CHAPTER 50.

An Act to establish a Ministry of Transport and for purposes connected therewith. [15th August 1919.]

Be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. For the purpose of improving the means of, and the facilities for, locomotion and transport, it shall be lawful for His Majesty to appoint a Minister of Transport (hereinafter referred to as the Minister), who shall hold office during His Majesty's pleasure.

2.—(1) It shall be the duty of the Minister in the exercise and performance of any powers and duties transferred to or conferred or imposed upon him by or in pursuance of this Act, to take steps to carry out the purposes aforesaid, and there shall, as from such date or dates as His Majesty in Council may by Order determine, be transferred to the Minister all powers and duties of any Government Department in relation to—

(a) railways;
(b) light railways;
(c) tramways;
(d) canals, waterways, and inland navigations;
(e) roads, bridges and ferries, and vehicles and traffic thereon;
(f) harbours, docks and piers;

including any powers and duties of any Government Department in relation to any railway, light railway, tramway, canal, inland navigation, harbour, dock, pier, or other undertaking concerned with any of the matters aforesaid, and any powers of any Government Department with respect to the appointment of members or the procedure of any commissioners, conservancy board or other body having jurisdiction with respect to any such matters as aforesaid, and any powers of any Government
A.D. 1919. Department with respect to the making, confirming, issuing, granting, or giving (as the case may be) of byelaws, regulations, orders, licences, approvals, or consents relating to any of the matters hereinbefore mentioned:

Provided that—

(i) His Majesty in Council may by Order except from such transfer any particular powers or duties, or provide for the exercise or performance of any power or duty so excepted by the Minister concurrently or in consultation with or at the instance of the Government Department concerned, or by the Government Department concerned concurrently or in consultation with the Minister, or provide for the retransfer to any such Department of any powers and duties transferred to the Minister by this section; and

(ii) Nothing in this section shall transfer to the Minister any powers or duties of the Admiralty exerciseable in or in relation to ports declared under the Dockyard Port Regulation Act, 1865, to be dockyard ports, but His Majesty in Council may by Order transfer to the Admiralty, instead of to the Minister, any of the powers of the Board of Trade with respect to dockyard ports, or with respect to the appointment of members of any commissioners, conservancy board, or other body having jurisdiction in the whole or any part of a dockyard port; and

(iii) Nothing in this section shall transfer to the Minister the powers of the Board of Trade with respect to the appointment of members or the procedure of the Railway and Canal Commission, but His Majesty in Council may by Order transfer those powers to a Secretary of State instead of to the Minister.

(2) His Majesty in Council may by Order make such incidental, consequential and supplemental provisions as may be necessary or expedient for the purpose of giving full effect to any transfer of powers or duties by or under this section, including provisions for the transfer of any property, rights and liabilities held, enjoyed, or incurred by any Government Department in connexion with any powers or duties transferred, and may make such adaptations in the enactments relating to such powers or duties as may be necessary to make exerciseable by the Minister and his officers or by the Admiralty and their officers, as the case may be, the powers and duties so transferred: Provided always that nothing herein contained shall enable the powers so transferred to be increased.

(3) In connexion with the transfer of powers and duties to the Minister, Admiralty, or Secretary of State, by or under this
Act, the provisions set out in the First Schedule to this Act shall have effect.

(4) There shall be attached to the Ministry a separate department charged with dealing in the ordinary course of departmental business with road construction, improvement, maintenance, and development.

3.—(1) With a view to affording time for the consideration and formulation of the policy to be pursued as to the future position of undertakings to which this section applies, the following provisions shall, unless Parliament otherwise determines, have effect for a period of two years after the passing of this Act, or where as respects any particular provision a longer period is expressly provided, for such longer period:

(a) Where at the passing of this Act possession has been taken of any railroad undertaking or part thereof in pursuance of section sixteen of the Regulation of the Forces Act, 1871, or otherwise, possession thereof shall be retained without any renewal of the warrant granted by the Secretary of State in pursuance of that section, upon the same terms as to compensation as those heretofore in force, and the Minister may exercise over all such undertakings all such powers as have hitherto been exercised by the Board of Trade under the said Act or with the consent of the owners of the undertakings or otherwise, and such other powers as may be conferred by this section or agreed to by the railway companies concerned:

(b) The Minister may, after giving not less than one month’s notice in writing, take possession, in the name or on behalf of His Majesty, of the whole or any part of any other statutory railway undertaking or of any light railway or tramway undertaking (other than a tramway or a light railway used as a tramway belonging to a local authority), or of any canal or inland navigation undertaking, and, subject as hereinafter mentioned, of any harbour, dock or pier undertaking, or of any plant belonging to any such undertaking as aforesaid or used thereon (exclusive of privately owned railway wagons), and of any barges, tugs, and other craft owned or held by the undertaking of which possession has been taken: Provided that such notice as aforesaid shall not, in the event of the matter being referred to an advisory committee as hereinafter provided, be given until the committee has reported:

(c) The directors and other persons concerned with the management, and officers and servants of any undertaking of the whole or part of which, or of the plant whereof, possession is retained or taken shall obey
the directions of the Minister as to the user thereof, and any directions of the Minister in relation to the undertaking or part or plant thereof of which possession is retained or taken—

(i) as to the rates, fares, tolls, dues, and charges to be charged; subject, however, to the provisions hereinafter contained respecting references to the advisory committee established for advising as to directions on the matters aforesaid;

(ii) as to the salaries, wages, and remuneration and conditions of employment of persons employed on or in connexion with the undertaking;

(iii) as to the working or discontinuance of the working of the undertaking or any part thereof including directions as to keeping open or closing of any stations;

(iv) for securing that the permanent way, rolling stock, plant, appliances, or equipment, whether fixed or moveable, are satisfactory in type and design;

(v) as to the carrying out of alterations, improvements, and additions which the Minister considers necessary for the public safety or for the more efficient and economical working of the undertaking;

(vi) for securing co-operation between undertakings and for securing the common user of facilities, rolling stock and equipment whether fixed or moveable;

(vii) for affording running powers over their system, or any part thereof, to the owners of any other undertaking;

(viii) for securing that manufacturing and repairing facilities and auxiliary and ancillary services shall be used, and the purchase and distribution of stores shall be conducted, in such manner as may be most conducive to economy and efficiency.

Nothing in this section shall be construed as authorising the Minister to compel the owners of any such undertaking either to incur capital expenditure, or to draw upon their reserve funds, for new works or capital improvements to an extent which would seriously interfere with their finances, it being the intention that the financing of the undertakings from a capital point of view shall remain as far as possible with the owners.

(d) For enabling any directions given by the Minister under the last foregoing paragraph as to alterations, and improvements and additions to be carried into effect, the Minister may, by order, authorise the owners of any undertaking to acquire any land (or easements)
and to construct any works, and the order may incorporate the Lands Clauses Acts, subject to such modifications as may be specified in the order, being modifications of those Acts made or authorised to be made by the Development and Road Improvement Funds Act, 1909, or any other enactment, and may incorporate or apply any of the provisions of any enactment relating to the construction, maintenance, or working of railways, light railways, tramways, canals, harbours, docks, and piers, and any such order shall have effect as if enacted in this Act:

Provided that nothing herein contained shall be deemed to empower the Minister to authorise the acquisition, otherwise than by agreement, of any land belonging to the owners of another undertaking to which this section applies, or of a local authority, or of a harbour dock or pier undertaking, but the Minister may authorise the acquisition of an easement or right of using such land for the purposes of any works the construction of which he may authorise under this section.

(e) In the case of any undertaking of which possession is retained or taken by the Minister as aforesaid any rates, fares, tolls, dues and other charges directed by the Minister shall be deemed to be reasonable, and may, notwithstanding any agreement or statutory provisions limiting the amount of such charges or increases therein, be charged in respect of any undertaking during the period for which the Minister retains possession of such undertaking, and for a further period of eighteen months after the expiration of the said period, or until fresh provision shall be made by Parliament with regard to the amount of any such rates, fares, tolls, dues, and other charges, whichever shall first happen:

(f) Notwithstanding anything contained in this Act, the rights of a consignor or consignee of goods or minerals, any trader or class of traders, or any port or harbour authority or dock company to complain to the Railway and Canal Commission under the Railway and Canal Traffic Acts, 1854 to 1913, in respect of undue preference or undue disadvantage or allowances or rebates in relation to the provision of station accommodation or terminal services shall not be deemed to be affected, and it shall be no answer to any such complaint that the railway company in respect of which the complaint is made was acting under the directions of the Minister.

(2) Subject as aforesaid, any agreement made between the owners of any undertaking, of the whole or part of which
Ministry of Transport Act, 1919.

A.D. 1919. possession has been retained or taken under this section, and any other person shall continue in force in like manner as if such possession had not been so retained or taken, unless the Minister considers that such agreement is contrary to the public interest, and in that case he may suspend or modify the operation of such agreement during the period of such possession and for a period not exceeding eighteen months thereafter, and any party to the agreement who suffers loss or injury by reason of such suspension or modification, and any person who, by virtue of any special statutory provision or agreement, is entitled to the benefit of any special rate, fare, toll, due, or other charge, and whose position relatively to other persons is prejudiced by any direction of the Minister altering such special charge, shall be entitled to receive such compensation as, in default of agreement, may be determined by the Railway and Canal Commission, regard being had to any change in circumstances.

(3) The exercise by the Minister of any of his powers under this section as respects any tramway or light railway used as a tramway which a local authority, or two or more local authorities, have power to purchase under any Act of Parliament or order having the effect of an Act of Parliament shall not affect such right of the local authority, or authorities, and upon the purchase thereof such tramway or light railway shall cease to be in the possession of the Minister.

(4) Nothing in this section shall be deemed to exempt from any local rate or assessment any undertaking to which this section applies.

(5) For the purposes of this Act, possession so taken or retained as aforesaid shall confer on the Minister such rights of control and direction as may be necessary for the exercise of his powers under this Act, but shall not confer on him any rights of ownership.

4. Except where any harbour, dock, or pier forms part of a railway undertaking, nothing in section three of this Act shall apply to any harbour, dock, or pier undertaking established by Act of Parliament, including the Manchester Ship Canal, or to the owners of any such undertaking, without the consent of such owners, but, if at any time during the two years after the passing of this Act, the Minister shall consider that it is desirable in the national interest that the transport facilities and accommodation at the harbour, or at any dock or pier of the owners, should be improved or extended, or that the method of working should be altered, the Minister may by order, for the purposes aforesaid, require the owners to execute or do, within a reasonable time, such improvement or extension or alteration in the method of working as the order may prescribe, and may, for that purpose by order, confer on the owners any such powers of acquiring land or easements or constructing works as are mentioned in paragraph (d) of subsection (1) of that section: and the provisions of this Act relating to orders made under
that paragraph shall apply to orders conferring such powers as aforesaid:

Provided that, if the owners of such undertaking consider that any such requirements are likely to be seriously injurious to the undertaking, or to the trade of the port, they may, within thirty days of receiving notice of such requirements from the Minister, appeal, in the case of an undertaking situate in England or Wales, to the Lord Chief Justice of England, or, in the case of an undertaking situate in Scotland, to the Lord President of the Court of Session, or, in the case of an undertaking situate in Ireland, to the Lord Chief Justice of Ireland, and, if it appears to such Lord Chief Justice or Lord President that a prima facie case is made out that the requirements of the Minister would be so injurious as aforesaid, he shall forthwith appoint an arbitrator to hold an immediate inquiry, and, if the arbitrator reports that the carrying out of the requirements of the Minister will be so injurious as aforesaid, the Minister shall revoke his requirements, without prejudice to the power of the Minister to issue a new order.

5. The Minister shall have the power to require through-runings on adjoining tramways belonging to different owners, whether local authorities or not, and in default of agreement between such owners to settle the terms of such through-running, after hearing the said owners, in such manner as he thinks fit.

6. Where in pursuance of any direction given by the Minister under this Act the owners of any undertaking shall acquire any lands or easement, or construct any works, or carry out any alteration or improvement of or addition to their undertaking, the owners may, after the expiration of the period of possession continue to hold and use such lands or easement and maintain and use such works, alteration, improvement, or addition for the purposes of their undertaking, and such land, easement, works, alteration, improvement, and addition shall for all purposes be deemed to form part of their undertaking.

7.—(1) The following provisions shall apply with respect to officers or servants of any undertaking of which, or of any part or plant of which possession has been retained or taken under this Act (all of which officers and servants are in this Act hereinafter referred to as "existing officers and servants"):

(i) Where the Minister requires the services of any existing officer or servant, that officer or servant may be transferred to the Minister—

(a) either permanently with the consent of the officer or servant; or

(b) temporarily with the consent (which shall not unreasonably be withheld) of the officer or servant, and of the owners of the undertaking;
A.D. 1919. (ii) No existing officer or servant so transferred, whether temporarily or permanently, shall without his consent be, by reason of such transfer or anything done under this Act, in any worse position in respect to the conditions of his service (including tenure of office, remuneration, gratuities, pension, superannuation, sick fund or any benefits or allowances, whether obtaining legally or by customary practice), as compared with the conditions of service obtaining with respect to him at the passing of this Act, and, if any question arises as to whether the provisions of this paragraph have been complied with, the question shall be referred to a standing arbitrator or board of arbitration appointed by the Lord Chancellor for the purposes of this section, and, if the arbitrator or board consider that those provisions have not been complied with and that the officer or servant has thereby suffered loss or injury, they shall award him such sum as they think sufficient to compensate him for such loss or injury:

(iii) Where an existing officer or servant has been transferred either temporarily or permanently to the Minister under this section, then, so long as the Minister remains in possession of that undertaking or any part or plant thereof, that officer or servant may remain a full member of any pension or superannuation fund established in connexion with the undertaking with all the rights to which he would be entitled had he continued in the service of the owners of the undertaking, and any contributions payable under the rules of the pension or superannuation fund or by customary practice by the owners of the undertaking may be paid by the Treasury out of moneys provided by Parliament, and he shall be entitled to receive such reasonable allowances for temporary disturbance as the Minister with the consent of the Treasury may determine (including direct pecuniary loss sustained in consequence of the transfer):

(iv) Every existing officer or servant not transferred to the Minister in pursuance of this Act shall, notwithstanding the powers conferred upon the Minister by this Act, continue to hold his office or situation under the owners of the undertaking under the same tenure and upon the same terms and conditions (including all conditions regarding gratuities, pension, superannuation, sick fund, or any benefits or allowances), whether obtaining legally or by customary practice, as he held it on the date of the passing of this Act, and while performing the same duties shall receive
Ministry of Transport Act, 1919.

not less salary, wages, or remuneration than under existing regulations, agreements, or established customs of the service he would have been entitled to if this Act had not been passed:

(v) The Minister may direct that the office or situation of any existing officer or servant which he deems unnecessary shall be abolished: Provided that the Minister shall not require the abolition of any such office which will, in the opinion of the owners of the undertaking, be essential to them in their conduct of the undertaking at the end of the period of possession:

(vi) If by or in consequence of a direction of the Minister any existing officer or servant is, during the period of possession, required to perform duties such as are not analogous or which are an unreasonable addition to those which he has, prior to the date of the passing of this Act, been required to perform, such officer or servant may relinquish his office or service:

(vii) Every such officer or servant who so relinquishes his office or service as aforesaid, and every such officer or servant whose services by or in consequence of any such direction are dispensed with on the ground that his duties have been diminished by or in consequence of any such direction, or who otherwise suffers any direct pecuniary loss in consequence of this Act (including any loss of prospective superannuation or other retiring or death allowances, whether obtaining legally or by customary practice), shall be entitled to be paid by the Minister compensation for such pecuniary loss, to be determined by the Treasury, subject to appeal to such standing arbitrator or board of arbitration as aforesaid, in accordance with the provisions contained in section one hundred and twenty of the Local Government Act, 1888, relating to compensation to existing officers, and those provisions shall apply accordingly as if they were herein re-enacted with the necessary modifications:

Provided that, in the case of any officer or servant who was appointed to his office as a specially qualified person at an age exceeding that at which public service usually begins, or of any officer or servant who suffers any loss of prospective superannuation or other retiring or death allowances as aforesaid, such addition may be made to the amount of compensation authorised under the said provisions as may seem
just, having regard to the particular circumstances of such case: Provided further that the expression in subsection (1) of section one hundred and twenty of the Local Government Act, 1888, "the Acts and Rules relating to Her Majesty's Civil Service" shall mean the Acts and Rules relating to His Majesty's Civil Service which were in operation at the date of the passing of the Local Government Act, 1888.

(2) Any person formerly in the employment of the owners of an undertaking of which or of any part or plant of which possession is retained or taken under this Act, who on the date of the passing of this Act is, though not legally entitled thereto, in receipt of a pension or other superannuation allowance, shall continue to receive from the owners of such undertaking the same pension or allowance on the same terms and conditions as if this Act had not been passed.

(3) Any person who, at the date of the passing of this Act, was in the employment of the owners of an undertaking of which or of any part or plant of which possession is retained or taken under this Act and who, during the period of such possession, would, though not legally entitled thereto, in accordance with customary practice, be granted a pension or superannuation allowance by the owners of such undertaking, shall not be in any worse position in regard thereto by reason of the passing of this Act.

(4) This section shall apply to persons who are, or have been, members of the staff of the Railway Clearing House, or the Irish Railway Clearing House, or any railway conference, in like manner as if they were, or had been, officers or servants of an undertaking of which possession had been taken and the period of possession thereof had been the same as that of a railway undertaking, and to the Railway Clearing System Superannuation Fund, as if it was a pension or superannuation fund established in connexion with an undertaking of which possession has been taken, and as if payments and contributions heretofore made by railway companies thereto were contributions payable by the owners of the undertaking.

8.—(1) Where at the end of the period of possession by the Government of any undertaking or of any part or plant of an undertaking the value of the undertaking on a revenue-earning basis has been reduced or enhanced as compared with the value at the commencement of such period, or where during that period the income thereof has been reduced or enhanced, after taking into account in either case—

(a) any capital expenditure by the owners of the undertaking on any works brought into use in the interval; and

(b) the natural growth of traffic on the undertaking,
then, if and so far as such reduction or enhancement is due to the exercise by the Minister during that period upon the undertaking in question of the powers under section three of this Act (including such powers as have been hitherto exercised by the Board of Trade as mentioned in paragraph (1) (a) of that section) the owners of the undertaking shall, unless such reduction or enhancement is otherwise provided for by the compensation mentioned in paragraph (1) (a) of that section, be entitled to be recouped, or liable to pay, the amount by which that value has been so reduced or enhanced, and if any question arises as to such amount or the liability to pay the same, or otherwise with respect to the financial relations between the Minister and any person affected by the exercise by the Minister of any of his powers under the said section, the question shall be determined by the Railway and Canal Commission having regard to all the circumstances of the case:

Provided that—

(i) no claim in respect of any loss alleged to be due to any direction issued by the Minister shall be entertained if the direction was issued with the concurrence of the owners of the undertaking; and

(ii) if, whilst an undertaking of which or of any part or plant of which possession has been taken remains in the possession the Government, the State is authorised by Parliament to acquire the undertaking, nothing in this subsection restricting claims for enhancement attributable to the exercise by the Minister of such powers as aforesaid to cases where the value of the undertaking has been enhanced as compared with the value thereof at the commencement of the period of possession shall be held to affect, one way or the other, any question as to the principle on which the price to be paid on such acquisition is to be based.

(2) Without prejudice to any other form of payment or satisfaction, the Treasury, on the recommendation of the Minister, may, as or as part of the consideration for exercising any powers of control under the said section, guarantee the payment of any dividends or interest on any stock or other securities issued by the owners of an undertaking up to such amount as may be agreed, or the payment of any working expenses of the undertaking, and any sums required to fulfil any such guarantee shall be paid out of moneys provided by Parliament.

(3) Wherever the Minister has expended any sum in the capital improvement of any undertaking, the owners of the undertaking shall be liable to pay to the Minister the unexhausted value of such expenditure at the end of the before-mentioned period, if and so far as such expenditure is not...
A.D. 1919. covered by the payments to be made by the owners under the preceding provisions of this section, and that value shall, in default of agreement, be determined by the Railway and Canal Commission.

(4) The owners of the undertaking may satisfy any payment due from them under this section by creating a charge in favour of the Treasury upon the undertaking to such amount and in such form and with such priority as may be agreed, or, in case of difference, may be settled by the Railway and Canal Commission, who shall have due regard to the rights and interests of all parties concerned, but the charge so created shall in no case take priority to any capital raised by loan or debenture stock issued by the owners of the undertaking.

(5) Any claim by a railway company against the Government for compensation in respect of the exercise by the Board of Trade of any powers over or in respect of the undertaking in pursuance of section sixteen of the Regulation of the Forces Act, 1871, or with the consent of the railway company, or otherwise, may be determined by the Railway and Canal Commission in like manner as if it were a claim arising under this section, and the Minister was the person liable to satisfy the claim.

(6) The Minister shall indemnify, and keep indemnified, the owners of any undertaking of which or of any part of which, or of any plant of which possession has been retained or taken, and the owners of any harbour, dock or pier undertaking, against all actions, claims, and demands made in respect of loss or injury alleged to be caused by the carrying out of any directions given by the Minister under section three of this Act, or, as the case may be, any requirements contained in any order made by the Minister under section four of this Act:

Provided that, where the loss or injury is due to the breach of any contractual obligation, the Minister shall not be liable under this provision unless before carrying out the directions the owners of the undertaking have given written notice to the Minister of the existence of the obligation.

9.—(1) It shall be lawful for the Minister to establish, and either by himself or through any other person to work, transport services by land or water, and to acquire either by agreement or compulsorily such land or easements, to construct such works, and to do all such other things, as may be necessary for the purpose:

Provided that—

(i) no new transport service shall be established by the Minister until an estimate of the capital expenditure required to complete it, accompanied by details of the scheme for the establishment of the service, has been approved by the Treasury;
(ii) if in the case of any such service such estimate as aforesaid exceeds half a million pounds, or if the establishment of any such service involves the acquisition of land or easements compulsorily, or the breaking up of any roads, the Minister shall not exercise his powers of establishing the service unless authorised to do so by Order in Council a draft whereof has been approved by a resolution passed by both Houses of Parliament, and the Order may incorporate the provisions of the Lands Clauses Acts, subject to such modifications as may be specified in the Order, being modifications of those Acts made or authorised to be made by the Development and Road Improvements Funds Act, 1909, or any other enactment, and the Order may also incorporate or apply any enactments relating to the construction and maintenance of the works in question;

(iii) where it appears to the Minister that the establishment of any such service could properly be undertaken by the owners of any existing undertaking, the Minister shall not himself establish the service without first giving to such owners an opportunity of establishing the service, and, where such an opportunity is given to the owners of an undertaking of which possession has been retained or taken under section three of this Act, and those owners prefer that the establishment of the service should be undertaken by themselves rather than by the Minister, they may require the Minister to give them directions under that section to that effect, but shall not be deemed to have thereby concurred in those directions; and

(iv) the Minister shall not, after two years from the passing of this Act unless Parliament otherwise determines, commence the construction of any new works, or provide equipment for any transport service not established before that date.

(2) The Minister or other person working a service established under this section may charge such rates, fares, tolls, and charges in connexion therewith as may be prescribed by the Minister, subject to reference to the Advisory Committee on Rates hereinafter established, and the expenses of working such services shall be paid out of the revenues derived therefrom, and the Minister shall keep or cause to be kept such accounts of the receipts from and expenditure on the services and in such form, and those accounts shall be audited in such manner as the Treasury may prescribe.

10. Any transport service on roads established by the Extraordinary Ministry shall be subject to the provisions relating to extra-

traffic.
ordinary traffic contained in the Highways and Locomotives (Amendment) Act, 1878, or in Scotland the Roads and Bridges (Scotland) Act, 1878, or in Ireland the Public Roads (Ireland) Act, 1911, (as amended by any subsequent enactment).

11. An appeal shall lie to the Minister in respect of any restriction upon any traffic passing over or seeking to cross any bridge or culvert, and the Minister shall have power, notwithstanding any provision in any other statute, to make such order as he may think fit concerning the strengthening, standard of maintenance, and maintenance of any bridge or culvert, the traffic using it or seeking to use it, and apportionment of any expenditure involved, but no order made by the Minister under this section shall enlarge the pecuniary liability of any railway or canal company or impose any new liability upon any such company.

12. Section twenty of the Local Government (Emergency Provisions) Act, 1916 (which relates to the establishment of new routes for omnibuses), shall continue in force until the expiration of two years after the passing of this Act, and shall have effect as if—

(a) the following provision was substituted for subsection (2) of the section (that is to say):—

(2) Except as provided in subsection (4), this section shall not be deemed to detract from any existing powers of highway authorities in regard to omnibuses.

(b) the following subsection was added to the section (that is to say):—

(4) Where, upon application for a licence to ply for hire with an omnibus, the licensing authority either refuses to grant a licence or grants a licence subject to conditions, in either case the applicant shall have a right of appeal to the Minister of Transport from the decision of the licensing authority, and the Minister shall have power to make such order thereon as he may think fit, and such order shall be binding upon the licensing authority.

13.—(1) It shall be lawful for the Minister to purchase privately-owned railway wagons required for use on any railway on such terms and conditions as may be authorised by or under an Order in Council, a draft whereof has been approved by a Resolution passed by both Houses of Parliament, and to work or lease any such wagons when so purchased, or to apportion them among the several railway undertakings in such manner, on such terms, and subject to such conditions as may be provided by or under the Order:
Provided that the Minister shall not be entitled to purchase in England and Wales, or Scotland, or Ireland, respectively, wagons used for the conveyance of any particular class of traffic unless he purchases all privately-owned wagons so used which belong to or are used by persons carrying on business therein, and which comply with the regulations with respect to such wagons in force at the date of such purchase.

(2) Where, in the case of any wagon which has been in use on or before the fifteenth day of May, nineteen hundred and nineteen, the wagon has since that date been the subject of a purchase agreement, the price paid on such purchase shall not be evidence of the value of the wagon in determining the price to be paid by the Minister.

(3) Where the Minister has, in pursuance of his powers under this section, purchased any wagon, any contract then in force for the repair of the wagon shall upon the purchase be determined, unless otherwise agreed with the Minister.

(4) Where the Minister exercises his powers of purchasing wagons under this section, or of prohibiting or restricting the use of privately-owned wagons, or of limiting the number of wagons to be so used, the following provisions shall have effect:

(a) The reasonable facilities which every railway company is required to afford under section two of the Railway and Canal Traffic Act, 1854, as amended or explained by any other Act, shall, where the railway wagons of traders of any class have been purchased, include the provision of suitable railway wagons for the use of traders of that class, and it shall be the duty of the Minister so to exercise his powers of working or disposing of the wagons purchased by him as to enable the railway companies to fulfil their obligations under this provision as fully as may be practicable:

(b) Where the provision of wagons is not included in the authorised maximum rates of conveyance, a railway company may charge for the use of such wagons such sums as may be directed by the Minister under section three of this Act, and, if and so far as no such directions are in force, any sums not exceeding those prescribed for the use of such wagons by any Railway Rates and Charges Order applicable thereto:

(c) Notwithstanding the provisions of any other Act or any decision thereunder, in determining what sum may be charged under the provisions of any Railway Rates and Charges Order for the detention of wagons at the premises of any trader, regard shall be had to the requirements and reasonable usages of the trade carried on at those premises in connexion with which such wagons are used.
A.D. 1919.  

(5) Notwithstanding any statutory or other provision to the contrary, it shall be lawful for the Minister to make regulations prohibiting or restricting the use on railways of privately-owned wagons or limiting the number of wagons to be so used and prescribing the type and capacity thereof:

Provided that nothing in this Act shall authorise the prohibition of the use on railways of such wagons as comply with regulations for the time being in force made in pursuance of the Railways Clauses Consolidation Act, 1845, the Railways Clauses Consolidation (Scotland) Act, 1845, or any other enactment in force at the date of the passing of this Act, and as are in use, under repair, or in course of construction at that date.
