WARWICK AND BIRMINGHAM CANAL COMPANY.

*Order of the Board of Trade under the Railway and Canal Traffic Act, 1888, embodying the Classification of Merchandise Traffic and the authorised Schedule of Maximum Tolls and Charges, including all Wharfage Charges applicable to the said Classification of the Warwick and Birmingham Canal Company.*

Short title.

1. This Order may be cited as the Canal Tolls and Charges (Warwick and Birmingham Canal) Order, 1893.

Commencement.

2. This Order shall come into force and have effect on the 1st day of January 1894, or such later date as the Board of Trade may by order direct, which date is in this Order referred to as the commencement of this Order.

Interpretation.

3. This Order is to be read and construed subject in all respects to the provisions of the Railway and Canal Traffic Acts, 1873 and 1888, and of any other Acts or parts of Acts incorporated therewith.

Schedule of maximum tolls and charges.

4. From and after the commencement of this Order the maximum tolls and charges which the Warwick and Birmingham Canal Company shall be entitled to charge and make in respect of merchandise traffic shall be the tolls and charges specified in the schedule to this Order annexed, and shall be subject to the classification, regulations, and provisions set forth in the said schedule.

---

SCHEDULE OF MAXIMUM TOLLS AND CHARGES, AND CLASSIFICATION OF MERCHANDISE TRAFFIC APPLICABLE TO THE WARWICK AND BIRMINGHAM CANAL COMPANY.

I.—MAXIMUM TOLLS AND CHARGES.

Division of schedule.

1. Table A. in this schedule is divided into two parts, and shall be deemed part of this schedule. Part I. of the table contains the maximum tolls and wharfage charges which the Company may charge in respect of the merchandise comprised in the several classes of merchandise specified in the classification when conveyed by a bye-trader over the canal: Part II. of the table contains the exceptional charges which the Company may charge in respect of the articles, goods, and things specified in that part, and the circumstances in which the exceptional charges may be made.

Maximum tolls.

2. The maximum tolls are the maximum tolls which the Company may charge in respect of the use of the canal by a bye-trader conveying merchandise over the same.

[56 & 57 VICT.] *Canal Tolls and Charges (Warwick [Ch. ccxxviii.] and Birmingham Canal) Order Confirmation Act, 1893.*

3. The maximum wharfage charges are the maximum charges which the Company may make for the use by a bye-trader or other person, for a reasonable period, of a landing place, exclusive of cranes, machinery, and plant, provided by the Company at a terminal station, for the purpose of loading or unloading merchandise, and of the bye-trader dealing with the merchandise as a carrier thereof, before or after conveyance over the canal.

 Maximum wharfage charges.

4. The Company may charge for the services hereunder mentioned, or any of them, when rendered to a bye-trader, or other person, at his request or for his convenience, a reasonable sum, in addition to all other tolls and charges. Any difference arising under this section shall be determined by an arbitrator to be appointed by the Board of Trade at the instance of either party. Provided that where before any such service is rendered to a bye-trader, or other person, he has given notice in writing to the Company that he does not require it, the service shall not be deemed to have been rendered at his request or for his convenience:—

Special charges.

(i.) The collection or delivery of merchandise outside the terminal station.

(ii.) Weighing merchandise.

(iii.) The use or occupation of any wharfage accommodation, before or after conveyance, beyond such period as shall be reasonably necessary for enabling the bye-trader to deal with the merchandise as carrier thereof, or the consignor or consignee to give or take delivery thereof, and services rendered by the Company in connexion with such use or occupation.

(iv.) Loading or unloading, covering or uncovering merchandise comprised in any class of the classification when conveyed by a bye-trader over the canal.

(v.) The use of coal or other drops.

(vi.) The use of cranes, and the machinery, plant, and power for working the cranes, and provision of labour in connexion therewith.

(vii.) The provision of towage or other motive power for a bye-trader.

(viii.) The use or occupation of a berth, lay-bye, or canal basin belonging to the Company, and not being the canal, lay-bye, or canal basin alongside any private wharf, by a bye-trader's boat, beyond a reasonable period for loading or unloading, but no charge shall be made for boats tied up or moored at night or when not at work, provided the traffic of the canal or of a terminal station or canal basin is not thereby impeded.

(ix.) For gauging or re-gauging and weighing or re-weighing boats for the purpose of ascertaining their carrying capacity, and for providing and fixing gauge plates or other indices on boats.

5. Where the Company gauge or re-gauge, or weigh or re-weigh a boat, the book containing the record of the gauge or weight shall be open to inspection at all reasonable times at the principal office of the Company, or at the weighing station of the Company where such boat was last weighed.

Gauging and weighing register.

Charges for  
wharves, lay-  
byes, &c.,  
under agree-  
ment.

6. Nothing herein contained shall prevent the Company from making and receiving, in addition to the tolls and charges specified in this schedule, charges and payments, by way of rent or otherwise, for wharves, lay-byes, and other structural accommodation provided or to be provided by the Company for the use of a bye-trader or other person, or for easements, rights, or privileges granted or to be granted by the Company to a bye-trader or other person, provided that the amount of such charges or payments is fixed by an agreement in writing, signed by the bye-trader or such other person, or by some person duly authorised on his behalf, but nothing herein contained shall authorise the Company to make any charge for loading or unloading over the tow-paths or canal banks, provided no injury is done to the property of the Company or obstruction caused to the traffic passing on the canal. Any difference arising under this section shall be determined by an arbitrator to be appointed by the Board of Trade.

Charges for  
transhipment.

7. Where it is necessary that merchandise should be transhipped from one boat to another boat, in consequence of the boat not being able, owing to its dimensions or draught of water, to proceed over any canal through or along which the traffic is to be conveyed, or where such transhipment is necessary for the purpose of navigating tidal waters beyond the limits of the canal, the Company may make a reasonable charge for any services of transhipment performed by them, the amount of such charge to be determined in case of difference by an arbitrator to be appointed by the Board of Trade. Provided that for the aforesaid services of transhipment no other charge than is authorised in this section shall be made under any other provision of this schedule. Provided also that no such charge shall be made in any case where transhipment has been rendered necessary by the neglect of the Company. Provided also that where transhipment is rendered necessary by a change in the breadth of such canal, such transhipment shall not be held to constitute a reconsignment for the purpose of calculating the distance over which the merchandise so transhipped is conveyed.

II.—PROVISIONS AS TO FIXING TOLLS AND CHARGES.

Minimum  
toll per boat.

8. For a boat using the Birmingham Pond the Company may charge a minimum toll of three shillings, and for a boat passing through one or more locks the Company may charge a minimum toll of five shillings, provided that such boat is not an empty boat either returning after delivering cargo in respect of which there shall have been paid to the Company a minimum toll, or on its way to load cargo in respect of which a minimum toll will become payable to the Company.

Fraction of a  
ton.

9. The Company may charge for the fraction of a ton according to the number of quarters of a ton in that fraction, and a fraction of a quarter of a ton may be charged for as a quarter of a ton.

Fraction of a  
mile.

10. For a fraction of a mile the Company may charge according to the number of quarters of a mile in that fraction, and a fraction of a quarter of a mile may be charged for as a quarter of a mile.

11. For a fraction of a penny in the gross amount of tolls and charges for any consignment for the entire distance conveyed, the Company may charge a penny.

*Warwick and Birmingham Canal.*

Fraction of a penny.

Weight.

12. Weight (except as hereinafter provided as to timber) shall be determined according to the imperial avoirdupois weight, which may be ascertained by actual weighing or by the tonnage gauges or indices of the boat containing the merchandise, but in case of dispute, either the Company or a bye-trader may insist upon an actual weighing, the cost of which, and of the necessary unloading and re-loading, shall be borne by the party in error.

13. Forty cubic feet of oak, mahogany, teak, beech, greenheart, ash, hickory, ironwood, baywood, or other heavy timber, and 50 cubic feet of poplar, larch, fir, elm, birch, lancewood, walnut, or other light timber other than deals, battens and boards, and 66 cubic feet of deals, battens, and boards shall be charged for as one ton, and smaller quantities shall be charged for in the like proportion. The cubic contents of timber (other than round timber) shall be ascertained by the mode of measurement in use for the time being, and the cubic contents of round timber shall be ascertained by quarter girth and the divisor of 144 (measurement being taken by tape over bark).

Weight of timber.

14. The Company may demand that any trader or bye-trader shall forward a declaration to the Company setting forth the true description and dimensions of timber conveyed by or for him, and the cubic contents of the same. In the event of doubt as to the correctness of such declaration the Company may insist upon measuring the timber, the cost of which measuring, and of the necessary unloading and reloading, shall be borne by the party in error, or the Company may demand either from the consignor or consignee of such timber, or from the bye-trader, a copy of the invoice of the timber, and a statutory declaration of the correctness of the same. Upon failure or refusal, after reasonable notice, to furnish any of the aforesaid documents, the Company shall have power to charge either the consignor or consignee, or the bye-trader, according to the avoirdupois weight of the timber, to be ascertained in the same manner as the weight of other merchandise.

Provisions as to declaration.

III.—MISCELLANEOUS.

15. In respect of any merchandise or article of any description which is not specified in the classification, the Company may, unless and until such merchandise or article is duly added to this classification and schedule pursuant to sub-section 11 of section 24 of the Railway and Canal Traffic Act, 1888, make the charges which are by this schedule authorised in respect of merchandise and things in Class B.

Classification of unenumerated articles.

16. In respect of returned empties conveyed by a bye-trader over the canal from the same place and consignee to which and to whom they were carried full to the same place and consignor from which and from whom they were

carried full by the same bye-trader, and by the same route, the Company may charge the maximum tolls and charges as if such returned empties were merchandise included in the same class of the classification as comprises the merchandise which was carried in such empties when full.

17. The Board of Trade Arbitrations, &c. Act, 1874, shall, so far as applicable, apply to every determination of a difference or question by arbitration under the provisions herein contained.

Recovery of  
tolls and  
charges from  
bye-traders.

18. If on demand any bye-trader fail to pay the tolls or charges due to the Company in respect of any boat or merchandise, it shall be lawful for the Company to detain and sell such boat, or all or any part of such merchandise, or if the same have been removed from the canal or the premises of the Company, to detain and sell any other boats or merchandise on the canal or within such premises belonging to the bye-trader liable to pay such tolls or charges, and out of the moneys arising from such sale to retain the tolls and charges payable as aforesaid and all expenses of such detention and sale, rendering the overplus, if any, of the moneys arising by such sale, and such of the boats or merchandise as shall remain unsold, to the bye-trader or person entitled thereto, or it shall be lawful for the Company to recover any such tolls or charges by action in any court of competent jurisdiction.
