Improvement grants

2 Improvement grants

(1) A local authority may pay an improvement grant if an application therefor is made in accordance with this section and approved by them.

(2) Such an application must contain particulars of the works and an estimate of their cost, and such other particulars as the Minister may specify.

(3) Subject to subsection (4) of this section, a local authority shall not entertain an application for an improvement grant if the cost of the works as estimated in the application is less than £100 or such other amount as may for the time being be prescribed.

(4) Where, not more than three years before the making of the application, a standard grant was made in respect of the dwelling (or one of the dwellings) to which the application relates and the application contains a statement of the cost towards which the standard grant was made, that cost shall be deemed, for the purposes of the preceding subsection, to be added to that estimated in the application.

(5) Where an application for an improvement grant relates to more than one dwelling then—

- (a) if the dwellings are to be provided by the conversion of a house or other building, the cost referred to in subsection (3) of this section is the cost of the works divided by the number of dwellings ; and

- (b) if the dwellings are to be improved, the cost referred to in subsection (3) of this section is so much of the cost of the works as is in the opinion of the local authority attributable to any one dwelling.
- (6) Subject to section 25 of this Act, a local authority shall not entertain an application for an improvement grant unless they are satisfied that the applicant has, in every parcel of land on which the works specified in the application are to be or have been carried out, an interest which is either an estate in fee simple absolute in possession or a term of years absolute of which not less than five years remain unexpired at the date of the application.

3 Conditions for approval of application for improvement grant

- (1) A local authority shall not approve an application for an improvement grant if the works specified therein have been begun unless they are satisfied that there were good reasons for beginning the works before the application was approved.
- (2) A local authority shall not approve an application for an improvement grant unless they are satisfied that the dwelling or dwellings to which the application relates will provide satisfactory housing accommodation for such period and conform with such requirements with respect to construction and physical conditions and the provision of services and amenities as may for the time being be specified for the purposes of this section by the Minister.

4 Approval of application for improvement grant

- (1) Where a local authority approve an application for an improvement grant they shall determine the amount of the expenses which, in their opinion, are proper to be incurred for the execution of the works specified in the application and shall notify the applicant of that amount; and the amount so notified is in this Part of this Act referred to as the approved expense of the works.
- (2) The approved expense of any works shall not allow for works of repair and replacement more than one-half of that expense or such other part thereof as may for the time being be prescribed.
- (3) Where the applicant satisfies the local authority that the works specified in the application cannot be or could not have been carried out without the carrying out of additional works and that this could not have been reasonably foreseen at the time the application was made the local authority may substitute a higher amount as the amount of the approved expense.
- (4) In approving an application for an improvement grant a local authority may require as a condition of paying the grant that the works specified in the application are carried out within such time (which must not be less than twelve months) as the local authority may specify or such further time as the local authority may allow.

- (4) For the purposes of this section, where an improvement grant is to be paid towards the cost of works required for the provision of a dwelling all or part of which is in the basement of a building the basement shall count as a storey.

6 Payment of improvement grant

- (1) An improvement grant may be paid after the completion of the works towards the cost of which it is payable or part of it may be paid in instalments as the works progress and the balance after the completion of the works.
- (2) Where part of an improvement grant is paid in instalments the aggregate of the instalments paid shall not at any time before the completion of the works exceed one half of the aggregate cost of the works executed up to that time.
- (3) The payment of an improvement grant or of any part thereof shall be conditional upon the works or the corresponding part of the works being executed to the satisfaction of the local authority.

- (a) if the amount so attributable can be ascertained the difference between it and the amount so noted shall be the amount apportioned to the services ;
 - (b) if the amount so attributable cannot be ascertained it shall be taken to be an amount bearing to the previous limit the same proportion as the amount noted in pursuance of sub-paragraph (1) of this paragraph bears to the amount of the registered rent, and the difference between the amount so taken and the amount so noted shall be the amount apportioned to the services ;
- and the amount apportioned to the services in accordance with this sub-paragraph shall also be noted in the register.

- (3) If the new rent is less than the first rent the rent payable under the regulated tenancy may be increased (up to the amount registered) to the same extent as if the first rent had remained registered.
- (4) If the new rent exceeds the first rent the registration shall not affect the amount recoverable for any rental period beginning in the year mentioned in sub-paragraph (1) of this paragraph ; and the rent for any statutory period beginning after

that year may be increased to an amount arrived at by adding the difference between the first rent and the new rent to the amount to which the rent for that period could have been increased had the first rent remained registered.

Successive tenancies

7 Where a rent for a dwelling which is subject to a regulated tenancy is registered as mentioned in paragraph 1 of this Schedule and, during the period of delay imposed by paragraph 2 of this Schedule with respect to the rent, the tenant, or any person who might succeed him as a statutory tenant, becomes the tenant under a new regulated tenancy of the dwelling—

- (a) the rent limit for any contractual period of the new regulated tenancy beginning during that period of delay shall be the amount to which, if the first-mentioned tenancy had continued, the rent payable thereunder could have been increased in accordance with this Schedule for a statutory period beginning at the same time, and in relation to such a contractual period the reference in section 47(3) of the Rent Act 1968 to section 20(2) of that Act shall be construed as a reference to this paragraph ; and

- 13 Where a rent designated or determined by a rent assessment committee is registered in substitution for a rent determined by the rent officer, the preceding provisions of this Schedule shall have effect as if only the rent designated or determined by the rent assessment committee had been registered ; but the date of registration shall be deemed for the purposes of this Schedule (but not for the purposes of section 22(3) of the Rent Act 1968) to be the date on which the rent determined by the rent officer was registered.
