity as defined in the Electric Lighting Act, 1882:

The expression "power" shall mean electrical power or the rate per unit of time at which energy is supplied:

The expression "main" shall mean any electric line which may be laid down by the Undertakers in any street or public place, and through which energy may be supplied or intended to be supplied by the Undertakers for the purposes of general supply:

The expression "service line" shall mean any electric line through which energy may be supplied or intended to be supplied by the Undertakers to a consumer either from any main or directly from the premises of the Undertakers:

The expression "distributing main" shall mean the portion of any main which is used for the purpose of giving origin to service lines for the purposes of general supply:

The expression "general supply" shall mean the general supply of energy to ordinary consumers, and, unless otherwise specially agreed with the local authority, to the public lamps, but shall not include the supply of energy to any one or more particular consumers under special agreement:

The expression "area of supply" shall mean the area within which the Undertakers are, for the time being, authorised to supply energy under the provisions of this Order:

The expression "consumer" shall mean any body or person supplied or entitled to be supplied with energy by the Undertakers.

[Ch. cxcvii.] *Electric Lighting Orders Confirmation* [53 & 54 Vict.]
(No. 11) Act, 1890.

A.D. 1890.

Plymouth.

The expression "consumer's terminals" shall mean the ends of the electric lines situate upon any consumer's premises and belonging to him, at which the supply of energy is delivered from the service lines.

The expression "telegraphic line," when used with respect to any telegraphic line of the Postmaster-General, shall have the same meaning as in the Telegraph Act, 1878, and any such telegraphic line shall be deemed to be injuriously affected where telegraphic communication by means of such line is, whether through induction or otherwise, in any manner affected.

The expression "railway" shall include any tramroad, that is to say, any tramway other than a tramway as herein-after defined.

The expression "tramway" shall mean any tramway laid along any street.

The expression "daily penalty" shall mean a penalty for each day on which any offence is continued after conviction thereof.

The expressions "First Schedule," "Second Schedule," "Third Schedule," and "Fourth Schedule" shall mean the First, Second, Third, and Fourth Schedules to this Order annexed respectively.

The expression "deposited map" shall mean the map of the area of supply deposited at the Board of Trade by the Undertakers, together with this Order, and signed by an assistant secretary to the Board of Trade.

The expression "plan" shall mean a plan drawn to a horizontal scale of at least one inch to 88 feet, and where possible a section drawn to the same horizontal scale as the plan and to a vertical scale of at least one inch to 11 feet, with such detail plan and sections as may be necessary.

Commence-
ment of Order.

3. This Order shall come into force and have effect upon the day when the Act confirming this Order is passed, which date is in this Order referred to as "the commencement of this Order."

Address and Description of the Undertakers.

Address and
description of
Undertakers.

4. The Undertakers for the purpose of this Order are the Devon and Cornwall Electricity Supply Company, Limited, being a company registered under the Companies Acts, 1862 to 1886, with limited liability, and having its registered offices at No. 2, Courtenay Street in the county borough of Plymouth.

Provided that if the undertaking or any part thereof is at any time purchased by the local authority in accordance with the provisions of this Order, or of the principal Act, such local authority shall from the date of such purchase be the Undertakers in relation to such undertaking or part thereof for the purposes of this Order in lieu of the company above mentioned.

The Undertakers shall not purchase or acquire the undertaking of or associate themselves with any other company or person supplying energy under any license, Provisional Order, or special Act unless the Undertakers are authorised by Parliament to do so.

If in contravention of this section the Undertakers purchase or acquire any such undertaking, or associate themselves with such other company or person, the Board of Trade may, if they think fit, revoke this Order upon such terms as they may think just.

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

Area of Supply.

A.D. 1890.

5. Subject to the provisions of this Order, the area of supply shall be the whole of the area included in the First Schedule, which said area is more particularly delineated upon the deposited map, and thereon coloured red.

Plymouth.
Area of supply.

6. The Undertakers shall not at any time after the commencement of this Order supply energy or (except for the purposes of this Order) erect or lay down any electric lines or works beyond the area of supply, otherwise than under the authority of Parliament, or under a license granted by the Board of Trade.

Prohibition of
supply beyond
area of supply.

If the Undertakers supply energy or erect or lay down electric lines or works in contravention of this section, the Board of Trade may revoke this Order on such terms as they may think just.

Capital, Security and Accounts.

7. The capital of the Undertakers for the purposes of this Order shall not be less than fifty thousand pounds, and the Undertakers within six months from the commencement of this Order shall, by special resolution, cause such capital to be appropriated as a separate capital for the purposes of the undertaking and until at least thirty thousand pounds of such capital has been issued bonâ fide and accepted and is held by persons or corporations to whom the same was issued or their executors, administrators, successors, or assigns, and such persons or corporations, their executors, administrators successors, or assigns are legally liable for the same, the Undertakers shall not exercise any of the powers conferred on them in relation to the execution of works, unless they shall have first obtained the sanction of the local authority under seal to the exercise of such powers.

Capital.

If the Undertakers make default in complying with the requirements of this Order in respect of the appropriation of capital for the purposes of the undertaking, this Order may be revoked by the Board of Trade upon such terms as they may think just.

8. The Undertakers shall, within six months after the commencement of this Order, or such extended period as may be approved by the Board of Trade, and before exercising any of the powers conferred on them in relation to the execution of works, deposit or secure to the satisfaction of the Board of Trade a sum of two thousand pounds.

Deposit.

If within any such period as aforesaid the Undertakers fail to deposit or secure such sum as aforesaid, the Board of Trade may, after considering any representations which the local authority may make, revoke this Order as to the whole, or, with the consent of the Undertakers, any part of the area of supply, upon such terms as they may think just.

The said sum deposited or secured by the Undertakers under the provisions of this section shall be repaid or released to them from time to time in equal moieties, when and so soon as it may be certified by an inspector, to be appointed by the Board of Trade, that amounts equal to the sums so to be repaid or released have been expended by the Undertakers upon works

executed for the purposes of the undertaking, or that distributing mains have been duly laid down in accordance with the provisions of this Order in every street, or part of a street, specified in that behalf in the Second Schedule, or at such earlier dates and by such instalments as may from time to time be approved by the Board of Trade.

Separate
accounts to be
kept of under-
taking.

9. The Undertakers shall, except with the special approval of the Board of Trade, to be previously given (after consideration of any representations which the local authority may make), at all times keep accounts of the capital employed for the purposes of the undertaking distinct from the accounts kept by them in respect of any other undertaking or business.

Audit of
Undertakers
accounts.

10. The annual statement of accounts of the undertaking, before being published as provided by section nine of the Electric Lighting Act, 1882, shall, so long as the local authority are not the Undertakers, be examined and audited by such competent and impartial person as the Board of Trade shall from time to time appoint, and the remuneration of the auditor shall be such as the Board of Trade shall from time to time direct, and the same and all expenses incurred by him in or about the execution of his duties, to such an amount as the Board of Trade shall approve, shall be paid by the Undertakers on demand, and shall be recoverable summarily as a civil debt.

The Undertakers shall give to the auditor, his clerks and assistants, access to such of the books and documents relating to the undertaking as shall be necessary for the purposes of the audit, and shall, when required, furnish to him and them all vouchers and information requisite for such purpose, and shall afford to him and them all facilities for the proper execution of his and their duty.

The Board of Trade may from time to time make and vary regulations prescribing the times at and the mode in which such audit shall be made and conducted, or otherwise, for the purpose of giving effect to the provisions of this section.

Nature and Mode of Supply.

Systems and
mode of
supply.

11. Subject to the provisions of this Order and the principal Act, the Undertakers may supply energy within the area of supply for all public and private purposes as defined by the said Act, provided as follows:—

- (1.) Such energy shall be supplied only by means of some system which shall be approved in writing by the Board of Trade (after giving the local authority an opportunity of being heard upon the matter if they so desire), and subject to such regulations and conditions for securing the safety of the public and for insuring a proper and sufficient supply of energy as the Board of Trade may from time to time impose; and
- (2.) The Undertakers shall not permit any part of any circuit to be connected with earth except so far as may be necessary for carrying out the provisions of any such regulations or conditions as aforesaid, unless such connexion is for the time being approved of by the Board of Trade, with the concurrence of the Postmaster-General, and is made in accordance with the conditions, if any, of such approval; and

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

(3.) The Undertakers shall construct their mains and other works of all descriptions and shall work their undertaking in all respects so as not injuriously to affect the working of any existing electric circuits from time to time used or intended to be used for the purpose of telegraphic, telephonic, or electric signalling communication, or the currents in such circuits, and shall use every reasonable means in the construction of their mains and other works of all descriptions, and the working of their undertaking, to prevent injurious affection, whether by induction or otherwise, to any electric circuits, used or intended to be used for the purposes aforesaid whether existing at the time of the construction of such mains or other works or not, or the currents in such circuits. If any question arises as to whether the Undertakers have constructed their mains or other works, or worked their undertaking, in contravention of this sub-section, such question shall be determined by arbitration, and the Undertakers shall be bound to make any alterations in or additions to their system which may be directed by the arbitrator.

A.D. 1890.

Plymouth.

Provided that nothing in this sub-section contained shall be held to deprive the owners of such electric circuits of any existing rights to proceed against the Undertakers by indictment, action, or otherwise in relation to any of the matters aforesaid.

Works.

12. Subject to the provisions of this Order and the principal Act, the Undertakers may from time to time exercise all or any of the powers conferred on them by this Order and the principal Act, and may break up such streets, not repairable by the local authority, and such railways and tramways (if any) as are specified in the Third Schedule, so far as such streets, railways, and tramways may for the time being be included in the area of supply, and be, or be upon, land dedicated to public use: Provided, however, as respects any such railway, that the powers hereby granted shall extend only to such parts thereof as pass across or along any highway on the level.

Powers for
execution of
works.

Nothing in this Order shall authorise or empower the Undertakers to break up or interfere with any street or part of a street not repairable by the local authority, or any railway or tramway, except such streets, railways, or tramways (if any), or such parts thereof as are specified in the said schedule, without the consent of the authority, company, or person by whom such street, railway, or tramway is repairable, or of the Board of Trade under section 13 of the Electric Lighting Act, 1882, and where the Board of Trade give such consent, the provisions of this Order shall apply to the street, railway, or tramway to which the consent relates, as if it had been specified in the said schedule.

13. Subject to the provisions of this Order and the principal Act, and any regulations made under this Order, the Undertakers may also from time to time construct in any street such boxes as may be necessary for purposes in

Street boxes.

(No. 11) Act, 1890.

A.D. 1890. connexion with the supply of energy, including apparatus for the proper
Plymouth. ventilation of such boxes: Provided that no such box shall be placed above
ground, except with the consent of the local authority, body, or person by
whom such street is repairable.

Every such box shall be for the exclusive use of the Undertakers and under
their sole control, except so far as the Board of Trade may otherwise order,
and shall be used by the Undertakers only for the purpose of leading off
service lines and other distributing conductors, or for examining, testing,
regulating, measuring, directing, or controlling the supply of energy, or for
examining or testing the condition of the mains or other portions of the
works, or for other like purposes connected with the undertaking; and the
Undertakers may place therein meters, switches, and any other suitable and
proper apparatus for any of the above purposes.

Every such box, including the upper surface or covering thereof, shall be
constructed of such materials, and shall be constructed and maintained by the
Undertakers in such manner, as not to be a source of danger, whether by
reason of inequality of surface or otherwise.

The local authority may, with the approval of the Board of Trade, prescribe
the hours during which the Undertakers are to have access to such boxes,
and if the Undertakers, during any hours not so prescribed, remove or dis-
place or keep removed or displaced the upper surface or covering of any box,
without the consent of the local authority, they shall be liable to a penalty
not exceeding five pounds for every such offence, and to a daily penalty
not exceeding five pounds: Provided that the Undertakers shall not be subject
to any such penalties as aforesaid if the court having cognizance of the case
shall be of opinion that the case was one of emergency, and that the Under-
takers complied with the requirements of this section so far as was reasonable
under the circumstances.

Prohibition of
overhead wires.

14. The Undertakers shall not place any electric line above ground, along,
over, or across any street or public place, or any part thereof respectively,
and if the Undertakers place any electric lines in contravention of this
section they shall be liable to a penalty not exceeding ten pounds for every
such offence, and to a daily penalty not exceeding five pounds, and any court
of summary jurisdiction, on complaint made may make an order authorising
the removal of any such electric line by such person and on such terms as
they may think fit.

Notice of
works, with
plan, to be
served on the
Postmaster-
General and
local authority.

15. Where the exercise of any of the powers of the Undertakers in relation
to the execution of any works (including the construction of boxes) will
involve the placing of any works in, under, along, or across any street or
public bridge, the following provisions shall have effect:—

(a.) One month before commencing the execution of such works (not being
the repairs, renewals, or amendments of existing works of which the
character and position are not altered), the Undertakers shall serve a
notice upon the Postmaster-General and the local authority describing
the proposed works, together with a plan of the works showing the mode

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

and position in which such works are intended to be executed, and the manner in which it is intended that such street or bridge, or any sewer, drain, or tunnel therein or thereunder, is to be interfered with, and shall, upon being required to do so by the Postmaster-General or the local authority from time to time give him or them any such further information in relation thereto as he or they may desire. In calculating the above-mentioned period of one month, no part of the month of August shall be included.

A.D. 1890.

Plymouth.

- (b.) The Postmaster-General or the local authority may in his or their discretion approve of any such works or plan, subject to such amendments or conditions as may seem fit, or may disapprove the same, and may give notice of such approval or disapproval to the Undertakers.
- (c.) Where the Postmaster-General or the local authority approve any such works or plan, subject to any amendments or conditions with which the Undertakers are dissatisfied, or disapprove of any such works or plan, the Undertakers may appeal to the Board of Trade, and the Board of Trade may inquire into the matter, and allow or disallow such appeal, and approve any such works or plan, subject to such amendments or conditions as may seem fit, or may disapprove the same.
- (d.) If the Postmaster-General or the local authority fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon them, he or they shall be deemed to have approved such works and plan.
- (e.) Notwithstanding anything in this Order or the principal Act, the Undertakers shall not be entitled to execute any such works as above specified, except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General and the local authority, or by the Board of Trade, as above mentioned; but where any such works, description, and plan are so approved or to be deemed to be approved, the Undertakers may cause such works to be executed in accordance with such description and plan, subject in all respects to the provisions of this Order and of the principal Act.
- (f.) If the Undertakers make default in complying with any of the requirements or restrictions of this section, they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General and the local authority for any loss or damage which he or they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Plymouth.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law, in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertakers works or their supply of energy.

As to streets
not repairable
by local
authority,
railways, and
tramways.

16. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in, under, along, or across any street or part of a street not repairable by the local authority, or over or under any railway, tramway, or canal, the following provisions shall have effect, unless otherwise agreed between the parties interested :—

- (a.) One month before commencing the execution of any such works (not being the repairs, renewals, or amendments of existing works of which the character and position are not altered) the Undertakers shall, in addition to any other notices which they may be required to give under this Order or the principal Act, serve a notice upon the body or person liable to repair such street or part of a street, or the body or person for the time being entitled to work such railway or tramway, or the owners of such canal (as the case may be), in this section referred to as the "owners," describing the proposed works, together with a plan of the works showing the mode and position in which such works are intended to be executed and placed, and shall, upon being required to do so by any such owners, from time to time give them any such further information in relation thereto as they may desire.
- (b.) Every such notice shall contain a reference to this section, and direct the attention of the owners to whom it is given to the provisions thereof.
- (c.) Within three weeks after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the Undertakers requiring that any question in relation to such works, or to compensation in respect thereof, and any other question arising upon such notice or plan as aforesaid, shall be settled by arbitration; and thereupon such question, unless settled by agreement, shall be settled by arbitration accordingly.
- (d.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street, railway, tramway, or canal, and may, if he thinks fit, require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic, so far as may be possible.
- (e.) Where no such requisition as in this section mentioned is served upon the Undertakers, or where, after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the Undertakers may, upon paying or securing any compensation which they may be required to pay or secure, cause to be executed the works specified in such notice and plan as aforesaid, and

may from time to time repair, renew, and amend the same (provided that their character and position are not altered), but subject in all respects to the provisions of this Order and the principal Act, and only in accordance with the notice and plan so served by them as aforesaid, or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned, or as may be agreed upon between the parties.

A.D. 1890.

Plymouth.

(f.) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners, who shall have the right to be present during the execution of such works.

(g.) Where the repair, renewal, or amendment of any existing works, of which the character or position are not altered, will involve any interference with any railway level crossing or any tramway over or under which such works have been placed, the Undertakers shall, unless otherwise agreed between the parties, or in cases of emergency, give to the owners not less than 24 hours notice before commencing to effect such repair, renewal, or amendment, and the owners shall be entitled by their officer to superintend the work, and the Undertakers shall conform to such reasonable requirements as may from time to time be made by the owners or such officer. The said notice shall be in addition to any other notices which the Undertakers may be required to give under this Order or the principal Act.

(h.) If the Undertakers make default in complying with any of the requirements or restrictions of this section, they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

17. The local authority, and any body or person for the time being liable to repair any street or part of a street, or entitled to work any railway or tramway which the Undertakers may be empowered to break up for the purposes of this Order, may, if they think fit, from time to time serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Undertakers as therein specified in relation to the breaking up, filling in, reinstating, or making good any streets, bridges, sewers, drains, tunnels, or other works vested in or under the control or management of the local authority, or other body or person, as the case may be, and may from time to time amend or revoke any such notice by another notice similarly served. Where the local authority, or any such body

Local authority, &c., may give notice of desire to break up streets, &c., on behalf of Undertakers.

or person as aforesaid (in this section referred to as "the givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers, then so long as such notice remains in force the following provisions shall have effect, unless otherwise agreed between the parties interested :—

- (a.) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid, except where they have required the givers of the notice to exercise or discharge such powers or duties, and the givers of the notice have refused or neglected to comply with such requisition, as herein-after provided, or in cases of emergency.
- (b.) In addition to any other notices which they may be required to give under the provisions of this Order or the principal Act, the Undertakers shall, not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced, serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced, and the manner in which any such powers or duties are required to be exercised or discharged.
- (c.) Upon receipt of any such requisition as last aforesaid, the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers, subject to the like restrictions and conditions as the Undertakers would themselves be subject to in such exercise or discharge, so far as the same may be applicable.
- (d.) If the givers of the notice decline, or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced, neglect to comply with such requisition, the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified, in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice.
- (e.) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice; but in such case the Undertakers shall, within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid, give information thereof in writing to the givers of the notice.
- (f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section, they shall be liable to a penalty not exceeding ten pounds for every such offence, and to a daily penalty not exceeding five pounds: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be

of opinion that the case was one of emergency, and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances. A.D. 1890.
Plymouth.

(g.) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers, and may be recovered summarily before a court of summary jurisdiction.

(h.) The givers of the notice may from time to time, if they think fit, require the Undertakers to give them such security for the repayment to them of any expenses incurred or to be incurred by them under this section as may be determined, in manner provided by this Order. If the Undertakers fail to give any such security within seven days after being required to do so, or in case of difference after such difference has been determined by a court of summary jurisdiction, they shall not be entitled to serve any further requisition upon such givers of the notice requiring them to exercise or discharge any powers or duties under this section until such security has been duly given.

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up, filling in, re-instating, or making good any such street or part of a street, or any such bridges, sewers, drains, tunnels, or other works, or railway or tramway, as in this section mentioned.

18. The Undertakers may from time to time alter the position of any pipes (not forming part of any sewer of the local authority), or any wires being under any street or place authorised to be broken up by them, which may interfere with the exercise of their powers under the principal Act or this Order; and any body or person may in like manner alter the position of any electric lines or works of the Undertakers, being under any such street or place as aforesaid, which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place, subject to the following provisions, unless otherwise agreed between the parties interested:—

As to alteration
of pipes, wires,
&c., under
streets.

(a.) One month before commencing any such alteration the Undertakers, or such body or person (as the case may be), in this section referred to as "the operators," shall serve a notice upon the body or person for the time being entitled to such pipes, wires, electric lines, or works (as the case may be), in this section referred to as "the owners," describing the proposed alteration, together with a plan showing the manner in which it is intended that such alterations shall be made, and shall, upon being required to do so by any such owners, from time to time give them any such further information in relation thereto as they may desire.

(b.) Within three weeks after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such

notice or plan as aforesaid, shall be settled by arbitration; and there-upon such question, unless settled by agreement, shall be settled by arbitration accordingly.

- (c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes, wires, electric lines, or works, and may, if he thinks fit, require the operators to execute any temporary or other works, so as to avoid interference with any purpose for which such pipes, wires, electric lines, or works are used, so far as may be possible.
- (d.) Where no such requisition as in this section mentioned is served upon the operators, the owners shall be held to have agreed to the notice or plan served on them as aforesaid, and in such case, or where, after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the operators, upon paying or securing any compensation which they may be required to pay or secure, may cause the alterations specified in such notice and plan as aforesaid, to be made, but subject in all respects to the provisions of this Order and the principal Act, and only in accordance with the notice and plan so served by them as aforesaid, or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned, or as may be agreed upon between the parties.
- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid, the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves, and where any such statement has been served upon the operators, they shall not be entitled to proceed themselves to execute such alterations, except where they have notified to such owners that they require them to execute such alterations, and such owners have refused or neglected to comply with such notification as herein-after provided.
- (f.) Where any such statement as last aforesaid has been served upon the operators, they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced, serve a notification upon the owners stating the time when such alterations are required to be commenced, and the manner in which such alterations are required to be made.
- (g.) Upon receipt of any such notification as last aforesaid, the owners may proceed to execute such alterations as required by the operators, subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations, so far as the same may be applicable.
- (h.) If the owners decline, or for twenty-four hours after the time when any such alterations are required to be commenced, neglect to comply with such notification, the operators may themselves proceed to execute such alterations, in like manner as they might have done if no such statement as aforesaid had been served upon them.

—
Plymouth.

(j.) Any owners may, if they think fit, by any statement served by them under this section, upon any operators not being a local authority, require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order, and where any operators have been so required to give security, they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.

(k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss, damage, or penalty which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds. Provided that the operators shall not be subject to any such additional penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

19. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any sewer, drain, watercourse, defence, or work under the jurisdiction or control of the local authority, or any main, pipe, syphon, electric line, or other work belonging to any gas, electric supply, or water company has been lawfully placed, or where any gas or water company require to dig or sink any trench for laying down or constructing any new mains or pipes (other than service pipes) or other works near to which any lines or works of the Undertakers have been lawfully placed, the Undertakers, or such gas or water company (as the case may be), in this section referred to as the "operators," shall, unless otherwise agreed between the parties interested, or in case of sudden emergency, give to the local authority, or to such gas, electric supply, or water company, or to the Undertakers (as the case may be), in this section referred to as the "owners," not less than three days notice before commencing to dig or sink such trench as aforesaid, and such owners shall be entitled by their officer to superintend the work, and the operators shall conform with such reasonable requirements as may from time to time be made by the owners or such officer for protecting from injury every such sewer, drain, watercourse, defence pipe syphon, electric line, or work, and for securing access thereto, and they shall also

Plymouth.

Where the operators find it necessary to undermine but not alter the position of any pipe, electric line, or work, they shall temporarily support the same in position during the execution of their works, and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line, crossing, or liable to touch any mains, pipes, lines, or services belonging to any gas, electric supply, or water company, the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade; and the Undertakers shall not, except with the consent of the gas, electric supply, or water company, as the case may be, and of the Board of Trade, lay their electric lines so as to come into contact with any such mains, pipes, lines, or services, or, except with the like consent, employ any such mains, pipes, lines, or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section, they shall make full compensation to all owners affected thereby for any loss, damage, penalty, or costs which they may incur by reason thereof; and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default, and to a daily penalty not exceeding five pounds: Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances, or that the default in question was due to the fact that the operators were ignorant of the position of the sewer, drain, water-course, defence, pipe, electric line, or work affected thereby, and that such ignorance was not owing to any negligence on the part of the operators.

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas; the expression "water company" shall mean any body or person lawfully supplying water or water power; and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act, but not under this Order.

For protection
of railway and
canal com-
panies.

20. In the exercise of any of the powers of this Order relating to the execution of works, the Undertakers shall not in any way injure the railways, canals, tunnels, arches, works, or conveniences belonging to any railway or canal company, nor obstruct or interfere with the working of the traffic passing along any railway or canal.

For protection
of telegraphic
and telephonic
wires.

21. Seven days before commencing to lay down any electric line or to supply energy through any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

wires or lines lawfully laid down or placed in any position may be injuriously affected, the Undertakers shall, unless otherwise agreed between the parties interested, give to the body or person for the time being entitled to such wires or lines, notice in writing specifying the course, nature, and gauge of such electric lines, and the amount and nature of the currents intended to be sent along the same, and the extent to and manner in which (if at all) earth returns are proposed to be used; and the Undertakers shall conform with such reasonable requirements as may from time to time be made by such body or person as aforesaid for the purpose of preventing the communication through such wires or lines from being injuriously affected as aforesaid.

If any difference arises between any such body or person and the Undertakers with respect to the reasonableness of any requirements so made, such difference shall be determined by arbitration.

Provided that nothing in this section shall apply to repairs or renewals of any electric line so long as the course, nature and gauge of such electric line and the amount and nature of the current sent along the same, are not altered.

If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall make full compensation to the body or person entitled to any such wire or line for any loss or damage which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default, and to a daily penalty not exceeding forty shillings: Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency, and that the Undertakers complied with the requirements and restrictions of this section so far as was reasonable under the circumstances, or that the default in question was due to the fact that the Undertakers were ignorant of the position of the wires or lines affected thereby, and that such ignorance was not owing to any negligence on the part of the Undertakers.

Compulsory Works.

22.—(1.) The Undertakers shall, within a period of two years after the commencement of this Order, lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule, and shall thereafter maintain the same.

(2.) In addition to the mains herein-before specified the Undertakers shall, at any time after the expiration of eighteen months after the commencement of this Order, lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply, upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order

A.D. 1890.

(No. 11) Act, 1890.**

A.D. 1890. has become binding upon them, or such further time as may in any case be approved of by the Board of Trade.
Plymouth.

(3.) When any such requisition is made in respect of any street not repairable by the local authority, which is not mentioned in the Third Schedule, the Undertakers shall (unless the authority, company, or person by whom such street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section 13 of the Electric Lighting Act, 1882, for the written consent of the Board, authorising and empowering the Undertakers to break up such street, and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

As to laying of electric line under special agreement.

23. Twenty-eight days at the least before commencing to lay in any street any electric line which is intended for supplying energy to any particular consumer, and not for the purposes of general supply, the Undertakers shall serve upon the local authority, and upon the owner or occupier of all premises abutting on so much of the street as lies between the points of origin and termination of the electric line so to be laid, a notice stating that the Undertakers intend to lay such electric line and setting forth the effect of this section, and if within the said period any two or more of such owners or occupiers shall require, in accordance with the provisions of this Order, that a supply shall be given to their premises, the necessary distributing main shall be laid by the Undertakers at the same time as the electric line intended for such particular consumer.

If Undertakers fail to lay down mains, &c., Order may be revoked.

24. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively, they shall be liable to a penalty not exceeding five pounds in respect of each such default for each day during which such default continues, and if the Board of Trade are of opinion in any case that such default is wilful and unreasonably prolonged they may, after considering any representations of the local authority, revoke this Order as to the whole or, with the consent of the Undertakers, any part of the area of supply, or, if the Undertakers so desire, may, after having given an opportunity to the local authority to make representations and objections with reference thereto, suffer the same to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose, and any conditions so imposed shall be binding on and observed by the Undertakers, and shall be of the like force and effect in every respect as though they were contained in this Order.

Manner in which requisition is to be made.

25. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street, or, where the local authority has the control and management of the public lamps in such street or part of a street, by the local authority.

Every such requisition shall be signed by the persons making the same, or by the local authority (as the case may be), and shall be served upon the Undertakers.

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

Forms of requisition shall be kept by the Undertakers at their office, and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply and to the local authority on application for the same, and any requisition so supplied shall be deemed valid in point of form.

A.D. 1890.

Plymouth.

26. Where any such requisition is made by any such owners or occupiers as aforesaid, the Undertakers (if they think fit) may, within fourteen days after the service of the requisition upon them, serve a notice on all the persons by whom the requisition is signed, stating that they decline to be bound by the requisition unless such persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years, of such amount in the aggregate (to be specified by the Undertakers in such notice) as will, at the rates of charge for the time being charged by the Undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply, produce annually such reasonable sum as shall be specified by the Undertakers in such notice: Provided that in such notice the Undertakers shall not, without the authority of the Board of Trade, specify any sum exceeding twenty per centum upon the expense of providing and laying down the required distributing mains and any other mains or additions to existing mains which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Provisions on
requisition by
owners or
occupiers.

Where such notice is served, the requisition shall not be binding on the Undertakers unless within fourteen days after the service of such notice on all the persons signing the requisition has been effected, or in case of difference the delivery of the arbitrator's award, there be tendered to the Undertakers an agreement severally executed by such persons or some of them, binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified produce an annual sum amounting to the sum specified in the notice or determined by arbitration under this section, nor unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from such persons under such agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If the Undertakers consider that the requisition is unreasonable, or that, under the circumstances of the case, the provisions of this section ought to be varied, they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade, who, after such inquiry, if any, as they shall think fit, may, by order, either determine that the requisition is unreasonable, and shall not be binding upon the Undertakers, or may authorise the Undertakers by their notice to require a supply of energy to be taken for such longer period than three years, and to specify such sum or per-centage whether calculated as herein-before provided or otherwise, as shall be fixed or directed by the order and the terms of the above-mentioned agreement shall be varied accordingly. In the case of any such appeal to the Board of Trade, any notice by the Undertakers under this section may

[Ch. cxcvii.] *Electric Lighting Orders Confirmation* [53 & 54 VICT.]
(No. 11) Act, 1890.

A.D. 1890. be served by them within fourteen days after the decision of the Board of Trade.
Plymouth.

If any difference arises between the Undertakers and any person signing any such requisition as to any such notice, agreement, or security such difference shall, subject to the provisions of this section and to the decision of the Board of Trade on any such appeal as aforesaid, be determined by arbitration.

**Provisions on
requisition by
local authority.**

27. Where any such requisition is made by the local authority it shall not be binding on the Undertakers unless at the time when such service is effected, or within fourteen days thereafter, there be tendered to the Undertakers (if required by them) an agreement executed by the local authority, and binding them to take for a period of three years at the least a supply of energy for lighting such public lamps in the street or part of a street in respect of which the requisition is made as may be under their management or control.

Supply.

**Undertakers
to furnish
sufficient
supply of
energy to
owners and
occupiers
within the
area of supply.**

28. The Undertakers shall, upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are, for the time being, required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order, give and continue to give a supply of energy for such premises in accordance with the provisions of this Order, and of all such regulations and conditions as aforesaid, and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order, subject to the conditions following; (that is to say,)

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier, and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers, although not on such property, shall, if the Undertakers so require, be defrayed by such owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied, and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and,

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same, at the rate of charge for the time being charged

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

by the Undertakers for a supply of energy to ordinary consumers within the area of supply, shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply, and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may from time to time become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers, and in respect of energy to be supplied by them.

A.D. 1890.

Plymouth.

Provided always, that the Undertakers may, after they have given a supply of energy for any premises, by notice in writing, require the owner or occupier of such premises, within seven days after the date of the service of such notice, to give to them security for the payment of all moneys which may from time to time become due to them in respect of such supply, in case such owner or occupier has not already given such security, or in case any security given has become invalid or is insufficient; and in case any such owner or occupier fail to comply with the terms of such notice, the Undertakers may, if they think fit, discontinue to supply energy for such premises so long as such failure continues.

Provided also, that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner, or uses the energy supplied to him by the Undertakers for any purposes, or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers, the Undertakers may, if they think fit, discontinue to supply energy to such premises so long as such user continues.

Provided also, that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines, fittings, and apparatus therein are in good order and condition, and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines, fittings, or apparatus, such difference shall be determined by arbitration.

29. The maximum power with which any such consumer shall be entitled to be supplied shall be of such amount as he may from time to time require to be supplied with, not exceeding what may be reasonably anticipated as the maximum consumption on his premises : Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount, he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers, and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of such consumer, or any fittings or apparatus of the Undertakers upon such premises, consequent upon such alteration, shall be paid by him to the Undertakers, and may be recovered summarily as a civil debt.

Maximum
power.

(No. 11) Act, 1890.

A.D. 1890.

Plymouth.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section, such difference shall be determined by arbitration.

Supply of
energy to
public lamps.

30. The Undertakers, upon receiving reasonable notice from the local authority requiring them to supply energy to any public lamps within the distance of seventy-five yards from any distributing main of the Undertakers in which they are for the time being required to maintain a current of energy for the purposes of general supply under this Order, or any regulations and conditions subject to which they are authorised to supply energy under this Order, shall give and continue to give a supply of energy to such lamps in such quantities as the local authority may from time to time require to be supplied.

Penalty for
failure to
supply.

31. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order, they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day on which any such default occurs.

Whenever the Undertakers make default in supplying energy to the public lamps to which they may be and are required to supply energy under this Order, they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each such lamp, and for each day on which any such default occurs.

Whenever the Undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorised to supply energy under this Order they shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults, not being wilful defaults on the part of the Undertakers, for any one day, and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

Price.

Methods of
charging.

32. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

- (1.) By the actual amount of energy so supplied; or,
- (2.) By the electrical quantity contained in such supply; or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade, any consumer who objects to that method may by one

(No. 11) Act, 1890.

month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him, or by the electrical quantity contained in such supply, and thereafter the Undertakers shall not, except with the consumer's consent, charge him by any other method.

A.D. 1890.

Plymouth.

Provided also that, before commencing to supply energy through any distributing main for the purposes of general supply, the Undertakers shall give notice to the local authority by what method they propose to charge for energy supplied through such main, and if the local authority become the Undertakers under this Order they shall give the like notice by public advertisement; and, where the Undertakers have given any such notice, they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to the local authority and to every consumer of energy who is supplied by them from such main.

33. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively, or in the case of a method of charge approved by the Board of Trade, such price as the Board of Trade shall on approving such method determine.

Maximum
prices.

Provided that if the local authority or the Undertakers shall, at any time after the expiration of seven years after the commencement of this Order, make a representation to the Board of Trade that the prices or methods of charge stated in the said schedule or approved by the Board of Trade ought to be altered, the Board of Trade, after such inquiry as they may think fit, may make an order varying the prices or methods of charge stated in the said schedule or so approved as aforesaid, or substituting other prices or methods of charge in lieu thereof, and the prices or methods of charge so varied or substituted shall have effect on and after such day as may be mentioned in the order, as if they had been stated in the said schedule: Provided also, that the prices and methods of charge for the time being in force may be altered in like manner at any time after the expiration of any or every period of seven years after the same were last altered.

34. Subject to the provisions of this Order and of the principal Act, and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned, the Undertakers may make any agreement with a consumer as to the price to be charged for energy, and the mode in which such charges are to be ascertained, and may charge accordingly.

Other charges
by agreement.

35. The price to be charged by the Undertakers and to be paid to them for all energy supplied to the public lamps, and the mode in which such charges shall be ascertained, shall be settled by agreement between the local authority and the Undertakers, and, in case of difference, by arbitration, regard being had to the circumstances of the case and the distributing or other mains (if any) which may have to be laid for the purpose, and the prices charged to ordinary consumers in the district.

Reduction of
price.

36. If the clear profits of the undertaking in any year amount to a larger sum than is sufficient to make a dividend at the rate of 10 per cent. per annum for that year upon the amount paid upon the appropriated capital, then one half the excess beyond the sum necessary for that purpose shall be applied in reducing the price to be charged for energy by the Undertakers in the next following year, and so on from time to time. And if any question shall arise as to the amount of the clear profits of the undertaking, or on the accounts of the Undertakers, or whether the Undertakers have made such reduction in price as aforesaid, such question shall on the application of the local authority, or any two consumers, be referred to arbitration.

Provision as to
ascertainment
of profits.

37. If, in the opinion of the local authority, the amount at any time written off by the Undertakers for depreciation fund is excessive, and the Undertakers shall not after notice in writing from the local authority reduce such amount in accordance with the requirements of the local authority, the question of the amount to be carried by the Undertakers to reserve or depreciation fund shall be referred to arbitration, and the arbitrator shall have power to direct any part of the amount written off, or of the reserve or depreciation fund (as the case may be), which is in excess of the requirements of the case to be applied in reducing the price charged by the Undertakers for energy, or otherwise as he may think fit.

Electric Inspectors.

Appointment
of electric
inspectors.

38. The local authority, so long as they are not themselves the Undertakers for the purposes of this Order, may from time to time appoint, and keep appointed, one or more competent and impartial person or persons to be electric inspectors under this Order.

If no electric inspector is appointed by the local authority, or if the inspection of electric lines and works is imperfectly attended to by the local authority, or if the local authority themselves become the Undertakers for the purposes of this Order, the Board of Trade, on the application of any consumer, or of the Undertakers, may from time to time appoint, and keep appointed, one or more competent and impartial person or persons to be electric inspectors under this Order.

The duties of an electric inspector under this Order shall be as follows:—

- (a.) The inspection and testing, periodically and in special cases, of the Undertakers electric lines and works and the supply of energy given by them ;
- (b.) The certifying and examination of meters ; and,
- (c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order.

The local authority, with the approval of the Board of Trade, or the Board of Trade, if the inspector is appointed by them, may from time to time prescribe the manner in which and the times at which any such duties are to be performed by an electric inspector, and also the fees to be taken by him,

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

and such fees shall be accounted for and applied as may be directed by the local authority or the Board of Trade, as the case may be.

A.D. 1890.

Plymouth.

39. The local authority may pay to any electric inspector appointed by them under this Order such reasonable remuneration (if any) as they may from time to time determine, and such remuneration may be in addition to, or in substitution for, any fees directed to be paid to electric inspectors in respect of their duties under this Order or any regulations of the Board of Trade made in pursuance of this Order or the principal Act, according as the local authority shall so determine.

Remuneration
of electric
inspectors.

40. The Board of Trade may also, if they deem it necessary, appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public, which may have been occasioned by or in connexion with the Undertakers' works, or as to the manner and extent in and to which the provisions of this Order and the principal Act, and of any regulations under this Order, so far as such provisions affect the safety of the public, have been complied with by the Undertakers; and any person appointed under this section, not being an electric inspector, shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

Inquiry by
Board of
Trade.

Testing and Inspection.

41. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector, and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers, and in such manner as the inspector may think expedient, but, except under the provisions of a special order in that behalf made by the Board of Trade, he shall not be entitled to have access to or interfere with the mains of the Undertakers, at any points other than those at which the Undertakers have reserved for themselves access to the said mains: Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid. Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months, unless in pursuance of a special order in that behalf made by the Board of Trade.

Testing of
mains.

42. An electric inspector, if and when required to do so by any consumer, shall from time to time, on payment by the consumer of the prescribed fee, test the variation of electric pressure at the consumer's terminals, or make such other inspection and testing of the service lines, apparatus, and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order, and the regulations and conditions subject to which they are for the time being authorised to supply energy.

Undertakers to
establish
testing
stations.

43. The Undertakers shall at such places, within a reasonable distance from a distributing main, establish at their own cost and keep in proper condition such reasonable number of testing stations as the local authority, or, where the local authority are the Undertakers, as the Board of Trade shall deem sufficient for testing the supply of energy by the Undertakers through such main, and shall place thereat proper and suitable instruments of a pattern to be approved by the Board of Trade, and shall connect such stations by means of proper and sufficient electric lines with such mains, and supply energy thereto for the purpose of such testing.

If any dispute arises between the local authority and the Undertakers as to whether the number of such testing stations and the distance from the main at which they are established is reasonable or excessive, or as to any excessive or improper use of energy for such testing, or as to the performance by the Undertakers of their duties under this section, such dispute shall be determined by arbitration.

Undertakers
to keep instru-
ments on their
premises.

44. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be from time to time approved of or prescribed by the Board of Trade, and shall from time to time take and record, and keep recorded, such observations as the Board of Trade may from time to time prescribe, and any observations so recorded shall be receivable in evidence.

Readings of
instruments
to be taken.

45. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place, set up, or keep at any testing station or on their own premises, and any electric inspector appointed under this Order may from time to time examine and record the readings of such instruments, at such times and in such manner as he may be directed by the authority by whom he is appointed, and any readings so recorded shall be receivable in evidence.

Electric
inspector
may test
Undertakers
instruments.

46. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers, and ascertaining if the same are in order, and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

Representation
of Undertakers
at testings.

47. The Undertakers may, if they think fit, on each occasion of the testing of any main or service line, or the testing or inspection of any instruments of the Undertakers by any electric inspector, be represented by some officer or other agent, but such officer or agent shall not interfere with the testing or inspection.

Undertakers to
give facilities
for testing.

48. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments, and shall comply with all the requirements of or under this Order in that behalf; and in case the Undertakers make default

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds, and to a daily penalty not exceeding one pound.

A.D. 1890.
Plymouth.

49. Every electric inspector shall, on the day immediately following that on which any testing has been completed by him under this Order, make and deliver a report of the results of his testing to the local authority, Board of Trade, or consumer (as the case may be) by whom he was required to make such testing, and to the Undertakers, and such report shall be receivable in evidence.

Report of
results of
testing.

If the Undertakers, the local authority, or any consumer are or is dissatisfied with any report of any electric inspector, they or he may appeal to the Board of Trade against such report, and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal, and their decision shall be final and binding on all parties.

50. Save as otherwise provided by this Order, or by any regulations under this Order, all fees and reasonable expenses of an electric inspector shall, unless agreed, be ascertained by a court of summary jurisdiction or (where the inspector is appointed by them) by the Board of Trade, and shall be paid by the Undertakers.

Expenses of
electric
inspector.

Provided that where the report of an electric inspector, or the decision of the Board of Trade, shows that any consumer was guilty of any default or negligence, such fees and expenses shall, on being ascertained as above mentioned, be paid by such consumer or consumers as the court or Board, having regard to such report or decision, shall direct, and may be recovered summarily as a civil debt.

Provided also, that in any proceedings for penalties under this Order any such fees and expenses incurred in connexion with such proceedings shall be payable by the complainant or defendant as the court shall direct.

Meters.

51. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order, or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge), in this Order referred to as "the value of the supply," shall, except as otherwise agreed between such consumer and the Undertakers, be ascertained by means of an appropriate meter duly certified under the provisions of this Order.

Meters to be
used except
by agreement.

52. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter, and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade; and every such meter is in this Order referred to as a "certified meter." Provided that where any alteration is made in any certified meter, or where any such meter is unfixed or

(No. 11) Act, 1890.

A.D. 1890. disconnected from the service lines, such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order.
Plymouth.

**Inspector to
certify meters.**

53. Every electric inspector, on being required to do so by the Undertakers or by any consumer, and on payment of the prescribed fee by the party so requiring him, shall examine any meter intended for ascertaining the value of the supply, and shall certify the same as a certified meter if he considers it entitled to be so certified.

**Undertakers to
supply meters
if required to
do so.**

54. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter, the Undertakers shall, if required so to do by any consumer, supply him with an appropriate meter, and shall, if required so to do, fix the same upon the premises of the consumer and connect the service lines therewith, and procure such meter to be duly certified under the provisions of this Order, and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and do all necessary acts; provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter, or to give security therefor, or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as herein-after provided.

**Meters not be
connected or
disconnected
without notice.**

55. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers, or disconnect any such meter from any such electric line, unless he has given to the Undertakers not less than forty-eight hours notice in writing of his intention so to do, and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

**Consumer to
keep his meter
in proper
order.**

56. Every consumer shall at all times at his own expense keep all meters belonging to him, whereby the value of the supply is to be ascertained, in proper order for correctly registering such value, and in default of his so doing the Undertakers may cease to supply energy through such meter.

The Undertakers shall have access to and be at liberty to take off, remove, test, inspect, and replace any such meter at all reasonable times: Provided that all reasonable expenses of and incident to any such taking off, removing, testing, inspecting, and replacing, and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary, shall, if the meter be found to be not in proper order, be paid by the consumer, but if the same be in proper order, all expenses connected therewith shall be paid by the Undertakers.

**Power to the
Undertakers
to let meter.**

57. The Undertakers may let for hire any meter for ascertaining the value of the supply, and any fittings thereto, for such remuneration in money, and on such terms with respect to the repair of such meter and fittings, and for securing the safety and return to the Undertakers of such meter and fittings

as may be agreed upon between the hirer and the Undertakers, or in case of difference decided by the Board of Trade, and such remuneration shall be recoverable by the Undertakers summarily as a civil debt. A.D. 1890.
Plymouth.

58. The Undertakers shall, unless the agreement of hire otherwise provides, at all times, at their own expense, keep all meters let for hire by them to any consumer, whereby the value of the supply is ascertained, in proper order for correctly registering such value, and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Undertakers shall, for the purposes aforesaid, have access to and be at liberty to remove, test, inspect, and replace any such meter at all reasonable times: Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary, shall be paid by the Undertakers. Undertakers to keep meter let for hire in repair.

59. If any difference arises between any consumer and the Undertakers as to whether any meter, whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers), is or is not in proper order for correctly registering such value, or as to whether such value has been correctly registered in any case by any meter, such difference shall be determined upon the application of either party by an electric inspector or, where the local authority are the consumers, by an inspector to be appointed by the Board of Trade, who shall also order by which of the parties the costs of the proceedings before him shall be paid, and the decision of such inspector shall be final and binding on all parties. Subject as aforesaid, the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply. Differences as to correctness of meter to be settled by inspector.

60. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply, and the Undertakers change the method of charging for energy supplied by them from such main, the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging, and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt. Undertakers to pay expenses of providing new meters where method of charge altered.

61. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply, the Undertakers may from time to time place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer, or the number of hours during which such supply is given, or the maximum power taken by such consumer, or any other quantity or time connected with the supply: Provided that such meter or apparatus shall be of some construction and pattern, and shall be fixed and connected with the service lines in some manner approved by the Board of Trade, and shall be supplied and maintained entirely at the cost of the Under- Undertakers may place meters to measure supply or to check measurement thereof.

Plymouth. the mains of the Undertakers and the consumer's terminals.

Maps.

Map of area of
supply to be
made and
deposited.

62. The Undertakers shall forthwith, after commencing to supply energy under this Order, cause a map to be made of the area of supply, and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains, service lines, and other underground works and street boxes, and shall once in every year cause such map to be duly corrected so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General, cause to be made sections showing the level of all their existing mains and underground works other than service lines. The said map and sections shall be made on such scale or scales as the Board of Trade shall prescribe.

Every map and section so made or corrected, or a copy thereof, with the date expressed thereon of the last time when it was so corrected, shall be kept by the Undertakers at their principal office within the area of supply, and shall at all reasonable times be open to the inspection of all applicants, and such applicants may take copies of the same or any part thereof. The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map, section, or copy, and such further fee not exceeding five shillings for each copy of the same, or any part thereof, taken by such applicant, as they may from time to time prescribe.

The Undertakers shall, if so required by the Board of Trade or the Postmaster-General, supply to them or him a copy of any such map or section, and from time to time cause such copy to be duly corrected so as to agree with the original or originals thereof, as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section with respect to maps and sections, they shall for every such offence be liable to a penalty not exceeding ten pounds, and to a daily penalty not exceeding two pounds.

Special Provisions in Case of Transfer.

Application of
moneys re-
ceived by the
local authority
as Undertakers.

63. If the local authority become the Undertakers for the purposes of this Order, the following provisions shall have effect :—

(A.) All moneys from time to time received by the Undertakers in respect of the undertaking except (a) borrowed money (b) money arising from the disposal of lands acquired for the purposes of this Order and (c) money not of the nature of rent received by them in respect of any transfer under the provisions of this Order shall be applied by them as follows :—

(1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking, including all costs, expenses

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

penalties, and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers, their officers or servants in relation to the undertaking. A.D. 1890.
Plymouth.

- (2.) In payment of the interest or dividend on any mortgages, stock, or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes.
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes.
- (4.) In payment of all other their expenses of executing this Order, not being expenses properly chargeable to capital.
- (5.) In providing a reserve fund, if they think fit, by setting aside such money as they may from time to time think reasonable, and investing the same, and the resulting income thereof in Government securities, or in any other securities in which trustees are by law for the time being authorised to invest, other than stocks or securities of the Undertakers, and accumulating the same at compound interest until the fund so formed amounts to one tenth of the aggregate capital expenditure on the undertaking, which fund shall be applicable from time to time to answer any deficiency at any time happening in the income of the Undertakers from the undertaking, or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking, and so that if that fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as such reduction happens.

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund, when amounting to the prescribed limit, to the credit of the local rate as defined by the principal Act, or at their option shall apply such surplus, or any part thereof, to the improvement of the district for which they are the local authority, or in reduction of the capital moneys borrowed for electricity purposes.

Provided always, that if the surplus in any year exceed five pounds per centum per annum upon the aggregate capital expenditure on the undertaking, the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to the said maximum rate of profit, but this proviso shall only apply to so much of the undertaking as shall for the time being remain in the hands of the local authority.

Any deficiency of income in any year shall be charged upon and payable out of the local rate.

- (B.) All moneys arising from the disposal of lands acquired by the Undertakers for the purposes of this Order, and all moneys not of the nature of rent received by them in respect of any transfer of the undertaking under the provisions of this Order, and all other capital moneys received

by them in respect of the undertaking, shall be applied by them as follows:—

- (1) In the reduction of the capital moneys borrowed by them for electricity purposes.
- (2) In the reduction of the capital moneys borrowed by them for other than electricity purposes.

Purchase and
use of lands.

64. If the local authority become the Undertakers for the purposes of this Order, the following provisions shall have effect:—

Subject to the provisions of this Order and the principal Act the Undertakers may from time to time acquire by purchase or take on lease and use any lands for the purposes of this Order, and may also for such purposes use any other lands for the time being vested in or leased by them, but subject as to such last-mentioned lands to the approval of the Local Government Board, and may from time to time dispose of any lands acquired by them under the provisions of this section which may not for the time being be required for the purposes of this Order: Provided that the amount of land so used by them shall not at any one time exceed in the whole five acres, except with the consent of the Board of Trade.

Provided also that the Undertakers shall not, except with the consent of the Local Government Board, take for the purposes of this Order ten or more houses, which after the passing of the Act confirming this Order, or on the fifteenth day of December last were occupied either wholly or partially by persons belonging to the labouring class as tenants or lodgers.

For the purposes of this section, the expression "labouring class" means and includes mechanics, artisans, labourers, and others working for wages, hawkers, costermongers, persons not working for wages, but working at some trade or handicraft without employing others, except members of their own family and persons other than domestic servants whose income does not exceed an average of thirty shillings a week, and the families of any of such persons who may be residing with them.

Incorporation
of sections 264
and 265 of
Public Health
Act, 1875.

65. If the local authority become the Undertakers for the purposes of this Order, the provisions of sections two hundred and sixty-four and two hundred and sixty-five of the Public Health Act, 1875, shall be incorporated with this Order; and in the construction of the said provisions "this Act" shall mean this Order and the principal Act, and the "local authority" shall mean the local authority as such Undertakers.

Notices, &c.

Notices, &c.
may be
printed or
written.

66. Notices, orders, and other documents under this Order may be in writing or in print, or partly in writing and partly in print, and where any notice, order, or document requires authentication by the local authority, the signature thereof by the clerk or surveyor to the local authority shall be sufficient authentication.

- (a.) In the case of the Board of Trade, the office of the Board of Trade ;
- (b.) In the case of the Postmaster-General, the General Post Office ;
- (c.) In the case of any county council, the office of such council ;
- (d.) In the case of any local authority, the office of such local authority ;
- (e.) In the case of the Undertakers or any other company having a registered office, the registered office of the Undertakers or such company ;
- (f.) In the case of a company having an office or offices, but no registered office, the principal office of that company ;
- (g.) In the case of any other person, the usual or last known place of abode of such person.

Where any notice is served by post, it shall be deemed to have been served at the time when the letter containing the notice would be delivered in the ordinary course of post, and in proving such service it shall be sufficient to prove that the letter containing the notice was properly addressed and put into the post.

A notice, order, or document by this Order required or authorised to be served on the owner or occupier of any premises shall be deemed to be properly addressed if addressed by the description of the "owner" or "occupier" of the premises (naming the premises) without further name or description.

A notice, order, or document by this Order required or authorised to be served on the owner or occupier of premises may be served by delivering the same, or a true copy thereof, to some person on the premises, or if there is no person on the premises to whom the same can with reasonable diligence be delivered, by fixing the notice on some conspicuous part of the premises.

Subject to the provisions of this Order as to cases of emergency, where the interval of time between the service of any notice or document under the provisions of this Order and the execution of any works, or the performance of any duty or act, is less than seven days, the following days shall not be reckoned in the computation of such time ; that is to say, Sunday, Christmas Day, Good Friday, any bank holiday under and within the meaning of the Bank Holiday Act, 1871, and any Act amending that Act, and any day appointed for public fast, humiliation, or thanksgiving.

Revocation of Order.

68. If at any time after the commencement of this Order the local authority make a representation to the Board of Trade that the Undertakers have made any default in executing works or supplying energy in accordance with the terms of this Order, and that such default is in consequence of the insolvency of the Undertakers, and that by reason of such insolvency the Undertakers are unable fully and efficiently to discharge the duties and obligations imposed upon them by this Order, the Board of Trade shall inquire into the truth of such representation, and if upon such inquiry they are satisfied of the truth

69. If at any time after the commencement of this Order the Undertakers represent to the Board of Trade that the undertaking cannot be carried on with profit, and ought to be abandoned, the Board of Trade shall inquire into the truth of such representation, and if upon such inquiry they are satisfied of the truth of such representation they may, if in their discretion they think fit, revoke this Order as to the whole or (with the consent of the Undertakers and of the local authority) as to any part of the area of supply.

Revocation of
Order with
consent.

70. In addition to any other powers which the Board of Trade may have in that behalf, they may revoke this Order at any time with the consent and concurrence of the Undertakers and the local authority, upon such terms as the Board of Trade may think just.

Provisions
where Order
revoked.

71. If the Board of Trade at any time revoke this Order as to the whole or any part of the area of supply, under any of the provisions of this Order, the following provisions shall have effect :—

(a.) The Board of Trade shall serve a notice of such revocation upon the Undertakers and upon the local authority, and shall in such notice fix a date at which such revocation shall take effect, and from and after such date all the powers and liabilities of the Undertakers under this Order for the supply of energy within such area, or part thereof as aforesaid, shall absolutely cease and determine.

(b.) Within two months after the service of such notice by the Board of Trade upon the local authority, the local authority, if they think fit, may by notice in writing require the Undertakers to sell, and thereupon the Undertakers shall sell to them the undertaking or such part of it as is within such area or part thereof as aforesaid, upon terms of paying the then value of all land, buildings, works, materials, and plant of the Undertakers, suitable to and used by them for the purposes of the undertaking within such area or part thereof, such value being agreed or estimated in manner directed by the Electric Lighting Act, 1888, in the case of purchases effected by the local authority under section two of that Act.

(c.) Where any purchase is so effected, the undertaking, or part thereof so purchased, shall vest in the local authority, freed from any debts, mortgages, or similar obligations of the Undertakers or attaching to the undertaking; and the revocation of this Order, as to the whole of the area of supply, or such part thereof as aforesaid, shall extend only to the revocation of the rights, powers, authorities, duties, and obligations of the Undertakers from whom the undertaking, or such part thereof as aforesaid, is purchased in relation to the supply of energy within such area or part thereof, and, save as aforesaid, this Order shall remain in full force within such area or part thereof in favour of the local authority by whom such undertaking or part thereof is purchased as aforesaid.

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

(d.) Where no purchase has been effected under the preceding provisions of this section, the local authority, and any body or person who may be liable to repair any street or part of a street in which any works of the Undertakers may have been placed, may (subject, however, to any agreement between the local authority or such body or person and the Undertakers providing for the removal of such works by the Undertakers) forthwith remove such works with all reasonable care, and the Undertakers shall pay to the local authority, or other such body or person as aforesaid, such reasonable costs of such removal, and of the reinstatement of such street or part of a street as may be specified in a notice to be served on the Undertakers by such local authority or other body or person, or (if so required by the Undertakers, within one week after the service of such notice upon them) as may be settled by arbitration.

A.D. 1890.

Plymouth.

If the Undertakers fail to pay such reasonable costs as aforesaid within one month after the service upon them of such notice, or the delivery of the award of the arbitrator (as the case may be), the local authority, or other such body or person as aforesaid, may, without any previous notice to the Undertakers (but without prejudice to any other remedy which they may have for the recovery of the amount), sell and dispose of any such works as aforesaid, either by public auction or private sale, and for such sum or sums and to such person or persons as they may think fit; and may, out of the proceeds of such sale, pay and reimburse themselves the amount of the costs so specified or settled as aforesaid and of the costs of sale, and the balance (if any) of the proceeds of the sale shall be paid over by them to the Undertakers.

(e.) In case the local authority or any body or person may be entitled to compensation for any damage sustained by them by reason or in consequence of the execution of any works within such area, or part thereof as aforesaid, or the exercise of any powers by this Order granted to the Undertakers, or for any expenses to which such local authority, body or person may have been put in removing any works of the Undertakers within such area or part thereof under the provisions of this Order, such compensation shall be a first charge on any money that may have been deposited or secured by the Undertakers under the provisions of this Order in respect of such area or part thereof, and which may not have been repaid or released to the Undertakers, and such money shall be applied rateably in satisfying such claims, and in every such case the amount of compensation to be paid in respect of the various claims and the persons to whom it is to be paid, shall be determined by an arbitrator, to be appointed by the Board of Trade, whose decision shall be final and binding on all parties.

Purchase by Local Authority.

72. The local authority may within six months after the period of thirty years from the commencement of this Order and within six months after the

expiration of every subsequent period of seven years, give to the Undertakers notice in writing requiring the Undertakers to sell to them the undertaking, and at the expiration of such notice the Undertakers shall sell and the local authority shall purchase the undertaking upon the terms and subject to the conditions contained in section 2 of the Electric Lighting Act, 1888.

General.

Remedying of
system and
works.

73. If at any time it is represented to the Board of Trade (a) that the Undertakers are supplying energy otherwise than by means of a system which has been approved by the Board of Trade, or have permitted any part of their circuits to be connected with earth without such approval as is required by this Order; or (b) that any electric lines or works of the Undertakers are defective, so as not to be in accordance with the provisions of this Order or the regulations and conditions subject to which the Undertakers are for the time being authorised to supply energy under this Order; or (c) that any work of the Undertakers or their supply of energy is attended with danger to the public safety, or injuriously affects any telegraphic line of the Postmaster-General, the Board of Trade may, by order in writing, make such requirements as to them may seem fit in the circumstances, and direct the Undertakers to take such measures as may be necessary so as to comply with the order within such period as may be therein limited in that behalf, and if the Undertakers make default in complying with the order within the time so limited they shall be liable to a penalty not exceeding twenty pounds for every day during which such default continues.

Provided that in any case appearing to them to affect the public safety, or any telegraphic line of the Postmaster-General, the Board of Trade may, if they think fit, by the same or any other order forbid the use of any electric line or work as from such date as may be specified in that behalf until the order is complied with or for such time as may be so specified, and if the Undertakers make use of any such electric line or work while the use thereof is so forbidden, they shall be liable to a penalty not exceeding one hundred pounds for every day during which such user continues.

Provided also that if the Undertakers supply energy otherwise than by means of a system which has been approved by the Board of Trade, and fail to comply with any such order in respect thereof within the period limited in that behalf, the Board of Trade may, if they think fit, revoke this Order upon such terms as they may think fit.

Publication of
regulations.

74. All regulations and conditions made by the Board of Trade under this Order or the principal Act, affecting the undertaking and for the time being in force, shall, within one month after the same, as made or last altered, have come into force, be printed at the expense of the Undertakers, and true copies thereof, certified by or on behalf of the Undertakers, shall be kept by them at their principal office within the area of supply, and supplied to any person demanding the same, at a price not exceeding sixpence for each copy.

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

If the Undertakers make default in complying with the provisions of this section they shall be liable to a penalty not exceeding five pounds, and to a daily penalty not exceeding five pounds.

A.D. 1890.
—
Plymouth.

75. Where any security is required under this Order to be given to or by the Undertakers, such security may be by way of deposit or otherwise, and of such amount as may be agreed upon between the parties, or as, in default of agreement, may be determined, on the application of either party, by a court of summary jurisdiction, who may also order by which of the parties the costs of the proceedings before them shall be paid, and the decision of the said court shall be final and binding on all parties: Provided that where any such security is given by way of deposit the party to whom such security is given shall pay interest at the rate of four pounds per centum per annum on every sum of ten shillings so deposited for every six months during which the same remains in their hands.

Nature and
amount of
security.

76. All things required or authorised under this Order to be done by, to, or before the Board of Trade, may be done by, to, or before the President or a secretary or assistant secretary of the Board.

Proceedings of
Board of
Trade.

All documents purporting to be orders made by the Board of Trade and to be sealed with the seal of the Board, or to be signed by a secretary or assistant secretary of the Board, or by any person authorised in that behalf by the President of the Board, shall be received in evidence, and shall be deemed to be such orders without further proof, unless the contrary is shown.

A certificate, signed by the President of the Board of Trade, that any order made or act done is the order or act of the Board, shall be conclusive evidence of the act so certified.

77. All costs and expenses of or incident to any application for any approval, consent, or order of the Board of Trade, including the cost of any tests which may be required to be made by the Board of Trade for the purpose of determining whether the same should be given or made to such an amount as the Board of Trade shall certify to be due, shall be borne and paid by the applicant or applicants therefor: Provided always, that where any approval is given by the Board of Trade to any plan, pattern, or specification, they may require such copies of the same, as they may think fit, to be prepared and deposited at their office at the expense of the said applicant or applicants, and may from time to time, as they think fit, revoke any approval so given, or permit such approval to be continued, subject to such modifications as they may think necessary.

Costs of appli-
cations for
approval or
consent of
Board of
Trade.

78. Where the Board of Trade, upon the application of the Undertakers, give any approval or grant any extension of any time limited for the performance of any duties by the Undertakers, or where the Board of Trade, upon the application of the local authority or the Undertakers, revoke this Order as to the whole or any part of the area of supply, notice that such

Plymouth.

Notice of application for extension of time, &c. to be given to local authority.

79. Where any application is made to the Board of Trade to extend any time limited for the performance of any duties by the Undertakers, notice of such application shall be served on the local authority by the Undertakers, and an opportunity shall be given to the local authority to make representations or objections with reference thereto.

Recovery and application of penalties.

80. All penalties under this Order, or under any regulations made under this Order or the principal Act, the recovery of which is not otherwise specially provided for, may be recovered in a summary manner before a court of summary jurisdiction.

Any such penalty recovered on prosecution by an officer of the local authority, shall, if there is an electric inspector for the time being appointed by the local authority, be paid to such officer, and by him to the local authority, and shall be applied in aid of the local rate.

Any such penalty recovered on prosecution by any other body or person, or any part thereof, may, if the court shall so direct, be paid to such body or person.

Undertakers to be responsible for all damages.

81. The Undertakers shall be answerable for all accidents, damages, and injuries happening through the act or default of the Undertakers or of any person in their employment by reason of or in consequence of any of the Undertakers works, and shall save harmless all authorities, bodies, and persons by whom any street is repairable, and all other authorities, companies, and bodies, collectively and individually, and their officers and servants, from all damages and costs in respect of such accidents, damages, and injuries.

As to mortgages.

82. Nothing in this Order shall prevent the Undertakers borrowing money on the security of mortgages of the undertaking, or shall make the consent or approval of the Board of Trade necessary to the validity or effect of any such mortgage: Provided that every mortgage of the undertaking shall be deemed to comprise all purchase money which may be paid to the Undertakers in the event of any sale or transfer of the undertaking, or any part thereof, under section two of the Electric Lighting Act, 1888, or under this Order, and that any mortgage granted by the Undertakers shall not be a charge upon the undertaking, or any part thereof, in the event of the undertaking or such part being sold or transferred as aforesaid, and that every mortgage deed granted by the Undertakers shall be endorsed with notice to that effect.

Saving rights of the Duchy of Cornwall.

83. Nothing in this Order contained shall prejudice or affect any property, rights, powers, authorities, or privileges of His Royal Highness the Prince of Wales in right of his Duchy of Cornwall or of the possessor of the Duchy of Cornwall for the time being.

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

84. Nothing in this Order shall affect any right or remedy of the Postmaster-General under the principal Act or the Telegraph Acts, 1863 to 1885, and all provisions contained in this Order in favour of the Postmaster-General shall be construed to be in addition to and not in modification of the provisions of those Acts.

WREXHAM ELECTRIC LIGHTING.

Wrexham. Provisional Order granted by the Board of Trade under the *Electric Lighting Acts 1882 and 1888 to the Wrexham and District Electric Supply Company Limited in respect of the Borough of Wrexham.*

Preliminary.

Short title.

1. This Order may be cited as the Wrexham Electric Light and Power Order 1890.

Interpretation.

2. This Order is to be read and construed subject in all respects to the provisions of the *Electric Lighting Acts 1882 and 1888* and of any other Acts or parts of Acts incorporated therewith which said Acts and parts of Acts are in this Order collectively referred to as "the principal Act" and the several words terms and expressions to which by the principal Act meanings are assigned shall have in this Order the same respective meanings provided that in this Order—

The expression "energy" shall mean electrical energy and for the purposes of applying the provisions of the principal Act to this Order electrical energy shall be deemed to be an agency within the meaning of electricity as defined in the *Electric Lighting Act 1882* :

The expression "power" shall mean electrical power or the rate per unit of time at which energy is supplied :

The expression "main" shall mean any electric line which may be laid down by the Undertakers in any street or public place and through which energy may be supplied or intended to be supplied by the Undertakers for the purpose of general supply :

The expression "service line" shall mean any electric line through which energy may be supplied or intended to be supplied by the Undertakers to consumer either from any main or directly from the premises of the Undertakers :

The expression "distributing main" shall mean the portion of any main which is used for the purpose of giving origin to service lines for the purposes of general supply :

The expression "general supply" shall mean the general supply of energy to ordinary consumers and unless otherwise specially agreed with the local authority to the public lamps but shall not include the supply of energy to any one or more particular consumers under special agreement :

The expression "the area of supply" shall mean the area within which the Undertakers are for the time being authorised to supply energy under the provisions of this Order :

The expression "consumer" shall mean any body or person supplied or entitled to be supplied with energy by the Undertakers :

The expression "consumer's terminals" shall mean the ends of the electric lines situate upon any consumer's premises and belonging to him at which the supply of energy is delivered from the service lines :

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

The expression "telegraphic line" when used with respect to any telegraphic line of the Postmaster-General shall have the same meaning as in the Telegraph Act 1878 and any such telegraphic line shall be deemed to be injuriously affected where telegraphic communication by means of such line is whether through induction or otherwise in any manner affected :
The expression "railway" shall include any tramroad that is to say any tramway other than a tramway as herein-after defined :
The expression "tramway" shall mean any tramway laid along any street :
The expression "daily penalty" shall mean a penalty for each day on which any offence is continued after conviction thereof :
The expression "County Council" shall mean the County Council of Denbighshire.
The expressions "First Schedule" "Second Schedule" "Third Schedule" and "Fourth Schedule" shall mean the First Second Third and Fourth Schedules to this Order annexed respectively :
The expression "deposited map" shall mean the map of the area of supply deposited at the Board of Trade by the Undertakers together with this Order and signed by an assistant secretary to the Board of Trade.
The expression "plan" shall mean a plan drawn to a horizontal scale of at least one inch to eighty-eight feet and where possible a section drawn to the same horizontal scale as the plan and to a vertical scale of at least one inch to ten feet with such detail plan and sections as may be necessary.

3. This Order shall come into force and have effect upon the day when the Act confirming this Order is passed which date is in this Order referred to as "the commencement of this Order."

Address and Description of the Undertakers.

4. The Undertakers for the purpose of this Order are the Wrexham and District Electric Supply Company (Limited) being a company registered under the Company's Acts 1862 to 1886 with limited liability and having its registered offices at the Yspytty No. 12 Queen Street Wrexham :

Provided that if the undertaking or any part thereof is at any time purchased by the local authority in accordance with the provisions of this Order or of the principal Act such local authority shall from the date of such purchase be the Undertakers in relation to such undertaking or part thereof for the purposes of this Order in lieu of the company above mentioned :

The Undertakers shall not purchase or acquire the undertaking of or associate themselves with any other company or person supplying energy under any license Provisional Order or special Act unless the Undertakers are authorised by Parliament to do so :

If in contravention of this section the Undertakers purchase or acquire any such undertaking or associate themselves with such other company or person the Board of Trade may if they think fit revoke this Order upon such terms as they may think just.

Area of supply.

5. Subject to the provisions of this Order the area of supply shall be the area included in the First Schedule which said area is more particularly delineated upon the deposited map and thereon coloured.

Prohibition of
supply beyond
area of supply.

6. The Undertakers shall not at any time after the commencement of this Order supply or (except for the purposes of this Order) erect or lay down any electric lines or works beyond the area of supply otherwise than under the authority of Parliament or under a license granted by the Board of Trade:

If the Undertakers supply energy or erect or lay down electric lines or works in contravention of this section the Board of Trade may revoke this Order on such terms as they may think just.

Security and Accounts.

Security for
execution of
works.

7. The Undertakers within a period of six months after the commencement of this Order and before exercising any of the powers by this Order conferred on them in relation to the execution of works shall show to the satisfaction of the Board of Trade that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this Order throughout the area of supply.

The Undertakers shall also within six months after the commencement of this Order or such extended period as may be approved by the Board of Trade and before exercising any of the powers conferred on them in relation to the execution of works deposit to the satisfaction of the Board of Trade a sum of five hundred pounds or such sums in respect of the several local authorities districts which are wholly or partly comprised in the area of supply not exceeding in the aggregate five hundred pounds as the Board of Trade may direct:

If within any such period as aforesaid the Undertakers fail to show to the satisfaction of the Board of Trade that they are in such a position as above mentioned or fail to deposit or secure such sum or sums as aforesaid the Board of Trade may after considering any representations which the local authority may make revoke this Order as to the whole or with the consent of the Undertakers any part of the area of supply upon such terms as they may think just:

Any sum severally deposited or secured by the Undertakers under the provisions of this section in respect of the area of supply or of any such district shall be repaid or released to them from time to time in equal moieties when and so soon as it may be certified by an inspector to be appointed by the Board of Trade that amounts equal to the sums so to be repaid or released have been expended by the Undertakers upon works executed for the purposes of the undertaking or that distributing mains have been duly laid down in accordance with the provisions of this Order in every street or part of a street specified on that behalf in the Second Schedule and situate in such area or district or at such earlier dates and by such instalments as may from time to time be approved by the Board of Trade.

Separate
accounts to be
kept of under-
taking.

9. The annual statement of accounts of the undertaking, before being published as provided by section nine of the Electric Lighting Act 1882 shall so long as the local authority are not the Undertakers be examined and audited by such competent and impartial person as the county council shall from time to time appoint and the remuneration of the auditor shall be such as the county council shall from time to time direct and the same and all expenses incurred by him in or about the execution of his duties to such an amount as the county council shall approve shall be paid by the Undertakers on demand and shall be recoverable summarily as a civil debt:

Audit of
Undertakers
accounts.

The Undertakers shall give to the auditor his clerks and assistants access to such of the books and documents relating to the undertaking as shall be necessary for the purposes of the audit and shall when required furnish to him and them all vouchers and information requisite for such purpose and shall afford to him and them all facilities for the proper execution of his and their duty:

The county council may from time to time make and vary regulations prescribing the times at and the mode in which such audit shall be made and conducted or otherwise for the purpose of giving effect to the provisions of this section.

Nature and Mode of Supply.

10. Subject to the provisions of this Order and the principal Act the Undertakers may supply energy within the area of supply for all public and private purposes as defined by the said Act provided as follows:—

Systems and
mode of supply.

- (i) Such energy shall be supplied only by means of some system which shall be approved in writing by the Board of Trade and subject to such regulations and conditions for securing the safety of the public and for ensuring a proper and sufficient supply of energy as the Board of Trade may from time to time impose: and
- (ii) The Undertakers shall not permit any part of any circuit to be connected with earth except so far as may be necessary for carrying out the provisions of any such regulations or conditions as aforesaid unless such connexion is for the time being approved of by the Board of Trade with the concurrence of the Postmaster-General and is made in accordance with the conditions (if any) of such approval: and
- (iii) The Undertakers shall construct their mains and other works of all descriptions and shall work their undertaking in all respects so as not injuriously to affect the working of any existing electric circuits from time to time used or intended to be used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such circuits and shall use every reasonable means in the construction of their mains and other works of all descriptions and the working of their

undertaking to prevent injurious affection whether by induction or otherwise to any electric circuits used or intended to be used for the purposes aforesaid whether existing at the time of the construction of such mains or other works or not or the currents in such circuits If any question arises as to whether the Undertakers have constructed their mains or other works or worked their undertaking in contravention of this sub-section such question shall be determined by arbitration and the Undertakers shall be bound to make any alterations in or additions to their system which may be directed by the arbitrator.

Provided that nothing in this sub-section contained shall be held to deprive the owners of such electric circuits of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

Works.

Powers for
execution of
works.

11. Subject to the provisions of this Order and the principal Act the Undertakers may from time to time exercise all or any of the powers conferred on them by this Order and the principal Act and may break up such streets not repairable by the local authority and such railways and tramways (if any) as are specified in the Third Schedule as far as such streets railways and tramways may for the time being be included in the area of supply and be or be upon land dedicated to public use Provided however as respects any such railway that the powers hereby granted shall extend only to such parts thereof as pass across or along any highway on the level:

Nothing in this Order shall authorise or empower the Undertakers to break up or interfere with any street or part of a street not repairable by the local authority or any railway or tramway except such streets railways or tramways (if any) or such parts thereof as are specified in the said schedule without the consent of the authority company or person by whom such street railway or tramway is repairable or of the Board of Trade under section thirteen of the Electric Lighting Act 1882 and where the Board of Trade give such consent the provisions of this Order shall apply to the street railway or tramway to which the consent relates as if it had been specified in the said schedule.

Street boxes.

12. Subject to the provisions of this Order and the principal Act and any regulations made under this Order the Undertakers may also from time to time construct in any street such boxes as may be necessary for purposes in connexion with the supply of energy including apparatus for the proper ventilation of such boxes. Provided that no such box shall be placed above ground except with the consent of the local authority.

Every such box shall be for the exclusive use of the Undertakers and under their sole control except so far as the Board of Trade may otherwise order and shall be used by the Undertakers only for the purpose of leading off service lines and other distributing conductors or for examining testing regulating measuring directing or controlling the supply of energy or for examining or testing the condition of the mains or other portions of the works or for other like purposes connected with the undertaking and the Undertakers may

place therein meters switches and any other suitable and proper apparatus for any of the above purposes : A.D. 1890.

Wrexham.

Every such box including the upper surface or covering thereof shall be constructed of such materials and shall be constructed and maintained by the Undertakers in such manner as not to be a source of danger whether by reason of inequality of surface or otherwise :

The local authority may with the approval of the Board of Trade prescribe the hours during which the Undertakers are to have access to such boxes and if the Undertakers during any hours not so prescribed remove or displace or keep removed or displaced the upper surface or covering of any box without the consent of the local authority they shall be liable to a penalty not exceeding five pounds for every such offence and to a daily penalty not exceeding five pounds provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

13. The Undertakers shall not without the express consent of the local authority place any electric line above ground along over or across any street or public place or (except in the case of any electric line so placed before the commencement of this Order and during the time limited by this section for the removal thereof) supply energy by means of any electric line so placed : Prohibition of
overhead wires.

Where any electric lines of the Undertakers have been placed above ground as aforesaid before the commencement of this Order they shall be removed by the Undertakers within a period of one year after such commencement :

If the Undertakers place or fail to remove any electric lines in contravention of this section they shall be liable to a penalty not exceeding ten pounds for every such offence and to a daily penalty not exceeding five pounds and any court of summary jurisdiction on complaint made may make an order authorising the removal of any such electric line by such person and on such terms as they may think fit.

14. Where the exercise of any of the powers of the Undertakers in relation to the execution of any works (including the construction of boxes) will involve the placing of any works in under along or across any street or public bridge the following provisions shall have effect :— Notice of works
with plan to be
served on the
Postmaster-
General and
local authority.

(A) One month before commencing the execution of such works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall serve a notice upon the Postmaster-General and the local authority describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and the manner in which it is intended such street or bridge or any sewer drain or tunnel therein or thereunder is to be interfered with and shall upon being

required to do so by the Postmaster-General or the local authority from time to time give him or them any such further information in relation thereto as he or they may desire. In calculating the above-mentioned period of one month no part of the month of August shall be included :

- (B) The Postmaster-General or the local authority may in his or their discretion approve of any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same and may give notice of such approval or disapproval to the Undertakers :
- (C) Where the Postmaster-General or the local authority approve any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapprove of any such works or plan the Undertakers may appeal to the Board of Trade and the Board of Trade may inquire into the matter and allow or disallow such appeal and approve any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same :
- (D) If the Postmaster-General or the local authority fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon them he or they shall be deemed to have approved such works and plan :
- (E) Notwithstanding anything in this Order or the principal Act the Undertakers shall not be entitled to execute any such works as above specified except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General and the local authority or by the Board of Trade as above mentioned but where any such works description and plan are so approved or to be deemed to be approved the Undertakers may cause such works to be executed in accordance with such description and plan subject in all respects to the provisions of this Order and of the principal Act :
- (F) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General and the local authority for any loss or damage which he or they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances :

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertakers works or their supply of energy :

15. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in under along or across any street or part of a street not repairable by the local authority or over or under any railway tramway or canal the following provisions shall have effect unless otherwise agreed between the parties interested :—

A.D. 1890.

Wrexham.

As to streets not repairable by local authority railways and tramways.

(A) One month before commencing the execution of any such works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall in addition to any other notices which they may be required to give under this Order or the principal Act serve a notice upon the body or person liable to repair such street or part of a street or the body or person for the time being entitled to work such railway or tramway or the owners of such canal as the case may be (in this section referred to as "the owners") describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and placed and shall upon being required to do so by any such owners from time to time give them any such further information in relation thereto as they may desire :

(B) Every such notice shall contain a reference to this section and direct the attention of the owners to whom it is given to the provisions thereof :

(C) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the Undertakers requiring that any question in relation to such works or to compensation in respect thereof and any other question arising upon such notice or plan as the aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly :

(D) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street railway tramway or canal and may if he thinks fit require the Undertakers to execute any temporary or other works so as to avoid interference with any traffic so far as may be possible :

(E) Where no such requisition as in this section mentioned is served upon the Undertakers or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the Undertakers may upon paying or securing any compensation which they may be required to pay or secure cause to be executed the works specified in such notice and plan as aforesaid and may from time to time repair renew and amend the same (provided that their character and position are not altered) but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned or as may be agreed upon between the parties :

(F) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners who shall have the right to be present during the execution of such works :

(G) Where the repair renewal or amendment of any existing works of which the character or position are not altered will involve any interference with any railway level crossing or any tramway over or under which such works have been placed the Undertakers shall unless otherwise agreed between the parties or in cases of emergency give to the owners not less than twenty-four hours notice before commencing to effect such repair renewal or amendment and the owners shall be entitled by their officer to superintend the work and the Undertakers shall conform to such reasonable requirement as may from time to time be made by the owners or such officer. The said notice shall be in addition to any other notices which the Undertakers may be required to give under this Order or the principal Act :

(H) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Local authority
&c. may give
notice of desire
to break up
streets &c. on
behalf of
Undertakers.

16. The local authority and any body or person for the time being liable to repair any street or part of a street or entitled to work any railway or tramway which the Undertakers may be empowered to break up for the purposes of this Order may if they think fit from time to time serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Undertakers as therein specified in relation to the breaking up filling in reinstating or making good any streets bridges sewers drains tunnels or other works vested in or under the control or management of the local authority or other body or person as the case may be and may from time to time amend or revoke any such notice by another notice similarly served Where the local authority or any such body or person as aforesaid (in this section referred to as "the givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers then so long as such notice remains in force the following provisions shall have effect unless otherwise agreed between the parties interested :—

(A) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid except where they have required the givers of the notice to exercise or discharge such powers or duties and the givers of the notice have refused or neglected to comply with such requisition as herein-after provided or in cases of emergency :

[53 & 54 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxcvii.]
(No. 11) Act, 1890.

- (B) In addition to any other notices which they may be required to give under the provisions of this Order or the principal Act the Undertakers shall not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced and the manner in which any such powers or duties are required to be exercised or discharged :
- (C) Upon receipt of any such requisition as last aforesaid the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers subject to the like restrictions and conditions as the Undertakers would themselves be subject to in such exercise or discharge so far as the same may be applicable :
- (D) If the givers of the notice decline or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced neglect to comply with such requisition the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice :
- (E) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in such case the Undertakers shall within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice :
- (F) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable to a penalty not exceeding ten pounds for every such offence and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances :
- (G) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers and may be recovered summarily before a court of summary jurisdiction :
- (H) The givers of the notice may from time to time if they think fit require the Undertakers to give them such security for the repayment to them of any expenses incurred or to be incurred by them under this section as may be determined in manner provided by this Order If the Undertakers fail to give any such security within seven days after being

required to do so or in case of difference after such difference has been determined by a court of summary jurisdiction they shall not be entitled to serve any further requisition upon such givers of the notice requiring them to exercise or discharge any powers or duties under this section until such security has been duly given :

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up filling in reinstating or making good any such street or part of a street or any such bridges sewers drains tunnels or other works or railway or tramway as in this section mentioned.

As to alteration of pipes wires &c. under streets.

17. The Undertakers may from time to time alter the position of any pipes not forming part of any sewer of the local authority or any wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place subject to the following provisions unless otherwise agreed between the parties interested :—

- (A) One month before commencing any such alteration the Undertakers or such body or person (as the case may be) in this section referred to as "the operators" shall serve a notice upon the body or person for the time being entitled to such pipes wires electric lines or works (as the case may be) in this section referred to as "the owners" describing the proposed alteration together with a plan showing the manner in which it is intended that such alterations shall be made and shall upon being required to do so by any such owners from time to time give them any such further information in relation thereto as they may desire :
- (B) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly :
- (C) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which such pipes wires electric lines or works are used so far as may be possible :
- (D) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in such case or where after any

such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties :

A.D. 1890.

Wrexham.

- (E) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations and such owners have refused or neglected to comply with such notification as herein-after provided :
- (F) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced serve a notification upon the owners stating the time when such alterations are required to be commenced and the manner in which such alterations are required to be made :
- (G) Upon receipt of any such notification as last aforesaid the owners may proceed to execute such alterations as required by the operators subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same may be applicable :
- (H) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with such notification the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them :
- (I) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators and may be recovered summarily before a court of summary jurisdiction :
- (J) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given :

(K) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such additional penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements of this section as far as was reasonable under the circumstances.

Laying of
electric lines
&c. near sewers
&c. or gas or
water pipes or
other electric
lines.

18. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any sewer drain watercourse defence or work under the jurisdiction or control of the local authority or any main syphon electric line or other work belonging to any gas electric supply or water company or where any gas or water company require to dig or sink any trench for laying down or constructing any new mains or pipes other than service pipes or other works near to which any lines or works of the Undertakers have been lawfully placed the Undertakers or such gas or water company (as the case may be) in this section referred to as "the operators" shall unless otherwise agreed between the parties interested or in case of sudden emergency give to the local authority or to such gas electric supply or water company or to the Undertakers (as the case may be) in this section referred to as "the owners" not less than three days notice before commencing to dig or sink such trench as aforesaid and such owners shall be entitled by their officer to superintend the work and the operators shall conform with such reasonable requirements as may from time to time be made by the owners or such officer for protecting from injury every such sewer drain watercourse defence pipe syphon electric line or work and for securing access thereto and they shall also if required to do so by the owners thereof repair any damage that may be done thereto :

When the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support the same in position during the execution of their works and before completion provide a suitable and proper foundation for the same where so undermined :

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes lines or services as conductors for the purposes of their supply of energy :

Any question or difference which may arise under this section shall be determined by arbitration :

(No. 11) Act, 1890.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the sewer drain watercourse defence pipe electric line or work affected thereby and that such ignorance was not owing to any negligence on the part of the operators :

A.D. 1890.
Wrexham.

For the purposes of this section the expression "gas company" shall mean any body or body or person lawfully supplying gas the expression "water company" shall mean any body or person lawfully supplying water or water power and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act but not under this Order.

19. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along such railway or canal.

For protection
of railway and
canal com-
panies.

20. Seven days before commencing to lay down any electric line or to supply energy through any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wires or lines lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the body or person for the time being entitled to such wires or lines notice in writing specifying the course nature and gauge of such electric lines and the amount and nature of the currents intended to be sent along the same and the extent to and manner in which (if at all) earth returns are proposed to be used and the Undertakers shall conform with such reasonable requirements as may from time to time be made by such body or person as aforesaid for the purpose of preventing the communication through such wires or lines from being injuriously affected as aforesaid :

For protection
of telegraphic
and telephonic
wires.

If any difference arises between any such body or person and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration :

Provided that nothing in this section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current sent along the same are not altered :

If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall make full compensation to the body or person entitled to any such wire or line for any loss or damage which they

Wrexham. penalty not exceeding five pounds for every such default and to a daily
penalty not exceeding forty shillings. Provided that the Undertakers shall
not be subject to any such penalties as aforesaid if the court having cognizance
of the case shall be of opinion that the case was one of emergency and that the
Undertakers complied with the requirements and restrictions of this section
so far as was reasonable under the circumstances or that the default in question
was due to the fact that the Undertakers were ignorant of the position of
the wires or lines affected thereby and that such ignorance was not owing to
any negligence on the part of the Undertakers.

Compulsory Works.

Mains &c. to
be laid down
in streets
specified in
Second Sched-
ule and in
remainder of
area of supply.

21. (1) The Undertakers shall within a period of two years after the com-
mencement of this Order lay down suitable and sufficient distributing mains
for the purposes of general supply throughout every street or part of a street
specified in that behalf in the Second Schedule and shall thereafter maintain
the same :

(2) In addition to the mains herein-before specified the Undertakers shall
at any time after the expiration of eighteen months after the commencement
of this Order lay down suitable and sufficient distributing mains for the
purposes of general supply throughout every other street or part of a street
within the area of supply upon being required to do so in manner by this
Order provided :

All such mains as last above mentioned (unless already laid down) shall be
laid down by the Undertakers within six months after any requisition in that
behalf served upon them in accordance with the provisions of this Order
has become binding upon them or such further time as may in any case be
approved of by the Board of Trade :

(3) When any such requisition is made in respect of any street not
repairable by the local authority which is not mentioned in the Third
Schedule the Undertakers shall (unless the authority company or person by
whom such street is repairable consent to the breaking up thereof) forthwith
apply to the Board of Trade under section thirteen of the Electric Lighting
Act 1882 for the written consent of the Board authorising and empowering
the Undertakers to break up such street and the requisition shall not be
binding upon them if the Board of Trade refuse their consent in that behalf.

As to laying of
electric line
under special
agreement.

22. Twenty-eight days at the least before commencing to lay in any street
any electric line which is intended for supplying energy to any particular
consumer and not for the purposes of general supply the Undertakers shall
serve upon the local authority and upon the owner and occupier of all
premises abutting on so much of the street as lies between the points of
origin and termination of the electric line so to be laid a notice stating that
the Undertakers intend to lay such electric line and setting forth the effect
of this section and if within the said period any two or more of such owners
or occupiers shall require in accordance with the provisions of this Order that
a supply shall be given to their premises the necessary distributing main

Wrexham.

23. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively they shall be liable to a penalty not exceeding five pounds in respect of each such default for each day during which such default continues and if the Board of Trade are of opinion in any case that such default is wilful and unreasonably prolonged they may after considering any representations of the local authority revoke this Order as to the whole or with the consent of the Undertakers any part of the area of supply or if the Undertakers so desire may after having given any opportunity to the local authority to make representations and objections with reference thereto suffer the same to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose and any conditions as may be imposed shall be binding on and observed by the Undertakers and shall be of the like force and effect in every respect as though they were contained in this Order.

If Undertakers
fail to lay
down mains
&c. Order may
be revoked.

24. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street or where the local authority has the control and management of the public lamps in such street or part of a street by the local authority :

Manner in
which requisition
is to be
made.

Every such requisition shall be signed by the persons making the same or by the local authority (as the case may be) and shall be served upon the Undertakers :

Forms of requisition shall be kept by the Undertakers at their office and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply and to the local authority on application for the same and any requisition so supplied shall be deemed valid in point of form.

25. Where any such requisition is made by any such owners or occupiers as aforesaid the Undertakers (if they think fit) may within fourteen days after the service of the requisition upon them serve a notice on all the persons by whom the requisition is signed stating that they decline to be bound by such requisition unless such persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years of such amount in the aggregate (to be specified by the Undertakers in such notice) as will at the rates of charge for the time being charged by the Undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply produce annually such reasonable sum as shall be specified by the Undertakers in such notice Provided that in such notice the Undertakers shall not without the authority of the Board of Trade specify any sum exceeding twenty per centum upon the expense of providing and laying down the required distributing mains and any other mains and additions to existing mains which may be necessary for the purpose of

owners and
occupiers
within the
area of supply.

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on such property shall if the Undertakers so require be defrayed by such owner or occupier :

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence ; and

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may from time to time become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them :

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of such premises within seven days after the date of the service of such notice to give to them security for the payment of all moneys which may from time to time become due to them in respect of such supply in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with the terms of such notice the Undertakers may if they think fit discontinue to supply energy for such premises so long as such failure continues :

[Ch. cxcvii.] *Electric Lighting Orders Confirmation* [53 & 54 VICT.]
(No. 11) Act, 1890.

A.D. 1890.

Wrexham.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to such premises so long as such user continues. Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by other persons :

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus such difference shall be determined by arbitration.

Maximum
power.

28. The maximum power with which any such consumer shall be entitled to be supplied shall be of such amount as he may from time to time require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises. Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of such consumer or any fittings or apparatus of the Undertakers upon such premises consequent upon such alteration shall be paid by him to the Undertakers and may be recovered summarily as a civil debt :

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section such difference shall be determined by arbitration.

Supply of
energy to
public lamps.

29. The Undertakers upon receiving reasonable notice from the local authority requiring them to supply energy to any public lamps within a distance of fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain a current of energy for the purposes of general supply under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order shall give and continue to give a supply of energy to such lamps in such quantities as the local authority may from time to time require to be supplied.

Penalty for
failure to
supply.

30. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day on which any such default occurs :

Whenever the Undertakers make default in supplying energy to the public lamps to which they may be and are required to supply energy under this

Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each such lamp and for each day on which any such default occurs : A.D. 1890.
Wrexham.

Whenever the Undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorised to supply energy under this Order they shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf :

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

Price.

31. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)— Methods of
charging.

- (1) By the actual amount of energy so supplied : or
- (2) By the electrical quantity contained in such supply : or
- (3) By such other method as may for the time being be approved by the Board of Trade :

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in such supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method :

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall give notice to the local authority by what method they propose to charge for energy supplied through such main and if the local authority become the Undertakers under this Order they shall give the like notice by public advertisement and where the Undertakers have given any such notice they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to the local authority and to every consumer of energy who is supplied by them from such main.

32. The prices to be charged by the Undertakers for electricity supplied by them shall not exceed those stated in that behalf in the Fourth Schedule hereto in the first and second sections thereof respectively or in the case of a method of charge approved by the Board of Trade such price as the Board of Trade shall on approving such method determine : Maximum
prices.

Provided that if the local authority or the Undertakers shall at any time after the expiration of seven years after the commencement of this Order

(No. 11) Act, 1890.

A.D. 1890. *Wrexham.* make a representation to the Board of Trade that the prices or methods of charge stated in the said schedule or approved by the Board of Trade ought to be altered the Board of Trade after such inquiry as they may think fit may make an order varying the prices or methods of charge stated in the said schedule or so approved as aforesaid or substituting other prices or methods of charge in lieu thereof and the prices or methods of charge so varied or substituted shall have effect on and after such day as may be mentioned in the order as if they had been stated in the said schedule. Provided also that the prices and methods of charge for the time being in force may be altered in like manner at any time after the expiration of any or every period of seven years after the same were last altered.

Other charges
by agreement.

33. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged accordingly to some one or other of the methods above mentioned the Undertakers may make any agreement with the consumer as to the price to be charged for energy and the mode in which such charges are to be ascertained and may charge accordingly.

Price to public
lamps.

34. The price to be charged by the Undertakers and to be paid to them for all energy supplied to the public lamps and the mode in which such charges shall be ascertained shall be settled by agreement between the local authority and the Undertakers and in case of difference by arbitration regard being had to the circumstances of the case and the distributing or other mains if any which may have to be laid for the purpose and the prices charged to ordinary consumers in the district.

Electric Inspectors.

Appointment
of electric
inspectors.

35. The local authority so long as they are not themselves the Undertakers for the purposes of this Order may from time to time appoint or keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order :

If no electric inspector is appointed by the local authority or if the inspection of electric lines and works is imperfectly attended to by the local authority or if the local authority themselves become the Undertakers for the purposes of this Order the Board of Trade on the application of the consumer or of the Undertakers may from time to time appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order :

The duties of an electric inspector under this Order shall be as follows :—

- (A) The inspection and testing periodically and in special cases of the Undertakers electric lines and works and the supply of energy given by them :
- (B) The certifying and examination of meters : and
- (C) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order :

The local authority with the approval of the Board of Trade or the Board of Trade if the inspector is appointed by them may from time to time

(No. 11) Act, 1890.

prescribe the manner in which and the times at which any such duties are to be performed by an electric inspector and also the fees to be taken by him and such fees shall be accounted for and applied as may be directed by the local authority or the Board of Trade as the case may be.

A.D. 1890.

Wreaham.

36. The local authority may pay to any electric inspector appointed by them under this Order such reasonable remuneration (if any) as they may from time to time determine and such remuneration may be in addition to or in substitution for any fees directed to be paid to electric inspectors in respect of their duties under this Order or any regulations of the Board of Trade made in pursuance of this Order or the principal Act according as the local authority shall so determine.

Remuneration
of electric
inspectors.

37. The Board of Trade may also if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connexion with the Undertakers works or as to the manner and extent in and to which the provisions of this Order and the principal Act and of any regulations under this Order so far as such provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

Inquiry by
Board of Trade.

Testing and Inspection.

38. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector may think expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months unless in pursuance of a special order in that behalf made by the Board of Trade.

Testing of
mains.

39. An electric inspector if and when required to do so by any consumer shall from time to time on payment by the consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection and testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and the regulations and conditions subject to which they are for the time being authorised to supply energy.

Testing of
works and
supply on
consumer's
premises.

Undertakers
to establish
testing stations.

40. The Undertakers shall at such places within a reasonable distance from a distributing main establish at their own cost and keep in proper condition such reasonable number of testing stations as the local authority or where the local authority are the Undertakers as the Board of Trade shall deem sufficient for testing the supply of energy by the Undertakers through such main and shall place thereat proper and suitable instruments of a pattern to be approved by the Board of Trade and shall connect such stations by means of proper and sufficient electric lines with such mains and supply energy thereto for the purpose of such testing :

If any dispute arises between the local authority and the Undertakers as to whether the number of such testing stations and the distance from the main at which they are established is reasonable or excessive or as to any excessive or improper use of energy for such testing or as to the performance by the Undertakers of their duties under this section such dispute shall be determined by arbitration.

Undertakers to
keep instru-
ments on their
premises.

41. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be from time to time approved of or prescribed by the Board of Trade and shall from time to time take and record and keep recorded such observations as the Board of Trade may from time to time prescribe and any observations so recorded shall be receivable in evidence.

Readings of
instruments to
be taken.

42. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may from time to time examine and record the readings of such instruments at such times and in such manner as he may be directed by the authority by whom he is appointed and any readings so recorded shall be receivable in evidence.

Electric inspec-
tor may test
Undertakers
instruments.

43. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if the same are in order and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

Representation
of Undertakers
at testings.

44. The Undertakers may if they think fit on each occasion of the testing of any main or service line or the testing or inspection of any instruments of the Undertakers by any electric inspector be represented by some officer or other agent but such officer or agent shall not interfere in the testing or inspection.

Undertakers to
give facilities
for testing.

45. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect

of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound. A.D. 1890.
Wrexham.

46. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the local authority Board of Trade or consumer as the case may be by whom he was required to make such testing and to the Undertakers and such report shall be receivable in evidence : Report of results of testing.

If the Undertakers the local authority or any consumer are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report and hereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal and their decision shall be final and binding on all parties.

47. Save as otherwise provided by this Order or by any regulations under this Order all fees and reasonable expenses of an electric inspector shall unless agreed be ascertained by a court of summary jurisdiction or (where the inspector is appointed by them) by the Board of Trade and shall be paid by the Undertakers : Expenses of electric inspector.

Provided that where the report of an electric inspector or the decision of the Board of Trade shows that any consumer was guilty of any default or negligence such fees and expenses shall on being ascertained as above mentioned be paid by such consumer or consumers as the court or Board having regard to such report or decision shall direct and may be recovered summarily as a civil debt :

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connexion with such proceedings shall be payable by the complainant or defendant as the court shall direct.

Meters.

48. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge) in this Order referred to as "the value of the supply" shall except as otherwise agreed between such consumer and the Undertakers be ascertained by means of an appropriate meter duly certified under the provisions of this Order. Meters to be used except by agreement.

49. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade and every such meter is in this Order referred to as a "certified meter" Provided that where any alteration is made in any certified meter or where any such meter is unfixed or disconnected from the service lines such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order. Meter to be certified.

Inspector to
certify meters.

50. Every electric inspector on being required to do so by the Undertakers or by any consumer and on payment of the prescribed fee by the party so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify the same as a certified meter if he considers it entitled to be so certified.

Undertakers to
supply meters
if required to
do so.

51. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required so to do by any consumer supply him with an appropriate meter and shall if required so to do fix the same upon the premises of the consumer and connect the service lines therewith and procure such meter to be duly certified under the provisions of this Order and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and do all necessary acts Provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter or to give security therefor or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as herein-after provided.

Meters not to
be connected or
disconnected
without notice.

52. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less than forty-eight hours notice in writing of his intention so to do and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Consumer to
keep his meter
in proper order.

53. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper order for correctly registering such value and in default of his so doing the Undertakers may cease to supply energy through such meter :

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times provided that all reasonable expenses of and incident to any such taking off removing testing inspecting and replacing and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary shall if the meter be found to be not in proper order be paid by the consumer but if the same be in proper order all expenses connected therewith shall be paid by the Undertakers.

Power to the
Undertakers to
let meter.

54. The Undertakers may let for hire any meter for ascertaining the value of the supply and any fittings thereto for such remuneration in money and on such terms with respect to the repair of such meter and fittings and for securing the safety and return to the Undertakers of such meter and fittings as may be agreed upon between the hirer and the Undertakers or in case of difference decided by the Board of Trade and such remuneration shall be recoverable by the Undertakers summarily as a civil debt.

Undertakers to
keep meter let
for hire in
repair.

55. The Undertakers shall unless the agreement for hire otherwise provides at all times at their own expense keep all meters let for hire by them to the

consumer whereby the value of the supply is ascertained in proper order for correctly registering such value and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Undertakers shall for the purposes aforesaid have access to and be at liberty to remove test inspect and replace any such meter at all reasonable times. Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary shall be paid by the Undertakers.

A.D. 1890.

Wrexham.

56. If any difference arises between any consumer and the Undertakers as to whether any meter whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers) is or is not in proper order for correctly registering such value or as to whether such value has been correctly registered in any case by any meter such difference shall be determined upon the application of either party by an electric inspector or where the local authority are the consumers by an inspector to be appointed by the Board of Trade who shall also order by which of the parties the costs of the proceedings before him shall be paid and the decision of such inspector shall be final and binding on all parties. Subject as aforesaid the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply.

Differences as to correctness of meter to be settled by inspector.

57. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply and the Undertakers change the method of charging for energy supplied by them from such main the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

Undertakers to pay expenses of providing new meters where method of charge altered.

58. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply the Undertakers may from time to time place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer or the number of hours during which supply is given or the maximum power taken by such consumer or any other quantity or time connected with the supply. Provided that such meter or apparatus shall be of some construction and pattern and shall be fixed and connected with the service lines in some manner approved by the Board of Trade and shall be supplied and maintained entirely at the cost of the Undertakers and shall not except by agreement be placed otherwise than between the mains of the Undertakers and the consumer's terminals.

Undertakers may place meters to measure supply or to check measurement thereof.

Maps.

59. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of
