- (2) For each oil field the tax shall, in the case of each participator, be charged at the rate of [^{F1}75 per cent.] on the assessable profit accruing to him in any chargeable period from that field, as reduced under section 7 of this Act by any allowable losses and under section 8 of this Act by reference to his share, if any, of the oil allowance for that period, subject however to the limit imposed in his case by section 9 of this Act.
- (3) In relation to any oil field—
- (a) the first chargeable period is the period ending at the end of the critical half year (including an unlimited time prior to the beginning of that half year); and
 - (b) each subsequent half year is a chargeable period.

“the critical half year”, in relation to an oil field, means the first half year ending after 12th November 1974 at the end of which the total amount of oil ever won and saved from the field exceeds 1,000 [^{F2}metric tonnes] (counting [^{F2}1,100 cubic metres] of gas at a temperature of 15 degrees centigrade and pressure of one atmosphere as equivalent to one [^{F2}metric tonne]);

“half year” means a period of six months ending at the end of June or December.

(5) Schedule 1 to this Act shall have effect with respect to the determination of oil fields, and Schedule 2 to this Act shall have effect with respect to the management and collection of the tax; and this Part of this Act shall have effect subject to the further provisions in Schedule 3 to this Act and, in connection with certain gas sold to the British Gas Corporation, to section 10 of this Act.

- (a) the price received or receivable for the gas shall be deemed to be that for which it would have been sold, and
 - (b) the gas shall be deemed to be delivered at the time it would have been delivered,

- (d) winning oil from the field;
- (e) measuring the quantity of oil won or to be won from the field;
- (f) in the case of oil won from the field that was so won from strata in the sea bed and subsoil of either the territorial sea of the United Kingdom or a designated area, transporting it to the place where it is first landed in the United Kingdom [^{F16}or to the place in the United Kingdom at which the seller in a sale at arm's length could reasonably be expected to deliver it or, if there is more than one place at which he could reasonably be expected to deliver it, the one nearest to the place of extraction];
- (g) the initial treatment or initial storage of oil won from the field;
- (h) disposing of any oil won from the field which is disposed of crude in sales at arm's length;
- [^{F17}(hh) obtaining an abandonment guarantee, as defined in section 104 of the Finance Act 1991]
- [^{F18}(i) closing down, decommissioning, abandoning or wholly or partially dismantling or removing any qualifying asset;
- (j) carrying out qualifying restoration work consequential upon the closing down of the field or any part of it.]

[^{F19}(1A) In this section “qualifying asset” has the same meaning as in the Oil Taxation Act 1983; and, in the case of a qualifying asset which was leased or hired, the reference in subsection (1)(i) above to decommissioning includes a reference to carrying out any restoration or similar work which is required to be carried out to comply with the terms of the contract of lease or hire.

(1B) In subsection (1)(j) above “qualifying restoration work”, in relation to a participator in an oil field, means—

- (a) restoring (including landscaping) land on which a qualifying asset is or was situated; or
- (b) restoring the seabed (including the subsoil thereof) on which a qualifying asset is or was situated.

(1C) In any case where—

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

- (a) expenditure is incurred by a participator for any of the purposes mentioned in paragraph (i) or paragraph (j) of subsection (1) above, and
- (b) the participator is or was a participator in two or more oil fields and the qualifying asset which is relevant to the incurring of that expenditure is, at the end of the claim period concerned, a qualifying asset in respect of more than one of those oil fields,

the expenditure shall be apportioned between those oil fields in such manner as is just and reasonable.

(1D) Without prejudice to any apportionment under subsection (1C) above, in any case where—

- (a) any expenditure incurred by a participator would, apart from this subsection, be regarded as wholly incurred for any of the purposes mentioned in paragraph (i) or paragraph (j) of subsection (1) above, and
- (b) the qualifying asset which is relevant to the incurring of that expenditure has at some time been used otherwise than in connection with an oil field,

only such portion of the expenditure as it is just and reasonable to apportion to the use in connection with an oil field shall be regarded as allowable for any of the purposes referred to in paragraph (a) above.]

(2) Subject to the following provisions of this section and Schedules 4, 5 and 6 to this Act, where any amount is under subsection (2) of section [F²⁰579] of the Taxes Act (statutory redundancy payments) allowable as a deduction in computing for any accounting period the profits or losses of the relevant trade carried on by a person who was in that period a participator in an oil field, or would be so allowable under that subsection if it were not otherwise so allowable, then that amount less the amount of the rebate recoverable (within the meaning of that subsection) shall be expenditure allowable under this section for that field.

In this subsection “the relevant trade”, in relation to a participator in an oil field, means the separate trade which by virtue of subsection (1) of section [F²¹492 of the Taxes Act] consists of activities carried on by him that fall within paragraph (a) or (b) of that subsection or which would have so consisted if that subsection had additionally had effect as regards all past chargeable periods (within the meaning of the Taxes Acts).

(3) Expenditure is not allowable under this section for any oil field if, or to the extent that, it has been allowed under Schedule 5 or 6 to this Act for any other oil field or has been allowed under Schedule 7 to this Act in connection with any oil field [F²²but where expenditure allowable under section 5A [F²³or section 5B] of this Act has been allowed on a claim under Schedule 7 to this Act, nothing in this subsection shall prevent a claim being made for an allowance under this section in respect of the same expenditure unless the person making the claim is the participator who made the claim under that Schedule].

(4) The expenditure allowable under this section for any oil field does not include—

- (a) expenditure in respect of interest or any other pecuniary obligation incurred in obtaining a loan or any other form of credit; or
- (b) the cost of acquiring any land or interest in land, other than the cost of making to the Secretary of State any payment falling within subsection (1)(b) above; or
- (c) the cost of acquiring or erecting any building or structure on land, except—
 - (i) a structure to be subsequently placed on the sea bed of either the territorial sea of the United Kingdom or a designated area; or

Status: Point in time view as at 25/07/1991. This version of this Act contains provisions that are not valid for this point in time.

- (ii) a building or structure used or to be used wholly in the process of winning oil from strata in or under land or of measuring the quantity of oil won or to be won from such strata; or
- (iii) a building or structure used or to be used for initial treatment or initial storage of oil; or
- [^{F24}(iv) a building or structure used or to be used for transporting such oil as is mentioned in subsection (1)(f) above from the place where it is first landed in the United Kingdom to the place in the United Kingdom at which the seller in a sale at arm's length could reasonably be expected to deliver it or, if there is more than one place at which he could reasonably be expected to deliver it, the one nearest to the place of extraction; or]
- (d) any expenditure wholly or partly depending on or determined by reference to the quantity, value or proceeds of, or the profits from, oil won from the field; . . . ^{F25}
- (e) any payment made for the purpose of obtaining a direct or indirect interest in oil won or to be won from the field, other than a payment made to the Secretary of State; [^{F26}or]
- [^{F27}(f) any payment made in pursuance of a notice under paragraph 4 of Schedule 15 to the Finance Act 1973 (provisions supplementing the territorial extension of charge to tax under section 38 of that Act);]

but nothing in paragraph (e) above shall be taken to apply to a payment made by a participator in pursuance of a contract whereby expenditure incurred for any of the purposes mentioned in subsection (1) above is to be shared between that participator and any of the other participators in the field.

- (5) [^{F28}Subject to subsection (5A) below] expenditure allowable under this section for an oil field qualifies for supplement under section 2(9)(b)(ii) or (c)(ii) of this Act if and to the extent that it is incurred for one or more of the following purposes, namely—
- (a) bringing about the commencement of the winning of oil from the field or the commencement of the transporting of oil won from it to the United Kingdom;
 - (b) ascertaining (whether before or after the determination of the field under Schedule 1 to the Act) any of the matters mentioned in subsection (1)(c) above;
 - (c) carrying out works for, or acquiring an asset or an interest in an asset to be used for the purpose of, substantially improving the rate at which oil can be won or transported to the United Kingdom from the field, or preventing or substantially reducing a decline in that rate; or
 - (d) providing any installation for the initial treatment or initial storage of oil won from the field;

but expenditure incurred in hiring an asset shall not so qualify unless the asset is used in carrying out works for a purpose mentioned in paragraph (a), (b) or (c) above or works for the provision of any such installation as is mentioned in paragraph (d) above.

[^{F29}(5A) Where expenditure incurred in relation to an asset is incurred—

- (a) in part for one of the purposes specified in subsection (5) above (or for what would be one of those purposes if section 10(2) below were disregarded), and
- (b) in part for the purpose of enabling the asset to be used in a way giving rise to tariff receipts within the meaning of the Oil Taxation Act 1983,

Status: Point in time view as at 25/07/1991. This version of this Act contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

then, to the extent that the expenditure is incurred for the purpose mentioned in paragraph (b) above, it shall be treated for the purposes of this Part of this Act as incurred for one of the purposes specified in subsection (5) above.]

[^{F30}(5B) Expenditure incurred by a participator in an oil field shall be taken to be incurred for the purpose mentioned in paragraph (hh) of subsection (1) above if, and only if,—

- (a) it consists of fees, commission or incidental costs incurred wholly and exclusively for the purposes of obtaining an abandonment guarantee; and
- (b) the abandonment guarantee is obtained in order to comply with a term of a relevant agreement relating to that field under which the participator is required to provide security (whether or not specifically in the form of an abandonment guarantee) in respect of his liabilities to contribute to field abandonment costs;

and expressions used in this subsection shall be construed in accordance with section 104 of the Finance Act 1991.]

(6) [^{F31}Without prejudice to any apportionment under subsection (1C) or subsection (1D) above] for the purposes of subsections (1) and (5) above [^{F31}other than paragraph (hh) of subsection (1)] expenditure incurred partly for one or more of the purposes there mentioned and partly not shall [^{F28}subject to subsection (7) below] be apportioned in such manner as is just and reasonable.

[^{F29}(7) In any case where—

- (a) expenditure which is incurred by any person as mentioned in subsection (6) above is so incurred in connection with a long-term asset, and
- (b) the long-term asset gives rise to receipts which, for the purposes of the Oil Taxation Act 1983, are tariff receipts of that person attributable to the field for which any of that expenditure is so allowable,

then, so far as relates to that field, in making in accordance with subsection (6) above any apportionment for the purposes of either or both of subsections (1) and (5) above, the whole of the relevant expenditure shall be apportioned to one or more of the purposes mentioned in that subsection or, as the case may be, those subsections.

(8) In subsection (7) above—

- (a) “long-term asset” means an asset whose useful life continues after the end of the claim period for which a claim is first made for an allowance in respect of expenditure incurred in connection with the asset; and
- (b) “relevant expenditure” means that portion of the expenditure in connection with the asset which is reasonably attributable to the use of the asset which gives rise to the receipts referred to in subsection (7)(b) above.]

4 Allowance of expenditure on long-term assets. **U.K.**

- (1) Subject to subsection (13) below [^{F32}and section 1 of the Oil Taxation Act 1983], this section applies to expenditure (whether or not of a capital nature) which is incurred by a person at or before the time when he is a participator in an oil field, being expenditure incurred in acquiring, bringing into existence, or enhancing the value of an asset which is to be or is subsequently used in connection with the field and [^{F33}which, at the end of the first relevant claim period, is or is expected to be a long-term asset as defined in section 3(8) of the Oil Taxation Act 1983]:

Provided that this section shall not apply to expenditure incurred as aforesaid in any case where the Board consider that its application to that expenditure would have only a negligible effect on the total expenditure allowable under this Part of this Act for the field and so notify the responsible person.

- (2) The following provisions of this section are subject to Schedules 4, 5 and 6 to this Act.

- (3)^{F34}

- (5) Subject to the following provisions of this section, a proportion of the expenditure shall be allowable under this section on a claim for the first relevant claim period, and that proportion is . . .^{F34}the proportion which the time during which the asset has been used in [^{F33}connection with the field] in the period between the incurring of the expenditure or the asset's first use in [^{F33}connection with the field] (whichever is later) and the end of the first relevant claim period bears to the time between the incurring of the expenditure and the date when the asset's useful life is reasonably likely to end:

Status: Point in time view as at 25/07/1991. This version of this Act contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

Provided that, where the asset was not used for any purpose in the period between the incurring of the expenditure and the asset's first use in connection with the field, the expenditure shall for the purposes of this subsection be treated as having been incurred on the date when the asset was first used in connection with the field.

(6) F34

(7) [F33For each claim period subsequent to the first relevant claim period and] up to and including that in which use of the asset in connection with the field permanently ceases, the proportion of the expenditure allowable under this section for the relevant period shall be computed by applying the provisions of [F33subsection (5)] above with the omission of the words “on a claim” (wherever occurring) and the substitution of references to the relevant period for references to the first relevant claim period.

For the purposes of this subsection “the relevant period”, in relation to a claim period, means the period consisting of that claim period and each earlier claim period back to and including that in which the expenditure was incurred.

(8) If, as computed under subsection (7) above for any claim period, the proportion of the expenditure allowable for the relevant period exceeds the amount thereof which (taking into account any previous adjustments made under the following subsection) has been allowed on claims made for earlier claim periods falling within the relevant period, the excess shall be allowable under this section on a claim for that claim period.

(9) If, as computed under subsection (7) above for any claim period, the proportion of the expenditure allowable for the relevant period is exceeded by the amount thereof which (taking into account any previous adjustments made under this subsection) has been allowed on claims made for earlier claim periods falling within the relevant period, the total amount of expenditure allowable under this and the preceding section on a claim for the first-mentioned claim period shall be reduced by an amount equal to the excess.

(10) Subsections (3) to (5) of section 3 of this Act shall apply for the purposes of this section as they apply for the purposes of that section; and where in accordance with subsection (9) above the total amount of the expenditure allowable under this and the preceding section on a claim for any claim period is reduced, the amount falling to be taken into account under section 2(9)(b)(ii) or (c)(ii) of this Act by reference to that expenditure shall be reduced by a proportion equal to the proportion by which the total amount of that expenditure is so reduced.

(11) For the purposes of [F33subsection (5) above (including that subsection as it applies] under subsection (7) above) an asset which is throughout any period of time simultaneously used partly in connection with the field and partly otherwise shall be treated as being used in connection with the field for a proportion of that period equal to the proportion which the extent of its use in the period in that connection bears to the extent of its use in the period in that connection and otherwise.

(12) For the purposes of this section—

(a) the asset is a brought-in asset if, between the time when it was acquired or brought into existence and its first use in connection with the field, the asset was used otherwise than in connection with the field; and

(b) “the first relevant claim period”—

(i) in the case of expenditure incurred in acquiring or bringing into existence a brought-in asset, means the claim period in which the asset was first used in connection with the field; and

Status: Point in time view as at 25/07/1991. This version of this Act contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

(ii) in the case of any other expenditure, means the claim period in which the expenditure was incurred.

(13) The preceding provisions of this section, and any other provisions in this Part of this Act as to which it is provided that this subsection applies, shall, with any necessary modifications, apply in relation to expenditure incurred by a person in acquiring an interest in an asset, or in bringing into existence an asset in which he is to have an interest, or in enhancing the value of an asset in which he has an interest, as the provisions in question apply in relation to expenditure incurred by a person in acquiring, bringing into existence, or enhancing the value of an asset, as the case may be.

5 Allowance of abortive exploration expenditure. **U.K.**

(1) Subject to the following provisions of this section and Schedule 7 to this Act, the abortive exploration expenditure allowable in the case of a person who is a participator in an oil field is any expenditure (whether or not of a capital nature) incurred on or after 1st January 1960 [^{F35}and before 16th March 1983] which—

- (a) was incurred by that person or, if that person is a company, by that company or a company associated with it in respect of the expenditure; and
- (b) was incurred wholly and exclusively for the purpose of searching for oil in the United Kingdom, the territorial sea thereof or a designated area; and
- (c) is not, and is unlikely to become, allowable under section 3 or 4 of this Act for any oil field,

but so that any expenditure to which subsection (2) below applies shall not be allowable under this section except to the extent that it falls by virtue of that subsection to be treated as incurred wholly and exclusively for the purpose mentioned in paragraph (b) above.

Status: Point in time view as at 25/07/1991. This version of this Act contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

- (2) Where any person has incurred expenditure in acquiring, bringing into existence, or enhancing the value of an asset which is subsequently used by him for the purpose mentioned in paragraph (b) of subsection (1) above, then—
- (a) subject to paragraph (b) below, if the useful life of the asset continues after the end of the twelve months beginning with the day on which he acquired the asset or brought it into existence, he shall be treated for the purposes of that subsection as having incurred wholly and exclusively for that purpose a fraction of that expenditure on each day after the expenditure was incurred on which the asset is used by him wholly and exclusively for that purpose, and that fraction is the fraction of which the numerator is 1 and the denominator is the number of days in the period beginning with the day on which he incurred that expenditure and ending with the day on which the asset's useful life is reasonably likely to end;
 - (b) if a subsequent disposal of the asset by that person otherwise than to a person connected with him gives rise to the receipt of a sum that falls to be taken into account under subsection (6) below, being a sum not less than the price which the asset might reasonably have been expected to fetch if sold in the open market at the time of the disposal, paragraph (a) above shall apply with the substitution, for the reference to the day on which the asset's useful life is reasonably likely to end, of a reference to the day on which the disposal was made.
- Section 4(13) of this Act applies to the preceding provisions of this subsection.
- (3) Expenditure is not allowable under this section in connection with an oil field if, or to the extent that, it has been allowed under Schedule 7 to this Act in connection with any oil field.
- (4) Subsection (4) of section 3 of this Act shall apply for the purposes of this section with the following modifications, that is to say—
- (a) in paragraph (c) the words from “except” to the end of sub-paragraph (iii) shall be omitted;
 - (b) paragraph (d) shall be omitted;
 - (c) in paragraph (e), the reference to oil won or to be won from the field shall be read as a reference to oil won or to be won from any area whatsoever.
- (5) Paragraph 2 of Schedule 4 to this Act shall, . . . ^{F36}, apply in relation to this section as it applies in relation to sections 3 and 4 of this Act.
- (6) Where any expenditure which would otherwise be allowable under this section gives rise to the receipt of any sum (whether or not of a capital nature) by the person who incurred the expenditure or any person connected with him, that expenditure shall for the purposes of this section be reduced by an amount equal to that sum.
- (7) For the purposes of this section—
- (a) “company” means any body corporate;
 - (b) section [^{F37}839] of the Taxes Act (connected persons) shall apply; and
 - (c) a company which is a participator in an oil field is associated with another company in respect of expenditure incurred by the other company if—
 - (i) throughout that part of the relevant period in which both were in existence one was a 51 per cent. subsidiary of the other and the other was not a 51 per cent. subsidiary of any company; or

Status: Point in time view as at 25/07/1991. This version of this Act contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

- (ii) each of them was, throughout that part of the relevant period in which it was in existence, a 51 per cent. subsidiary of a third company which was not itself a 51 per cent. subsidiary of any company.
- (8) For the purposes of subsection (7)(c) above—
- (a) “the relevant period” is the period beginning immediately before the expenditure was incurred and ending with the end of whichever of the following periods ends later, that is to say—
- (i) the earliest chargeable period in which the company which is a participator in the oil field in question was a participator in that field; and
- (ii) the chargeable period (for that field) in which the expenditure was incurred,
- (or, if they are the same period, with the end of that period); and
- (b) section [F37 838] of the Taxes Act (subsidiaries) shall apply.

6 Allowance of unrelievable loss from abandoned field. **U.K.**

- (1) Subject to Schedule 8 to this Act, the following is, in the case of a participator in an oil field, an allowable unrelievable field loss, that is to say so much of any allowable loss which, in the case of any other oil field being a field from which the winning of oil has permanently ceased, has in any chargeable period accrued therefrom to the participator or, if the participator is a company, to a company associated with it in respect of that loss as cannot under the provisions of section 7 of this Act be relieved against assessable profits accruing from that other field to the participator or the company so associated with the participator.
- (2) In determining for the purposes of this section whether an allowable loss has accrued as mentioned in subsection (1) above from an oil field from which the winning of oil permanently ceased before the total amount of oil ever won and saved from it reached the amount by reference to which the critical half year is defined in section 1(4) of this Act, the first chargeable period for that field shall be taken to have been the period ending at the end of the half year in which the winning of oil from the field so ceased (including an unlimited time prior to the beginning of that half year).

In this subsection “half year” has the same meaning as in section 1 of this Act.

- (3) For the purposes of this section—
- (a) “company” means any body corporate; and
 - (b) a company which is a participator in an oil field is associated with another company in respect of an allowable loss which accrued to that other company in a chargeable period from another oil field if—
 - (i) throughout that part of the relevant period in which both were in existence one was a 51 per cent. subsidiary of the other and the other was not a 51 per cent. subsidiary of any company; or
 - (ii) each of them was, throughout that part of the relevant period in which it was in existence, a 51 per cent. subsidiary of a third company which was not itself a 51 per cent. subsidiary of any company;
 and in this section and Schedule 8 to this Act any reference to the winning of oil from an oil field permanently ceasing includes a reference to the permanent cessation of operations for the winning of oil from the field.
- (4) For the purposes of subsection (3)(b) above—
- (a) the relevant period is the period beginning with the chargeable period in which the allowable loss accrued to the other company referred to in that paragraph

and ending with the end of whichever of the following period ends later, that is to say—

- (i) the earliest chargeable period in which the company which is a participator in the oil field in question was a participator in that field; and
 - (ii) the chargeable period in which the allowable loss accrued, (or, if they are the same period, with the end of that period); and
- (b) section [F⁴⁶838] of the Taxes Act (subsidiaries) shall apply.

7 Relief for allowable losses. **U.K.**

- (1) Where the Board have determined under Schedule 2 to this Act that an allowable loss has accrued to a participator in a chargeable period from an oil field, then, subject to the following provisions of this section, the assessable profit accruing to him from the field in any succeeding chargeable period shall be treated as reduced by the amount of that allowable loss, or by so much of that amount as cannot, under this subsection or on a claim (if made) under subsection (2) below, be relieved against the assessable profit accruing to him from the field in any earlier chargeable period.
- (2) Where the Board have determined under Schedule 2 to this Act that an allowable loss has accrued to a participator in a chargeable period from an oil field, the participator may make a claim requiring that the loss be in the first instance set against any assessable profit which accrued to him from the field in any preceding chargeable period; and the assessable profit which so accrued to him in any such period shall then be treated as reduced by the amount of the loss, or by so much of that amount as cannot be relieved under this subsection against any assessable profit accruing to him from the field in a later chargeable period.
- (3) Where—
 - (a) the Board have determined under Schedule 2 to this Act that an allowable loss has accrued to a participator in a chargeable period from an oil field; and
 - (b) the winning of oil from that field has permanently ceased,then so much of that allowable loss as cannot under subsection (1) or (2) above be relieved against assessable profits accruing to the participator from the field shall be relieved under this subsection by treating the assessable profit accruing to him from the field in any chargeable period as reduced by the amount of the loss, or by so much of that amount as cannot be relieved under this section against the assessable profit so accruing to him in a later chargeable period.

8 Oil allowance. **U.K.**

- (1) Subject to the provisions of this section and paragraphs 10 and 11 of Schedule 3 to this Act, where a participator in an oil field would, apart from this section and section 9 of this Act, be chargeable to tax for any chargeable period on an amount (“the said amount”) consisting of the assessable profit accruing to him in the period from the field or that profit as reduced under section 7 of this Act by any allowable losses, then for the purpose of determining his liability, if any, to tax for that period, the said amount shall be treated as reduced or further reduced as follows, that is to say—
- if the said amount exceeds the cash equivalent of his share of the oil allowance for the field for that period, to an amount equal to the excess; or
 - if the said amount does not exceed the cash equivalent of his share of that allowance, to nil.
- (2) The oil allowance for an oil field is, for each chargeable period, [^{F47}250,000 metric tonnes], and shall be divided between the participators in shares proportionate to their shares of the oil won and saved from the field during the period.
- (3) For the purposes of this section the cash equivalent of a participator’s share of the oil allowance for an oil field for a chargeable period is (subject to subsection (4) below) the amount given by the formula:—

$$£ \left(A \times \frac{B}{C} \right)$$

where—

A is the gross profit accruing to him in the period or, if a gross loss (or neither a gross profit nor a gross loss) accrues to him in the period, nil (in which case the cash equivalent itself will be nil);

B is his share of the allowance, in [^{F47}metric tonnes]; and

C is his share, exclusive of excluded oil within the meaning of section 10 of this Act, of the oil won and saved from the field during the period, in [^{F47}metric tonnes].

- (4) If a participator in an oil field so elects by notice in writing given to the Board at the time when he makes his return under paragraph 2 of Schedule 2 to this Act for a chargeable period, then the cash equivalent of his share of the oil allowance for the field for that period shall be determined under subsection (3) above—
- to the extent that his share of that oil allowance does not exceed his share of the oil (other than gas) won and saved from the field in the period, as if in computing the gross profit or gross loss accruing to him in the period all amounts relating to gas fell to be disregarded; and
 - to the extent, if any, that his share of that oil allowance exceeds his share of the oil (other than gas) so won and saved, as if in computing the gross profit

Status: Point in time view as at 25/07/1991. This version of this Act contains provisions that are not valid for this point in time.

or gross loss so accruing all amounts relating to oil other than gas fell to be disregarded.

- (5) For the purposes of this section the amount of the oil allowance for an oil field utilised by a participator in any chargeable period is—
- (a) if in his case a reduction is made for that period under subsection (1)(a) above, an amount in [^{F47}metric tonnes] equal to his share of the oil allowance for the field for that period;
 - (b) if in his case a reduction is made for that period under subsection (1)(b) above, the amount in [^{F47}metric tonnes] arrived at by multiplying his share of the oil allowance for the field for that period (in [^{F47}metric tonnes]) by the fraction of which the numerator is the amount of that reduction and the denominator is the cash equivalent of his share of the said oil allowance;
 - (c) in any other case, nil.
- (6) The total oil allowance for an oil field shall not exceed [^{F47}5 million metric tonnes], and accordingly—
- (a) for each chargeable period there shall be determined the aggregate of the amounts of the oil allowance for the field utilised by the participators in that period; and
 - (b) as regards the earliest chargeable period such that the sum of the aggregate determined under paragraph (a) above for that period and the aggregates so determined for each earlier chargeable period would, apart from this subsection, exceed [^{F47}5 million metric tonnes], the necessary restriction shall be apportioned between the participators in such manner as may be notified to the Board by the responsible person or, in default of such notification, as may be determined by the Board.
- In this subsection “the necessary restriction” means the restriction necessary to secure that the aggregate determined under paragraph (a) above for the chargeable period to which paragraph (b) above applies will, when added to the sum of the aggregates so determined for each earlier chargeable period, produce a total of [^{F47}5 million metric tonnes].
- (7) For the purposes of this section [^{F47}1,100 cubic metres] of oil consisting of gas at the temperature and pressure mentioned in section 1(4) of this Act shall be counted as equivalent to one [^{F47}metric tonne] of oil other than gas.
- (8) Any reduction to be made under subsection (1) above shall be made before applying the provisions of section 9 of this Act.

[^{F489} [^{F49} **Limit on amount of tax payable**]. **U.K.**

(1) The tax payable by a participator in an oil field for any chargeable period to which this subsection applies shall not exceed 80 per cent. of the amount (if any) by which his adjusted profit for that period (as defined in this section) exceeds 15 per cent. of his accumulated capital expenditure at the end of that period (as so defined).

(1A) Subsection (1) above applies to—

- (a) any chargeable period from the first chargeable period up to and including the period which is the participator's net profit period for the field for the purposes of section 111 of the Finance Act 1981 or where section 113 of that Act applies, up to and including the earlier of the periods mentioned in subsection (2) of that section; and
- (b) any subsequent chargeable period up to such number of periods as is equal to half the number of chargeable periods [^{F50} which are included in paragraph (a) above and in which the amount of oil won and saved from the field exceeds 1,000 metric tonnes] (counting any resulting fraction of a period as a whole period)

[^{F51} and for the purposes of paragraph (b) above 1,100 cubic metres of gas at a temperature of 15 degrees centigrade and pressure of one atmosphere shall be counted as equivalent to one metric tonne].

(2) The adjusted profit of a participator in an oil field for any chargeable period shall be determined as follows—

- (a) there shall be ascertained—
 - (i) the assessable profit (without any reduction under section 7 or 8 of this Act) or allowable loss accruing to him in that period; and
 - (ii) the total amount taken into account under section 2(9)(b), (c), (d) [^{F52}, (e) [^{F53}(f) and (g)]] of this Act in computing that profit or loss, excluding expenditure so taken into account under section 2(9)(b)(i) or (c)(i) which was not allowed as qualifying for supplement under section 2(9)(b)(ii) or (c)(ii);
- (b) if there is a profit under paragraph (a)(i) above, the sum of that profit and the total ascertained under paragraph (a)(ii) above is his adjusted profit for the period;
- (c) if there is a loss under paragraph (a)(i) above smaller than the total ascertained under paragraph (a)(ii) above, the difference is his adjusted profit for the period.

(3) The accumulated capital expenditure of a participator in an oil field at the end of any chargeable period is the total amount of expenditure taken into account under section 2(9)(b)(i) and (c)(i) of this Act in computing the assessable profit or allowable loss accruing to him in that period and all earlier chargeable periods excluding all expenditure so taken into account which was not allowed as qualifying for supplement under section 2(9)(b)(ii) or (c)(ii).

(4) Where a participator has made an election under paragraph 9(1) of Schedule 3 to this Act the amount of any reduction by virtue of this section in the tax payable by him for any chargeable period shall not be greater than it would have been if he had not made any such election and for the purposes of subsection (3) above his accumulated capital expenditure at the end of any chargeable period shall be taken to be what it would have been if he had made no such election.]

- (1) Subsections (2) and (3) below apply where—
- operating expenditure is incurred by a participator in an oil field during a chargeable period to which section 9(1) of this Act applies (“the relevant chargeable period”);
 - a claim for the allowance of the expenditure is made under Schedule 5 or 6 for the claim period which coincides with the relevant chargeable period (“the relevant claim period”); and
 - the claim is made more than four months after the end of the relevant claim period.
- (2) The Board shall not allow the expenditure except to such extent (if any) as they consider necessary to secure that the participator’s overall liability to tax is no greater than it would have been if the claim had been allowed before the Board had made an assessment to tax or a determination on or in relation to the participator in respect of the field for the relevant chargeable period.
- (3) Any amounts of oil allowance which, if the claim had been allowed before the Board had made an assessment to tax or a determination on or in relation to the participator in respect of the field for the relevant chargeable period, would not have been utilised by him in that period, or any subsequent chargeable period, shall be disregarded for the purposes of section 8(6) of this Act.
- (4) Where—
- the participator transfers the whole or part of his interest in the oil field to another person; and
 - Parts II and III of Schedule 17 to the ^{M3}Finance Act 1980 apply to the transfer,

“acquisition”, in relation to an asset, includes acquisition of an interest in the asset;

“capital expenditure” means expenditure on the acquisition or construction of an asset which is to be used for any of the following purposes—

- (a) for ascertaining the extent or characteristics of any oil-bearing area wholly or partly included in the field, or what the reserves of oil of any such oil-bearing area are;
- (b) for winning oil from the field;
- (c) for transporting oil won from the field, whether to a place in the United Kingdom or to a place in another country; or
- (d) for the initial treatment or initial storage of oil won from the field;

“operating expenditure” means any expenditure other than capital expenditure.

- (2) The notice of appeal shall specify the grounds of appeal, but on the hearing of the appeal the Commissioners may allow the appellant to put forward any ground not specified in the notice, and may take it into consideration if satisfied that the omission was not wilful or unreasonable.
- (3) A participator who has given notice of appeal under sub-paragraph (1) above against an assessment charging him with any tax for a chargeable period may, if he delivered a return for that period as required by paragraph 2 above, withhold, until the determination or abandonment of the appeal, so much of the tax charged in the assessment as is the smaller of—
 - (a) the amount of the tax so charged; and
 - (b) tax on the difference between—
 - (i) the aggregate of the consideration received or receivable for oil as stated in the participator's return in pursuance of sub-paragraph (2) of that paragraph and, subject to sub-paragraph (4) below, the market value of oil as so stated; and
 - (ii) the aggregate of the corresponding consideration and value as included in the assessment.
- (4) Subject to sub-paragraph (5) below, where the market value of all the oil for which a market value is stated in the participator's return is, as stated in that return, less than the value which is produced for that oil by applying to it the average price mentioned in sub-paragraph (6) below, sub-paragraph (3) above shall have effect as if, for the reference to the market value of oil as so stated, there were substituted a reference to the value which is so produced for that oil.
- (5) The comparison of values and the substitution required by sub-paragraph (4) above shall, in the case of an appeal by a participator whose return relates both to gas and to other oil, be made separately for the gas and for the other oil.
- (6) The average price referred to in sub-paragraph (4) above is the average price at which all oil included in the relevant returns as oil delivered in the period covered by the returns and disposed of in sales at arm's length was so disposed of.
- (7) The relevant returns for the purposes of sub-paragraph (6) above are all the returns of all the participators in all oil fields which—
 - (a) were made for the chargeable period preceding that to which the appeal relates; and
 - (b) were delivered before the end of the chargeable period to which the appeal relates.
- (8) The participator may at any time, if the Board do not object to his doing so, abandon an appeal instituted by him; and for this purpose he shall notify his desire to do so to the Board who may, within thirty days after being so notified, object by notice in writing to the participator.
- (9) Where, at any time between—
 - (a) the giving of a notice of appeal against the assessment [^{F87}determination or amendment] or from a decision of the Board on a claim under section 33 of the ^{M19}Taxes Management Act 1970 as applied by paragraph 1 above, and

the Board and the participator agree [^{F87} on how the assessment, determination, amendment or decision should be varied or on what assessment or determination should be substituted in relation to the chargeable period in question, the same consequences shall ensue as if the Commissioners had determined the appeal to that effect].

[^{F88}(10) If, on the appeal, it appears to a majority of the Commissioners present at the hearing that the assessment, determination or amendment is wrong—

- (a) because no, or a smaller, assessable profit or a, or a larger, allowable loss has accrued for the chargeable period in question; or
- (b) because a, or a larger, assessable profit or no, or a smaller, allowable loss has accrued for that period,

the Commissioners shall vary the assessment, determination or amendment in such manner, or substitute such assessment or determination, as may be required; and it shall be for the participator to satisfy the Commissioners as to any matter within paragraph (a) above.]

[^{F131}2A(1) This paragraph applies where—

- (a) a claim is made under this Schedule for the allowance of any expenditure which is incurred after 30th June 1991 and is allowable for an oil field by virtue of paragraph (i) or paragraph (j) of subsection (1) of section 3 of this Act (in this paragraph referred to as “the abandonment expenditure”);
- (b) a participator (in this paragraph referred to as “the defaulter”) has defaulted on his liability under a relevant agreement to make a payment towards the abandonment expenditure;
- (c) at the end of the claim period for which the claim is made, the defaulter still has an interest in the oil field which falls to be taken into account in determining, under paragraph 2(4)(b) above, the shares of each of the participators in the abandonment expenditure;

- (e) one or more of those participators has paid an amount in or towards meeting the whole or any part of the payment for which the defaulter was liable as mentioned in paragraph (b) above.

- (a) on the sixtieth day after that due date any of the payment remains unpaid; or
 - (b) before that sixtieth day the participator’s interest in a relevant licence becomes liable under the relevant agreement to be sold or forfeited, in whole or in part, by reason of his failure to meet his liability.
- (3) In this paragraph—
- (a) “relevant agreement” has the meaning given by section 104(5)(a) of the Finance Act 1991;
 - (b) “the sum in default” means so much of the payment referred to in sub-paragraph (1)(b) above as has neither been paid by the defaulter nor met by virtue of any such guarantee or security as is referred to in sub-paragraph (1)(d) above;
 - (c) the “default payment” means the amount which the qualifying participator has paid as mentioned in sub-paragraph (1)(e) above; and
 - (d) a “qualifying participator” means a participator who falls within sub-paragraph (1)(e) above and who is not connected with the defaulter, applying section 839 of the Taxes Act (connected persons) for the purposes of this paragraph.
