1978 CHAPTER 29

An Act to consolidate certain enactments relating to the national health service in Scotland. [20th July 1978]

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

PART I

ORGANISATION

Secretary of State

1.—(1) It shall continue to be the duty of the Secretary of State to promote in Scotland a comprehensive and integrated health service designed to secure—

(a) improvement in the physical and mental health of the people of Scotland, and

(b) the prevention, diagnosis and treatment of illness,

and for that purpose to provide or secure the effective provision of services in accordance with the provisions of this Act.

(2) The services so provided shall be free of charge, except in so far as the making and recovery of charges is expressly provided for by or under any enactment, whenever passed.

Administrative bodies

2.—(1) The Secretary of State shall by order constitute in accordance with Part I of Schedule 1 boards for such areas as he may by order determine, for the purpose of exercising functions with respect to the administration of such health services provided by him as he may so determine, and for the
PART I

purpose of making arrangements on his behalf for the provision of the services mentioned in Part II; and those boards shall be called Health Boards.

(2) The order or orders made under subsection (1) determining the areas for which the Health Boards are to be constituted shall be separate from the order or orders constituting those Boards; and, before making any order determining such an area, the Secretary of State shall consult with such bodies and organisations as appear to him to be concerned.

(3) The Secretary of State may by order vary the area of any Health Board, whether or not the variation involves the constitution of a new Board, or the termination of the functions of an existing Board; and, before making such an order, the Secretary of State shall consult with such bodies and organisations as appear to him to be concerned.

(4) Any order under subsection (3) may make provision for any supplementary and incidental matters for which it appears to the Secretary of State to be necessary or expedient to provide, in particular for the transfer of officers and of property and liabilities.

(5) In carrying out the purposes mentioned in subsection (1) each Health Board shall act subject to, and in accordance with, such regulations as may be made, and such directions as may be given, by the Secretary of State; and such regulations and directions may be made or given generally or to meet the circumstances of a particular area or matter.

(6) Regulations under subsection (5) shall make provision requiring each Health Board to submit to the Secretary of State a scheme for the exercise of their functions, and enabling the Secretary of State to approve any such scheme with or without modifications, and to make such a scheme in the event of the failure of any Health Board to do so.

(7) A Health Board may at any time, and if directed by the Secretary of State shall, within such period as he may specify, submit a new scheme for the exercise of their functions, and regulations making the provision mentioned in subsection (6) shall, with any necessary modifications, apply to any such scheme.

(8) A Health Board shall, notwithstanding that it is exercising functions on behalf of the Secretary of State, be entitled to enforce any rights acquired, and shall be liable in respect of any liabilities incurred (including liability in damages for wrongful or negligent acts or omissions), in the exercise of those functions in all respects as if the Health Board were acting as a principal; and all proceedings for the enforcement of such rights
or liabilities shall be brought by or against the Health Board in its own name.

(9) A Health Board shall not be entitled to claim in any proceedings any privilege of the Crown in respect of the recovery or production of documents; but this subsection shall be without prejudice to any right of the Crown to withhold, or procure the withholding from production of, any document on the ground that its disclosure would be contrary to the public interest.

(10) Schedule 1 shall have effect in relation to the Boards constituted under this section.

(11) Where it appears to the Secretary of State to be expedient in the interests of efficiency that a joint committee should be established for the areas of two or more Health Boards for the purpose of exercising some but not all of their functions, the Secretary of State may by order constitute such a joint committee and provide for the exercise by that committee of such of those functions as may be specified in the order, and for the application, with such modifications as may be so specified, to that committee of any provisions of this Act relating to those functions, and for any of the matters for which, in relation to a Health Board, provision is or may be made by or under Part II of Schedule 1.

3.—(1) With a view to securing that the number of medical practitioners undertaking to provide general medical services in the areas of different Health Boards, or in different parts of those areas, is adequate, the Secretary of State shall constitute a committee to be called the Scottish Medical Practices Committee (hereafter in this Act referred to as "the Medical Practices Committee"), for the purpose of considering and determining applications made for inclusion in any list kept by a Health Board of medical practitioners undertaking to provide such services for persons in the Board's area.

(2) Schedule 2 shall have effect in relation to the Medical Practices Committee.

4.—(1) For the purpose of carrying out such duties as may be prescribed with respect to the approval of estimates of dental treatment and appliances, regulations shall make provision for constituting a board, to be called the Scottish Dental Estimates Board, (hereafter in this Act referred to as "the Dental Estimates Board"), of whom the chairman and a majority of members shall be dental practitioners.
PART I

(2) Regulations made in pursuance of this section shall include provision, in relation to the Dental Estimates Board, for any of the matters for which, in relation to a Health Board, provision is or may be made by or under Part II of Schedule 1.

6.—(1) Where the Secretary of State is satisfied that a committee has been formed which is representative of any, some or all of the professions engaged in the provision of care or treatment under this Act, and that it is in the interests of the health service to recognise the committee for the purposes of this Act, he shall so recognise it, and any such committee shall be known as a national consultative committee.

(2) The professional teaching interests in relation to any such profession shall be represented on the national consultative committee by such number of members, appointed in such manner, as may be prescribed.

(3) Where the Secretary of State considers it necessary, he may, with the agreement of a national consultative committee, appoint additional persons to be members of that committee.

(4) It shall be the general function of a national consultative committee to advise the Planning Council on the provision of services under this Act, being services with which that committee is concerned; but, except in so far as regulations otherwise provide, such a committee shall not concern itself with the
remuneration and conditions of service of practitioners or other persons of whom it is representative.

(5) In addition to any other functions which a national consultative committee may exercise, they shall exercise such functions as may be prescribed.

(6) The Planning Council shall consult with the national consultative committees on such occasions and to such extent as may be prescribed, and may ask any such committee to undertake, on behalf of the Planning Council, such investigation as the Planning Council think fit.

(7) A national consultative committee shall have power to appoint sub-committees, whether jointly with another national consultative committee or otherwise, and to appoint to any such sub-committee persons who are not members of the national consultative committee or committees concerned.

(8) The Secretary of State shall defray the reasonable expenses of national consultative committees, and shall pay to members of such committees and sub-committees thereof such travelling and other allowances, including compensation for loss of remunerative time, as he may, with the approval of the Minister for the Civil Service, from time to time determine.

(2) A scheme under subsection (1) shall provide for the appointment by local authorities in or for the area or district concerned of such number of members of the local health council as may be prescribed, and for the appointment by the Health Board, after consultation with such other organisations as may be specified in the scheme, of such number of members as may be so specified.

(3) The Secretary of State may approve, with or without modifications, any scheme submitted to him under subsection (1), or may refuse to approve it.

(5) The members of a local health council may appoint one of their own number as the chairman of the council.

(6) The Secretary of State shall pay to the members of a local health council, and of the committees and sub-committees thereof, such travelling and other allowances, including compensation for loss of remunerative time, as he may with the approval of the Minister for the Civil Service, from time to time determine.

(e) for the removal from the list of medical practitioners undertaking to provide general medical services for persons in any area of the name of a medical practitioner in whose case it has been determined in such manner as may be prescribed that he has never provided or has ceased to provide general medical services for persons in that area.

(3) The remuneration to be paid under arrangements under this Part to a practitioner who provides general medical services shall not, except in special circumstances, consist wholly or mainly of a fixed salary which has no reference to the number of patients for whom the practitioner has undertaken to provide such services.

20.—(1) All applications made in the prescribed manner to a Health Board for inclusion in a list kept by that Board of the names of medical practitioners undertaking to provide general medical services for persons in the Board’s area shall be referred by the Board to the Medical Practices Committee and (except as mentioned in subsection (2)) any medical practitioner whose application is granted by that Committee shall be entitled to the inclusion of his name in the list.

(2) That entitlement is subject to—

(a) section 21 (requirement of suitable experience);

(b) section 23 (distribution of general medical services);

(c) section 29 (disqualification of practitioners).
21.—(1) Where the Secretary of State has made regulations for the purposes of this section, and after a day prescribed as the appointed day for those purposes—

(a) the Medical Practices Committee shall refuse any application under section 20 made after that day if the medical practitioner is not suitably experienced; and

(b) a Health Board shall not arrange under section 19 with a medical practitioner for him to provide general medical services for persons in its area unless the Medical Practices Committee have granted an application by him for the inclusion of his name in the list kept by the Board of medical practitioners undertaking to provide general medical services for persons in that area.

(2) For the purposes of this section a medical practitioner is “suitably experienced” if, but only if, he either—

(a) has acquired the prescribed medical experience, or

(b) is by virtue of regulations made under section 22 exempt from the need to have acquired that experience, and “medical experience” includes hospital experience in any specialty.

22.—(1) Regulations may for the purposes of section 21 provide—

(a) for prescribing the medical experience needed to satisfy paragraph (a) of section 21(2);

(b) as to the documents which an applicant may or must produce as evidence that he is suitably experienced or has acquired medical experience of any particular kind;

(c) for requiring an applicant who claims to have acquired the prescribed experience to submit particulars of his experience to a prescribed body, and for requiring that body, if satisfied that he has acquired the prescribed experience, to issue him a certificate (a “certificate of prescribed experience”) to that effect;

(d) for enabling an applicant without the prescribed experience who considers that the medical experience which he has acquired is, or ought to be regarded as, equivalent to the prescribed experience to submit particulars of that experience to a prescribed body, and for requiring or enabling that body, if satisfied that the applicant’s medical experience is so equivalent, to issue him a certificate (a “certificate of equivalent experience”) to that effect;
PART II

(f) as to the circumstances or conditions in or subject to which a medical practitioner is exempt from the need to have acquired the prescribed experience;

(g) for conferring on an applicant who is refused a certificate of prescribed experience or a certificate of equivalent experience a right of appeal to a body constituted by the Secretary of State, and for any matter for which it appears to the Secretary of State to be requisite or expedient to provide in consequence of the conferring of that right;

(h) for anything authorised or required by section 21 to be prescribed or otherwise provided for by regulations.

In this section—

"applicant" means a medical practitioner who has made or proposes to make an application to which paragraph (a) of section 21(1) applies;

"the prescribed experience" means the medical experience for the time being prescribed for the purposes of paragraph (a) of section 21(2).

(a) may be exercised so as to make different provision for different areas or different periods of time or in relation to different cases or different circumstances;

(b) includes power to make such incidental or supplemental provision in the regulations as the Secretary of State considers appropriate.

23.—(1) The Medical Practices Committee may refuse any application under section 20 on the ground that the number of medical practitioners undertaking to provide general medical services in the area of the Health Board concerned or in part of that area is already adequate.

(2) If in the opinion of the Medical Practices Committee additional practitioners are required for any area or part, but the number of applications exceeds the number required, the Committee shall select the persons whose applications are to be granted and shall refuse the other applications.
(3) Before selecting any persons under subsection (2) the Medical Practices Committee shall consult the Health Board concerned, and that Board shall consult the area medical committee (if any) for their area before expressing their views on the persons to be selected.

(4) Except as provided in subsections (1) to (3), or as required by section 21, the Medical Practices Committee shall not refuse any application under section 20, but the Committee may grant an application subject to conditions excluding the provision of general medical services by the applicant in such part or parts of the area of the Health Board as the Committee may specify.

(5) A medical practitioner who has made an application under section 20 which has been refused or has been granted subject to such conditions may appeal to the Secretary of State; and the Secretary of State may, on any such appeal, direct the Medical Practices Committee to grant the application either unconditionally or subject to such conditions as the Secretary of State may specify.

This subsection does not apply where an application has been refused under paragraph (a) of section 21(1).

(6) Where the Medical Practices Committee select persons from a number of applicants, the persons selected shall not be included in the list in question during the period for bringing an appeal to the Secretary of State or pending the determination of any such appeal.

(7) If the Secretary of State grants an appeal to which subsection (6) above relates, he may direct either that the application—

(a) shall be granted in addition to those already granted; or

(b) shall be granted instead of such one of those applications as he may specify.

In the latter case, he shall make the other applicant a party to the appeal, and no further appeal shall be brought by that applicant in respect of the application in question.

(8) The Medical Practices Committee shall, in a case where persons have to be selected from a number of applicants, and the Secretary of State shall on an appeal in any such case—

(a) have regard to any desire expressed by any applicant to practise with other medical practitioners already providing general medical services in the area or part of an area concerned and to any desire expressed by such other practitioners to take any applicant into practice with them;
(b) have special regard to such matters in cases where an applicant is related to any other such practitioner.

24. Regulations may make provision for conferring or imposing on the Medical Practices Committee such additional functions in relation to arrangements for the provision of general medical services as may be prescribed; and regulations shall provide—

(2) For the purpose of deciding whether or not to issue a direction under this section (or under paragraph 6 of Schedule 15) the Tribunal or the Secretary of State, as the case may be, may hold an inquiry.

31. If—

(a) under any provisions in force in England or Wales or Northern Ireland corresponding to the provisions of this Part, a person is for the time being disqualified for inclusion in all lists prepared under those provisions of persons undertaking to provide services of one or more of the kinds specified in section 29(1), then

(b) that person shall, so long as that disqualification is in force, be disqualified for inclusion in a list prepared under this Part of persons undertaking to provide services of that kind or those kinds, and the name of that person shall be removed from any such list in which his name is included.

and that the hearing, whether by the Tribunal or the person so appointed, shall be in public if the person who is the subject of the inquiry so requests;

(b) for conferring on the Tribunal and on any person so appointed such powers as the Secretary of State considers necessary for the purpose of holding such inquiries, including power to require the attendance of witnesses and the production of documents and to administer oaths; and

(c) for the publication of decisions of the Tribunal and the Secretary of State under this section and of the imposition and removal of any disqualification imposed by virtue of this section, and for the intimation to any person who is the subject of such an inquiry of the grounds upon which any disqualification has been imposed in his case.

Supplementary provisions relating to Part II

33. If the Secretary of State is satisfied, after such inquiry as he may think fit, as respects the area of any Health Board or part of any such area that the persons included in any list prepared under this Part—

(b) of dental practitioners undertaking to provide general dental services,

(c) of persons undertaking to provide general ophthalmic services, or

(d) of persons undertaking to provide pharmaceutical services,

are not such as to secure the adequate provision of the services in question in that area or part, or that for any other reason any considerable number of persons in any such area or part are not receiving satisfactory services under the arrangements in force under this Part, he may authorise the Health Board to make such other arrangements as he may approve, or may himself make other arrangements, and may dispense with any of the requirements of regulations made under this Part so far as appears to him to be necessary to meet exceptional circumstances and enable such arrangements to be made.
34. Regulations may provide that where a right to choose the person by whom services are to be provided under this Part is conferred by or under any provision of this Part, that right shall, in the case of such persons as may be specified in the regulations, be exercisable on their behalf by other persons so specified.

(2) Where a medical practitioner, whose name has ceased to be entered in any list of medical practitioners undertaking to provide general medical services, practises in an area for which he has never been on any such list, subsection (1) does not render unlawful the sale of the goodwill or any part of the goodwill of his practice in that area.

(3) Subsection (1) does not prevent the sale of the goodwill or any part of the goodwill of a medical practice carried on in any area, being a sale by a medical practitioner whose name has never been entered in a list of a Health Board (or of an Executive Council) for that area of medical practitioners undertaking to provide general medical services, notwithstanding that any part of the goodwill to be sold is attributable to a practice previously carried on by a person whose name was entered in such a list.

(4) It shall be the duty of every education authority to afford sufficient and suitable facilities for the medical and dental inspection, supervision and treatment, described in subsections (1) and (2).

PART IV
POWERS OF THE SECRETARY OF STATE

Control of maximum prices for medical supplies

49.—(1) The Secretary of State may by order provide for controlling maximum prices to be charged for any medical supplies required for the purposes of this Act.

(2) The Secretary of State may by direction given with respect to any undertaking, or by order made with respect to any class or description of undertakings, being an undertaking or class or description of undertakings concerned with medical supplies required for the purposes of this Act, require persons carrying on the undertaking or undertakings of that class or description—
   (a) to keep such books, accounts and records relating to the undertaking as may be prescribed by the direction or, as the case may be, by the order or a notice served under the order;
   (b) to furnish at such times, in such manner and in such form as may be so prescribed such estimates, returns or information relating to the undertaking as may be so prescribed.

(3) The additional provisions set out in Schedule 10 have effect in relation to this section; and
   “medical supplies” in this section includes surgical, dental and optical materials and equipment; and
   “undertaking” in this section and that Schedule means any public utility undertaking or any undertaking by way of trade or business.

Additional powers as to services and supplies; and the use of those services and supplies for private patients

50.—(1) The Secretary of State may allow persons to make use on such terms (including terms as to the payment of charges) as he thinks fit, of any accommodation or services provided under this Act and may provide the accommodation or services in question to an extent greater than that necessary apart from this section if he thinks it expedient to do so in order to allow persons to make use of them.

(2) This section is subject to sections 51, 52 and 54.

51.—(1) In this section and section 52 “the section 50 power” means the Secretary of State’s power under section 50 to afford persons (subject to section 54) admission or access to accommodation or services as resident or non-resident private patients at health service hospitals.
(2) The Secretary of State shall not in the exercise of his section 50 power afford a person admission or access to accommodation or services at such a hospital as a private patient unless satisfied that the accommodation or services are required for the purposes of investigation, diagnosis or treatment which—

(a) is of a specialised nature or involves the use of specialised equipment or skills; and

(b) is not privately available in Great Britain or, if it is so available, either—

(i) is not privately available there at a place which is reasonably accessible to the patient; or

(ii) is such that it is in the interests of the Scottish health service or of the health service in England and Wales or of both for it to be carried out on that occasion at that hospital.

In this subsection "privately available" means available at a satisfactory standard otherwise than at a health service hospital.

(3) The Secretary of State shall not exercise his section 50 power in such a way as to afford persons admission or access to accommodation or services at health service hospitals as private patients otherwise than in accordance with the following arrangements.

Those arrangements are such as in his opinion are best suited for securing that all persons admitted or afforded access to accommodation or services at health service hospitals as resident or non-resident patients for the purposes of investigation, diagnosis or treatment of a specialised nature, or involving the use of specialised equipment or skills, are, so far as practicable, admitted or afforded such access on the basis of medical priority alone, whether they come as private patients or not.

(4) The Secretary of State shall not exercise his section 50 power in such a way as to allow any particular accommodation or facilities at a health service hospital to be reserved or set aside for regular or repeated use in connection with the treatment of persons as private patients.

This subsection is without prejudice to his power to allow such use in connection with the treatment of any particular person afforded admission or access to that accommodation or those facilities.

52.—(1) There shall be made in respect of any exercise of the section 50 power such charges as the Secretary of State may in accordance with subsections (2) and (3) determine.

(2) Without prejudice to the generality of the Secretary of State's section 50 power to make and recover charges for any
PART IV

use which he may under that section allow to be made of any accommodation or services provided under this Act, the Secretary of State may in pursuance of subsection (1) determine different rates or scales of charges—

(a) for different accommodation or services at different health service hospitals or different classes of such hospitals;

(b) for different forms or classes of treatment;

(c) in relation to patients who are, and patients who are not, ordinarily resident in Great Britain;

(d) generally for different accommodation and for different services and in relation to different circumstances.

(3) The charges determined in pursuance of subsection (1)—

(a) shall be such as will ensure, so far as is practicable, that no increase in the expenses incurred by the Secretary of State under this Act results from any exercise of the section 50 power;

(b) shall include such amounts as appear to the Secretary of State proper and reasonable in respect of costs appearing to him to be properly attributable to capital account; and

(c) in the case of charges for services provided to a private patient at a health service hospital by a whole-time consultant, shall be not less than would be charged by a part-time consultant for providing similar services in similar circumstances to a private patient of his.

(4) Where a Health Board receives any sum charged under section 50 for services provided to a private patient by a whole-time consultant—

(a) the Board shall retain that sum and use it for the purposes of research and development in medicine or dentistry, but

(b) if the services in question were provided by a consultant employed by a medical or dental school or university, the Board shall, if so directed by the Secretary of State, pay the sum to that school or university to use for those purposes.

(5) Nothing in this section or in section 51 prevents the Secretary of State from allowing any medical or dental practitioner employed by a Health Board to make use of any accommodation or services provided by virtue of this Act to the extent to which the practitioner would be entitled to make such use under the terms of that employment if those terms were as they were or would have been at the passing of the Health Services Act 1976.
National Health Service (Scotland) Act 1978

(6) In this section—

"whole-time consultant" and "part-time consultant" mean respectively a consultant employed whole-time or part-time by a Health Board, medical or dental school or university.

53.—(1) The Secretary of State may sell or give away, or otherwise dispose of, goods the production or manufacture of which by him is involved in the provision of services under this Act.

(2) He may, in the case of goods referred to in subsection (1) which are prescribed for the purposes of this section, produce or manufacture them to an extent greater than that necessitated by the provision of such services in order that they may be supplied to persons other than those to whom they are supplied by way of the provision of such services whether or not the first-mentioned persons are engaged in the provision of other services provided under this Act.

(3) This section is subject to section 54.

54. The Secretary of State shall exercise the powers conferred on him by the provisions of section 44 (supplies of blood and other substances) and sections 50 and 53 only if and to the extent that he is satisfied that anything which he proposes to do or allow under those powers—

(a) will not to a significant extent interfere with the performance by him of any duty imposed on him by this Act to provide accommodation or services of any kind; and

(b) will not to a significant extent operate to the disadvantage of persons seeking or afforded admission or access to accommodation or services at health service hospitals (whether as resident or non-resident patients) otherwise than as private patients.

Further provisions as to payments by patients for health service accommodation and services

55.—(1) The Secretary of State may authorise the accommodation described in this section to be made available, to such extent as he may determine, for patients who give an undertaking (or for whom one is given) to pay such charges for part of the cost as the Secretary of State may determine, and he may recover those charges.
PART IV

The accommodation mentioned above is—

(a) in single rooms or small wards which are not for the time being needed by any patient on medical grounds;

(b) at any hospital.

(2) The Secretary of State may allow such deductions as he thinks fit from the amount of a charge due by virtue of an undertaking given under this section to be paid for accommodation in respect of any period during which the accommodation is temporarily vacated by the person for whom it is made available.

Expenses payable by remuneratively employed resident patients.

56. The Secretary of State may require any person—

(a) who is a resident patient for whom the Secretary of State provides services under this Act; and

(b) who is absent during the day for the purpose of engaging in remunerative employment from the hospital where he is a patient,

to pay such part of the cost of his maintenance in the hospital and any costs incidental thereto as may seem reasonable to the Secretary of State having regard to the amount of that person's remuneration, and the Secretary of State may recover the payment so required.

Accommodation and services for private resident patients.

57.—(1) Subject to section 63 and to this section, if the Secretary of State is satisfied in the case of a health service hospital that it is reasonable to do so, he may—

(a) authorise accommodation and services at the hospital in question to be made available for resident patients to such extent as he may determine;

(b) determine the charges payable in respect of such patients in accordance with the following provisions of this section, and recover those charges,

and, on an undertaking being given by or on behalf of such patients to pay such charges, that accommodation and those services shall be available for them.

(2) The Secretary of State may allow accommodation and services to which an authorisation under subsection (1) relates to be made available in connection with the treatment, in pursuance of arrangements made by a medical practitioner or dental practitioner serving whether in a honorary or paid capacity on the staff of a health service hospital, of private patients of that practitioner as resident patients.

(3) The Secretary of State, for the purpose of determining charges to be paid under subsection (1)—

(a) may classify the health service hospitals, and may, in the case of each class, determine in respect of each
period of 12 months beginning with 1st April first falling after the date on which the determination is made the charges to be paid under that subsection in respect of accommodation and services provided during that period, at a hospital falling within that class;

(b) in determining such charges in respect of a period the Secretary of State shall have regard, so far as is reasonably practicable, to the total cost (exclusive of costs appearing to him to be properly attributable to capital account) which, by reference to facts known to him at the time of the determination, it is estimated will be incurred during that period in the provision for resident patients of services at hospitals falling within that class; and

(c) may include in any such charges, in such cases as appear to him fit, such amounts as appear to him proper and reasonable to be included by way of contribution to expenditure appearing to him to be properly attributable to capital account.

(4) The Secretary of State may under subsection (3) determine different charges for different accommodation and for different services and in relation to different circumstances.

(5) The Secretary of State may allow such deduction as he thinks proper from the amount of a charge due by virtue of an undertaking given under this section by, or in respect of, any patient—

(a) in respect of treatment given to the patient under subsection (2); and

(b) in respect of any period during which the accommodation to which the undertaking relates is temporarily vacated by the patient.

(6) Nothing in this section prevents accommodation from being made available for a patient other than one mentioned in subsection (1) if the use of that accommodation is needed more urgently for him on medical grounds than for a patient so mentioned, and no other suitable accommodation is available.

58.—(1) If the Secretary of State is satisfied, in the case of a health service hospital that it is reasonable to do so—

(a) he may, subject to section 63, authorise accommodation and services at the hospital in question to be made available to such extent as he may determine, and

(b) that accommodation and those services shall be available in connection with the treatment, in pursuance of
arrangements made by a medical practitioner or dental practitioner serving (whether in an honorary or paid capacity) on the staff of any such hospital, of private patients of that practitioner otherwise than as resident patients.

Those patients shall be patients who give an undertaking (or for whom one is given) to pay, in respect of the accommodation and services, such charges as the Secretary of State may determine, and he may recover those charges.

(2) The Secretary of State may under subsection (1) determine different charges for different accommodation and for different services, and in relation to different circumstances.

(3) No accommodation and no services shall be so made available under subsection (1) as to prejudice persons availing themselves of services at the hospital otherwise than as private patients.

Withdrawal of health service pay beds and services from private patients

59.—(1) Sections 60 to 63 have effect for the purpose of—

(a) securing the separation of the facilities available in Scotland for the prevention, diagnosis and treatment of illness under private arrangements from the facilities available for those purposes at premises vested in the Secretary of State; and

(b) to that end securing the progressive withdrawal of accommodation and services at health service hospitals from use in connection with the treatment of persons at such hospitals as resident or non-resident private patients.

(2) Nothing in this Part prejudices the operation of paragraph 8 of Schedule 1 (by virtue of which regulations governing the terms of employment of officers employed by a Health Board must not contain a requirement that all consultants so employed shall be so employed whole-time).

60.—(1) It shall continue to be the duty of the Health Services Board to submit to the Secretary of State from time to time in accordance with this section proposals for the progressive revocation of—

(a) the authorisations under section 57(1) or those granted by virtue of section 63(3), and
(b) the authorisations under section 58(1) or those which have been granted by virtue of section 63(3), and it shall be the Secretary of State’s duty to give effect to all proposals so submitted.

(2) The Health Services Board shall in the 6 months beginning with the date on which its first proposals were submitted under section 4(2) of the Health Services Act 1976, and in each successive period of 6 months thereafter, submit further proposals under this section or, if in all the circumstances it decides that the submission of further proposals in any particular period of 6 months is unnecessary, shall instead prepare and submit to the Secretary of State a report explaining the Board’s reasons for that decision.

(3) In formulating proposals under this section the Board shall—

(a) have regard to the principles set out in section 62; and

(b) consider any representations made to the Board by—

(i) the Secretary of State;
(ii) any body which is representative of medical practitioners or dental practitioners or of persons employed in the health service or concerned with the interests of patients at health service hospitals;
(iii) any other person having a substantial interest in the proposals.

In deciding what advice to give the Board in connection with the formulation of any such proposals the Board’s Scottish Committee shall likewise have regard to the principles set out in section 62 and shall consider any representations made to the Committee by any of the persons or bodies mentioned in this subsection.

(4) Each set of proposals under this section shall specify—

(a) the accommodation and services authorisation of which under section 57(1) or section 58(1) should be revoked and

(b) the date before which the necessary revocations should take effect,

and may specify different dates for different accommodation or services so specified.

61.—(1) Without prejudice to subsection (3) of section 60, Further the Health Services Board, in formulating proposals under that provisions as section for the revocation of authorisations given under section to revocation 58(1) in respect of accommodation or services at any particular of section 58 health service hospital or hospitals, and the Scottish Committee authorisations.
in deciding what advice to give the Board in connection with the formulation of any such proposals—

(a) shall have regard to the purposes and specialties for which the accommodation or services in question are available for use in connection with the treatment of non-resident private patients, and

(b) shall apply the principles set out in section 62 separately in respect of different purposes and specialties,

and the Board may formulate separate proposals in respect of different purposes or specialties accordingly.

(2) As regards the revocation of authorisations under section 58(1), any proposals under section 60 relating to—

(a) accommodation available to consultants for the purpose of affording consultations to their private patients, or

(b) accommodation and services available for the following specialties, namely, radiotherapy, diagnostic pathology and diagnostic radiology (including scanning, ultrasonics and methods involving the use of radio-isotopes),

shall be formulated by the Board as separate proposals.

(3) Without prejudice to section 60 and the preceding provisions of this section, the Health Services Board shall, as regards the revocation of authorisations under section 58(1), submit separate proposals under section 60 relating to—

(a) accommodation and services available for the specialties other than radiotherapy mentioned in subsection (2)(b), and

(b) other accommodation and services available for diagnostic purposes,

and shall do so not later than the end of the 12 months following the initial period defined by the Health Services Act 1976 (that is the period of 6 months beginning with the date on which that Act was passed), or, if a period longer than the initial period has been allowed under that Act for the submission of the Board's first proposals under this section, the 12 months following that longer period.

Principles as to proposals under section 60 or section 61.

62. The principles referred to in sections 60 and 61 are—

(a) that accommodation or services at any particular health service hospital or hospitals should remain authorised under section 57 or section 58 for use in connection with the treatment of resident or non-resident private patients only while there is a reasonable demand for accommodation and facilities for the private
practice of medicine and dentistry in the area or areas served by the hospital or hospitals in question;

(b) that the authorisation of any such accommodation or services under those provisions for use in that connection should be revoked only if sufficient accommodation and facilities for the private practice of medicine and dentistry are otherwise reasonably available (whether privately or at health service hospitals) to meet the reasonable demand for them in the area or areas served by the hospital or hospitals in question;

(c) that the continued authorisation of any such accommodation or services under those provisions for use in that connection should depend on there having been or being taken all reasonable steps to provide, otherwise than at health service hospitals, sufficient reasonable accommodation and facilities for the private practice of medicine and dentistry to meet the reasonable demand for them in the area or areas served by the hospital or hospitals in question;

(d) that failure, in the circumstances mentioned in paragraph (c), to take all reasonable steps that could be taken to provide as mentioned in that paragraph would itself be grounds for the Health Services Board, after giving due warning to persons likely to be affected thereby of the likely consequences of such failure, to propose the revocation of the authorisations under those provisions relating to accommodation or services at the hospital or hospitals in question.

63.—(1) No authorisation under section 57(1) or section 58(1) shall be granted, except by virtue of subsection (2) or subsection (4); and

(b) shall be, other than one granted on a temporary basis as mentioned in subsection (4), to any extent revoked otherwise than in accordance with proposals submitted to the Secretary of State by the Health Services Board under section 60.

(2) The Health Services Board may submit to the Secretary of State proposals for securing that in any case where one or more beds authorised under section 57(1) cease to be available to resident private patients, or any accommodation or services authorised under section 58(1) cease to be available to non-resident private patients, in consequence of the permanent closure of any health service hospital accommodation in Scotland independently of any proposals submitted by the Board under section...
PART IV

60, the total number of effective beds, or the total amount of effective accommodation or services, as the case may be, so authorised in Scotland is not thereby reduced below what it would be if—

(a) the closed accommodation had remained in use, but

(b) effect had been given by the Secretary of State to all proposals under section 60 which were received by him before the submission of the proposals in question under this subsection.

(3) It shall be the Secretary of State’s duty to grant such authorisations under section 57(1) or section 58(1), as the case may be, as are needed to give effect to any proposals submitted to him under subsection (2).

(4) Where any health service hospital accommodation in Scotland is temporarily closed (whether at the instance of the Secretary of State or not) for physical or other reasons outside his control, the Secretary of State shall, without the need for any proposals by the Board, grant on a temporary basis such authorisations under section 57(1) or section 58(1) as he would have been able to grant by virtue of subsections (2) and (3) if—

(a) the closure had been permanent; and

(b) the Board had submitted to him any proposals which it could in that case have submitted to him under subsection (2).

(5) Subject to the restrictions imposed by this section, section 57 or, as the case may be, section 58 shall continue to have effect in relation to any accommodation or services to which an authorisation under section 57(1) or section 58(1) relates.

Use by practitioners of health service accommodation and facilities for private practice

64.—(1) A person to whom this section applies who wishes to use any relevant health service accommodation or facilities for the purpose of providing medical, dental, pharmaceutical, ophthalmic or chiropody services to non-resident private patients may apply in writing to the Secretary of State for permission under this section.

(2) Any application for permission under this section must specify—

(a) which of the relevant health service accommodation or facilities the applicant wishes to use for the purpose of providing services to such patients; and

(b) which of the kinds of services mentioned in subsection (1) he wishes the permission to cover.
(3) On receiving an application under this section the Secretary of State—

(a) shall consider whether anything for which permission is sought would interfere with the giving of full and proper attention to persons seeking or afforded access otherwise than as private patients to any services provided under this Act; and

(b) shall grant the permission applied for unless in his opinion anything for which permission is sought would so interfere.

(4) Any grant of permission under this section shall be on such terms (including terms as to the payment of charges for the use of the relevant health service accommodation or facilities pursuant to the permission) as the Secretary of State may from time to time determine.

(5) The persons to whom this section applies are—

(a) persons of any of the following descriptions who provide services under Part II, namely, medical practitioners, dental practitioners, registered pharmacists, and ophthalmic or dispensing opticians; and

(b) other persons who provide pharmaceutical or ophthalmic services under Part II; and

(c) chiropodists who provide services under this Act at premises where services are provided under Part II.

(6) In this section—

(a) "relevant health service accommodation or facilities", in relation to a person to whom this section applies, means any accommodation or facilities available at premises provided by the Secretary of State by virtue of this Act, being accommodation or facilities which that person is for the time being authorised to use for the purposes of Part II; or

(b) in the case of a person to whom this section applies by virtue of paragraph (c) of subsection (5), accommodation or facilities which that person is for the time being authorised to use for purposes of this Act at premises where services are provided under Part II.

**Information and reports**

65. It shall continue to be the Secretary of State's duty to furnish the Health Services Board with such information as they may reasonably require for the proper discharge of their functions under sections 60 to 63.
PART IV
Publication of matters under sections 60 and 63.

66. The Secretary of State shall cause every set of proposals submitted to him under sections 60 and 63, and every report submitted to him under section 60(2), to be published as soon as practicable after its submission, and shall lay a copy of every such set of proposals or report before each House of Parliament.

67.—(1) There shall be prepared by the Secretary of State on the matters mentioned in subsection (2), an annual report relating to Scotland, and he shall lay a copy of every report under this section before each House of Parliament.

(2) The matters referred to under subsection (1) are—

(a) the accommodation and services at health service hospitals which in the period covered by the report were available for use in connection with the treatment of private patients by virtue of authorisations under sections 57(1) and 58(1);

(b) the extent to which "the section 50 power" (as defined in section 51(1)) was exercised in that period;

(c) the extent to which the powers to which section 54 applies were exercised in that period otherwise than by way of affording persons admission or access to accommodation or services at health service hospitals as resident or non-resident private patients; and

(d) the extent to which progress has been made in implementing the common waiting-lists referred to in section 6 of the Health Services Act 1976, and in section 68.

"Common waiting lists".

68.—(1) The reference in paragraph (d) of section 67(2) to common waiting-lists is to the recommendations made to the Secretary of State by the Health Services Board under section 6(1) of the Health Services Act 1976.

(2) Those recommendations—

(a) related to arrangements for affording persons admission or access as resident patients (authorised under section 57) or non-resident patients (authorised under section 58) to accommodation and services; and

(b) were in the Board's opinion the ones best suited for securing that all persons admitted or afforded access to accommodation or services at health service hospitals as resident or non-resident patients are, so far as is practicable, admitted or afforded access thereto on the basis of medical priority alone, whether coming as private patients or not.
Regulations as to certain charges

69.—(1) Regulations may provide for the making and recovery in such manner as may be prescribed of such charges as may be prescribed in respect of—

(a) the supply under this Act (otherwise than under Part II) of drugs, medicines or appliances (including the replacement and repair of those appliances),

(b) such of the pharmaceutical services referred to in Part II as may be prescribed.

(2) Regulations under subsection (1) may provide for the grant, on payment of such sums as may be prescribed by those regulations, of certificates conferring on the persons to whom the certificates are granted exemption from charges otherwise exigible under the regulations in respect of drugs, medicines and appliances supplied during such period as may be prescribed, and different sums may be so prescribed in relation to different periods.

(3) The additional provisions of paragraphs 1 and 4 of Schedule 11 have effect in relation to this section.

70.—(1) Regulations may provide for the making and recovery in such manner as may be prescribed of charges of such amounts as are mentioned in sub-paragraph (1) of paragraph 2 of Schedule 11, in respect of the supply under this Act of such dental or optical appliances as are mentioned in that sub-paragraph.

(2) If the Secretary of State, after consultation with the university associated with any hospital providing facilities for clinical dental teaching, is satisfied that it is expedient in the interests of dental training or education that the charges imposed by subsection (1) should be remitted in the case of dental services provided at that hospital, either generally or subject to limitations or conditions, he may by order provide for that purpose.

Any order made under this subsection may be revoked or varied by a subsequent order made by the Secretary of State after such consultation as is mentioned above.

(3) The additional provisions of paragraphs 2 and 5 of Schedule 11 have effect in relation to this section.

71.—(1) A charge of the amount authorised by this section may be made and recovered, in such manner as may be prescribed, in respect of any services provided as part of the general dental services under Part II, not being—

(a) the supply or replacement of appliances mentioned in paragraph 2(1) of Schedule 11;
PART IV

(b) the repair of appliances other than prescribed appliances;

(c) the arrest of bleeding; or

(d) the clinical examination of a patient and any report on that examination.

The additional provisions of paragraphs 3 and 5 of Schedule 11 have effect in relation to this subsection.

(2) Regulations may provide that, in the case of such special dental treatment as may be prescribed, being treatment provided as part of the general dental services, such charges as may be prescribed may be made and recovered by the person providing the services.

72. Regulations may provide for the recovery of such charges as may be prescribed—

(a) in respect of such services provided under section 37 (prevention of illness, care and after-care) as may be prescribed, not being services provided in a hospital;

(b) in respect of such articles or services provided under section 38 (care of mothers and young children) as may be prescribed, not being articles or services provided in a hospital, and not being a drug, a medicine or an appliance of a type normally supplied;

(c) from persons availing themselves of any service under section 41 (except advice on contraception),

and may provide for the remission of any such charge, in whole or in part, in such circumstances as may be prescribed.

73. Regulations may provide for the making and recovery of such charges as may be prescribed—

(a) by the Secretary of State in respect of the supply by him of any appliance or vehicle which is, at the request of the person supplied, of a more expensive type than the prescribed type, or in respect of the replacement or repair of any such appliance, or the replacement of any such vehicle, or the taking of any such action in relation to the vehicle as is mentioned in section 46(2).

(b) by persons providing general dental services or general ophthalmic services in respect of the supply, as part of those services, of any dental or optical appliance which is, at the request of the person supplied, of a more expensive type than the prescribed type or in respect of replacement or repair of any such appliance.
74. Regulations may provide for the making and recovery of such charges as may be prescribed—

(a) by the Secretary of State in respect of the replacement or repair of any appliance or vehicle supplied by him, or

(b) by persons providing general dental services or general ophthalmic services in respect of the replacement or repair of any dental or optical appliance supplied as part of those services,

if it is determined in the prescribed manner that the replacement or repair is necessitated by an act or omission of the person supplied or (if the act or omission occurred when the person supplied was under 16 years of age) of the person supplied or of the person having charge of him when the act or omission occurred.

75. Regulations made—

(a) under sections 69 to 71 and under sections 73 and 74 providing for the making and recovery of charges in respect of any services, may provide for the reduction of the sums which would otherwise be payable by a Health Board to the persons by whom those services are provided by the amount of the charges authorised by the regulations in respect of those services;

(b) for the purposes of section 70(1) in relation to appliances provided as part of the general dental services or the general ophthalmic services under Part II, may provide for the reduction of the sums which would otherwise be payable by a Health Board to the persons by whom those services are provided by the amount of the charges authorised by section 70(1) in respect of those appliances.

Inquiries, and default and emergency powers

76.—(1) The Secretary of State may cause an inquiry to be held in any case where he deems it advisable to do so in connection with any matter arising under this Act.

(2) The provisions of Schedule 12 shall have effect with regard to any inquiry which the Secretary of State is, under this Act, required or authorised to hold.

77.—(1) Where the Secretary of State is of the opinion, on representations made to him or otherwise, that—

(a) any Health Board;

(b) the Medical Practices Committee; or

(c) the Dental Estimates Board;
PART IV

have failed to carry out any functions conferred or imposed on them by or under this Act, or have in carrying out those functions failed to comply with any regulations, schemes, proposals or directions relating to those functions, he may after holding an inquiry make an order declaring them to be in default.

(2) When such an order is made, the members of the body shall forthwith vacate their office, and the order—

(a) shall provide for the appointment, in accordance with the provisions of this Act, of new members of the body; and

(b) may contain such provisions as seem to the Secretary of State expedient for authorising any person to act in the place of the body in question pending the appointment of new members.

(3) An order made under this section may contain such supplementary and incidental provisions as appear to the Secretary of State to be necessary or expedient.

78. If the Secretary of State is of the opinion that an emergency exists, and thinks it necessary in order to secure the effective continuance of any service under this Act, he shall have power to direct that any function conferred by or under this Act on any body or person shall, during the period of the emergency, be performed by such other body or person as he may specify in the direction.

PART V

PROPERTY AND FINANCE

Land and other property.

79.—(1) The Secretary of State may purchase by agreement any moveable property and, by agreement or compulsorily, any land which he considers is required for the purposes of any service under this Act, and may use for those purposes any property, heritable or moveable, acquired by him or on his behalf under this Act.

(2) Where the Secretary of State acquires premises under subsection (1) he may acquire compulsorily, in accordance with Schedule 13, any equipment, furniture or other moveable property used in or in connection with the premises.

(3) Any Health Board or the Agency may acquire on behalf of the Secretary of State any moveable property which may be required for the purposes aforesaid.
(4) For the purpose of the purchase of land by agreement by
the Secretary of State—

relates to the acquisition of land otherwise than by
agreement, and the provisions relating to access to the
special Act, and except sections 120 to 125 of the Lands
Clauses Consolidation (Scotland) Act 1845), and

(b) section 6 and sections 70 to 78 of the Railways Clauses
Consolidation (Scotland) Act 1845 (as originally

those Acts for the purposes of this section, this section shall
be deemed to be the special Act and the Secretary of State shall
be deemed to be the promoter of the undertaking.

virtue of section 6 of the National Health Service (Scotland)
Act 1947 is so vested free of any trust existing immediately
before 5th July 1948; and the Secretary of State may use any
such property for the purpose of any of the functions exercisable
by him under this Act, but shall so far as practicable secure
that the objects for which any such property was used
immediately before the said 5th July are not prejudiced by
the exercise of the power hereby conferred.

(2) Where the character and associations of any voluntary
hospital transferred to the Secretary of State by virtue of the
said Act of 1947 are such as to link it with a particular religious
denomination, regard shall be had in the general administration
of the hospital to the preservation of the character and associa-
tions of the hospital.

81. Notwithstanding anything contained in the constitution
or rules of any voluntary organisation formed for the purpose
of providing a service of nurses for attendance on the sick
in their own home or of midwives, or in any trust deed or
other instrument relating to any such organisation or service,
any property vested in the organisation or held by any persons
on trust for the organisation or service or for any specific
purposes connected with the organisation or service may be
transferred to the Secretary of State on such terms as may be
agreed between the Secretary of State and the organisation or
trustees, with a view to the property being used or held by the
Secretary of State for purposes similar to the purposes for which
it was previously used or held.
**Trust property**

82.—(1) All endowments vested in a Health Board by virtue of section 37 of the National Health Service (Scotland) Act 1972 are so vested free of any trust existing immediately before 1st April 1974 (hereafter in this section referred to in relation to any such endowment as “the original trust”); but all such endowments shall be held by the Health Board on trust for such purposes relating to services provided under this Act in or in relation to hospitals, or to the functions of the Board with respect to research, as the Board may think fit.

(2) All property vested in a Health Board by virtue of section 39 of the said Act of 1972 is so vested free of any trust existing immediately before the said 1st April (hereafter in this section referred to in relation to any such property as “the original trust”); but all such property shall be held by the Health Board on trust for such purposes relating to services provided by them under this Act, or to the functions of the Board with respect to research, as the Board may think fit.

(3) In exercising the power conferred on them by this section in relation to any endowment or property a Health Board shall secure, so far as is reasonably practicable, that the objects of the original trust (including, in the case of an endowment, the objects of the endowment) and the observance of any conditions attaching thereto, including, in particular, conditions intended to preserve the memory of any person or class of persons, are not prejudiced by the exercise of the power.

(4) Any reference in this section to an endowment or to any property includes a reference to the accumulated income thereof.

83.—(1) A Health Board shall have power to accept, hold and administer any property on trust for purposes relating to any service which it is their function to make arrangements for, administer or provide, or to their functions with respect to research.

(2) A local health council shall have power to accept, hold and administer any property on trust for purposes relating to any function conferred upon them by or under any enactment.

84.—(1) Where property (other than property transferred to the Secretary of State under Part V of the National Health Service (Scotland) Act 1972 or to a Health Board under Part VI of that Act) was immediately before 1st April 1974, and is at any time after the commencement of this Act, held on trust under a trust instrument the terms of which authorise or require

(a) such amount as will in the court's opinion secure that he derives no benefit from the offence, and
(b) the further sum of £500,
or to imprisonment for a term not exceeding 3 months, or to both such fine and such imprisonment.

(2) Any medical practitioner or his personal representative may apply to the Medical Practices Committee for their opinion whether a proposed transaction or series of transactions involves the sale of the goodwill, or any part of the goodwill, of a medical practice which it is unlawful to sell by virtue of section 35(1).

(3) The Committee shall consider any such application, and, if they are satisfied that the transaction or series of transactions does not involve the giving of valuable consideration in respect of the goodwill, or any part of the goodwill, of such a medical practice, they shall issue to the applicant a certificate to that effect, which shall be in the prescribed form and shall set out all material circumstances disclosed to the Committee.

(4) Where any person is charged with an offence under this paragraph in respect of any transaction or series of transactions, it shall be a defence to the charge to prove that the transaction or series of transactions was certified by the Medical Practices Committee under sub-paragraph (3).
(5) Any document purporting to be such a certificate shall be admissible in evidence and shall be deemed to be such a certificate unless the contrary is proved.

(6) If it appears to the court that the applicant for any such certificate failed to disclose to the Committee all the material circumstances, or made any misrepresentation with respect thereto, the court may disregard the certificate, and sub-paragraph (4) shall not apply thereto.

(7) The Medical Practices Committee shall, at the request of the Lord Advocate, furnish him with a copy of any certificate issued by them under sub-paragraph (3), and with copies of any documents produced to them in connection with the application for that certificate.

(8) For the purposes of this paragraph (and paragraph 2) references to the goodwill of a medical practice shall, in relation to a medical practitioner practising in partnership, be construed as referring to his share of the goodwill of the partnership practice.

Certain transactions deemed sale of goodwill

2.—(1) Where—

(a) any medical practitioner or his personal representative knowingly sells or lets premises previously used by that practitioner for the purposes of his practice to another medical practitioner, or in any other way disposes of or procures the disposition of the premises, whether by a single transaction or a series of transactions, with a view to enabling another practitioner to use the premises for the purposes of his practice, and

(b) the consideration for the sale, letting or other disposition is substantially in excess of the consideration which might reasonably have been expected to be paid by a medical practitioner for the premises as such irrespective of goodwill,

the sale, letting or other disposition of the premises shall be deemed for the purposes of section 35(1) and paragraph 1 to be a sale by the first medical practitioner or his personal representative of the goodwill, or part of the goodwill, of the practice of that practitioner to that other practitioner.

Where a medical practitioner or his personal representative sells, lets or disposes or procures the disposition of any premises together with any other property, the court shall, for the purposes of this sub-paragraph, make such apportionment of the consideration as it thinks just.

(2) Where in pursuance of any partnership agreement between medical practitioners—

(a) any valuable consideration, other than the performance of services in the partnership business, is given by a partner or proposed partner as consideration for his being taken into partnership.
(b) any valuable consideration is given to a partner, on or in contemplation of his retirement or of his acceptance of a reduced share of the partnership profits, or to the personal representative of a partner on his death, not being a payment in respect of that partner’s share in past earnings of the partnership or in any partnership assets or any other payment required to be made to him as the result of the final settlement of accounts, as between him and the other partners, in respect of past transactions of the partnership, or

(c) services are performed by any partner for a consideration substantially less than those services might reasonably have been expected to be worth having regard to the circumstances at the time when the agreement was made, there shall be deemed for the purposes of section 35(1) and paragraph 1 to have been a sale of the goodwill, or part of the goodwill, of the practice of any partner to whom, or to whose personal representative, the consideration or any part thereof is given or, as the case may be, for whose benefit the services are performed, to the partner or each of the partners by or on whose behalf the consideration or any part thereof was given or, as the case may be, the partner who performed the services, and the said sale shall be deemed for the purposes of section 35(1) and paragraph 1 to have been effected—

(i) in a case to which paragraph (a) or paragraph (b) applies, at the time when the consideration was given, or, if the consideration was not all given at the same time, at the time when the first part thereof was given, or

(ii) in a case to which paragraph (c) applies, at the time when the agreement was made.

(3) Where any medical practitioner—

(a) performs services as an assistant to another medical practitioner for a remuneration substantially less than those services might reasonably have been expected to be worth, having regard to the circumstances at the time when the remuneration was fixed, and

(b) subsequently succeeds, whether as the result of a partnership agreement or otherwise, to the practice or any part of the practice of the second practitioner,

there shall be deemed for the purposes of section 35(1) and paragraph 1 to have been a sale (effected at the time when the remuneration was fixed) of the goodwill, or part of the goodwill, of that practice by the second practitioner to the first practitioner, unless it is shown that the said remuneration of the first practitioner was not fixed in contemplation of his succeeding to the practice, or any part of it.

(4) For the purposes of section 35(1) and paragraph 1—

(a) if a medical practitioner or the personal representative of a medical practitioner agrees, for valuable consideration, to do or refrain from doing any act, or to allow any act to be done, for the purpose of facilitating the succession of another medical practitioner to the practice, or any part of the
Section 49.
