- (5) Where a works authorisation contains a term requiring that the capacity of the controlled pipe-line to which it relates or of any part of the pipe-line shall be greater than that proposed in the application for the authorisation or requiring that any of the route of the pipe-line shall be different from that so proposed then, subject to section 23(4) of this Act, the Secretary of State may serve on the holder of the authorisation, and on any other person who made representations to the Secretary of State that the capacity proposed as aforesaid should be greater or that any of the route so proposed should be different, a notice—

 - (c) providing that the holder may, if such arrangements are not made by the other person within that period, elect in the manner specified in the notice that—

2 After clause 8 of the relevant clauses there shall be inserted the following clauses:—

Royalty payments.

“8A (1) Subject to paragraphs (2) to (4) of this clause the Licensee shall pay to the Minister, in respect of each half year in which this licence is in force (hereafter in this clause and in clause 8B of this licence referred to as a “chargeable period”), a royalty of an amount equal to 12 1/2 per cent. of the value of the petroleum relating to that period.

(2) The Licensee shall not be required to make a payment in pursuance of paragraph (1) of this clause in respect of a chargeable period if he is required by virtue of clause 8C of this licence to deliver to the Minister all the royalty petroleum for that period.

(3) The Licensee shall not be required to make a payment in pursuance of paragraph (1) of this clause in respect of a chargeable period if he is required by virtue of clause 8C of this licence to deliver to the Minister some but not all of the royalty petroleum for that period; but in respect of that period the Licensee shall, subject to paragraph (4) of this clause, pay to the Minister a royalty of an amount determined in accordance with the formula—

$$\frac{A(12\frac{1}{2}-B)}{100-B}$$

where A is the value of the petroleum relating to that period and B is the number of per cent. in the percentage which the royalty petroleum required to be delivered to the Minister in that period is of the petroleum won and saved in the licensed area in that period.

(4) Where in a chargeable period in respect of which, apart from this paragraph, royalty is payable in pursuance of paragraph (3) of this clause, the petroleum won and saved in the licensed area includes both petroleum in the form of gas and petroleum in other forms, that paragraph shall have effect—

(b) in relation to the petroleum in other forms, as if those references excluded petroleum in the form of gas ;

and in such a case the value of the petroleum relating to that period shall be apportioned between the petroleum in the form of gas and the petroleum in other forms in such manner as the Minister and the Licensee may agree.

(5) For the purposes of this clause and clause 8B of this licence the value of the petroleum relating to a chargeable period is, subject to paragraph (6)

- (a) the total of the market values which would in pursuance of the said paragraph (b) fall to be taken into account as aforesaid ; and

 - (b) an amount equal to the value, as determined for the purposes of income tax or the charge of corporation tax on income, of so much of the petroleum won and saved in the licensed area as falls within section 10(1)(b) of the Oil Taxation Act 1975 and was in that period disposed of or relevantly appropriated (within the meaning of Part I of that Act) by the persons mentioned in the said paragraph (5).
- (7) The Minister may from time to time, by notice in writing given to the Licensee, determine the mode of ascertaining any sum for the purposes of sub-paragraph (b) of paragraph (5) of this clause ; but—
- (a) the Minister shall not give a notice in pursuance of this paragraph unless he has consulted persons appearing to him to be representative of the holders of petroleum production licences about the terms of the notice ; and
 - (b) any dispute between the Minister and the Licensee as to the amount of such a sum shall, in default of agreement before the expiration of fourteen months beginning with the last day of the chargeable period to which the sum relates and subject to sub-paragraph (c) of this paragraph, be determined by the Minister ; and
 - (c) the Licensee may, during the period of 28 days beginning with the day on which he receives from the Minister particulars of a determination in pursuance of sub-paragraph (b) of this paragraph, refer to arbitration in the manner provided by clause 34 of this licence any question as to whether the determination is in accordance with the relevant notice given to the Licensee in pursuance of this paragraph.
- (8) In this clause “royalty petroleum”, in relation to a chargeable period, means the petroleum which by virtue of clause 8C of this licence the Minister is entitled to require the Licensee to deliver to him in that period.

- (5) The Minister may from time to time, after a statement in respect of any chargeable period has been delivered to him in pursuance of paragraph (1) of this clause and before he has given to the Licensee a notice in pursuance of paragraph (6) of this clause in respect of that period, give a notice in

- (9) When any payment falls to be made by the Licensee or the Minister in pursuance of paragraph (5), (6) or (7) of this clause, an amount in respect of interest on the payment shall also be payable by him to the recipient of the payment and that amount shall be calculated in such manner as the Minister may specify from time to time in a notice in writing given by him to the Licensee ; but—
- (a) a notice in pursuance of this paragraph shall provide for amounts by way of interest to be calculated by applying a rate of interest which is for the time being a commercial rate of interest ; and
- (b) any such amount in respect of interest shall be disregarded in calculating for the purposes of the said paragraph (5) or (6) any amount already paid by the Licensee in pursuance of this clause.

 - (b) shall not specify, as the quantity of petroleum won and saved in any half year which is to be delivered in pursuance of the notice or as the quantity of any kind of such petroleum, a percentage of all the petroleum or of all that kind of petroleum which is won and saved in the licensed area in that half year exceeding the percentage at which, apart from the notice, royalty for that half year would be payable in respect of the petroleum in pursuance of clause 9(1) of this licence, but may provide that the quantities of petroleum or of a kind

- (4) If during the term of this licence the Minister serves a notice in writing on the Licensee requiring him to submit to the Minister, before a date specified in the notice, an appropriate programme for exploring for petroleum in the licensed area during a period so specified, the Licensee shall comply with the notice ; and for the purposes of this paragraph an appropriate programme is one which any person who, if he—

- (a) the relevant works which the Licensee proposes to erect or carry out during that period for either of the purposes mentioned in paragraph (1)(a) of this clause ;
 - (b) the proposed locations of the works, the purposes for which it is proposed to use the works and the times at which it is proposed to begin and to complete the erection or carrying out of the works ;
 - (c) the maximum and minimum quantities of petroleum in the form of gas and the maximum and minimum quantities of petroleum in other forms which, in each calendar year during the period aforesaid or in such other periods during that period as the Minister may specify, the Licensee proposes to get as mentioned in paragraph (1)(b) of this clause.
- (3) If the Minister directs the Licensee—
- (a) to prepare different programmes in pursuance of paragraph (2) of this clause in respect of petroleum from such different parts of the licensed area as are specified in the direction ; or
 - (b) where a programme approved or served in pursuance of this clause relates to a particular period during the term of this licence, to prepare a programme or programmes in pursuance of paragraph (2) of this clause in respect of a further period or further periods during that term,

 - (c) that the Minister rejects the programme on one or both of the following grounds, namely—
 - (i) that the carrying out of any proposals included in the programme in pursuance of paragraph (2) of this clause would be contrary to good oilfield practice ;
 - (ii) that the proposals included in the programme in pursuance of sub-paragraph (c) of the said paragraph (2) are, in the opinion of the Minister, not in the national interest ;
- and a notice in pursuance of sub-paragraph (b) of this paragraph may contain different conditions in respect of different works.
- (5) Where the Minister gives notice of rejection of a programme in pursuance of sub-paragraph (c) of paragraph (4) of this clause, then—

- (c) the Licensee shall prepare and submit to the Minister, before the time specified in that behalf in the notice,—
- (i) where the notice contains such a statement as is mentioned in sub-paragraph (a) above, modifications of the programme which ensure that the carrying out of the programme with those modifications would not be contrary to good oilfield practice ;
 - (ii) where the notice contains such a statement as is mentioned in sub-paragraph (b) above, modifications of the programme which ensure the getting of petroleum from the area there mentioned at the rates specified in the statement and which (except so far as may be necessary in order to get petroleum at those rates) are not such that the carrying out of the programme with those modifications would be contrary to good oilfield practice ;

but the Licensee shall not be required by virtue of paragraph (i) of this sub-paragraph to submit modifications if the carrying out of the programme without modifications would not be contrary to good oilfield practice.

- (6) If the Minister gives notice in writing to the Licensee that the Minister approves the modifications of a programme which have been submitted to him in pursuance of sub-paragraph (c) of paragraph (5) of this clause, the programme with those modifications shall be deemed to be approved by the Minister ; but if the Licensee fails to perform the duty imposed on him by that sub-paragraph the Minister may if he thinks fit, instead of revoking this licence in consequence of the failure, serve on the Licensee such a programme as the Minister considers that the Licensee should have submitted to him in respect of the area and period to which the rejected programme related.
- (7) Where the Minister proposes to approve a programme subject to a condition in pursuance of paragraph (4)(b) of this clause or to reject a programme in pursuance of paragraph (4)(c) of this clause or to serve a programme on the Licensee in pursuance of paragraph (6) of this clause he shall before doing so—
- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal ; and
 - (b) consider any such representations then made to him by the Licensee ;
- and the Minister shall not approve a programme subject to such a condition unless he is satisfied that the condition is required in the national interest.
- (8) The Licensee shall carry out any programme approved or served on him by the Minister in pursuance of this clause or, if such a programme is varied in pursuance of clause 16 of this licence, the programme as so varied except so far as the Licensee is authorised in writing by the Minister to do otherwise or is required to do otherwise by such a condition as is mentioned in paragraph (4)(b) of this clause ; but if it is necessary to carry out certain works in order to comply with provisions included in a programme by virtue of paragraph (5)(c) of this clause or provisions of a programme served on the Licensee in pursuance of paragraph (6) of this clause or provisions of a programme as varied in pursuance of clause 16 of this licence, then, notwithstanding anything in the programme as to the time when those provisions are to be complied with, the Licensee shall not be treated as having failed to comply with those provisions before the expiration of the period reasonably required for carrying out the works.
- (9) In this clause “relevant works” means any structures and any other works whatsoever which are intended by the Licensee to be permanent and are neither designed to be

Provisions supplementary to clause 15.

16 (1) A consent given by the Minister in pursuance of clause 15(1) of this licence may be given subject to such conditions as are specified in the document signifying the consent and may in particular, without prejudice to the generality of the preceding provisions of this paragraph, be limited to a period so specified—

(2) Where—

- (a) the Minister gives notice in respect of a programme in pursuance of paragraph (4)(a) or (b) or paragraph (6) of clause 15 of this licence or serves a programme in pursuance of the said paragraph (6) ; or
- (b) it is determined by arbitration that the Licensee is not required by virtue of paragraph (i) of clause 15(5)(c) of this licence to submit modifications of a programme in respect of which notice of rejection containing such a statement as is mentioned in the said paragraph (i) was given by the Minister in pursuance of clause 15(4)(c) of this licence,

the Minister may give to the Licensee, with the notice given or the programme served as mentioned in sub-paragraph (a) of this paragraph or, in a case falling within sub-paragraph (b) of this paragraph, within the period of three months beginning with the date of the arbitrator's or arbiter's determination, a notice (here-after in this clause referred to as a "limitation notice") authorising the Minister, by a further notice given to the Licensee from time to time after the expiration of the period specified in that behalf in the limitation notice, to provide that the programme to which the limitation notice relates shall have effect while the further notice is in force with the substitution for any quantity of petroleum or any period specified in the programme in pursuance of clause 15(2)(c) of this licence of a different quantity of petroleum or a different period specified in the further notice.

(3) A quantity or period specified in such a further notice as that to be substituted for a quantity or period which is specified in the programme in question shall be within the limits specified in the limitation notice as those applicable to that quantity or period specified in the programme, and those limits shall be such as to secure that the expenditure to be incurred by the Licensee in complying with the further notice, in a case where an effect of the notice is to increase the quantity of petroleum which the Licensee is required to get from the licensed area in any period, is less than the cost of drilling a new well in the licensed area at the time when the further notice is given.

(4) Where the Minister proposes to give a limitation notice or any such further notice as aforesaid he shall before doing so—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal ; and
- (b) consider any such representations then made to him by the Licensee ;

and the Minister shall not give such a further notice of which an effect is to increase the quantity of petroleum which the Licensee is required to get from the licensed area during any period unless the Minister is satisfied that the notice is required by reason of a national emergency and shall not give any other such further notice as aforesaid unless he is satisfied that the notice is required in the national interest.

(5) A limitation notice or such a further notice as aforesaid may—

- (a) specify any quantity or period by reference to such factors as the Minister thinks fit ; and
- (b) in the case of such a further notice, contain provisions as to—

 - (ii) the date when the notice is to cease to be in force, and specify different dates in pursuance of this sub-paragraph for different provisions of the notice ;

and the Minister may revoke such a further notice at a particular time by serving on the Licensee a notice in writing stating that the further notice is revoked at that time.

- (6) Any question arising under clause 15 of this licence or this clause as to what is, is not or is required in the national interest or as to what is, or is required by reason of, a national emergency shall be determined by the Minister.
- (7) The Licensee shall ensure that any conditions to which an approval is subject in pursuance of clause 15(4)(b) of this licence or a consent is subject in pursuance of paragraph (1) of this clause are complied with.
- (8) If in respect of part of the licensed area—
 - (a) a consent has been given in pursuance of paragraph (1) of clause 15 of this licence : or
 - (b) the Licensee has submitted to the Minister, in accordance with a direction given by virtue of paragraph (3)(a) of that clause, a programme in pursuance of paragraph (2) of that clause—
 - (i) as respects which the Minister has served notice in pursuance of paragraph (4)(a) or (b) or paragraph (6) of that clause, or
 - (ii) in consequence of which the Minister has served a programme on the Licensee in pursuance of the said paragraph (6), or
 - (iii) in respect of which it has been determined by arbitration that the Licensee is not required by virtue of paragraph (5)(c)(i) of that clause to submit modifications,

paragraph (1) of clause 37 of this licence shall not authorise the Minister to revoke this licence in relation to that part of the licensed area in consequence of any breach or non-observance, while the consent is in force or during the period to which the programme relates, of any provision of the said clause 15 in connection with a different part of the licensed area.

- (9) Where in consequence of any breach or non-observance by the Licensee of any provision of clause 15 of this licence the Minister has power by virtue of paragraph (1) of clause 37 of this licence to revoke this licence or, in consequence of paragraph (8) of this clause, to revoke it in respect of part only of the licensed area, he may if he thinks fit—
 - (a) in a case where he has power to revoke this licence, exercise the power in relation to such part only of the licensed area as he may specify ; and
 - (b) in a case where by virtue of the said paragraph (8) he has power to revoke it in respect of part only of the licensed area, exercise the power in relation to such portion only of that part as he may specify ;

and where in consequence of the said paragraph (8) or by virtue of the preceding provisions of this paragraph the Minister revokes this licence in respect of a part or portion of the licensed area, the rights granted by this licence shall cease in respect of that part or portion without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

- (4) If any such condition under paragraph (1) of this clause relates to the position, depth or direction of the well, or to any casing of the well or if any condition under either paragraph (1) or paragraph (2) of this clause relates to any plugging or sealing of the well, the Minister may from time to time direct that the well and all records relating thereto shall be examined in such manner upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for such examination as the Minister may specify.

Control of development wells.

- 19 (1) The Licensee shall not suspend work on the drilling of a development well, or having suspended it in accordance with this paragraph shall not begin it again, except with the consent in writing of the Minister and in accordance with the conditions, if any, subject to which the consent is given.
