PART I

GENERAL

General powers of Ministers to make orders and to authorise regulations

1 General powers of Ministers to make orders.

The Ministers may make such orders as they think fit—

(a) generally for the better execution of this Act, or for the purpose of in any manner preventing the spreading of disease; and

(b) in particular for the several purposes set out in this Act, and for prescribing and regulating the payment and recovery of expenses in respect of animals.

2 Local authority regulations.

The Ministers may make such orders as they think fit for authorising a local authority to make regulations for any of the purposes—

(a) of this Act, or

(b) of an order of the Minister,

subject to such conditions, if any, as the Ministers for the purpose of securing uniformity and the due execution of this Act, think fit to prescribe.

Eradication and prevention of disease

3 Expenditure for eradication.

(1) The Ministers may, with the Treasury’s approval, expend such sums as they think fit with the object of eradicating as far as practicable diseases of animals (including horses) in Great Britain.

In this subsection “disease” is not restricted by its definition in this Act.

(2) To obtain information required for the purposes of subsection (1) above the Ministers may authorise in writing any veterinary inspector or other officer of the Ministry to inspect animals (including horses).

(3) A person so authorised may, for the purpose of any inspection to be carried out by him—

(a) at all reasonable times, and

(b) upon production of his authority on demand,

enter on any land or premises and apply such tests and take such samples as he considers necessary.

(4) No payment may be made under subsection (1) which was capable of being made under section 3 of the Diseases of Animals Act 1950 (payments for the eradication of bovine tuberculosis) before the expiry of that section.
4 Offences as to s. 3.

(1) A person who knowingly or recklessly makes any false statement for the purpose of obtaining for himself or any other person any sum payable under section 3 above shall (unless in the case of an indictable offence he is indicted for the offence) be liable on summary conviction—
   (a) to a fine not exceeding [F1 level 3 on the standard scale]; or
   (b) to imprisonment for a term not exceeding 3 months; or
   (c) to both such imprisonment and fine.

(2) A person who obstructs or impedes any person duly authorised under subsection (2) of section 3 to make any inspection shall be liable on summary conviction—
   (a) in the case of a first offence, to a fine not exceeding £50; and
   (b) in the case of a second or subsequent offence punishable under this subsection—
      (i) to a fine not exceeding £50; or
      (ii) to imprisonment for a term not exceeding one month; or
      (iii) to both such imprisonment and fine.

In considering for the purposes of this subsection or subsection (2) of section 30 of the M2 Agriculture Act 1937 whether an offence is or is not a first offence, references to an offence punishable under this subsection or that subsection shall be taken as including references to offences punishable under that subsection or this subsection, as the case may be.
5 **Veterinary services and therapeutic substances.**

(1) Without prejudice to the generality of section 3 above, the Ministers have power, with the Treasury’s approval, to afford veterinary services, including diagnostic services, whether free of charge or not, to persons—
   (a) who carry on livestock businesses; and
   (b) who participate in arrangements approved by the Ministers as being satisfactory arrangements for keeping their stock so far as practicable free from disease and in good health.

In this subsection “disease” is not restricted by its definition in this Act.

(2) Schedule 1 to this Act has effect in relation to the regulation of the manufacture of and other matters connected with veterinary therapeutic substances.

6 **Eradication areas and attested areas.**

The Ministers may make orders—
   (a) declaring any area as respects which they are satisfied that a substantial majority of the cattle in that area are free from any particular disease to be an eradication area for purposes connected with the control of that disease;
   (b) declaring any area as respects which they are satisfied that any particular disease of cattle is for practical purposes non-existent in that area to be an attested area for purposes connected with the control of that disease; and
   (c) prohibiting or regulating the movement of cattle into, out of or within any area which is for the time being an eradication area or an attested area or, if the area is an eradication area or an attested area for purposes connected with the control of brucellosis, imposing with respect to cattle in that area such other prohibitions or requirements as they may consider necessary or desirable for the purpose of eradicating that disease.

[F2 6A **Biosecurity guidance**

(1) The Secretary of State must prepare guidance on the appropriate biosecurity measures to be taken in relation to—
   (a) foot-and-mouth disease;
   (b) such other disease as the Secretary of State by order specifies.

(2) After preparing a draft of the guidance the Secretary of State—
   (a) must send a copy of the draft to such persons and organisations as he thinks are representative of those having an interest in biosecurity measures;
   (b) must consider any representations made to him about the draft by such persons and organisations;
   (c) may amend the draft accordingly.

(3) After the Secretary of State has proceeded under subsection (2) he must publish the guidance in such manner as he thinks appropriate.

(4) The Secretary of State must from time to time review the guidance and if he thinks it appropriate revise the guidance.

(5) Subsections (1) to (3) apply to a revision of the guidance as they apply to its preparation.
(6) But if the Secretary of State thinks that it is necessary to revise the guidance urgently he may publish revised guidance without proceeding under subsection (2).

(7) Biosecurity measures are measures taken to prevent the spread of causative agents of disease.

(8) Causative agent includes any virus, bacterium and any other organism or infectious substance which may cause or transmit disease.

(9) The power to make an order must be exercised by statutory instrument subject to annulment in pursuance of a resolution of either House of Parliament.

(10) It is immaterial that anything done for the purposes of subsections (1) to (3) is done before the passing of the Animal Health Act 2002.

(2) Any act which is done in contravention of subsection (1) is done without lawful authority.

(3) If a person to whom subsection (5) applies fails to comply with the guidance he is not by reason only of that failure liable in any civil or criminal proceedings.

(4) But the guidance is admissible in evidence in such proceedings and a court may take account of any failure to act in accordance with it in deciding any question in the proceedings.

(a) any person having functions under this Act;
(b) any person who is the owner or occupier of premises on which animals are kept;

(2) Those are measures (“biosecurity measures”) for preventing—
   (a) diseases of animals;
   (b) the spread of causative agents of diseases of animals—

(7) A biosecurity code may make different provision for different cases or classes of case.

(8) A biosecurity code applies, to the extent provided for in the code, to any person who owns, keeps or is in charge of any creature of a kind to which the code relates.

(9) A person must, to the extent to which a biosecurity code applies to the person, comply with the code.

(10) A person who is subject to a requirement prescribed under subsection (6)(a) or (b) commits an offence if, without lawful authority or excuse (proof of which lies on the person), that person fails to comply with the requirement.
(11) Before making an order under subsection (1), the Scottish Ministers must consult such persons as they consider appropriate about the proposed biosecurity code.

(12) A statutory instrument containing an order under subsection (1) is not made unless a draft of the instrument has been laid before, and approved by a resolution of, the Scottish Parliament.

(2) An order made by virtue of subsection (1) above may provide for—
   (a) authorising any person to enter any land (other than a dwellinghouse) for the purpose of carrying out, or of deciding whether to carry out, the destruction there of animals in accordance with the order;

(1) An order under section 17 above prescribing the cases in which areas are to be declared to be infected with rabies may include provision for—
   (a) requiring notice to be given, in such circumstances as may be prescribed by the order, of the death in an area declared to be so infected of such domestic or wild mammals as may be prescribed;

(b) for the consequences which may follow a declaration to be different for different zones.

21  Destruction of wild life on infection other than rabies.

(1) This section—

(a) applies to any disease other than rabies which is for the time being a disease for the purposes of section 1(a) above; and

(b) is without prejudice to any powers conferred by other provisions of this Act on the Minister, the appropriate Minister and the Ministers.

(2) The Minister, if satisfied in the case of any area—

(a) that there exists among the wild members of one or more species in the area a disease to which this section applies which has been or is being transmitted from members of that or those species to animals of any kind in the area, and

(b) that destruction of wild members of that or those species in that area is necessary in order to eliminate, or substantially reduce the incidence of, that disease in animals of any kind in the area,

may, subject to the following provisions of this section, by order provide for the destruction of wild members of that or those species in that area.

(3) Before making an order under this section the Minister shall consult with the [F22 appropriate conservation body] [F23 for the area to which it will apply], and every order so made shall specify—

(a) the area to which it applies;

(b) the disease to which it applies; and

(c) the one or more species to which it relates.

(4) An order under this section providing for the destruction of wild members of one or more species in any area may provide for authorising the use for that purpose of one or more methods of destruction that would otherwise be unlawful.

The order shall not authorise such use unless the Minister is satisfied that use of the method or methods in question is the most appropriate way of carrying out that destruction, having regard to all relevant considerations and, in particular, the need to avoid causing unnecessary suffering to wild members of the species in question.

(5) An order under this section may include provision—
(a) for ensuring that destruction of wild members of any species to which the order relates is properly and effectively carried out, and in particular—

(i) for preventing persons from taking into captivity, harbouring, concealing or otherwise protecting wild members of any such species with intent to prevent their destruction, or

(ii) in any other way obstructing or interfering with anything which has been, is being or is to be done or used in connection with that destruction.

(b) for regulating the ownership and disposal of the carcases of members of any such species destroyed in the area to which the order relates.

(6) Before commencing the destruction of wild members of a species on any land within an area to which an order under this section applies the Minister shall take all reasonable steps to inform—

(a) the occupier of the land, and

(b) any other person who may be there,

of his intention to carry out that destruction and of the methods of destruction to be used.

It shall be the Minister’s duty to ensure that destruction is carried out on any such land in as safe a manner as is possible in all the circumstances.

(7) Where an order under this section is in force, the Minister shall have power to take such measures (including the erection of fences or other obstacles) as he considers appropriate—

(a) for preventing the movement of living creatures into or out of the area or any part of the area to which the order applies while destruction of wild members of any species to which the order relates is being carried out in the area; and

(b) where destruction of wild members of any such species has been or is to be carried out in any part of that area, for preventing the recolonisation of that part by members of that species for as long as he considers necessary to prevent reappearance among them of the disease to which the order applies.

(8) As soon as may be after the Minister is satisfied, in the case of any land, that any measures affecting that land which have been taken in connection with an order under this section are no longer necessary, he shall—

(a) remove from the land anything placed or erected on it; and

(b) take such other steps as are reasonably practicable to reinstate the land.

(9) In this section and section 22 below—

“animals” includes horses,

“appropriate conservation body” means Natural England, Scottish Natural Heritage or the Natural Resources Body for Wales,

“species” means any species of bird or mammal, except man,

and references to wild members of any species in an area are references to members of the species in the area that are neither domesticated nor held in captivity.

(10) A statutory instrument containing an order under this section shall be subject to annulment in pursuance of a resolution of either House of Parliament.
22 Powers of entry etc. for s. 21.

(1) In relation to any disease to which section 21 above applies the following persons are authorised officers for the purposes of this section—
(a) an officer of the appropriate Minister,
(b) a veterinary inspector, and
(c) any person who, not being such an officer or inspector, is authorised by the appropriate Minister to exercise the powers conferred by this section,
and subsection (9) of section 21 applies to this section.

(2) Where an authorised officer has reasonable grounds for suspecting, in the case of any area, that there exists among the wild members of any species in the area a disease to which section 21 applies, he may enter any land in the area and—
(a) take samples of the wild members of that species, or of their excreta, or of any materials (whether or not forming part of the land) with which wild members of that species may have been in contact;
(b) carry out any other investigations which he considers necessary for the purpose of determining, as regards that species and that disease, whether an order under section 21 should be made in respect of the whole or part of the area in question.

(3) An authorised officer may at any time enter any land in the area to which an order under section 21 applies for any of the following purposes—
(a) to carry out the destruction of any wild members of a species to which the order relates that may be on that land;
(b) to take any such measures as are mentioned in subsection (7) of that section;
(c) to ascertain, as regards any wild members of a species to which the order relates, whether destruction has been effectively carried out.

(4) Where in pursuance of an order under section 21 destruction of wild members of any species to which the order relates has been carried out on any land in the area to which the order applies, then, for the purpose of ascertaining—
(a) whether the land has been or is being recolonised by wild members of that species, and, if so,
(b) whether there exists among them the disease to which the order applies (or, if the order has been revoked, to which it previously applied), an authorised officer may enter the land and take such samples of or relating to that species as are mentioned in paragraph (a) of subsection (2) above; but the powers conferred by this subsection shall not be exercisable at any time more than 2 years after the revocation of the order in question.

(5) [F28Nothing in this section authorises any person to enter a dwellinghouse.]  

(6) A person entering any land in the exercise of powers conferred on him by this section shall, if so required by the owner or occupier or person in charge of the land—

(8) Before making a seizure order, the court must give the owner of the animals concerned
an opportunity to make representations unless it is not practicable for it to do so.

(9) In determining whether or how to make a seizure order, the court must have regard
to the desirability of—
(a) protecting the value of any animal to which the order applies; and

Annotations:

Amendments (Textual)
F62  Pt. 2B inserted (S.) (6.10.2006) by Animal Health and Welfare (Scotland) Act 2006 (asp 11), ss. II, 55(1) (with s. 54); S.S.I. 2006/482, art. 2

Livestock genotypes

36N  Power to specify livestock genotypes and TSEs

(1) Where the Scottish Ministers are satisfied that an animal of a particular livestock genotype has (or has had) a form of TSE, they may by order specify for the purposes of this Part—
   (a) that livestock genotype; and
   (b) if they consider it appropriate, the form of TSE concerned.

(2) In subsection (1), “satisfied” means satisfied on the basis of scientific evidence.

(3) Subsection (1) does not apply in relation to any animal which has (or has had) a form of TSE solely as a consequence of scientific experimentation on the animal.

(4) For the purposes of subsection (1), it is immaterial where (whether in Scotland or elsewhere)—
   (a) an animal has (or has had) a form of TSE;
   (b) evidence as to that fact is obtained.

(5) For the purposes of subsection (1), it is immaterial—
   (a) to what extent an animal has (or has had) a form of TSE;
   (b) that an animal does not show (or has never shown) outward signs of being (or having been) affected by a form of TSE.

36O  Ascertaining genotypes and identifying livestock

(1) The Scottish Ministers may by regulations made by statutory instrument make provision requiring the keeper of any livestock—
   (a) to allow an inspector to take a sample from it, for the purpose of ascertaining its genotype;
   (b) to allow an inspector to administer or otherwise attach to it an identification device;
(c) where the genotype of the livestock has been ascertained (whether or not as a result of the exercise of powers conferred by or under this Part), to keep a record of its genotype.

(2) The regulations may include provision—
   (a) with respect to the testing of samples;
   (b) that only identification devices of a kind specified in the regulations may be administered or attached;
   (c) requiring the issuing and keeping of certificates recording the genotypes of livestock.

(3) The regulations may also include provision requiring the keeper of any livestock to give an inspector such assistance or information as the inspector may reasonably request in connection with the exercise of the inspector's functions under the regulations.

36P Restrictions on breeding

(1) This section applies where it appears to the Scottish Ministers that livestock is of a genotype specified in an order under section 36N.

(2) If it appears to the Scottish Ministers that there are no exceptional circumstances that justify allowing the livestock, or its semen, eggs or embryos, to be used for or in connection with breeding, they may give a notice (in this Part referred to as a “restriction notice”) to its keeper.

(3) A restriction notice—
   (a) may be made so as to apply to more than one creature;
   (b) may describe the livestock to which it applies in such a way as the Scottish Ministers consider appropriate; and
   (c) must specify the restrictions and requirements provided for in subsections (6) to (8) so far as applicable in the circumstances of the case.

(4) If the keeper of the livestock is not the same person as its owner, the Scottish Ministers may give a separate restriction notice to the owner.

(5) If the keeper of the livestock is not the same person as the person in possession of the semen, eggs or embryos of the livestock, the Scottish Ministers may give a separate restriction notice to the person in possession of the semen, eggs or embryos.

(6) A person to whom a restriction notice is given must not—
   (a) use livestock to which the notice applies, or its semen, eggs or embryos, for the purposes of or in connection with breeding; or
   (b) cause or permit such livestock or such semen, eggs or embryos to be used by another person for those purposes.

(7) A person to whom a restriction notice is given must arrange for any semen, egg or embryo which—
   (a) has at any time been taken from livestock to which the notice applies; and
   (b) is in the person's possession or under the person's control, to be destroyed within such period, of not less than 21 days, as may be specified in the notice.
(8) A person to whom a restriction notice is given must arrange for each creature to which
the notice applies and which is owned by the person—
   (a) to be castrated or (as appropriate) sterilised within such period, of not less
       than 21 days, as may be specified in the notice; or
   (b) to be slaughtered within such period, of not less than 21 days, as may be
       specified in the notice,
whichever the person considers appropriate.

(9) But where a request for a review is made under section 36Q(1), the operation of the
restriction notice is, so far as relating to the matters subject to review, suspended until
the review is determined.

(10) For the purposes of subsection (2), exceptional circumstances include circumstances
in which the imposition in relation to the livestock of the restrictions and requirements
mentioned in subsections (6) to (8) is likely to—
   (a) cause the extinction of the breed or type of which the livestock is a member; or
   (b) jeopardise the sustainability of a common or well-established breed.

(11) For the purposes of this Part, “slaughter” includes the killing of a fish.

36Q  Review

(1) A person to whom a restriction notice is given may, within the period referred to in
subsection (2)—
   (a) make a written request to the Scottish Ministers for a review of the restriction
       notice or any part of it;
   (b) make written representations to the Scottish Ministers; and
   (c) request—
       (i) an appearance, for the purposes of the review, before the assessment
           panel;
       (ii) that the appearance be in public.

(2) The period is—
   (a) 21 days beginning with the day on which the notice is given; or
   (b) in exceptional circumstances, such longer period as the Scottish Ministers may
       agree to.

(3) The Scottish Ministers must arrange for an assessment panel to consider a review as
requested under subsection (1).

(4) The proceedings of an assessment panel are to be conducted in such form and manner
as the panel considers fit.

(5) The assessment panel must prepare and send a report to the Scottish Ministers which—
   (a) states its findings in relation to the representations and information before it; and
   (b) makes a recommendation as to how to determine the review.

(6) The Scottish Ministers, having regard to any representations made under
subsection (1)(b) and the report sent to them under subsection (5), must—
   (a) determine the review; and
   (b) give to the person who requested the review—
(i) written notification of their determination and their reasons for it; and
(ii) if the person so requests, a copy of the report sent to them under subsection (5).

(7) The Scottish Ministers may, in so far as a review upholds a restriction notice, recover from the person who requested the review such reasonable expenses as arise from any sampling or testing carried out in connection with the review.

(8) In this section, an assessment panel—
   (a) consists of one or more persons appointed by the Scottish Ministers for the purposes of this section; and
   (b) must not, except with the consent of the person who requested the review, include members of the staff of the Scottish Administration.

Enforcement

36R Scottish Ministers' powers of enforcement

(1) This section applies if the Scottish Ministers are satisfied that a person has failed to comply with one or more of the restrictions or requirements imposed on that person by a restriction notice.

(2) But this section does not apply in relation to any livestock—
   (a) which is the subject of a review under section 36Q which has not been determined; or
   (b) which, as the result of a successful review, is no longer subject to the restriction notice.

(3) The Scottish Ministers may take such reasonable steps as they consider appropriate to secure that effect is given to any restriction or requirement.

(4) In particular, the Scottish Ministers may—
   (a) cause to be destroyed any semen, egg or embryo which has not been destroyed as required under section 36P(7); and
   (b) cause to be castrated (or as appropriate sterilised) or slaughtered any livestock—
      (i) which is the subject of the notice; but
      (ii) which has neither been castrated (or as appropriate sterilised) nor slaughtered as required under section 36P(8).

(5) The Scottish Ministers may recover from the person to whom a restriction notice has been given such reasonable expenses as arise from any steps taken under subsection (3) in relation to that notice.

36S Offences

(1) A person to whom a restriction notice is given commits an offence (whether or not the notice is the subject of a review under section 36Q) if that person—
   (a) sells (or otherwise transfers to another person) livestock to which the notice applies, or any of its semen, eggs or embryos;
   (b) fails, without excuse (proof of which lies on the person) to comply with any of the restrictions or requirements specified in the notice.
(2) Any other person commits an offence if that person uses any semen, egg or embryo which the person knows, or ought reasonably to know, has been taken from livestock which is the subject of a restriction notice.

(3) A person commits an offence if, without excuse (proof of which lies on the person), that person fails to comply with any provision of regulations made under section 36O.

(4) A keeper of livestock commits an offence if the keeper fails to give an inspector such assistance or information as the inspector may reasonably request in connection with the exercise by the inspector of a function under this Part.

Powers of slaughter

36T Powers of slaughter: TSE

(1) With a view to preventing the spread of any form of TSE, the Scottish Ministers may, if they think fit, cause any livestock to which this subsection applies to be slaughtered.

(2) Subsection (1) applies to livestock—
   (a) whose genotype is specified by virtue of section 36N; and
   (b) in relation to whose genotype the form of TSE concerned is so specified.

(3) Subsection (1) also applies to livestock whose genotype is not ascertained because—
   (a) it is not reasonable in the circumstances, by reason of urgency or otherwise, to seek to ascertain the genotype; or
   (b) the genotype cannot, in the absence for the time being of scientific knowledge, established method or otherwise, reasonably be ascertained.

Powers of entry

36U Powers of entry

(1) An inspector may enter any premises in Scotland for the purpose of—
   (a) ascertaining whether a function of the Scottish Ministers or inspectors under this Part should be exercised; or

(2) An inspector acting under subsection (1) must, if required, produce evidence of the inspector's authority.

40  Restriction on export of horses.

(1) It is an offence against this Act to ship or attempt to ship any horse (which for the purpose of this section does not include a horse defined by this Act to be a pony) in any vessel or aircraft from any port or aerodrome in Great Britain to any port or aerodrome outside the British Islands unless the horse—
(a) immediately before shipment has been examined by a veterinary inspector appointed by the Minister for the purpose of conducting examinations under this section, and
(b) has been certified in writing by the inspector to comply with the conditions mentioned in subsection (2) below,
but this subsection shall not apply in such cases as may be prescribed by order of the Ministers.

(b) is capable of being worked without suffering.

(3) Where the inspector is satisfied that the horse is of one of the categories set out in the first column of the following table the conditions to be complied with shall include the condition that in the inspector’s opinion the horse—

Export of horses defined as ponies

41 **Restriction on export of ponies.**

(1) It is an offence against this Act to ship or attempt to ship any pony in any vessel or aircraft from any port or aerodrome in Great Britain to any port or aerodrome outside the British Islands unless—

- (a) the appropriate Minister is satisfied that the pony is intended for breeding, riding or exhibition and—

  - (iv) such other value in any of those cases as may be prescribed by order of the Ministers; and
- (b) immediately before shipment the pony has been individually inspected by a veterinary inspector and has been certified in writing by the inspector to be capable of being conveyed to the port or aerodrome to which it is to be shipped, and disembarked, without unnecessary suffering.
(2) Without prejudice to paragraph (b) of subsection (1) above, a veterinary inspector shall not certify a pony to be capable of being conveyed and disembarked as described in that subsection if—
   (a) being a mare, it is in his opinion heavy in foal, showing fullness of udder or too old to travel; or
   (b) being a foal, it is in his opinion too young to travel.

42 Restriction on export of registered ponies.

It is an offence against this Act to ship or attempt to ship a registered pony in any vessel or aircraft from any port or aerodrome in Great Britain to any port or aerodrome outside the British Islands unless there has first been obtained from the secretary of a society in whose stud book the pony is registered a certificate (“the export certificate”) that the pony is registered with that society.

For the purposes of this section the expression “registered pony” means a pony registered in—
   (a) the Arab Horse Society Stud Book,
   (b) the National Pony Society Stud Book,
   (c) the British Palomino Society Stud Book, or
   (d) the British Spotted Horse and Pony Society Stud Book, or in the stud book of any of the following native breed societies, namely, English Connemara, Dales, Dartmoor, Exmoor, Fell, Highland, New Forest, Shetland and Welsh.

43 Regulation of export of ponies.

The Ministers shall by order make such provision as they think necessary or expedient for the following purposes—
   (a) for prohibiting the export of ponies by sea or air from any place in Great Britain to any place outside the British Islands unless such ponies are rested immediately before being loaded in the vessel or aircraft in which they are to be carried;
   (b) for regulating and prescribing the premises at which and the periods during which ponies are to be so rested;
   (c) for prescribing and regulating the cleansing and supervision of such premises and the provision at them of clean and sufficient bedding and adequate supplies of fodder and water.

44 Slaughter on examination of inspection.

If any horse examined under section 40(1) above or inspected under section 41(1) above is found by the veterinary inspector—
   (a) to be in such physical condition that it is cruel to keep it alive, or
   (b) to be permanently incapable of being worked without suffering,
the inspector shall forthwith slaughter it (or cause it to be slaughtered) with a mechanically operated instrument suitable and sufficient for the purpose, and no compensation shall be made to the owner of that animal.
45 Marking of horses certified for export.

(1) A veterinary inspector may, for the purposes of identification, mark a horse certified by him under section 40(1) above or section 41(1) above in such manner as the Ministers may by order prescribe.

   (a) with the prescribed mark, or
   (b) with any mark so nearly resembling it as to be calculated to deceive,

is guilty of an offence against this Act.

46 Slaughter of injured horses.

(1) If any horse shipped from any port in Great Britain to any port outside the British Islands has a limb broken or is otherwise seriously injured while on board so as to be incapable of being disembarked without cruelty—
   (a) the master of the vessel shall forthwith cause the animal to be slaughtered; and
   (b) every vessel on which a horse is so shipped shall carry a proper killing instrument, to be approved by the Ministers for that purpose.

(2) It is the duty of the owner and master of every such vessel to see that the vessel is provided with such an instrument, and the master, if so required by an inspector, shall produce the instrument for his inspection.

47 Exemption of thoroughbreds in transit.

Sections 40 and 41 and 46 above shall not apply in the case of shipment of any thoroughbred horse certified in writing by a steward or the secretary of the Jockey Club—
   (a) to have arrived in Great Britain not more than one month before the date of shipment for the purpose of being run in a race; or
   (b) to be shipped for the purpose of being run in a race; or
   (c) to be shipped in order to be used for breeding purposes.

48 Certificates.

Where—
   (a) a certificate is given under section 40(1), section 41(1) or section 47 above, or
   (b) an export certificate is given under section 42 above,

that certificate shall be delivered at the time of shipment to the master of the vessel or the pilot of the aircraft on which the animal is shipped, who shall—
   (i) on demand produce the certificate to any constable or any inspector or other officer of the appropriate Minister or the local authority; and
   (ii) allow such constable, inspector or other officer to take a copy of or extract from the certificate.

49 Enforcement and interpretation.

(1) An inspector may enter any vessel or aircraft for the purpose of ascertaining whether the provisions—
(a) of sections 40 to 42 and 44 to 48 above (in this section described as “the relevant sections”), or
(b) of any order under this Act relating to the exportation or shipment of horses, are being complied with.

(2) Every local authority shall, if and so far as the Ministers by order so direct, execute and enforce the relevant sections.

(3) If—
(a) a person does anything or omits to do anything in contravention of the provisions of the relevant sections, or
(b) the master of a vessel or the pilot of an aircraft permits a horse to be shipped in a vessel or aircraft in contravention of those provisions,

he shall be guilty of an offence against this Act, and the provisions of this Act relating to offences and legal proceedings shall apply accordingly as if the expression “animal” in those provisions included horses.

(4) In this section and the relevant sections—
F68 (a) “master”, “owner” and “port” have the same meanings as in the Merchant Shipping Act 1995, and “vessel” has the same meaning as “ship” in the Merchant Shipping Act 1995; and [ ]
(b) “pilot of an aircraft” includes any other person having the command or charge of the aircraft.

(2) An inspector may at any time enter any land or shed to which this Act applies, or other building or place where he has reasonable grounds for supposing—

   (b) that the carcase of a diseased or suspected animal is or has been kept, or has been buried, destroyed, or otherwise disposed of; or
   (c) that there is to be found any pen, place, vehicle, or thing in respect of which any person has on any occasion failed to comply with the provisions of this Act, or of an order of the Minister, or of a regulation of the Scottish Ministers under this Act, or of a regulation of a local authority; or
   (d) that this Act or an order of the Minister or a regulation of the Scottish Ministers under this Act or a regulation of a local authority has not been or is not being complied with.

(3) An inspector may at any time enter any pen, vehicle, vessel, boat or aircraft in which he has reasonable grounds for supposing that this Act or an order of the Minister or a regulation of the Scottish Ministers under this Act or a regulation of a local authority has not been or is not being complied with.

(4) An inspector entering as authorised by the foregoing provisions of this section shall, if required by the owner, or occupier, or person in charge of the land, building, place, pen, vehicle, vessel, boat or aircraft state in writing his reasons for entering.

(5) For the purpose of ascertaining whether the provisions of any order under section 10 above or the conditions of any licence issued in accordance with any such order are being complied with, an inspector may at any time enter—

   (b) any vessel, boat or aircraft which does not fall within paragraph (a) above but which he has reasonable grounds for supposing has recently been brought into Great Britain.

(6) Without prejudice to subsection (5) above, an inspector may at any time enter—
   (a) any land, building or other place, or
   (b) any vessel, boat, aircraft or vehicle of any other description, on or in which he has reasonable grounds for supposing that there is being or has been kept any animal or other thing which has been imported and the importation of which is for the time being prohibited or regulated by an order under section 10; and in this subsection “animals” and “imported” have the same meaning as in that section.

(7) A certificate of a veterinary inspector to the effect that an animal, bird or amphibian is or was affected with a disease specified in the certificate shall, for the purposes of this Act, be conclusive evidence in all courts of justice of the matter certified.

[7A] In subsection (7)—
   “animal” means any kind of mammal (except man);
   “disease” is not restricted by its definition in this Act.
(8) An inspector of the Minister has all the powers of an inspector throughout Great Britain or that part for which he is appointed.

(9) In addition to the powers conferred by this section upon inspectors, an inspector of the Minister may at any time,

(a) any animals suspected of being affected with cattle plague, or being in a
place infected with cattle plague;

mentioned case subject to such regulations as the Treasury by statutory
instrument think fit to make).

(4) The Minister shall for animals slaughtered under this paragraph pay compensation
as follows—

(a) where the animal slaughtered was affected with cattle plague, the
compensation shall be one half of its value immediately before it became
so affected, but so that the compensation does not in any such case exceed
£20; and

immediately before it was slaughtered, but so that the compensation does
not in any case exceed £40.

Pleuro-pneumonia

(1) The Minister shall cause to be slaughtered all cattle affected with pleuro-pneumonia.

(2) The Minister may, if he thinks fit, in any case cause to be slaughtered—
(a) any cattle suspected of being affected with pleuro-pneumonia; and

(3) The Minister shall for cattle slaughtered under this paragraph pay compensation as follows—
(a) where the animal slaughtered was affected with pleuro-pneumonia, the compensation shall be three-fourths of the value of the animal immediately before it became so affected, but so that the compensation does not in any such case exceed £30; and

Pleuro-pneumonia
2  With a view to preventing the spread of pleuro-pneumonia, the Scottish Ministers may, if they think fit, cause any cattle to be slaughtered.

Diseases of poultry
5  With a view to preventing the spread of diseases of poultry, the Scottish Ministers may, if they think fit, cause any animals or birds to be slaughtered.

Additional power of slaughter
6  (1) With a view to preventing the spread of such disease of animals as the Scottish Ministers may by order specify, the Scottish Ministers may, if they think fit, cause
to be slaughtered any animals, birds or amphibians of such description as they may so specify.

(2) A specification of animals under sub-paragraph (1) may include any kind of mammal (except man).

(3) In sub-paragraph (1), “disease” is not restricted by its definition in this Act.

**Exercise of powers of slaughter**

7 The Scottish Ministers may, in relation to a disease, exercise a power of slaughter conferred by paragraphs 1 to 6 whether or not the animals, birds or amphibians concerned—

(a) are affected with the disease or suspected of being affected with the disease;
(b) are or have been in contact with animals, birds or amphibians affected with the disease;
(c) have been in any way exposed to the disease; or
(d) have been treated with serum or vaccine (or both) against the disease.

**Compensation**

8 (1) The Scottish Ministers must pay compensation, of such amount as they may prescribe by order, in respect of—

(a) any animals slaughtered under paragraphs 1 to 5; and
(b) any animals—

(ii) which are slaughtered by virtue of paragraph 6.

(2) An order under sub-paragraph (1) may make different provision for different cases or classes of case.

(3) An order under sub-paragraph (1) is subject to annulment in pursuance of a resolution of the Scottish Parliament.

**Orders**

9 (1) No order is made under paragraph 6 unless a draft of the order has been laid before, and approved by a resolution of, the Scottish Parliament.

(2) But where the Scottish Ministers are of the opinion that there exists—

(a) an outbreak of a disease of animals not specified in or by virtue of paragraphs 1 to 6; or
(b) some other emergency relating to a disease of animals, sub-paragraph (1) does not apply in relation to the making of an order under paragraph 6.

(3) Where sub-paragraph (2) applies, an order made accordingly (an “emergency order”)—

(4) However, paragraph (b) of sub-paragraph (3) does not apply in relation to an order which—
  (a) revokes (wholly or partly) an emergency order; and
  (b) does nothing else, or nothing else except make provision incidental or supplementary to the revocation.

(5) In reckoning for the purposes of sub-paragraph (3)(b) any period of 28 days, no account is to be taken of any period during which the Scottish Parliament is—

  (a) of the consignor; or
  (b) of any person in charge of the animal.

2 As regards water, if, in the case of any animal, such a request is not made, so that the animal remains without a supply of water for 24 consecutive hours—
  (a) the consignor and the person in charge of the animal shall each be guilty of an offence against this Act; and
  (b) it shall lie on the person charged to prove such a request and the time within which the animal had a supply of water.

3 The Ministers may, if they think fit, by order prescribe any other period, not less than 12 hours instead of the period of 24 hours mentioned above, either generally, or in respect of any particular kind of animals.

4 The body supplying food or water under section 38(2) may make in respect of that supply such reasonable charges (if any) as the Ministers by order approve, in addition to such charges as they are for the time being authorised to make in respect of the carriage of animals.

5 The amount of those additional charges accrued due in respect of any animal shall be a debt from the consignor and from the consignee of the animal to the body concerned, and shall be recoverable by the body concerned, with costs, by proceedings in any court of competent jurisdiction.

6 The body concerned shall have a lien for the amount of that debt on the animal in respect of which the debt accrued due, and on any other animal at any time consigned by or to the same consignor or consignee to be carried by that body.
